SEAL OF THE SYNOD OF NORTH CAROLINA PRESBYTERIAN CHURCH IN THE UNITED STATES

The official Seal of the Synod of North Carolina, Presbyterian Church in the United States, was adopted by the Synod, meeting in the Ginter Park Presbyterian Church, Richmond, Virginia, May 26, 1965. The design and artwork were by the collaboration of the Reverend Harold J. Dudley, D.D., Stated Clerk of Synod, with The Graphic Press, Inc., Raleigh, North Carolina, Mr. Braxton Flye, President, and a ruling elder in the White Memorial Presbyterian Church, Raleigh. The artist was Mr. Floyd Harness. Valuable suggestions were made by Dr. James E. Bear, Professor Emeritus in Union Theological Seminary, Richmond, Virginia; the Reverend J. Raymond Lord, Duke University, Durham, N. C.; the Reverend Richard S. Watts, Greensboro, N. C.; Dr. Henry M. Brimm, Librarian, Union Theological Seminary, Richmond, Virginia; and Dr. Thomas H. Spence, Jr., Executive Director, Historical Foundation, Presbyterian Church in the United States.

The word "synod" comes from the Latin and the Greek. The English word is taken from the Latin, *synodus*. The corresponding Greek word is σύνοδος, meaning "a meeting". Root words from which the Greek noun is derived, roughly translated, might mean "together" and "way".

The Greek noun for synod, while not appearing in the New Testament, is used in classical Greek, sometimes for persons assembling for deliberation.

The root verb, found in the Septuagint, and once in the New Testament, is συνοδεύω and means "to journey with". The word συνοδεύωμεν on the Seal of the Synod of North Carolina is in the plural form, and translated means, "We travel together".

In view of the fact that the Synod, as a Court, comes between the Presbyteries and the General Assembly, the

Whereas, our Lord Jesus Christ prayed for the visible unity of all who be-

lieve on His name, in order that the world might believe that He was sent from God (John 17:21); and,

Whereas, the Holy Spirit is leading the churches today into new and exciting discoveries of their true unity as a reconciled and reconciling community in Jesus Christ, with one mission to a suffering and broken world; and,

Whereas, the One Hundred and Sixth General Assembly of the Presbyterian Church, U. S., mindful of its own obligation to seek a fuller expression of that unity of the Church for which Her Lord prayed, did take the following actions:

1) **Requested its Inter-Church Relations Committtee to continue negotiations with the Reformed Church of America, looking towards a plan for organic union;**
2) **Requested its Inter-Church Relations Committee to explore, intensely and thoroughly, the problems and possibilities of our future relationship with the United Presbyterian Church in the U.S.A., and to report its actions and recommendations to the next General Assembly; and**
3) **Voted overwhelmingly to make our denomination a full participant in the Consultation on Church Union;**

And Whereas, these actions were taken after prayer for the promised guidance of the Holy Spirit, and after full and fruitful discussion of the issues involved;

Now therefore, BE IT RESOLVED: that the Synod of North Carolina pledges its support of the General Assembly in these actions and urges the General Assembly to continue to explore all of the avenues for a greater unity, seeking the guidance of the Holy Spirit for the peace and unity of the Church of Jesus Christ throughout the world.

He continued as pastor until 1958 when he retired and supplied several churches until he was called to the Mebane Memorial Church, Roxboro, where he served until 1963 in which year he suffered a severe stroke. His death resulted from a second stroke in 1965.

II. REPORT OF GENERAL SECRETARY, STATED CLERK, AND TREASURER

Harold J. Dudley, *Stated Clerk*

Reports of the Council, the Executive Committees of Campus Christian Life, Church Extension, and Educational Institutions, including Financial Statements; and the Reports of Permanent Committees, including a Financial Statement for Inter-Church Relations, appear elsewhere in this volume, and reflect in part the work of Synod's Office. Additional Reports and/or Financial Statements on Campaigns, the Executive Committee on Christian Education, and other agencies of the Synod, together, fairly well summarize the total program of the work of Synod.

Annual Statistics (Vital, on Education, Evangelism, and Stewardship) have been prepared in Synod's Office and may be found by reference to the Index.

STEWARDSHIP

The estimated income of Presbyterians of the Synod for 1965 was not less than $425,000,000, an increase of about $50,000,000 over the previous year. It has been estimated that the Presbyterians of North Carolina have total assets of several billions of dollars.

Budgeted Giving

Total receipts from churches and presbyteries for Synod's causes increased in 1965 over 1964 by more than $69,000. The presbyteries have accepted $854,550 of Askings for Synod's causes for 1966. The percentage of acceptance is up from 90.47% in 1965 to 97.15% for 1966, and including special offerings for the Children's Home and the Presbyterian Home, 100%.

Budgets

The Council followed the General Assembly principle of increasing the 1967 Benevolence Budget for Assembly and Synod causes by 4.4%. This was not practiced rigidly across the board for the several Budgets of Synod's agencies and institutions for the reason that the needs of these were not reflected, as presented by these agencis and institutions, on the exact ratio for every cause.

The Synod finds itself in the awkward position of having given more money in 1965 to Assembly and Synod benevolences (both budgeted and non-budgeted) than the churches of the Synod are being asked to give in 1967. The reason for this is that the history of the benevolence giving of the Synod for several years has been at a higher rate than the 2% per annum used by the Assembly (and followed by Synod) in establishing the new approach to the Stewardship Program of the Church. Doubtless, after two or three years, this irregularity will adjust itself.

Audits

In their proper places may be found approved summaries of Audited financial statements of all accounts which are handled in Synod's Office. (See "Auditor's Report" and also the Report of Synod's Council)

All office accounts have been audited by the firm of A. T. Allen & Company, Certified Public Accountants, Raleigh, N. C., and have been officially approved by Synod's Council. Copies of the audits are available for perusal. Also, there have been placed in your hands financial statements of other agencies of Synod, and the Council through its committee on Audits and Finance has examined these.

Campaigns

Since 1956 we have reported on the two campaigns which were conducted from Synod's Office, to wit, the 1956 Higher Education Campaign, which included St. Andrews Presbyterian College and Campus Christian Life. A second campaign to bolster the Campus Christian Life program was conducted in 1958. The two Campaigns, through March, 1966 had grossed respectively, $1,603,802.08 and $300,704.24, or a grand total of $1,904,506. Of this amount, St. Andrews has received $1,240,011 and Campus Christian Life $484,749, or a total of $1,724,760. In 1965 the 1956 Campaign received $8,383 and the 1958 Campaign, $7,370. For the first three months of this year receipts are respectively $2,614. and $1,530.

Progress in Giving

Since Synod reorganized in 1951, total gifts have increased from $6,788,602 to $17,461,620. The 1964 total gifts were $16,903,654, hence an increase last year of $557,966. Benevolences have increased since 1951 from $1,638,212 to $4,262,801. The 1964 Benevolence gifts were $4,252,888, so that the 1965 giving showed an increase of $9,913. Per capita giving to total gifts has advanced from $59.11 since 1951 to $115.38. For 1964 the total per capita gift was $112.76. The benevolence per capita gift has increased since 1951 from $14.27 to $28.17. For 1964 this was $28.37. The membership has increased since 1951 from 117,010 to 151,347. The membership at the end of 1964 was 149,897. The growth in 1965 was 1,450. The number of ministers has increased from 444 to 672 in fifteen years, and the number of churches from 601 to 645. The Sunday School enrollment has increased from 95,258 to 126,407; however, this represents a loss of 1,790 during the past year, and six presbyteries reported losses.

Historical Matters

The North Carolina Presbyterian Historical Society continues to flourish. There are currently 176 members. By contrast, we have been informed that the Virginia Society has fewer than a dozen members. The Society met in April with nearly 100 members and friends in attendance. The Society has assumed as a project undertaking to raise funds for erecting facilities to house books, documents, artifacts, etc. The presbyteries are being organized into Chapters of the Society.

Work in Synod's Office

The Office has kept a rather strict account of its activities for the past year, and some of these are reflected in a set of slides being presented at this meeting of Synod. It is rather significant that the following statistics were compiled for a ten-months period:

III. REPORT OF SYNOD'S COUNCIL

REV. E. LEE STOFFEL, *Chairman*

Meetings

The Council and its committees convened February 23-24 and May 18-19, 1966. Minutes of the meetings have been recorded.

Last year the Stated Clerk of the General Assembly advised the Stated Clerk of Synod that it is necessary for the General Assembly to legalize meetings of the Synod held outside the bounds of the Synod, and a year ago the General Assembly did legalize the 1964 and 1965 meetings of the Synod, both of which were held outside of the bounds of Synod. A communication from the Stated Clerk of the General Assembly, May 6, 1966, advises that the recent General Assembly has also legalized the meeting of the Synod of North Carolina "to be held outside its bounds June 7-8, 1966".

As of this date, no invitation has been extended to Synod for its 154th Sessions in 1967; however, there is an invitation from St. Andrews Presbyterian College for the 155th Sessions in 1968.

Public Relations

The Presbyterian News is being mailed into more than 56,000 Presbyterian homes. The paper received a most favorable appraisal in June 1965 at the Presbyterian News Editors' Conference in Atlanta.

Synod and the several Presbyteries have again joined with the General Council in preparing a Stewardship brochure which will be used next fall for presenting the overall Benevolence Program of the Assembly, Synod, and individual Presbyteries. In addition, the Council is once again preparing the brochure, "The Work Presbyterians Do Together", for promoting Synod's causes. Last year more than 51,000 copies of this pamphlet were ordered by 315 churches of the Synod. By contrast in 1961 only 5,110 were ordered by churches and in 1964, 34,735.

The Radio and TV Program is a function of the Executive Committee of Church Extension and is reported on in full in the Annual Report of that Committee.

Numerous releases for the press, radio, and TV eminate from Synod's Office; and various publications are prepared and/or edited and printed there.

Stewardship

We are not at this time able to predict the Benevolence income for 1966 for the reason that we have no recent experience with the current system of giving. The income to all of Synod's causes for the first quarter of 1966, under the new formula of Stewardship, indicates giving at approximately the same level as for the corresponding period one year ago.

Presbytery Acceptances for 1966 are approximately 100% of Askings, and Presbyteries are to be commended for their response to the appeals made a year ago by the General Assembly and Synod for support of realistic Budgets.

Again, the General Assembly has approved a basic Budget and an Advance Program. The former, i.e., the Budget for 1967, is projected by the formula of adding 4.4% to the 1965 Benevolence receipts. The Synod Budget for 1967 thus projected, amounts to $967,108.

It is worthy of note that Synod gave in 1965 $46,704 more than is being asked in 1966, not including the Advance Budget. This lends hope to the 1966 Budget being over-subscribed through the Advance Budget.

The Assembly Advance Budget from 1967 has again been set at $500,000, and Synods and Presbyteries are offered the privilege of accepting amounts gratuitously.

Affluence, Giving, Per Capita Giving

Several years ago a study of the Affluence of the Presbyteries of the Synod of North Carolina revealed the following order of standing, from the most affluent to the least affluent presbytery:

Affluence

1 Mecklenburg
2 Orange
3 Granville
4 Kings Mountain
5 Concord
6 Winston-Salem
7 Albemarle
8 Fayetteville
9 Wilmington

A study of the giving habits of the Presbyteries of Synod for the past year and also for a 5-year period are presented below and should be compared with the foregoing table. (The study of the giving habits represents the percentage given to each of the 9 Synod causes of the amount asked or apportioned by Synod. For instance, if "X" Presbytery was asked to give $100,000, and gave $75,000, this is 75%. For each given year the nine Presbyteries were ranked 1-9, according to their performances; thus, the Presbytery ranking first, No. 1, rated highest. Then the nine Presbyteries were scored for each of the nine Causes for the 5-year period, and the Presbytery with the lowest score, actually ranked highest by virtue of the fact that it doubtless obtained more first, second, and third places than the next ranked Presbytery, one through nine. Finally, a Grand Resume of all nine Causes was tabulated, giving the Rank of Presbyteries as to their performance of giving to all Synod's Causes for the 5-year period, 1961-1965.)

Keep in mind that the lower the score the higher the rank of the Presbytery. For one year the lowest (or best score) possible is 9 and the highest (or poorest) is 81. For the 5-year summary the contrasting figures are 45 and 405.

5	Granville	230
6	Winston-Salem	264
7	Orange	280
8	Wilmington	302
9	Fayetteville	370

It will be observed that Kings Mountain, Albemarle, Mecklenburg, and Concord Presbyteries led the Synod in giving in ratio of Askings and Gifts. Mecklenburg and Kings Mountain, two of the most Affluent Presbyteries run comparatively true to form; whereas, Albemarle and Concord outdo themselves in this respect. Orange and Granville do not rank as high in giving as they do ability-wise, that is by Affluence Ranking.

A study of per capita giving by Presbyteries to Synod's Causes is reflected in the following Table:

7	Orange	302
8	Fayetteville	334
9	Wilmington	373

It will be observed from the above that Kings Mountain, Mecklenburg, and Albemare are the top three in per capita giving both for the past year and for a five-year period; and furthermore that these three were leaders, as indicated above, in percentage of giving in terms of Askings by Synod. Concord remains among the top four for the 5-year period but is replaced by Winston-Salem for 1965.

Area Conference

Twenty-eight members of the Synod of North Carolina attended the annual Area Stewardship Conference at Charlotte, March 17-18, with representation from every Presbytery, and led by Mr. Halbert M. Jones, Chairman of Synod's Committee on Stewardship.

Organization and Membership

In February the Council re-elected Mr. J. Harold McKeithen of Winston-Salem, as vice-chairman and the Rev. Allen McSween as Chairman of the Committee on Finance and Audits.

We regret to report that Mr. P. Hunter Dalton completes his second term on the Council at this meeting of Synod. Also that by virtue of the expiration of their respective terms of office, the following persons rotate off the Council: the Rev. Messrs. Arrowood, Bennett, Keller, McInnis; Mrs. Colon W. McLean, and Mr. Whit East.

Miscellaneous

We wish to call to the attention of Synod that the work-load on the staff of Synod's Office continues to increase. As an example, in addition to the numerous accounts handled in Synod's Office prior to January 1, 1966, one additional major account was added about January 1, to wit, Christian Education, and another is contemplated being shifted from St. Andrews Presbyterian College about June 1, viz., the Presbyterian Guidance Program Account.

The official Seal of Synod and description have been subjected to critical analysis and are finally ready for distribution. We are indebted to Mr. Braxton Flye of Graphic Press, Raleigh, for his generous contribution towards the production of the Seal, and to other persons who made constructive suggestions.

Financial

Twenty different accounts are handled in Synod's Office, totaling in excess of $1,352,242. These include $301,040 in loan funds. Presbytery and other receipts during 1965 totaled $1,026,919 and disbursements, $1,002,441.

The Contingent Salary Fund yielded in 1965 $32,878 on a budget of $54,879. By virtue of a balance at the beginning of 1965, the Fund was able to disburse $27,518 as follows: to Campus Christian Life, ($17,115); Christian Education ($7,903); and Presbyterian Guidance Center ($2,500).

Askings and Acceptances

Synod asked Presbyteries and churches for a total of $2,156,260 for Assembly and Synod Benevolences in 1966. They have accepted $2,071,674 or $84,586 less than the amount apportioned. They were asked to give $1,276,615 to Assembly's Causes, and accepted $1,217,124, or $59,491 less than the amount apportioned. They were asked to give $879,645 to Synod's Causes and accepted $854,550, or $25,095 less. The amount accepted of Synod's Askings for Synod's Causes is 97.15%. A year ago the Presbyteries accepted $1,002,698 which was 73% of Askings for 1965.

Synod and Assembly Compared

The Synod of North Carolina again led the General Assembly (16 Synods) in total gifts, in total to Benevolences, and total to Current Expenses. The grand total of gifts was $17,461,620, $557,966 more than the year before.

The Synod asked the Presbyteries to give a total of $2,936,581 to Assembly and Synod Causes combined during 1965. Total gifts (Budget and non-budgeted) reported were $2,962,534 (in contrast to $2,891,463 the previous year), or 100.88% (102.03% the year before).

This may be compared as follows:

	Apportionments		Gave			
	1965	1964	1965		1964	
Assembly	$1,565,621	$1,542,363	$1,771,173	(113.13%)	$1,723,246	(111.73%)
Synod	1,370,960	1,291,472	1,191,361[2]	(86.90%)	1,168,217	(90.46%)
	$2,936,581	$2,833,835	$2,962,534	(100.88%)	$2,891,463	(102.03%)

Assembly Causes received 1.40% more of the Askings than the year before, or an increase of $47,927. Synod's Causes received 3.56% less of the Askings than the year before, yet showed an increase in giving of $23,144. The two Causes together received $71,071 more than in 1964. This was an 1.98% increase to Synod's Causes, 2.78% to Assembly's Causes, and 2.46% to the two combined.

North Carolina stood ninth (9th a year ago) in 1965 among the Synods in the percentage of gifts made to Assembly's Causes in relation to apportionments.

---

[1] Presbyteries below 100% do not include special offerings for Barium Springs and the Presbyterian Home.

[2] Based on reports of churches as given in the 1965 General Assembly Minutes. The percentage of budgeted receipts received by Synod's Treasurer and directly by Agencies was 67.57% of Synod's Askings for Synod's Causes, or a total of $926,349.

Four presbyteries accepted in full Assembly's and Synod's Askings for 1966.[1] The Presbyteries ranked as follows for acceptances to both Assembly and Synod Causes for 1966:

Rank		
1.	Mecklenburg	100.00%
1.	Orange	100.00%
1.	Fayetteville	100.00%
1.	Wilmington	100.00%
2.	Albemarle	95.67%
3.	Kings Mountain	94.70%
4.	Granville	92.00%
5.	Winston-Salem	89.99%
6.	Concord	83.94%

Other stewardship statistics show total gifts of $17,461,620 in 1965; Benevolence—$4,262,801 (budgeted—$2,933,880; non-budgeted—$1,328,921); Current Expenses—$9,620,106; Building Expenses—$3,578,713, Combined—$13,198,819. These figures compare with the previous year as follows:

	1965	1964	Increase-Decrease
Benevolences	$ 4,262,801	$ 4,252,888	$ 9,913
Budgeted	2,933,880	2,844,546	89,334

Total Gifts	$17,461,620	$16,903,654	$557,966

Total per capita giving, $115, showed an increase in 1965 over the $113 in 1964. Following is a summary and comparison with 1964:

Per Capita Giving

	1965	1964	Increase-Decrease
Benevolences	$ 28.17	$ 28.37	$ -.20
Current Expenses	63.56	60.92	2.64
Building Expenses	23.65	23.47	.18
Combined (Current & Building)	87.21	84.39	2.82
Total	$115.38	$112.76	$2.62

The Synod of North Carolina ranked 12th among the 16 Synods in total per capita giving in the General Assembly in 1965, $115 (10th in 1964). Arkansas was first at $134. In Benevolences per capita, North Carolina ranked 8th, $28, (5th in 1964). Appalachia was first at $40.

It is conservatively estimated that the members of the Synod of North Carolina withheld a minimum of $24,915,540 or 59% of their tithe in relationship to income in 1965. The income of Presbyterians in 1965 is conservatively estimated at $423,771,600.

Dudley be elected General Secretary of Synod, to succeed himself, for a term of three years; and that Synod hereby expresses warm appreciation for his fifteen years of service in this position, and commends him for the high degree of dedication and efficiency with which he fills the office; and further that Synod also expresses its appreciation to the staff in Synod's Office for its loyalty and faithfulness in performing the many tasks and efficient work which make possible the accomplishment of that part of the program of Synod which emanates from Synod's Office.

16. That the Resolution from Synod, to wit, the recommendation from the 1965 Report of the Committee on Bequests and Deferred Gifts, be answered in the negative, for the reasons (1) that the subject has been thoroughly studied by the Stewardship Committee; and (2) that we believe that this is a matter better dealt with at the Presbytery level.

17. That the Resolution from Synod in 1965 in reference to transferring of $10,000 from the Public Relations Budget item of Church Extension to the employment of an evangelist be answered in the negative for the reason that this type of function could best be directed by presbyteries individually.

18. That Synod approve of the request of the Presbyterian Historical Society to conduct a quiet campaign for funds, in the amount of approximately $50,000, for the enlargement of Synod's Office.

19. That the request from the Executive Committee of Church Extension for approval of a pre-Synod Conference on Evangelism to be held in 1968 be answered in the affirmative, subject to the following conditions: (1) that the Committee on Church Extension is to be responsible for promoting and financing the Conference; and (2) that it is fully understood that attendance for the Conference on Evangelism shall not be substituted for attendance of the meeting of Synod.

20. That Rule 15:2 of Synod's *Standing Rules* be amended by deleting the last sentence of the Rule, and by substituting the following:

    They shall, as the Synod's agency, make disposition of any or all of said property and estate (by means of grant or pledge), and may pledge the credit of Synod, upon order or direction of Synod, or upon order or direction of such agent or agency of Synod as Synod may designate.

21. That the *Standing Rules* be amended by deleting entirely present Rule 23:1 on the Advisory Committee on Higher Education.

22. That Rule 30:1a of the *Standing Rules* of Synod be amended by substituting the following:

    Ordinarily an institution entertaining Synod shall be paid for each representative in attendance (See Section Two), beginning with the first meal served, at the rate of approximately one dollar per meal and two dollars per night for lodging. This rate shall also apply to those guests of Synod who are approved by the Program Committee. All visitors of Synod shall make arrangements for their own entertainment.

23. That the recommendations of the General Council to the General Assembly be considered by all Presbytery Stewardship Committees and/or Councils, for implementation.

24. That the Calendar of Special Days and Seasons recommended by the General Assembly for observance by the Church be adopted; and likewise that the customary emphases for the Children's Home (Thanksgiving) and Presbyterian Home (Mother's Day), with supplemental offerings, be adopted.

A. AUDITED FINANCIAL STATEMENTS

1. REPORT OF AUDITOR

Committee On Finance and Auditing
Synod Of North Carolina
Presbyterian Church In The United States
Raleigh, North Carolina

Gentlemen:

As instructed by Dr. Harold J. Dudley, General Secretary and Treasurer of the Synod of North Carolina, Presbyterian Church In The United States, we have audited the books and records maintained by him as Treasurer of the following funds:

Synod's Office General Fund
Church Extension Fund
Presbyterian Church Extension Committee Loan Funds
Educational Institutions Fund
Synod's Office Fund
Public Relations Fund
Inter-Church Relations Fund
Permanent Reserve Fund
Campus Christian Life Fund
Contingent Salary Fund
Synod's Office Reserve Fund
Presbyterian Office Building Fund
Christian Higher Education Campaign Fund
Presbyterian Campus Christian Life Campaign Fund
Chapel Hill Presbyterian Church Campaign Fund
Presbyterian History Book Fund
Campus Christian Life Associate Pastor's Fund
Foote's *Sketches Of North Carolina* Fund

We have examined the balance sheet of Synod of North Carolina, Presbyterian Church In The United States, Raleigh, North Carolina, as of December 31, 1965, and the related statements of income, changes in fund balances and statements of cash receipts and disbursements for the year then ended.

SCOPE OF EXAMINATION

We tested the recorded transactions to the extent of tracing the receipts to the depositories and verifying the amounts recorded by appropriate transmittal papers and correspondence, and verifying the contributions from the presbyteries by direct confirmation. Church loans were also verified directly. Expenditures were supported by endorsed cancelled checks and invoices or signed receipts. These were found to be authorized in the minutes of committees and Synod's Council. Bank balances, which were confirmed by correspondence, were reconciled with balances shown on the books. We also ascertained from our analyses that disbursements were properly allocated.

Our examination included such tests of the accounting records and other auditing procedures we considered necessary in the circumstances, the books having been maintained on a cash basis. Our audit of the records of the Christian Higher Education Campaign Fund, the Presbyterian Campus Christian Life Campaign Fund, and the Chapel Hill Presbyterian Church Campaign Fund, was limited to the recorded receipts and disbursements; however, we mailed confirmations on all unpaid pledges as of November 30, 1965.

OPINION

In our opinion, the accompanying balance sheet and statements of income and changes in fund balances present fairly the financial position of the Synod of North Carolina, Presbyterian Church In The United States at December 31, 1965, and the results of the various funds' operations for the year then ended, in conformity with generally accepted accounting principles applicable to such organizations, maintaining the books and records on a cash basis, excluding the Assets and Fund Balance of the Kate B. Reynolds Trust Fund For Aged Presbyterian Ministers which are shown at October 2, 1965, taken from a statement prepared by Wachovia Bank and Trust Company, Winston-Salem, North Carolina, without audit or verification.

EXHIBITS AND SCHEDULES

In presenting to you our findings, as the result of the audit, we have prepared twenty-three Exhibits and Twelve Schedules, as enumerated in the Index, which are attached as a part of this report, in addition to the following comments:

ASSETS AND LIABILITIES — ALL FUNDS COMBINED

December 31, 1965

Exhibit "A"

In this Exhibit, captioned as above, we show a combination of all assets and liabilities as we determined them on December 31, 1965. Inter-fund accounts have been eliminated. Assets totaled $1,202,456.73. Synod's land, buildings, equipment and furnishings totaled $320,689.38. Liabilities amounted to $637.80. The excess of assets over liabilities results in a surplus of $1,201,818.93. This is composed of $320,689.38 which was invested in fixed assets, $333,660.31 in Synod's fund balances, and the Kate B. Reynolds trust balance of $547,469.24.

Synod's Office General Fund received and disbursed funds for Synod's various causes except for loan funds, campaign and savings accounts. At December 31, 1965, funds available totaled $43,373.90. Of this amount $43,369.50 was cash and $4.40 was due from the State of North Carolina for sales tax paid on supplies and equipment purchased during 1965. The fund balance was $2,615.31, the remaining balance distributable to Synod's various causes.

Assets of a trust fund administered by Wachovia Bank and Trust Company, Winston-Salem, North Carolina, John C. Whitaker and L. D. Long, Trustees under the will of Kate B. Reynolds for aged Presbyterian ministers in the Synod of North Carolina are included. The assets are shown as reported by the Trust

Department of Wachovia Bank and Trust Company, Winston-Salem, North Carolina, as of October 2, 1965.

Dividends accruing on captial stock were received and accounted for according to prescribed rates. All securities were examined during the audit. These securities are part of the Permanent Reserve Fund and the income derived from them was apportioned directly to the Church Extension Fund and used for grants-in-aid.

All transactions of the Church Extension Committee Loan Funds were examined. At December 31, 1965 the total of the unpaid balance of these loans and accrued interest to that date was $171,944.47. The cash on deposit was $9,412.20. The total unpaid balance of the loans and cash was $181,356.67. At December 31, 1964 the funds' assets totaled $174,482.59. We examined all notes and deeds of trust and found them on hand and apparently properly executed.

The Permanent Reserve Fund and Educational Institutions Fund have loans to churches and others not included above. The details of the Permanent Reserve Fund loans are shown on Exhibit "Q" where they total $52,174.99, Cash In Savings, $14,529.89, a total of $66,704.88, not including securities valued at $2,405.00 The loans include $45,291.81 loaned to Presbyterian Synod's Office Building Fund, which has been eliminated on the combined balance sheet — Exhibit "A". Bequests received during 1965 totaled $1,295.98.

Proceeds from a gift received from Mr. and Mrs. W. E. Stultz in 1955 have been loaned to churches from the Educational Institutions Fund Savings Account. At December 31, 1965 loans to churches were $27,061.81. The total fund assets were $29,597.14.

The total of all unpaid loans by funds was as follows:

Presbyterian Church Extension Committee Loan Funds — Schedule — 8	$171,944.47
Educational Institutions Fund Savings Account — Exhibit "H"	27,061.81
Permanent Reserve Fund — Exhibit "Q"	6,883.18
TOTAL	$205,889.46

Following Exhibit "A" we heve prepared statements for each fund showing the financial position or cash balance at December 31, 1965 and statements of income or statements of cash receipts and disbursements for the year then ended. In addition we offer the following comments:

Support of the Synod's Educational Institutions and other Higher Education agencies was based on a net of $430,199.32 for distribution after expenses of the fund.

A Permanent Advisory Committee on Higher Education was established by the Synod of 1955. The Committee's share of funds available in 1958 was $2,873.78. Committee expenses have totaled $642.72 through December 31, 1965, leaving a balance of $2,231.06.

Synod's support of the North Carolina Council of Churches was disbursed from presbytery benevolence receipts. These funds were received and disbursed by the Inter-Church Relations Fund — Exhibit "N". The budgeted amount for support to the Council and other benevolences, including expenses, was $8,300.00; however, only $5,192.19 was available and paid.

Synod's Office Reserve Fund has been supported by surplus funds from Synod's Office Account, profits realized on printing and services rendered churches, and interest on deposits. During 1965 $1,648.81 was transferred from Synod's Office account which represented the excess of income over expenses realized in 1964. At December 31, 1965 there was a cash balance of $9,547.89 in the fund.

The Contingent Salary Fund had a balance of $14,211.71 at the end of the year. A total of $45,114.71 was distributed to three of Synod's causes in 1965. Christian Education refunded $15,062.24 on its 1964 distribution.

Synod's Office General Fund received and disbursed designated receipts for Christian Education, Presbyterian Orphans' Home, Presbyterian Guidance Center, Presbyterian Home, Inc., and Catechism awards.

The Synod's office building was completed in 1960 and is located at 1015 Wade Avenue, Raleigh, North Carolina. The funds for erecting the building and receiving gifts were transacted through the Presbyterian Office Building Fund. Through December 31, 1963, gifts and interest earned on a savings account had amounted to $40,260.89. Synod's Office Fund had, in lieu of rent, $1,500.00 included in its per annum budgeted expenses for 1961 through 1965 which has been included in the Building Fund's income. Likewise the Church Extension Fund had included $2,500.00 for 1962, and $1,500.00 for the years 1963 through 1965. Educational Institutions budgeted $900.00 per annum for 1964 and 1965. Other receipts amount to $28.73. All such receipts had totaled $57,789.62 by December 31, 1965. Disbursements for various expenses, cost of land, building, and furnishings and equipment totaled $103,081.43. This has resulted in an excess of disbursements over receipts in the amount of $45,291.81. This excess was financed by a loan from the Permanent Reserve Fund. The original loan was $50,000.00 A repayment of $4,708.19 was made in 1965. Assets acquired by the building fund totaled $97,841.42, made up of the following:

Land And Improvements	$ 6,273.40
Building	81,278.39
Furniture, Equipment And Furnishings	10,289.63

The Synod received in 1958 and 1959 $4,406.03 which represented residue from the estate of the late Mrs. Sadie Duncan Wharton, widow of the late C. P. Wharton. This was deposited with First Federal Savings and Loan Association, Raleigh, North Carolina. The estate also included a deed for properties in Raleigh, North Carolina, which were valued at $16,500.00. These were bequests to the Home Mission Committee of the Executive Committee of Church Extension. The income from the properties is to be a perpetual fund to be applied to the salary and support of Home Mission and Evangelistic Work in the Synod of North Carolina. The original bequest of real estate included three residences in Raleigh, North Carolina. Two of these homes were sold in 1961 and the third one was sold in 1962. Purchasers of the homes gave Synod notes for the homes. In 1963 Synod had to foreclose on one of the notes and subsequently resell the property taking another note receivable. Also a foreclosure was made on one of the original notes in 1964. This resulted in an outright sales of the property for cash in the amount of $3,800.00, resulting in a net loss of $2,211.82 — the difference between the value of the note and the sales price. Details of the funds received and disbursed during 1965 are explained on Exhibit "G". At December 31, 1965 two notes had a balance of $10,372.60. Interest on the funds on deposit and interest collected on the notes totaled $1,110.84 and of this amount $555.42 was transferred to the Church Extension Fund.

The Christian Higher Education Campaign was begun in 1956 and the records have been maintained in Synod's Office. On Schedule-6 the current year's receipts and disbursements are shown and the totals to December 31, 1965. Our audit of receipts was made from summaries of subscriptions and payments. The individual pledge cards have not been added completely and compared with the general book totals. The subscriptions through December 31, 1965, after cancellations, totaled $1,641,821.29, per the book summaries. Of this amount $1,600,857.79 had been paid in cash and securities. Thus the unpaid subscriptions were $40,963.50.

Synod allowed the Campus Christian Life Committee to conduct a campaign in 1958 to raise $300,000.00 which was the amount unpledged in the Christian Higher Education Campaign and needed to implement the program of work initiated by the Committee. The campaign was supervised by the firm of Ward, Dreshman and Reinhardt, New York, New York. Campaign receipts have totaled $268,921.40. Campus Christian Life's share of the Christian Higher Education Campaign gifts was $184,044.96 to December 31, 1965. Interest earned on savings has totaled $7,252.84. The Board of Christian Education contributed $23,000.00 from its challenge funds. The disbursements include 1958 campaign expenses of $40,450.89. Capital expenditures in college areas totaled $411,754.68. The fund's balance of cash at December 31, 1965, was $21,574.17.

Synod's office has received and accounted for funds designated for the Chapel Hill Presbyterian Church Campaign which began in 1961. Details of the Transactions for the year 1965 and prior years are shown on Schedule-10. At December 31, 1965 $230.00 had not been remitted to the church.

Dr. Harold J. Dudley began writing a history of the Synod of North Carolina in 1961. The expenses incurred have been paid for from contributions and $1,000.00 from funds originally received in the Catechism awards account. To December 31, 1965 receipts had totaled $10,371.86 and expenses were $7,816.07.

To supplement the Campus Christian Life program on the University of North Carolina campus, Chapel Hill, North Carolina, Synod created the University of North Carolina Campus Christian Life Associate Pastor's Fund. Gifts and interest totaled $5,192.07 in 1965. The proceeds from these were used to pay the associate pastor's salary and other program expenses on the campus. Income for this cause will come from private gifts and Challenge funds. Synod will also participate until 1968, at which time it will assume full support.

Synod's office published a reprint of Foote's **Sketches Of North Carolina** during 1964 and 1965. Receipts have totaled $7,727.52

through 1965 and expenses were $6,476.95, resulting in a surplus of $1,250.57.

Distributions from the A. T. McCallum Trust Fund amounted to $6,691.93 in 1965. These funds were distributed according to the treasurer of the Fund.

In addition to the funds included in our audit Synod also received memberships for the North Carolina Presbyterian Historical Society. Memberships received in 1965 totaled $242.00 and interest of $15.20 was earned on the deposit. Expenses amounted to $164.95. At December 31, 1965, there was $357.79 in the fund. Assets of this fund are not included in the combined balance sheet.

Cooperating with the North Carolina Merchants Association, at the request of Mr. Irwin Belk, Synod paid mailing expenses of $592.20 for distributing bibles to North Carolina schools. A gift of $1,000.00 from the Belk Foundation was received for this cause. At December 31, 1965 $407.80 had not been expended and is shown as a liability on Exhibit "A".

Synod's records are maintained on a cash basis. The books were not closed until all funds for the year were received from the presbyteries in order that all receipts for the year January 1, 1965 to December 31, 1965, could be included. Likewise, some expenses for the year were paid after December 31, 1965, and the cash balances shown herein are after including these in the disbursements.

We found a depositor's forgery bond in force for $10,000.00; fire insurance on contents of the office $38,000.00; blanket position bond for $25,000.00; open stock safe burglary; and fire insurance on the office building for $81,000.00. Synod's office and Campus Christian Life Centers are covered by a multi-peril policy totaling $193,000.00 on buildings and personal property.

We found the books and records in balance and accurately kept.

We wish to express our appreciation for the courtesies extended us and the assistance and cooperation rendered by the entire personnel, which greatly facilitated our work.

We examined the minutes of the Secretary and found the approved procedures currently adhered to.

Very truly yours,

IV. REPORTS OF EXECUTIVE COMMITTEES

A. Report of Executive Committee on Campus Christian Life

REV. W. CHESTER KELLER, *Chairman*

The role of the University Pastor and the function of the Campus Christian Life Committee is passing through a most radical change as the college student encounters the rapid changes of this decade. For some time now, a special committee has been seeking to formulate the philosophy and purpose of the Campus Christian Life Ministry. At this time the special committee reports that it is impossible to structure in a stable manner with any degree of satisfaction a formula that will hold for any length of time. This is a time for an open-end philosophy. We need to listen and look. We need to plan and replan to meet the continual demands that are challenging the College Student.

With this as the situation that exists your committee has endeavored to provide University Pastors and Campus Christian Life Workers who will be flexible enough and wise enough and Christian enough to measure up to the multiple needs of the College student of today.

We are gratified to report that we have a staff of University Pastors and Workers that command the attention of the entire General Assembly. There is a full complex of Pastors at this time with every Campus under our responsibility provided with a most excellent person. Some of our Pastors are conducting major experiments in the field of Campus Ministry and will share their findings with other Synods of the Assembly. During the past year we were able to secure the services of Rev. Clyde O. Robinson as University Pastor at Duke Uuniversity, Durham. He has entered upon his mission with great interest and enthusiasm. There was published in the *Presbyterian Survey* an article on the Ministry at East Carolina, Greenville, by our Pastor there, Rev. Bronson Matney, Jr. which received an excellent response throughout the Church. With the enrollment of male students at U.N.C.-Greensboro, the work there will take on a new complex. Miss Pat Hall has been the most capable leader of this work for several years and is taking proper steps to readjust the Ministry there to meet the changing role. Nothing but high praise could be written for the exceptionally splendid work that is being accomplished at U.N.C.-Chapel Hill by Dr. Harry Smith and Rev. Tom Miller; also there is excited interest in the prospect of the written documents being prepared by Dr. Don Shriver at N. C. State University-Raleigh. The Reverend Jerry Brooks, associate university pastor at North Carolina State University at Raleigh, deserves special commendation for initiating a program of Lay Dormitory Visitation and a family-sponsored-plan for Freshmen students in cooperation with the churches in Raleigh. Within the next five years the situation at U.N.C.-Charlotte, will be such as to demand the employment of a University Pastor. We are now engaged in a United Campus Ministry there.

While it has been necessary to trim the budget requests of our local committees, we are grateful to report that it was possible for the Committee to give a small increase in salary to all of the University Pastors where such increases were requested. There is urgent need for more monies to move into the opening doors of other areas. We are still in need of additional help for additional staff at Duke University, East Carolina, and in the near future it will be necessary to provide Miss Hall at Greensboro with an assistant in fulfilling our full opportunity on this Campus. The need at Charlotte is moving in on us with great rapidity. We must continue to strengthen the hands of those who are now engaged in this Ministry with us and to extend this Ministry to meet the needs of a great and growing tomorrow. It is on the College and University Campuses that the minds of the generations of today are being molded and made for their role in the culture of our civilization tomorrow. We must not fail these students at this time. We must give our best in giving them the best. We must assume our misssion of providing an adequate Ministry to give them a Lord who will truly be the Lord and Master of their lives. In the time of the student's academic growth, we must give him a Christ who will command his interest and challenge his commitment.

We believe that this is the caliber of the University Pastors and Workers that we have engaged on every Campus of the Synod of North Carolina. It is for us of the Synod to pray for these Men and Women on this Mission and to encourage them in the major role of facing the college student in this complex age with the Christ who is the Anointed for Every Age.

Recommendations:

1. That Synod express its prayerful appreciation for the exceptionally outstanding Ministry being conducted by the University Pastors and Workers on each of our Campuses.

2. That Synod engage itself in a period of prayer for this corps of devoted workers, led by the Rev. Harry M. Moffett.

3. That the Budget Asking for 1967 in the amount of $92,415 be approved, accepted, and honored by the Presbyteries of Synod.

4. That Synod take cognizance of the United Christian Ministry already in progress at the UNC-Charlotte, North Carolina College, Durham, and in the process of being organized at A&T College, Greensboro.

5. That the following action, taken by the Synod's Executive Committee of Campus Christian Life, May 5, 1966, be recorded on the Minutes of Synod:

That, whereas the facilities for the Campus Ministry at Chapel Hill are integrated with the facilities of The Presbyterian Church, and whereas it is desirable to avoid any misunderstanding about the identity of these facilities, which might arise with change of personnel of Synod's Committee and the Session of The Presbyterian Church of Chapel Hill, it is hereby resolved that the following statement be entered in the Minutes, and also be filed appropriately by Synod's General Secretary:

> It is the understanding of this Committee that the facilities for the Campus Ministry at Chapel Hill, constructed with funds provided by the Synod of North Carolina, consist of the following:
>
> (1) the Student Center proper, entrance on Henderson Street;
>
> (2) the Fellowship Hall and kitchen, underneath the Student Center (on a shared basis with The Presbyterian Church);
>
> (3) two offices in the administrative unit of The Presbyterian Church.
>
> In accordance with the policies of this Committee, the use of these facilities is under the direction and supervision of the UNC Campus Christian Life Committee. In the event that this arrangement should become unworkable, Section D-6 of the By-Laws of Synod's Executive Committee on Campus Christian Life would apply.

6. That Synod and local Campus Christian Life Committees constantly seek an ecumenical strategy for mission with other Christian bodies within a state and within those academic communities where a ministry is maintained.

7. That Synod and local Campus Christian Life Committees with CCL staff plan for the use of the intellectual resources available in the academic community so that the laity of the Church may be better equipped for their mission.

8. That Synod and local Committtees of Campus Christian Life with CCL staff plan programs for the continuing education of the ordained clergy using the resources available in the university.

9. That Synod expresses its appreciation for the labors of those persons whose term on the Committee is completed this year: Mrs. P. P. McCain, Dr. Vance Barron, Dr. W. T. McLaughlin, and Dr. W. Chester Keller.

10. That pending the adoption of this report Miss Pat Hall, Campus Christian Life Worker at University of North Carolina, Greensboro, be heard on the subject of "The Changing Role in the Campus Ministry".

B. Report of the Executive Committee of Christian Education

Rev. Allen C. McSween, *Chairman*

Introduction

There have been exciting developments in the area of Christian Education in North Carolina during the past year. The Youth and Adults completed their study of "The One Story of the Bible", "The Mighty Acts of God", as He has worked and is working among men to draw them to Himself.

Beginning in October, the Covenant Life Curriculum materials for all ages was available and the Youth and Adults began their study of the History and Beliefs of the Church. The Study of "The Christian Life", a study of Christian Ethics, will begin in October and will complete the first cycle of the Covenant Life Curriculum for adults and youth. Where Christian men and women and boys and girls have been willing to stretch their minds and hearts to learn the "data of the Faith" they have found the Covenant Life Curriculum exceedingly helpful. Where they have been unwilling to give their time and effort to such a depth study, they have been disappointed in the Covenant Life Curriculum. Sometimes the material was not what the students would have wished it to be, however, it has been a means by which their minds have been stimulated to think on the things of God in a way which they had not done before.

The reception of the Covenant Life Curriculum by the Churches of the Synod has been most gratifying. More than 95% of the Presbyterians in North Carolina are now using Covenant Life Curriculum material.

Personnel

We are most fortunate in North Carolina to have our program of Christian Education directed by the Rev. Robert Turner. He has brought to this work a deep personal commitment to Christ and a dedication of his many talents to the ministry of Education in our Synod. Working with Mr. Turner has been Miss Beatrice Kiser, Assistant to the Regional Director. Her capacity for work staggers the imagination. She does the secretarial work of the Synod's Office of Christian Education, directs the Audio Visual Department, and handles all of the orders which come to that department, and in addition aids the churches and the Area Directors in many ways.

A large part of the work of Christian Education is accomplished through the aid of the Area Directors who serve our Synod. During the past year Miss Helen Cole, Miss Dot Ray, and Miss Sue Ruddock have resigned to accept other positions in the Church. We have been most fortunate to have Mrs. Bernice Estes serving in Orange Presbytery, and Mrs. Virginia Jones in Mecklenburg as Interim Area Directors. We are also most happy to welcome to the Staff as new Area Directors: Miss Sarah Wilson, who will be serving in Kings Mountain Presbytery, and Miss Sara McNeill, who will be serving in Orange Presbytery. Those who continue to serve us so well are: Miss Annie Sarah Higgins, Wilmington Presbytery; Miss Helen Jackson, Granville Presbytery; Miss Mildred Mallard, Albemarle Presbytery; Miss Mary Catherine McCormick, Fayetteville Presbytery; Mrs. Earle F. Thompson, Winston-Salem Presbytery; and Miss Eloise Wells, Concord Presbytery. We owe to these consecrated servants of Christ a deep debt of gratitude for the tremendous amount of work which they are doing throughout the Church.

Covenant Life Conference

Director: Rev. Robert Turner
Administrator: Miss Beatrice Kiser

The North Carolina Covenant Life Conference was held in Montreat July 1-7, 1965, and almost every section was filled to capacity. The evaluation proved the value of this program, and, therefore, it will be offered again this year at Montreat, July 1-7. There will be four primary training activities: (1) Area Laboratory School — Nursery through Adult; (2) Five day Adult Workshop, basic and advanced section; (3) Family Life Workshop; (4) Lay School of Theology. Registrations already received indicate that every section will be filled to capacity again this year.

Children's Work

Rev. James G. Stuart, *Chairman*
Mrs. William McCorkle
Staff: Miss Helen Jackson, Miss Annie Sarah Higgins

The work of this committee has been to serve those who have the responsibility for teaching children in the Churches of the Synod. They have done this through personal training of Children's Work Consultants, and leaders in other areas of children's work.

Youth Work

Rev. Russell Fleming, *Chairman*
Rev. Charles Carter, Rev. Reid Erwin,
Rev. J. C. V. Summerell; *Staff*: Miss Eloise Wells

This committee has been studying ways in which help may be given to local church Youth Division Chairmen. This year, in addition to the North Carolina Covenant Life Conference, which has sections for all three age groups in the Youth Division, a Youth Theology Workshop has been planned to be held August 8-13 at Presbyterian Point. The Rev. Charles Williams will serve as co-ordinator and administrator. Dr. John Leath will serve as the principal resource person. Participation in this workship will be by invitation, and will be limited to 37 young people who have graduated from High School in 1966. Each Presbytery is given a quota on the basis of its membership.

Adult Work and Leadership Education

Rev. Malcolm Anderton, *Chairman*
Rev. John Campbell, Rev. Frank Elliott, Rev. William N. Gordon,
Mr. Whit East; *Staff*: Miss Mildred Mallard, Mrs. Joseph Estes,
Mrs. Frank S. Jones

The work of this committee during the past year has been so vast that it is impossible to give a full report of all of its activities. The Synod's Recreation Workshop was held at Camp Stewart in February under the direction of the Rev. Eugene B. Witherspoon, Jr. The 1967 Recreation Workshop will be held at Camp New Hope, Chapel Hill, N. C. February 9-11.

The 1966 Synod Men's Conference will be held at Montreat June 10, 11, and 12. The theme of the Conference is "Men, Church, and World". Among the leaders for this conference are: Dr. James A. Jones, President of Union Theological Seminary; Dr. John A. Redhead, Jr., Pastor of the First Presbyterian Church, Greensboro, N. C., and the Honorable Brooks Hayes. With such leaders this conference cannot help being outstanding. Under the conviction that the Christian Youth Conference meets a real need in our Synod, the Men of the Synod are sponsoring the Conference at Fayetteville Teachers College, June 10-13, 1966.

An Interpersonal Relations Laboratory was held at Camp Stewart, Charlotte, N. C. April 24-29. Twenty-three ministers and DCEs attended this pilot venture. Dr. Del Poling of the Athens Pastoral Counseling Institute, Athens, Ga., and Dr. Edward S. Golden of the U.P.U.S.A. Church served as leaders. Rev. Edwin C. Brammer, Jr., and Rev. John Campbell were co-leaders. This experiment proved so richly rewarding, that the Synod plans two Interpersonal Relations Labs in 1967 — one in the Spring and one in the Fall.

Two Christian Ethics Workshops are planned to serve those who are preparing to teach "The Christian Life" by Waldo Beach, the Adult study for 1966-67. These workshops will be held

June 27-30 — St. Andrews Presbyterian College, Laurinburg, N. C.

September 6-8 — Davidson College, Davidson, N. C.

A camp and conference leaders' workshop was held at Camp New Hope during the year and another is planned for 1967 to give training in philosophy, administration, and mechanics of setting up camps and conferences.

Home and Family Life

REV. CLYDE O. ROBINSON, JR., *Chairman*
REV. JOHN MACK WALKER, *Staff:* MRS. EARLE F. THOMPSON,
MISS SARAH WILSON

Members of this committee have served in many capacities throughout the past year, aiding Presbyteries and some local churches in preparing for a Home and Family Nurture ministry. It has planned the Home and Family Workshop to be held as part of the North Carolina Covenant Life Conference in Montreat, July 1-7, 1966. This committee is planning a meeting of all Presbytery Chairmen of Home and Family Nurture in Raleigh for the Fall of 1966.

Budget, Finance, and Personnel

REV. EDWIN C. BRAMMER, JR., *Chairman*
REV. ALLEN C. MCSWEEN,
Staff: REV. ROBERT TURNER
Advisory: DR. HAROLD J. DUDLEY

This committee has worked diligently to do the work of Christian Education in North Carolina on the funds allocated for this service. A copy of the audit of the Financial Statement of the Committee has been placed in the hands of the Stated Clerk. This committee has been responsible for securing interim Area Directors where necessary, and in securing the two new Area Directors who have joined the Staff during the year. The budget, which is being presented, is the absolute minimum on which the Christian Education Committee of the Synod can operate in order to fulfill its responsibilities.

Audio-Visual Department

MISS BEATRICE KISER, *Director*

The Library consists of 1,240 filmstrips and records. During the year 3,500 orders were filled. During the year we have added all Covenant Life Curriculum recommended filmstrips, filmclips, records as well as supplementary materials recommended to be used with youth booklets. In conjunction with Ted Daniels, Director of Synod's TRAV, and the Assembly TRAV Office, two Audio-Visual Previews were held: Covenant Presbyterian Church, Charlotte; and White Memorial, Raleigh. The attendance has not been as good as expected. This is a real opportunity for persons to see the new materials available through Synod's Office and some 16mm film available through TRAV. Materials that will correlate with the churches program are shown. The previews are planned for 1966, dates and places to be announced later. Any church in the Synod may order from the Library either on a membership basis, $12.00 annually, or by paying a rental fee.

PRESBYTERIAN GUIDANCE PROGRAM

St. Andrews Presbyterian College

Rev. Tom B. Anderson, *Chairman*
Staff: Miss Mary Catherine McCormick
Advisory: Mr. Robert Urie

During the past year considerable attention has been given to the need for assisting local churches to learn more about the Presbyterian Guidance Program and how it relates to the total Christian Education program of the Church. It is the opinion of the committee that specific efforts should be made through Area Workshops on the Presbyterian Guidance Program, to communicate to all interested persons the policies and procedures of the program.

Program administration continues to be plagued by a very high rate of cancellations, even though the annual number of counselees served remains about the same, and interest, as measured by inquiries and new churches served, appears to be high. Approximately 700 counselees were seen at the Center during the past year, and the quality of preparation in the local churches continues to improve. Students appear to benefit from the Guidance Center visit in proportion to their preparation and understanding of the doctrine of Christian vocation.

Henry F. Murray, resigned as Director of the Presbyterian Guidance Center to accept a professional educational position with Piedmont Aviation, Inc. in Winston-Salem. He hopes he will be given frequent opportunities to serve the Presbyterian Guidance Program in our Church.

The Rev. Robert H. Pate, Jr., who has completed a full year of service to the Guidance Center, is leaving in September, 1966, for full time graduate study. Mr. Pate has been awarded a three year NDEA Fellowship for higher education which will enable him to complete the Doctor of Philosophy Degree at the University of North Carolina in Chapel Hill.

The Synod owes a debt of gratitude to both Mr. Murray and Mr. Pate for the valuable contributions they have made to the Guidance Program.

Miss Kate Helms will have completed a full year of counseling in the Guidance Center on September 1, 1966. Miss Helms is a graduate of Flora McDonald College, and holds a Master's Degree in Education, with a major in Counseling from the University of North Carolina. She will continue in her present position at the Center.

Robert M. Urie has been in the Guidance Center since it began operations in Laurinburg in 1961. He has earned the Master of Science Degree from the University of North Carolina in Chapel Hill during this period by means of night classes and Summer School. He has been awarded a NDEA Stipend for an Institute in Counseling and Guidance for Higher Education Personnel at Boston University in the Summer of 1966.

The Guidance Program Committee reminds churches again of the Guidance Center Fee Schedule as previously announced. The increase of $5.00 per counselee as of January 1, 1967 will bring the total fee to $25.00. This continues to represent less than 50% of the actual cost of services to counselees.

We are pleased to report that the quiet campaign authorized by Synod two years ago for a new Guidance Center Building has had an excellent response from the churches of Synod. The goal that was set is beyond the half-way mark in cash and pledges, and if present wind-up efforts are successful there is reason to believe that the entire necessary funds will have been raised by the end of 1966.

Recommendations:

1. That Presbytery Committees of Christian Education send three team members to a Synod Workshop for the purpose of receiving training in the interpretation and use of Special Studies for children. (Children's Work)

2. That Presbytery Committees of Christian Education plan training events to interpret and offer guidance to local churches in the use of Special Studies for children. (Children's Work)

3. That due to the large enrollment in the Synod of North Carolina Laboratory School, the Regional Director be allowed to explore the possibility of persons from North Carolina attending Laboratory Schools, resident or commuter, in South Carolina or Virginia. (Children's Work)

4. That Presbyteries provide some kind of help for local church Youth Planning Committees. (Youth Work)

5. That publicity materials on various Summer Activities for Youth sponsored by the Presbytery be sent to the Synod's Office of Christian Education that they may be shared with other Presbyteries. (Youth Work)

6. That a consultation for the purpose of exploring Career Development be held in the Fall of 1966, inviting representative individuals from the committee on Christianity and Health, the Commission on the Minister and His Work, and the Committee of Christian Education, and certain resource leaders to participate, and that this consultation be financed by funds unexpended for the 1966 Interpersonal Relations Laboratory. (Leadership and Adult Work)

7. That teachers in local churches who plan to teach "The Christian Life" by Waldo Beach, the adult study for 1966-67, take advantage of the Christian Ethics Workshops to be held at

   St. Andrews Presbyterian College — June 27-30
   Davidson College — Sept. 6-9.

   (Leadership and Adult Education, and Youth Work)

8. That because the understanding and appreciation of all pastoral ministers is essential in the Home and Family Ministry, all pastors be urged to participate in the Family Life Seminars to be offered by the Board of Christian Education at various places throughout the Assembly in 1967. (Home and Family)

9. That Presbytery committees on Home and Family Nurture be encouraged to prepare themselves better for their tasks by the study of the "Why" and "What" of Home and Family

Ministry, and in this study use resources of persons who have shared in the Montreat Workshop, or who are otherwise qualified to assist them, and that the committee begin to lead other groups of interested people from local congregations in some kind of depth preparation. (Home and Family)

10. That Presbytery Chairmen of Home and Family Nurture meet in Raleigh in the Fall of 1966 for sharing experiences and for reporting on work being done in the Presbytery. It is further recommended that the entertainment of the Presbytery Chairmen be provided by the Synod's Committee of Christian Education, and that the travel expense be borne by each Presbytery. (Home and Family)

11. That each Presbytery be encouraged to send Home and Family Nurture personnel to the Synod's Interpersonal Relations Laboratory. (Home and Family)

12. That the Synod adopt a budget for 1967 for the Executive Committee of Christian Education in the amount of $83,720. (General)

13. That the Synod adopt a budget for 1967 for the Presbyterian Guidance Program in the amount of $37,127.30. (General)

14. That the Synod recognize the death of Dr. J. O. Mann, former Regional Director of Christian Education in the Synod of North Carolina, with the adoption of the following resolution:

Whereas John Oscar Mann was called of God in 1934 to serve in the Synod of North Carolina, Presbyterian Church, U.S., as Director of Christian Education, a position which he held with distinction until his retirement in 1956;

And, whereas it was under his leadership that the Synod of North Carolina stood among the first in the development of the program of Christian Education in the General Assembly of the Presbyterian Church in the United States;

And, whereas the dedication to duty, love of fellowman, love of his Church and love of Christ of J. O. Mann continues to stand as an inspiration to all who knew him or learn to know of him;

And, whereas the leadership of the Presbyterian Church in the Synod of North Carolina has among its ranks Men-of-the-Church, young people, and adults who have known the influence of his leadership through the Christian Education program of our denomination;

And, whereas God in His Infinite Wisdom did on February 7, 1966 call John Oscar Mann from the Church Militant to the Church Triumphant;

Now, therefore be it resolved that we the Synod of North Carolina of the Presbyterian Church, U. S. give thanks to our Father in Heaven for the loan of this His Servant who stood so tall in the work of "bringing them up in the nurture and admonition of the Lord";

Further, be it resolved that we hereby pay tribute to this man of God who could take unto himself the burdens of mankind and match them with the love and understanding of Jesus Christ;

Further, be it resolved that the Synod of North Carolina be led in prayer, offering thanksgiving to God for the life of J. O. Mann and asking that His Companionship and Love sustain and guide Mrs. Mann and the members of his family in all things whatsoever they may do;

And further, be it resolved that a copy of this resolution be spread upon the pages of the *Minutes* of the One Hundred and Fifty-Third Session of the Synod of North Carolina; and that copies be presented to Mrs. Mann and each child born to that union.

C. Report of the Executive Committee of Church Extension

Rev. W. D. McInnis, *Chairman*

PREAMBLE

Your Church Extension Committee has endeavored to function as diligently and as wisely as possible since its last report to this body. On April 27 the Finance Committee met and the whole Committee convened the following day. At various times during the year there have been conferences of one nature or another for resolving specific matters demanding attention.

Since the Committee's work is so wide in scope, it ins being constantly confronted with many opportunities as well as problems. The Church is caught up in the revolution that is taking place in every area of life today, and this Committee is charged with the responsibility of "Extending" the Church in areas of necessity and challenge. This requires vision, new techniques and a solid financial undergirding.

You have, we trust, read the report carefully and have been heartened by some of the revealed facts and disappointed in others. Two more Presbyteries have gone on self-support, leaving only one receiving sustentation aid. This is heartening. We are pleased that through TRAV we have been able to reach thousands with the Gospel message who otherwise would not have been reached.

The number of Churches reporting no professions of faith and net gain in membership for the year is disappointing, to say the least. As pointed out in our report, however, there were approximately 120 Churches without ministers and those reporting no professions came, for the most part, from these.

Let us assure you that each recommendation we bring to you has been given great consideration and prayer. Several will speak in connection with some of them and we ask for your sympathetic hearing and approval.

Finances

1. **Assembly Support**: The Board of Church Extension approved of salary Sustentation Aid during 1966 for two Presbyteries as follows:

	Requested	Approved
Albemarle	$ 3,600	$ 3,455
Winston-Salem	10,250	8,618
	$13,850	$12,073

This represents $2,450 less than was requested last year and $3,059 less than was approved.

The Board of Church Extension has not thus far in 1966 provided Grants-in-Aid; however, the Board has a two-pronged program of aid in process. The first is known as EXPERIMENTAL MINISTRIES. This is defined as "any project of witness or service other than the traditional establishing of formal resident congregations". The program envisions the "widest possible geographical distribution"; "variety and imaginativeness of projects, testing possible new strategies in reaching today's culture"; and "adequate judicatory supervision and support" of a larger number of projects. Twenty-four were approved in the total amount of $252,500. Of these only one is in North Carolina, to wit, the Inter-City Ministry in Charlotte for which $25,000 was appropriated.

The other project of the Board of Church Extension does involve grants-in-aid which are to be made in May from the "Supplemental Offering for Christian Witness at Home and Abroad" on February 27.

Nine churches in five Presbyteries of the Synod of North Carolina requested assistance by grants-in-aid totalling $32,800.

Synod had only $4,581.28 available for grants, and therefore, referred all except two of the requests for aid to the Board of Church Extension. It will not be known until after May 1, whether or not any of these requests are honored.

Synod's gifts to the Board of Church Extension decreased in 1965 by $2,931.

The Board of Church Extension has approved of support of the Butner project for a period of several years contingent upon Synod approval. This matter will be elaborated on more fully elsewhere.

2. **Synod Support:** Income from Presbyteries last year totalled $61,165, a decrease of $575. Only four Presbyteries showed an increase, to wit, Concord, Kings Mountain, Mecklenburg, and Orange.

We disbursed to three aid-receiving Presbyteries for Salary Sustentation of Home Mission Pastors, $13,113, in contrast to $17,566 in 1964. In 1950 Synod paid $23,348 on the salaries of forty-nine workers in four Presbyteries. In 1960, Synod appropriated $25,877 on the salaries of forty ministers, two lay workers, and two Executive Secretaries in four Presbyteries, representing 44 fields and 76 churches.

As was reported last year, Wilmington Presbytery went on self-support, and asked for no assistance from either the Synod or the General Assembly. We are happy to report that for 1967 both Albemarle and Granville will go on self-support. The latter has not requested assistance from the Board of Church Extension for a number of years. This will leave only Winston-Salem Presbytery receiving Sustentation Aid from Synod.

We ended 1965 with a balance of $16,923, held in reserve as follows: Butner Institutional Ministry — $4,341; TRAV Department, Funds received from the Board of Church Extension — $2,000; Grants-in-Aid — $581; and Reserve by order of the Committee — $10,000.

The three aid-receiving Presbyteries in 1966, Albemarle, Granville, and Winston-Salem, are in the budget for a total of $13,384, including the MAF. Winston-Salem, the only Presbytery asking for aid in 1967, is requesting $9,447. This is $3,937 less than the amount asked by the three Presbyteries of Synod's Committee for 1966.

Sustentation of Salaries: There are currently 18 ministers and two Executive Secretaries in three Presbyteries on whose salaries Synod shares support. These represent 23 churches. In addition, there are 12 vacant fields which receive support when supplied. In all, there are 27 fields (28 last year), representing a total of 33 churches (34 last year), which are served by workers who are aided by Synod.

Needless to say, the picture has changed considerably during the past five years as Presbyteries have gradually taken on more support within their bounds.

Grants-in-aid: Grants totalling $13,000 were made in 1965, of which $3,600 was actually appropriated in January, 1966. Since 1951, Synod has made grants totalling $172,838.

3. **Loan Funds**: There were 27 loans at the end of 1965 (32 last year), ranging up to approximately $40,000 (44,000 in addition on Synod's Office Building). Loans are made at 4% interest, and are properly secured. Income from the Church and Manse Loan Fund is returned to the corpus, and when the fund reaches $200,000, the income will be used in a manner to be determined by the Executive Committee, probably in grants.

The Church and Manse Loan Fund as of December 31, 1965 was valued at $181,357, in contrast to $174,483 the year before, an increase of $6,874.

The Permanent Reserve Fund as of December 31, 1965 was valued at $69,120, an increase of $1,958. In this account are the following bequests: Mrs. A. T. McCallum Bequest — $6,773.07; A. T. McCallum Bequest — $5,387.25; Mrs. Elizabeth Osborn Bequest — $1,033.59; Mrs. Sarah J. Hutchison Bequest — $255.49; Samuel Andrews Grier Bequest — $1,468.95; and securities valued at $2,405.

4. **Wharton Bequest:** The Wharton Bequest was received in 1958 and 1959 from the Estate of the late Mrs. Sadie Duncan Wharton, widow of the late C. P. Wharton of Raleigh. As of December 31, 1965 the bequest had a value of $20,530.95. For a full report, see the Annual Report of the Auditor.

5. **A. T. McCallum Bequest:** Synod came into possession of the A. T. McCallum Estate in 1961, when it was valued at approximately $250,000. The latest audit represents the value at $266,131.44, and in 1965 Synod received for distribution in accordance with Item VI (G) of the will a total of $6,691.93, representing earnings for 1964. This amount was distributed according to the terms of the will. Of the amount earned, Synod received a total of $3,420.32 ($1,561.45 to Barium Springs Children's Home; $743.55 to Glade Valley School; and $1,115.32 to Synod's Home Missions).

6. **Mrs. Elizabeth C. Osborn Bequest**: The official audit reflects the value of this bequest at December 31, 1965 at $1,033.59.

7. **Samuel Andrew Grier Bequest**: In May, 1963, Synod received a Bequest in the amount of $1,468.95 from the Estate of

Samuel Andrew Grier of Barium Springs to be used for Evangelistic Work. (See Synod **Minutes** of 1963, page 118). This is invested, and the income is used in the manner stipulated in the will.

8. In November, 1963, A. Walton Litz, Associate Director of the Presbyterian Foundation, Inc., advised the General Secretary that under a legacy left to the Presbyterian Foundation in 1926 by Mrs. Sarah J. Hutchison of Charlotte, the "Home Missions Work" of the Synod of North Carolina would receive the income from the legacy of $4,500. In 1965, Synod received $180.66 from this bequest.

9. **Thomas L. Wilson, Sr., Memorial Fund:** In October, 1953, the American Trust Company, Charlotte, N. C., advised that Thomas Lee Wilson, Sr. of Gastonia had left a bequest in his will IX, (c), (2) to be known as the "Memorial Fund bearing the name of Thomas Lee Wilson, Senior, Gastonia, North Carolina". This provides that 2½% of the residue of the Estate be designated for the "Home Missions Committee of the Synod of North Carolina in connection with the Presbyterian Church, United States, with principal office presently located in Greensboro, North Carolina".

Evangelism Statistics

Gains and Losses: Synod showed a net gain last year of 1,450 (1,124 the year before, or .76%). This is an increase of .97%, and represents an upward trend though not as good as the 1955 increase of 2.91%. For the previous five years, the average is .95%. Professions of Faith decreased in 1965 from 4,373 to 3,682, and members received by letter and reaffirmation decreased from 7,741 to 7,047. "Losses" totalled 9,363, against 10,263 last year.

Profession of Faith: The number of churches reporting no professions of faith in 1965 was 186 in contrast to 158 the year before. Approximately 120 churches were without a minister in 1965, and most of these showed no professions of faith, or only a few. There are 645 churches in the Synod. During 1965, two churches were dissolved and five organized. There were 1,562 adult baptisms last year (1,861 the year before), and 2,111 infant baptisms (2,308 in 1964).

Growth of Synod Contrasted: The Assembly net growth for 1965 for communicants alone was .56%, a decrease below 1964, and the growth since 1955 is 21.15%. Matching figures for the Synod are .97% and 16.96%. Among the sixteen Synods, North Carolina ranked fifth in 1965 (eighth in 1964). The Synod of Florida led the Synods with an increase of 2.88%. For the period since 1951, Florida leads with an increase of 88.58%.

Other denominations: The General Assembly does not grow as fast precentage-wise as the Baptist Church in North Carolina, 16.96% since 1955 for Presbyterians and 24.71% for the Baptist denomination. The Methodist increase for the same period is only 12.95%. The Synod rate of 16.96% is 7.75% below the Baptists since 1955 and 4.01% better than the Methodists.

Spiritual Birthrate: The Synod ranked twelfth (16 Synods) in the General Assembly in Spiritual Birthrate, growth by professions of faith, in 1965 (9th last year); 2.47% in contrast to 2.76% last year and 3.34% for the Synod of Florida, which ranked first among the Synods. In the Soul-winning ratio, the number of members required to win each soul to Christ on Profession of faith, the Synod ranked 12th (10th last year) 41 persons in contrast to only 30 for the Synod of Florida and 37 for the General Assembly.

By Presbyteries: Three Presbyteries reported a net loss in 1965, to wit, Concord, Kings Mountain, and Wilmington, respectively of -.39%, -.10%, and -.32%. The other Presbyteries showed gains ranging from only .48% in the case of Albemarle to 3.13% for Granville. Orange had .51%; Winston-Salem, .63%; Fayetteville, 1.28%; Mecklenburg, 1.92%. Sub-committee on Evangelism

Rev. David M. Currie, *Chairman*

The CALL TO REPENTANCE AND EXPECTANCY issued by the General Assembly in 1965 has been introduced to each Presbytery of the Synod. This was done in varying ways and intensity. Congregations have used and are using this CALL to quicken concern for evangelism and expression of this concern by action.

The shifting patterns of these days have not "out-moded" long-standing evangelistic procedures: personal work, revival services, week-by-week preaching with call to decision; intensive and continuing visitation; establishment of "chapels" or "missions" by congregations. These shifting patterns, however, do call for openness to the Holy Spirit's leading into new types of evangelistic endeavor.

Praise be to God for each soul brought to a saving knowledge of Jesus Christ and public profession of faith in Him as Saviour and Lord. But most of all, how desperately Teaching and Ruling Elders and members of congregations of the Synod need to understand the lostness of persons apart from salvation in Christ and the intense yearning of Christ for men's salvation. God help us!

Recommendations:

1. That Presbyteries give serious consideration to calling men as Evangelists to serve in ministries from which congregations may never result but through which individuals may come to a saving knowledge of Christ: concentrations of military personnel, of tourists and week-end vacationists, of highly mobile apartment dwellers.
2. That Sessions provide continuously for intensive and effective Communicant Classes for adults as well as for children.
3. That Sessions, recognizing the well demonstrated effectiveness of the Sunday School in evangelism, provide for such systematic study for children and adults on week-days as well as on Sundays.
4. That Sessions revive the practice of establishing out-post Sunday Schools and missions for evangelism and nurture, even where it is unlikely that a new congregation will result.
5. That Sessions, singly or collectively, provide well planned and continuing opportunities for persons to meet under discipline by accupational groupings to understand the Lordship of Christ in the realm of their specialty.

Sub-committee on TRAV

Rev. A. B. Montgomery, *Chairman*

Production

The TRAV Sub-committee sponsored three major local production projects since the last meeting of Synod: "News of the Church", a 15-minute weekly religious television newscast; a series of twenty religious spot announcements for radio; and an unusual spot announcement for television.

In addition to local production completed and distributed, work is being carried forward on a new series of TV Spot announcements for release later in 1966. These continue the TV spot series undertaken in 1965, which was so well received by the stations of North Carolina. Radio versions of the new spots are also planned. It will be recalled that Synod's TRAV, prior to the last meeting of Synod, produced and distributed a series of ten 1-minute TV spots which filled a void in North Carolina religious TV programing.

"News of the Church", presented in conjunction with the North Carolina Council of Churches, surveys interdenominational religious news on the state, national, and international levels. Mr. Ted L. Daniel, TRAV Director, is newscaster. The weekly program was begun as an experiment on September 5, 1965 over WTVD, Channel 11, Durham. Reception of the program was enthusiastic and it was put on a more permanent basis January 1, 1966.

Five TV stations carry "News of the Church" each weekend and the program reaches a sizeable audience. The participating stations have a 25% or greater penetration into 82 of North Carolina's 100 counties, plus a bonus of 50 counties outside the state. The only North Carolina counties not covered at the present are in the Northeast Coastal Region. The out-of-state counties include 7 in Virginia, 26 in South Carolina, 8 in Georgia, 4 in Tennessee, and 5 in Kentucky.

The stations are WTVD, Durham: WBTV, Charlotte; WFMY-TV, Greensboro; WECT, Wilmington; and WFBC-TV, Greenville, S. C. (which covers Western North Carolina).

Production facilities for "News of the Church", which would cost in excess of $26,000 a year, are donated by WTVD, Durham. Air time, with an annual valuation of about $30,000, is donated by the participating stations.

Ten of the radio spot announcements were revisions-for- radio of the 1965 Synod TV spots and bear the same title, "The Church Must Speak". The ten new radio spots, entitled, "The Ten Commandments", were especially prepared for the radio series.

The radio spot series was placed with 170 of North Carolina's 186 radio stations in February, 1966 and will be broadcast through mid-year.

The brief television spot announcement was adapted from a production of the Synod of Florida and features a sly dig at those who would pursue summer recreations rather than attend church. Fifteen commercial TV stations accepted the spot and plan to use it throughout the summer of 1966.

TRAV has prepared several slide presentations and assisted with several brochures for various causes of Synod.

Others

Synod's TRAV Director, Mr. Ted L. Daniel, continued to serve on the Presbyterian Appalachian Broadcasting Council and is new Vice-Chairman. The PABC seeks to serve the entire Appalachian Region, including the mountains of North Carolina, with specialized religious programing for the rural mountaineer. In the past year, PABC, a joint project of the Presbyterian Church U. S. and the United Presbyterian Church U. S. A., released "Praise Him, Praise Him", an album of music by the Revelers Quartet; "The Way I Look At It", a series of spot announcements; and also special programs for Thanksgiving and Christmas. The foregoing were made available to every station in the Appalachian region. In addition, PABC did the basic spade work for a daily religious radio feature. Mr. Daniel is also chairman of Radio-TV for the North Carolina Council of Churches; a member of the Council Cooperation Committee, National Council of Churches; and an associate member of the North Carolina Association of Broadcasters.

Recommendations:

. That Synod be advised that Synod's Council referred the resolution of the 1965 Synod, proposing the employment of a full-time Director of Evangelism to this Committee; that the Sub-Committee on Evangelism studied the resolution carefully, and sought the advice of two former secretaries of Evangelism of the General Assembly, both of whom now reside in the Synod; and that it is the unanimous opinion of the Committee that it would not be advisable for the Synod to employ a Director of Evangelism for the reason that this type of function can best be directed by Presbyteries individually.

2. That Synod express appreciation to General Assembly's TRAV for its consistent and generous contributions towards support of the TRAV program of the Synod of North Carolina.

3. That Synod express appreciation to the Board of Church Extension for its support of the Inner-City Project in Charlotte, N. C.

4. That Synod express appreciation to the Reverend W. D. McInnis, who has served as Chairman of this Committee for the past five years, and to the following members of the Class of 1966, all of whose terms expire: J. R. Ingram, Mason Wallace, and Dermont Hedrick.

5. That it be called to the attention of Presbyteries that this Committee will make available to each Presbytery Chairman of Evangelism, or a designate, twenty dollars ($20,00) to assist in meeting the cost for attending the Church Extension Conference at Montreat August 4-11, 1966.

6. That Synod approve of an item in the Benevolence Budget for 1967 in the amount of $8,227 for support of the Butner Ministry; and that pending the adoption of this Report, including this recommendation, Synod hear Dr. James M. McChesney, Chairman of the special Committee on the Butner Ministry, the Rev. James N. Grubb, Chaplain of the Butner Ministry, and other interested persons.

7. That Synod appoint a Committee to thoroughly study the Lexington Presbytery Manse Plan for Retired Ministers; to work out full details of a tentative plan for the Synod of North Carolina; and to report back to the Synod of 1967; and that pending the adoption of this recommendation, Synod hear Dr. R. L. St. Clair of Lexington Presbytery.

8. That Synod approve of an overall Budget for Church Extension for 1967 in the total amount of $52,647.

9. Resolved: That

   (1) Whereas, a special Committee of the Executive Committee of Church Extension, chaired by Mr. H. Dermont Hedrick, a Ruling Elder in the Oxford, North Carolina, Presbyterian Church, has carefully studied the Lexington Presbytery Manse Plan for Retired Ministers; and

   (2) Whereas, the above committee reported favorably on the matter to the parent committee; and

   (3) Whereas, the Executive Committee of Church Extension has recommended that the Synod of North Carolina ap-

point an ad interim committee to further fully study this matter, and report back to Synod in 1967; and

(4) Whereas, Synod has heard the Reverend R. L. St. Clair of Lexington Presbytery in an address on the Lexington Presbytery Plan; and

(5) Whereas, the Synod of North Carolina has been advised by Mr. H. Dermont Hedrick of his intention to give to the Synod of North Carolina $10,000 for the Revolving Manse Loan Fund for Retired Ministers, if and when the Retired Ministers Manse Plan is established by the Synod, to be named "The Robert Jerome ('Jerry') Hedrick Fund," in memory of his son, who was killed in an automobile accident, August 19, 1964 near Halifax, Virginia; and

(6) Whereas, the Synod of North Carolina, meeting at Montreat, North Carolina did adopt a Resolution on June 7, 1966, authorizing that a committee be appointed to further investigate the proposed Plan;

Therefore, be it resolved that the Synod of North Carolina, in session at Montreat, North Carolina, Wednesday, June 8, 1966 expressses its sincere gratitude to Mr. H. Dermont Hedrick of Oxford, North Carolina for his generous offer to establish "The Robert Jerome ('Jerry') Hedrick" Revolving Manse Loan Fund for Retired Ministers at such time as the Synod may inaugurate the Retired Ministers Manse Plan.

10. That pending adoption of this report Dr. John F. Anderson, Executive Secretary of the Board of Church Extension, Atlanta, Georgia, address Synod.

[1] SOUL-WINNING RATIO: Number of members required to win one soul to Christ in a year. Determined by dividing the number of accessions on profession of faith at the end of the year into the total number of communicants at the beginning of that same year. The result is in persons, not percentage and the lower the figure the better the standing.

[2] SPIRITUAL BIRTHRATE: Growth by professions of faith, expressed in percentage. Determined by dividing the number of members at the beginning of a church year into the number of accessions on profession of faith during that same year. The higher the percentage the better the standing.

D. Report of the Executive Committee on Educational Institutions

REV. WILLIAM C. BENNETT, *Chairman*

1. COLLEGES AND UNION THEOLOGICAL SEMINARY

Preliminary Statement:

The Synod of North Carolina is justly proud of the growth and standing of its institutions of higher education. It is also grateful for the increased support it has been able to provide.

	1963	1964	1965	Goal
Union Seminary	$ 55,243	$ 89,739	$ 92,149	$150,000
Davidson	55,243	59,865	61,476	100,000
Queens	55,243	59,865	61,475	100,000
St. Andrews	153,408	179,517	215,100	300,000

The goals set by Synod have not been reached, but progress has been made.

Financial Statements:

In 1965 we received $43,253 more than in 1964 for the cause of Educational Institutions ($69,843 — 1964 over 1963), an increase of 11.12% (21.89% the year before.) The budget asking was $700,000 ($650,000 in 1964). We received only 61.74% of what we asked of the Presbyteries (60% in 1964). We received 82% of what the Presbyteries accepted (64% in 1964). By Presbyteries, this was reflected as follows:

Educational Institutions showed an increase in Budget Askings from $260,000 in 1955 to $700,000 in 1965, or a difference of $440,000, an increase of 169%, an average annual increase of $44,000, or 17%.

The 1965 income represents an increase of $219,362, or 103% over 1965. The average annual increase is $21,936, or 10%. (1965 increase, 11.12%)

Annual increase in the budget and the gifts may be compared as follows:

Capital Gifts Campaign:

The Financial Statement on the 1956 Campaign gives a succinct account through March, 1966. Note that we continue to receive payments on pledges. Last year we received $8,383, of which $7,000.00 was for St. Andrews College; and thus far this year we have received an additional $2,250 for the College.

Students:

There are 92,886 white students in North Carolina Colleges this year, an increase of 10,713. There are approximately 12,437 Presbyterian students in North Carolina Colleges, an increase in excess of 1,400. There are 2,784 students in Davidson, Queens, and St. Andrews. This compares with 2,794 last year. In addition there are 488 students at Peace College, 408 last year. There are 1,365 Presbyterian students at Davidson, Queens, and St. Andrews, and 166 at Peace. We are responsible for more than 6,100 Presbyterian students through the Campus Christian Life Program, not including Davidson, Queens, and St. Andrews. Including graduate students and wives of married students, there are more than 1,000 Presbyterian students at each — the University of N. C., Chapel Hill, N. C.; N. C. State University, Raleigh; and Duke.

If Presbyterian students increase at an average of only 750 a year until 1975, there will be 19,000 Presbyterian students in North Carolina Colleges in that year.

Recommendations:

1. A Resolution Proposed by the Committee on Educational Institutions of the Synod of North Carolina concerning a Foundation Challenge Gift to Davidson.

   WHEREAS, the worthiness of Davidson College has prompted the Ford Foundation to promise that all contributions to the College received before June 30, 1968 shall be augmented to the amount of forty cents per dollar, up to a total gift of $2,200,000;

   and whereas Davidson is one of the Synod's educational institutions eligible to participate in its capital fund campaigns scheduled every three years;*

---

*While the trustees of Davidson are elected by presbyteries of the Synod, general fund giving to Davidson is based upon action of the Synod upon the recommendation of its Executive Committee of Educational Institutions.

November 22, 1965

and whereas the timing of the Ford gift to Davisdon is unfortunate in view of the campaign for Union Theological Seminary authorized for 1966, and a second campaign for St. Andrews which is to follow;

BE IT RESOLVED:

First, that Synod commend the Administration and the Board of Trustees of Davidson College for the special efforts they are making to improve the quality and usefulness of Davidson as a Christian institution of national distinction by this increase in the financial resources of the college;

Secondly, that Synod express its faith that no single cause in Christian higher education should be expected to exhaust the resources of stewardship within the Synod, nor is likely to do so;

Thirdly, that as a consequence of this resolution Synod urge its members to encourge Davidson College in its efforts to realize the full benefit of the Ford Foundation Challenge Gift, through the prayers of its people and through the special giving of individuals and churches above and beyond Synod's budgeted responsibilities, to the end that the administration, faculty, and students of Davidson may experience anew Synod's long-standing support of the college.

2. That we concur with Synod's Council in recommending that Standing Rule 23:1 be abolished and its functions incorporated into Rule 20:2c.

3. That Synod join with the Board of Trustees, faculty, and student body of St. Andrews Presbyterian College in urging that every available means be employed for the earliest possible construction of a Chapel for the center of Christian Worship on the campus.

4. That Synod commend Davidson College and St. Andrews College for conducting Seminars for teachers of Adult Classes in Church Schools in preparation for the year of study in Christian Ethics, and that Sessions of churches urge all teachers of Adult Classes to attend one of the Seminars; the St. Andrews College Seminar to be conducted June 23-26 and the Davidson Seminar September 6-9, 1966.

5. That Synod commends our Presbyterian colleges for their progress; and asks every minister to present to the parents and students of his congregation this fall, the opportunities which are available in our church-related colleges.

6. That we hereby commend those individuals and churches for the interest and support which has already been expressed in the Union Theological Seminary Advance Campaign through gifts and pledges above regular budgeted Benevolences; and we urge those churches where pledges have not yet been made to share in the Advance; and, further, we recommend the continuing participation of all

Presbyterians of the Synod of North Carolina by their prayerful concern for and financial interest in Union Theological Seminary during this campaign and in the future. We recommend that pending the adoption of the Report of this Committee to Synod, Synod hear Dr. Harry M. Moffett, on the subject of "Christian Higher Education in Church-Related Colleges" and Dr. James Appleby on the subject of the Union Seminary Advance.

DAVIDSON COLLEGE, Davidson, North Carolina, David Grier Martin, President. The College is owned and controlled by the Trustees of Davidson College who are elected by Presbyteries in the Synod of North Carolina and by St. Johns and Everglades Presbyteries in the Synod of Florida and by Asheville Presbytery of Appalachia Synod. Founded in 1837. Men.

Academic Standing: Member of the Association of American Colleges; the Southern Association of Colleges and Secondary Schools; the Southern University Conference; the National Conference of Church-Related Colleges; the Presbyterian Educational Association of the South; and is on the list of colleges approved by the Association of American Universities. Davidson has a Chapter of Phi Beta Kappa. (Size of College: 1,000 students, 81 Faculty Members (plus R.O.T.C. personnel).

Financial: Book value of property, $8,739,799; General and Scholarship Endowment, $13,414,189. For the college year ending June 30, 1964 the supporting churches of the Synod of North Carolina will have contributed $55,000 or 3.3% of the educational budget of the college according to an estimate based on payments so far this year.

In a long-term development program, Davidson must raise $25.3 million by 1975 to meet its goal and to maintain the quality of its educational program during the coming important decade in higher education.

Davidson College is in its 129th year as a liberal arts college for men, affiliated with the Presbyterian Church.

Its purpose is to liberate men physically, mentally, and spiritually; to educate the whole man for an abundant life—for leadership, for service and for self-fulfillment; to develop men of cultivated tastes, of humane instincts, of gentlemanly bearing, and of Christian character.

In an effort to fulfill these high purposes, Davidson has throughout its history set educational excellence as a primary goal.

To provide its above-average students with adequate challenge, Davidson has modified its curriculum through the years to take full advantage of the opportunity afforded by the interest and ability of these students. For more than 20 years Davidson has had an effective honors program which has been consistently cited by exceptional students as the most significant feature of their college experience.

The most important development in the curriculum in recent years is a new interdepartmental course in humanities taught by a teaching team of twelve members of the faculty. This course, which satisfies almost all of the freshman-sophomore requirements in history, English, and religion, will also introduce students, to philosophy, art, music, and other aspects of the development of Western civilization.

Davidson now has more than 10,000 alumni serving in positions of leadership ranging from the Secretary of State to a minister in a rural church. Some specific data will give indications of the quality of the Davidson product.

Over 70% of Davidson's graduates go on to graduate and professional schools and their records have been such as to create a demand for them by leading graduate schools throughout the country.

Davidson has attracted above-average students for many years. The demand, however, for a Davidson education has increased so markedly that average College Board scores of entering freshmen have risen from 517 to 1,310 during the past eleven years, with 92% of the present freshmen class now coming from the upper quarter of their graduating classes. Non-academic qualifications, indicating evidence of participation in leadership activities have increased proportionately. The careful selection of students helps make possible the graduation of more than 85% of the men who enter Davidson. Students this year come from 33 states and 13 foreign countries.

QUEENS COLLEGE, Charlotte, North Carolina; Edwin R. Walker, Ph.D., chancellor and acting president. The college is owned and controlled by the Synods of North and South Carolina. Founded 1857. In August 1965, the Board of Trustees changed the administrative structure of the college to divide between a chancellor and a president the responsibilities heretofore placed upon the president. Dr. Walker, who had been president of the college since 1954, was elected chancellor and a committee of trustees was appointed to select a new president.

Academic Standing: The college is accredited by the Southern Association of Colleges and Schools and is approved by the American Association of University Women. It is a member of the American Association of Colleges, the American Council on Education, the Presbyterian Education Association of the South, the National Commission on Accrediting, the College Entrance Examination Board, the College Scholarship Service, and the National Association of Schools of Music. The Department of Adult Education holds membership in the National Association of University Evening Colleges.

Program: Queens College has achieved a strong educational program to prepare young women for lives of useful service. A well-qualified faculty, which has been enlarged annually to accommodate the increase in student enrollment, constantly scrutinizes the course of study, making additions or modifications regularly so that students can benefit from both traditional ideas and the most recent developments in liberal arts education. This program, with its emphasis on responsibility and creativity by the student, has achieved national recognition.

A summer program of study and travel abroad was begun in 1964. Students who enroll for the program spend ten weeks in travel and study directed by Queens faculty members. Participants attend lectures in five cities while traveling in Europe and have five weeks of intensive study in Vienna in cooperation with the University of Vienna and the Institute of European Studies, and may follow a planned post-study travel period or may travel independently.

The program of religious activity on the campus is in a healthy state. All members of the student body are members of the Queens Christian Association, and both students and faculty take part in formal and informal religious activities on and off the campus. During the 1964-65 academic year, the trustees appointed Dr. J. Daniel Zeluff, college chaplain. He joined the faculty of the Department of Bible and Religion in 1964 and continues to teach.

The size of the student body has been increased at the same time that quality has been stressed. In 1963, a freshman class of 244 was admitted, in 1964, a freshman class of 271, and in 1965, a freshman class of 346. No additional increase in the size of the freshman class is now being planned. Queens is one of several colleges participating in the Uniform Early Decision Plan of admissions.

General Information: A new residence hall with a capacity of 140 was opened in the fall of 1965, and a fine arts center-auditorium and a new science building are now under construction. When these two buildings are completed, the present science building will be remodeled as a general classroom building, and the chapel will be enlarged by the addition of transepts.

Approximately $1,750,000 has been added to the resources of the college in the last twelve months. The student body numbers 842, and an additional 932 registered in the adult education program. The library includes books and periodicals numbering about 60,000.

ST. ANDREWS PRESBYTERIAN COLLEGE, Laurinburg, North Carolina. Dr. Ansley C. Moore, President—Owned and supported by the Synod of North Carolina, Presbyterian Church, U. S., St. Andrews, merger of Flora Macdonald, Presbyterian Junior, and Peace Colleges, opened its doors on a new campus in Laurinburg, September 17, 1961. It is a coeducational, liberal arts, four-year college.

Academic Standing: Accredited by the Southern Association of Colleges and Schools. It is also an institutional member of the National Association of Schools of Music and holds membership in the North Carolina College Conference, the American Association of Colleges, the Presbyterian Education Association of the South, and the North Carolina Foundation of Church-Related Colleges.

Curriculum: At the heart of St. Andrews' academic offerings is the Christianity and Culture Program. This series of courses required of all students provides 33 credit hours in history, religion, philosophy, literature, and the humanities. It is taught by four teams of professors who make use of the lecture-preceptorial method.

Three degrees are offered at St. Andrews—bachelor of arts, bachelor of science, and bachelor of music. Majors include religion, human relations, Christian education, English, biology, chemistry, mathematics, history, foreign languages, education, psychology, business, art and drama, and music. Cooperative programs in engineering and medical technology have been worked out with other institutions.

Physical Plant: Sixteen buildings are used at the present time, thirteen of them brand new as follows: the liberal arts and science building, the library, the student center, eight dormitories, music building, and the heating plant. Urgently needed are the auditorium-theater, the science building, the administration building, and the chapel.

Student Enrollment: A total of 931 persons were enrolled at St. Andrews Presbyterian College during the first semester of the academic year 1965-66 — 434 men and 497 women. Some of these were on a part-time basis so that the total full-time equivalent student enrollment was 910.

Faculty and Staff: There are 70 members of the St. Andrews Faculty, holding degrees from some 37 first-class graduate schools. 25 people are listed in the administrative group, as well as 8 Residence Hall Directors. A teacher at St. Andrews must have at least the Master's degree.

Financial Picture: Book value of property, $8,110,774. General and Scholarship Endowment, $1,322,745. Total operating budget, $2,278,460. Under a decision by the Superior Court, Raleigh District, the property of Peace College was given to St. Andrews, but the income from the endowment was given to the First Presbyterian Church of Raleigh.

We have borrowed $1,956,000 from the Federal Government for dormitory and Student Center construction. Our educational program is being hampered at the present time by the lack of an auditorium-theater and a science building. We need $3,000,000 in new money for these buildings. The new physical education building is under construction.

By 1968 the college expects to have the chapel, an administration building, two more dormitories and an addition to the Student Center. The cost of these buildings is estimated at $2,000,000 in new money. They are basic to the completion of the original plan for the college.

The college must also match its building investments with endowment. This would mean that approximately $10,000,000 in endowment for teacher salaries, scholarships, study, travel, and research must be added as soon as possible.

To have the sort of program envisioned by the Synod of North Carolina at St. Andrews, financial support from the Synod, its churches and its members is needed. There is no question about the demand for a coeducational institution of this size. With continued support and increased financial contributions, the college can and will offer added strength, vigor, and effectiveness to the total church program.

GRADUATE SCHOOL

UNION THEOLOGICAL SEMINARY IN VIRGINIA, one of the four seminaries of the Presbyterian Church in the United States, is controlled by the four Synods of Appalachia, North Carolina, Virginia, and West Virginia through a Board of Trustees nominated by these Synods, Dr. James A. Jones is President.

Trustees

The sudden death of the Chairman of the Board of Trustees, Mr. Herbert W. Jackson, Jr., on March 22, 1966, has brought a great loss to the Seminary. For three years Mr. Jackson served with distinction as Chairman of the Board and rendered remarkable service through his dedicated leadership. Mr. Jackson was most active in the preliminary planning and conduct of the Seminary ADVANCE campaign and gave unselfishly of his time and energy to this cause. He will long be remembered as a loyal and devoted friend of Union Seminary and the cause of preparing men for the ministry of the Gospel.

Four new Trustees have been nominated by the Synods for the Seminary to be elected at the annual meeting of the Board of Trustees this spring. They are: Mr. William B. McGuire of Charlotte, N. C.; Dr. David R. Holt, II, of Waynesboro, Virginia; Mr. Stewart Bell, Jr., of Winchester, Virginia; and the Reverend Ralph L. Underwood of Williamson, West Virginia.

Faculty and Academic Affairs

During the academic year, one new professor has begun his teaching responsibilities, Professor H. McKennie Goodpasture, Jr., who is serving as associate professor of Christian missions. Dr. Goodpasture served until last July, 1965, as Dean of the Presbyterian Seminary in Portugal. His keen interest and enthusiasm for the mission of the church in the world community is already appreciated by the student body.

Two additional faculty members have been called and will begin teaching at the Seminary in September. They are Patrick Dwight Miller, Jr., who will be associate professor of Old Testament, and Neely Dixon McCarter, who will be professor of Christian education. Dr. Miller holds the Ph.D. degree from Harvard University and for nearly three years served as pastor of a church before accepting the call to the Seminary faculty. For the past several months he has been studying in Jerusalem. Dr. McCarter, whose doctorate was awarded by Yale University, has served as a chaplain to students at the University of Florida and for the past five years has been teaching Christian education at Columbia Theological Seminary.

The faculty of Union Seminary is involved in progressive revision of the curriculum. A new and substantially revised curriculum was introduced in 1964 which attempted to deal realistically with the congestion developing in the Seminary curricula in recent decades. Response to the new curriculum has been good, and the faculty is making additional modifications as circumstances demand. One change, to be implemented next September, is a new academic calendar consisting of two long quarters and a short quarter during the month of January. The January quarter promises many benefits since it will provide opportunity for concentrated study by both students and returning alumni over the four week period.

Also adopted by the faculty, for initiation in September, 1966, is a new graduate degree program. The new program, leading to a Master of Sacred Theology, is a limited-residence program especially designed for pastors. Through special courses given in the two long quarters, in a four-week summer term, during the January term, and by directed study, participants in the new program can over a period of several years meet the necessary academic requirements for the S.T.M. degree. The Seminary will continue to provide graduate training leading to the Th.M. and Th.D. degree as it has in the past.

Student Affairs

For the academic year 1965-66, Union Seminary has had a total enrollment of 207. Of this number, 136 are members of the Presbyterian Church, U. S., and 17 are members of the United Presbyterian Church in the U.S.A. Forty-four presbyteries in our denomination are represented in the student body. Students have come from 28 states and 8 foreign countries.

It is expected that in May, 1966, the Seminary will award degrees as follows: 5 Doctor of Theology degrees; 18 Master of Theology degrees; and 40 Bachelor of Divinity degrees. As these men graduate, most will proceed directly into the parish ministry.

Continuing Education

For over a decade, the faculty of Union Seminary has accepted responsibility not only for preparing men for ordination, but also for providing an ongoing program of education for the ministers already in service. This concern has been translated into a vigorous program of continuing education. For the current academic year 145 ministers from the supporting Synods have taken part in resident study on the campus, as Tower Scholars, Summer Scholars, Independent Scholars, or in Advanced Study Seminars. In addition to the resident study programs, 160 men have participated in directed study programs by mail, using one of the seventy-seven courses now provided by the faculty.

During the year a pilot program for continued education at the presbytery level was held. About forty ministers in Lexington Presbytery participated in the program, and their reactions have been most favorable. When additional faculty personnel are available, the Seminary hopes to expand this program.

The Summer Program at the Seminary is designed to be another opportunity for continuing education offered to men in the pastorate. This summer's two week program features three study groups: a doctrinal seminar, a seminar on worship, and a preaching clinic. Judging from the very large enrollment at this time, a record attendance is expected for the program set for July 25 through August 6.

Fiscal Affairs

Because the fiscal year of the Seminary ends on March 31st, it is impossible at this writing to report on the actual fiscal operation of the Seminary for the past year. The final audit will be completed in May, and reports will be placed in the hands of the committees of the several Synods at that time.

A summary of the fiscal operation for the past two years and an estimate of the Seminary's current income and expense for 1965-66 reveals these comparisons:

The Union Seminary Advance

As the members of the supporting Synods of North Carolina, Virginia, and West Virginia know quite well, the Seminary has been conducting for the past three months an intensive capital funds campaign. The goal of the campaign is six million dollars, to be used to undergird the instructional program and to provide urgently needed facilities. The new facilities planned are an instructional center, a new audio-visual center, sixty new apartments for married students, and an expansion of the Library. The new funds for the instructional program and faculty will provide endowment for five faculty chairs, funds for students in clinical and intern projects, enlargement of the continuing education program, and will provide additional annual income for the Library and audio-visual department.

Members of the Seminary faculty and student body have just completed a series of over six hundred "Seminary Sundays" in congregations in all nineteen presbyteries. In preparation for these special Sundays, sixty-five area meetings were held, on which occasions teams from the Seminary presented the needs of the Institution to local leaders.

While it is too early to project the financial return of the campaign, we can report that the general response has been most cordial and encouraging. The area meetings have been attended by large groups of officers and other leaders, indicating by their presence a genuine concern in the cause of theological education in the church. The Seminary Sundays in local churches have focused the attention of the congregations on the vocation of the ministry and on the need for additional qualified students to consider full-time church related work.

The Seminary is most hopeful that the ADVANCE campaign will reach its goal. If it does, it will be because hundreds of laymen and ministers throughout the three Synods have given generously and enthusiastically of their time in the conduct of the campaign. These volunteer leaders have been unflagging in their efforts, and their zeal has been an inspiration to all of us at the Seminary.

Union Theological Seminary for over one hundred and fifty years has been a faithful instrument of the church, preparing men for service and leadership. We look upon this record of distinguished service not as a tradition to remember, but as a heritage which urges us to continue in an even wider service. The Seminary ADVANCE is dedicated to this end. With the support of the churches, we shall undertake to fulfill this service.

INFORMATION

The Director is endeavoring to make his office a channel for distributing information about the Schools for which Synod has a responsibility. He is available for presenting the cause of Christian Education to Presbyteries, Presbyterials, local Churches, Men's and Women's organizations.

Several schools have motion picture films which they make available to interested groups.

Synod has a filmstrip on the whole work of Synod, "The Work We Do Together," and another on "Campus Christian Life". Both are available at no charge.

---

[1] The General Assembly Minutes annually report a figure larger than that reported by the Synod's Treasurer. This is explained by the fact that all funds contributed to Higher Education do not pass through the hands of the Synod's Treasurer such as some gifts made directly to institutions on Campaign pledges and gifts to Assembly's educational institutions: the Assembly's Presbyterian School of Christian Education, Stillman College, and Montreat College, though the latter is not officially an institution of the Assembly.

[2] The General Assembly Statistics are reported differently since 1955 and the information on total gifts to Higher Education is not available.

6. BEQUESTS AND MEMORIALS

According to Webster, a memorial is anything intended to "preserve the memory" of a person or event. Granite preserves a name; influence preserves a memory. A memorial dedicated to the service of Christian Education is truly an everlasting memorial since it lives on generation after generation. This type of memorial is not only possible to people of large wealth but to the average man. Buildings and gifts for endowments are appropriate for people of means. Gifts of equipment for gymnasiums, offices, and music departments; audio-visual materials, furniture, and outdoor improvements are within the reach of average people. Information on specific needs will be furnished to interested persons.

FORM OF GENERAL BEQUEST

"I give, devise, and bequeath to (..), an institution located and operating at.., and its successors, by whatever name it may be known, the following described property, to wit: (here describe the amount of money or nature of property given)."*

V. REPORTS OF PERMANENT COMMITTEES

A. REPORT OF COMMITTEE ON ANNUITIES AND RELIEF

DAVID H. BURR, *Chairman*

The Synod's Committee commends the annual report of the Assembly's Board of Annuities and Relief to each minister and ruling elder. It carries the story of the great advance of the Board since the beginning of the Annuity Fund in 1940.

Your Synod's Committee has met twice each year to disburse the Reynolds Fund and to handle the regular business of the Committee. In 1965, the income of the Fund was $73,026.00. Disbursements are made twice a year.

Recommendations:

1. That in the future no member serving on this Committee shall be a participant in the Reynolds Fund, and that Presbyteries be requested to elect active ministers or laymen as Chairmen of the Presbyteries' Committees on Annuities and Relief.
2. That the Synod approve Annuity and Relief Committee expenses dealing with the Reynolds Fund being borne by income received from the Reynolds Fund.
3. That the Synod hear Dr. James G. Patton of Atlanta as he speaks of new insurance opportunities for ministers.

B. REPORT OF THE COMMITTEE ON ASSEMBLY'S GENERAL FUND AGENCIES

REV. W. C. NEILL, *Chairman*

The Assembly's nine General Fund Agencies are sometimes called the "special services" agencies of the Church. They provide specialized services to the whole denomination. The congregations, institutions, boards, agencies, and courts of the Church are served in various ways by them. For this reason, the support of these agencies through the General Fund is of great importance to the whole Church; therefore the Synod considers it a part of its responsibility to call attention to the significant role played by these agencies in the life of the Church.

The General Fund Agencies are as follows: the Board of Women's Work, the General Council, the Presbyterian School of Christian Education, Stillman College, TRAV, Montreat, the Presbyterian Foundation, the Historical Foundation, and the American Bible Society.

The Board of Women's Work guides and inspires women in the local congregations in spiritual growth, organization, and programs of service. The Board challenges our women to give their full support to the work of the Lord through the total program of the Church.

The General Council works in three areas: program, publicity, and budget and stewardship. It seeks to coordinate the program of the Church, planning for the future and preparing the **Plan Book.** It tells the story of our Church's work and publishes the bulletins which many of our churches use each Sunday. It prepares the budget which is proposed to the Assembly and promotes Christian stewardship throughout the Church.

The Presbyterian School of Christian Education has more than 200 students each year preparing to serve Christ and His Church as directors of Christian education, campus Christian life workers, missionaries, social workers, music directors, directors of week-day kindergartens, camp directors, and teachers of Bible. PSCE now has two thirteen week terms, a January term of four weeks, and a summer term of four weeks. Each of the short terms is divided into two two-weeks periods, in which special courses in Bible, drama, music, theology, or other courses are available to the people of the Church. For example, this summer an Adult Bible teacher can get a survey of next year's CLC text in two weeks. Moreover, our Church needs more men and women with the training that PSCE offers in its regular two-year course.

Stillman College is the Assembly's four-year liberal arts college which provides high quality education and has been training Negro youth for leadership in church and community for 90 years.

TRAV is the Church's Television Radio and Audio-visual agency. It reaches an audience of millions with broadcast ministries and serves local congregations with educational and inspirational films, filmstrips, and recordings.

Montreat is sometimes called the "home" of our denomination. The varied services of Montreat to the Synod include that of graciously being host to this court.

The Presbyterian Foundation serves the Church as custodian and administrator of gifts, bequests, and annuities left to the denomination or any of its agencies.

The Historical Foundation collects, preserves, and promotes the use of materials pertaining to the Presbyterian and Reformed Churches of the world. In a beautiful building at Montreat the Foundation maintains its library, museum, and archives.

Through the American Bible Society our Church joins hands with other Christians in sharing the Bible with people around the world, making possible the translation, publication, and distribution of millions of Bibles, Testaments, and Scripture portions each year.

Recommendations:

1. That all the members of the Synod make a special effort in their respective congregations to keep the General Fund Agencies before the people, especially in June and in the Stewardship season.
2. That all the members of the Synod encourage their congregations in the loyal support of the Budget Benevolences of the Church on which the work of the General Fund Agencies depends.
3. That Sessions study prayerfully the need and possibility of sending lay leaders of their congregations for a short term course at PSCE and encourage qualified persons to consider a church vocation.
4. That, pending adoption of this Report, Synod hear Dr. C. Grier Davis, President of the Mountain Retreat Association.

D. REPORT OF COMMITTEE ON BEQUESTS AND DEFERRED GIFTS

ARCHIE W. McLEAN, *Chairman*

The Committee met at Synod's Office in Raleigh on April 5, 1966.

The Committee again wrestled with the perennial problem of how much overt action should be taken — and how much the Synod could afford — in trying to promote more liberality by Presbyterians to the church through bequests and deferred gifts. During the discussions, it was forcefully pointed out that the church must choose one of two routes in this area of its development: (1) a passive attitude toward giving through bequests and deferred gifts by its members, or (2) a more aggressive role through an organized effort to keep the church abreast of the strong and unrelenting competition for a meaningful share of the means of its members.

During its deliberations, the Committee heard with great interest Dr. Frank H. Caldwell, Executive Director of The Presbyterian Foundations, Inc., with headquarters in Charlotte, N. C., who gave a most comprehensive report on the purposes and functions of this organization. Dr. Caldwell renewed the Foundation's desire to make the work of this organization more practicable to the Synod of North Carolina as well as to the other fifteen synods in the Presbyterian Church, U. S. He, too, expressed a measure of disappointment and frustration in trying to make the Foundation a more dynamic tool in the stewardship of our Church's members.

After much debate as to ways and means of how the Committee might do a better job in discharging its responsibilities, a situation which the members feel very keenly, it was the consensus of those in attendance that the Synod should follow a more aggressive role in the development of liberality through bequests and deferred gifts via an organized program and that such a policy should be recommended to the Stewardship Committee of Synod's Council with all the vigor that can be mustered.

E. REPORT OF THE PERMANENT COMMITTEE ON BILLS AND OVERTURES

REV. ROBERT F. SLOOP, *Chairman*

To the Committee on Bills and Overtures have been presented the following matters:

1. An overture from Mecklenburg Presbytery petitioning the Synod of North Carolina to divide the Presbytery into two parts — (a) Mecklenburg County; (b) Union, Anson, Stanly, Montgomery, and Richmond Counties. This division to become effective January 1, 1967.
2. An overture from Granville Presbytery asking the Synod of North Carolina to order its Christian Education Committee to abolish the Synod Negro Youth Conference.

3. An overture from Winston-Salem Presbytery to the General Assembly that the Synod of North Carolina be permitted to become a representative body.

Synod reversed the Recommendations of the Committee on Bills and Overtures, Numbers 1 and 2, above, and took the actions indicated below:

1. Adopted the following substitute Resolution, offered by the Rev. John H. McVay, Hamlet:

> **That the overture from Mecklenburg Presbytery regarding the proposed division of Mecklenburg Presbytery be referred to a special committee to make a thorough study of all boundaries of all the presbyteries within the Synod of North Carolina. This committee shall be appointed by the Committee on Nominations, and said committee shall be composed of an equal number of ministers (none of whom shall be Executive Secretaries) and laymen (at least one of whom shall be a lawyer). The size of this special committee shall be determined by Synod's Permanent Committee on Nominations. This special committee shall also be urged to seek expert advice from sources outside the Synod of North Carolina — e.g., from the office of Mr. Hal Hyde in Atlanta, Georgia.**
>
> **This committee shall conclude its study and report back to Synod with all recommendations at the 1967 meeting of the Synod of North Carolina, if this study may reasonably be concluded by that date.**

An amendment to the above was also adopted as follows:

> **That the Committee to study Boundaries of the Presbyteries be further instructed to study the feasibility of dividing the Synod of North Carolina into two Synods, and make recommendations on this matter in its report.**

2. Adopted a Resolution to the effect that the Overture from Granville Presbytery, asking that the Christian Education Committee be ordered to abolish the Synod Negro Youth Conference, be answered in the affirmative.

3. Dealt with the matter involved in the Winston-Salem Overture on limited representation to Synod, by refusing to Overture the General Assembly that the *Book of Church Order* be amended to provide such representation. (This was Recommendation Number 18 in the original Report of Synod's Council, page 26 of the *Blue Book*. See also in *Index*, "Communications".)

F. REPORT OF COMMITTEE ON CHRISTIAN RELATIONS

REV. VANCE BARRON, *Chairman*

The Permanent Committee on Christian Relations met in Synod's Office, Raleigh, on April 14. Present were the representatives of six Presbyteries, the chairman, Mrs. F. A. Blount, representing the Women of the Synod, and Dr. Harold J. Dudley.

Representatives to Seminars and Councils

Reports were received from Synod's representatives to seminars and councils, as follows: Family Life Conference, Dr. F. A. Blount; Churchmen's Washington Seminar, Mr. and Mrs. Colon McLean; International Affairs Seminar, Mrs. F. A. Blount. It was noted that the NCCC Washington-UN Seminary would be held April 18-23, and that our representatives to attend are the Rev. Messrs. John E. Eliason, Jack C. Robinson, and Scott M. Poole.

The following were elected to serve as representatives to future seminars and councils:

Christian Action: The Rev. Vance Barron

Family Life Council: Dr. Robert D. Phillips, Principal; The Rev. Clyde O. Robinson, Alternate

International Affairs Seminar: The Rev. C. R. Jenkins

Churchmen's Washington Seminar: The Rev. Alvin M. Powell (Alternate to either of the two above: The Rev. Samuel R. Hope)

Rural Church Seminar: The Rev. Lester Shepherd

NCCC Washington-UN Seminar: The Rev. Graham C. McChesney, and a woman to be appointed by the President of the Synodical

The Effort to Amend the Privileged Communications Statute

This Committee, under the leadership of the Rev. B. Frank Hall, supported the bill introduced by Senators Belk and Morgan, to amend G.S. 8-53.1 so as to eliminate the authority of a trial judge to compel disclosure of confidential communications between clergymen and communicants. This bill failed by one vote to clear the Judiciary Committee.

Your present Committee believes that this important matter should be pursued to a successful conclusion. The following action was taken on April 14: "That the Chairman of this Committee communicate with the NCCC Executive Committee in regard to this whole matter and suggest that the Council pursue same and seek the cooperation of the medical profession and others affected by the issue; furthermore, that it be recommended to the Synod that the Synod endorse such action."

The 1966 Legislative Dinner

This Committee sponsored a dinner meeting on April 28, 1966, for Presbyterian members of the General Assembly of N. C., which was attended by Lt. Governor Robert W. Scott, along with thirteen Representatives and eight Senators.

Plans are being made to hold a similar dinner during the 1967 meeting of the Assembly.

Activities in the Presbyteries

Each presbytery now has a Christian Relations Committee, and all of these are more or less engaged in bringing before their constituents matters of Christian concern. The Committee in Mecklenburg has the practice of sending out four pastoral letters each year, each one dealing with some area of Christian witness in the world. Under the leadership of its Christian Relations Committee, the Presbytery of Orange held a Christian Action Conference last February 19, which drew 220 persons, representing approximately 50 churches in the presbytery.

Actions of 106th General Assembly on Christian Relations

The Permanent Committee on Christian Relations presented the following study reports to the General Assembly:

1. The Good Faith and Integrity of our Church
2. The Theological Basis for Christian Social Action
3. Questions and Answers on Capital Punishment, and Capital Punishment: A Continuing Problem
4. Work and Leisure
5. Policy Statement on Viet Nam

These reports were adopted and commended for the study of our church. Copies may be secured from the Board of Christian Education, Richmond. The Assembly also adopted the recommendation of the Standing Committee as follows: "That the General Assembly go on record as favoring the discontinuance of the use of capital punishment; and that the various governors and legislatures within the bounds of our church be notified of this decision."

Recommendations:

1. That Synod request the NCCC Executive Board to pursue the matter of securing adequate legal protection for ministers and physicians in the area of confidential communications.
2. That Synod urge its constituent presbyteries to plan and conduct Christian Action Seminars during the year of the CLC study of "The Christian Life."
3. That Synod commend to the churches as speakers Synod's representatives (listed in this report) to seminars and conferences.
4. That the presbyteries of the Synod be urged to send their Chairmen of Christian Relations to the training program in connection with the Christian Action Conference, to be held at Montreat, August 16-18, 1966.
5. That Synod go on record as being opposed to any change in the Alcoholic Beverage Control laws which would permit the sale of liquor by the drink.
6. That whereas the State of North Carolina has issued a Certificate of Domestication to the United Klans of America, Inc., Knights of the Ku Klux Klan as "a benevolent and fraternal organization"; and

   Whereas this group has by its history and present activities sufficiently demonstrated its lack of any fraternal concern for the welfare of man; and

   Whereas the Klan on occasion has operated as a secret social and political pressure group, employing tactics of intimidation and character assasination;

   Therefore, be it resolved that the Synod of North Carolina goes on record as raising serious questions concerning the status of the Klan's charter as now granted by the State of North Carolina.

G. COMMITTEE ON CHRISTIANITY AND HEALTH

Rev. W. R. Smith, III, *Chairman*

The Permanent Committee on Christianity and Health met at the Synod's office on March 23, 1966. This was the initial meeting of this Committee with seven members present.

The Reverend David Currie, of the Church Extension Committee, was invited to give a report of the Synod's work at the several institutions at Butner. It was agreed by the committee that information regarding various areas of emphasis would be forwarded to the Presbytery Chairmen for dissemination to Presbyteries regarding:

1. Educational and Training opportunities through established programs.
2. Planned tours for Ministers and members of their congregations to the various institutions at Butner.
3. Referrals.
4. The use of competent resource people in Butner willing to give of their time and resources to local congregations and groups.
5. Institutes for one day or more with the facilities of the Butner Presbyterian Church being available.

Reports were given by Presbytery Chairmen regarding various emphasis already being given, and needs that should be considered in the area of Christianity and Health.

The Committee gave consideration to the results of a survey made by the North Carolina Family Life Council. After a more conclusive study of the findings, results will be made available to the Presbyteries.

Through a communication from the Assembly's Executive Secretary, Board of Church Extension, the Committee was informed of a recommendation made to the 1966 General Assembly abolishing the Assembly's Permanent Committee on Christianity and Health. It will become a Council on Christianity and Health under the Division of Homes and Christian Welfare. This is designed to increase the thrust of the former permanent committee by giving it a home and staff.

Recommendation:

That we join with the Executive Committee on Church Extension in recommending that Synod hear the Reverend James Grubb, Synod's Chaplain at Butner, in a brief address regarding our work there.

H. REPORT OF THE COMMITTEE ON HISTORICAL MATTERS

Robert S. Arrowood, *Chairman*

Your Committee on Historical Matters met in Synod's Office on April 1, 1966 with eight members present.

Items from the Report of the General Secretary, the Rev. Harold J. Dudley, included the following: that of the original 1,000 copies of the third edition of Foote's *Sketches of North Carolina*, only 200 remained at the time of the meeting; that a manuscript by the Rev. John K. Fleming on the *History of the Third Creek Presbyterian Church* was being processed for publication in Synod's Office; and that progress is being made on the publication of the *North Carolina Presbyterian Travel Book.*

In response to a request from the Executive Committee of the North Carolina Presbyterian Historical Society, that the matter of microfilming important and valuable historical documents in Synod's Office, Admiral A. M. Patterson, Mr. George Toler of Raleigh, and Dr. Dudley were requested to proceed in this matter.

The Committee made a request of Synod's Executive Committee of Church Extension that its sub-committee on TRAV take steps towards having recordings made of sermons by all ministers of the Synod of North Carolina, to be filed for preservation in Synod's Office.

Recommendations:

1. That ministers be requested to file photographs and life sketches in Synod's Office.
2. That ministers be requested to record a sermon to be filed in Synod's Office.
3. That persons who possess photographs of former ministers of the Synod of North Carolina be requested to file them in Synod's Office.
4. That all churches which have not already done so, be requested to have histories written, distributed to members of their churches, and copies be filed in Synod's Office.
5. That the graves of deceased ministers, especially those of historical significance be located and marked.
6. That each Presbytery establish a historical committee.
7. That Synod be reminded of the recommendation of last year, to wit, that anyone needing advice in implementing any of the foregoing recommendations apply to members of the Committee on Historical Matters for assistance.

I. REPORT OF PERMANENT COMMITTEE ON HOMES

REV. R. T. HAYNES, JR., *Chairman*

The Committee on Homes met on May 13, 1966 at Barium Springs Home For Children with four members present.

Dr. Nat K. Reiney, new Superintendent of Barium Springs Home For Children, presented the official report of the Board of Regents along with pertinent financial statements concerning the expenses of the Home and the budget for 1966-67. Dr. Reiney called the committee's attention to that portion of the Board of Regent's report dealing with a new dimension of service which is envisioned for the Home and its child-care programs, namely a family-oriented program which will offer a variety of services to dependent and neglected children and their families. Dr. Reiney reported concerning new staff members who are now being employed to carry out this new program which will aim toward keeping children in their own home-setting while receiving aid and counsel from the Home and its staff. It was reported that the Home presently has 123 children under its care, and that this number will probably go downward in the future to a more-or-less permanent figure of 90-95 as the family-oriented program gets into full operation. Dr. Reiney reported the urgent need for qualified child-care personnel to serve as house parents at the Home. This need can best be filled by couples from the age of 25-55. Each couple would have twelve children assigned to them, and the Home stands ready to assist the husband to find and continue employment in his present vocation.

Mr. Richard Short, Executive Director of the Presbyterian Home, presented comparative budgets for the years 1964-67 and made an oral report on the needs and program of the Home. Although the official audits would appear to confirm the widely-held illusion that the Presbyterian Home is not only solvent, but affluent as well, Mr. Short pointed out that the present giving to the Home through Synod's regular benevolences, special gifts and the Mother's Day offering simply is not sufficient for debt-service on the new facilities. Synod is to be reminded that the FORWARD FUND did not yield the monies necessary to pay for the new facilities and it was necessary for the Home to execute an FHA loan to make up the difference. This situation, coupled with the decreasing number of churches of Synod which authorize the supplemental Mother's Day Offering, is a cause of real concern. Only an increase in the giving of Synod and a renewed emphasis in local churches on the Mother's Day Offering can relieve this very real burden from the Presbyterian Home.

Dr. R. H. Stone, Chairman of the Board of Trustees of William Black Home presented a written report on behalf of the Trustees and presented pertinent financial information about the Home. This report, along with the financial statements, is included as a part of the report of this committee.

Recommendations:

1. That Synod express its continued appreciation for the devoted services of the Boards of Trustees of the Presbyterian Home and the William Black Home; the Board of Regents of Barium Springs; the staffs of these institutions; and especially the Reverend Albert B. McClure, recently retired; Dr. Nat K. Reiney, the new Superintendent of Barium Springs Home For Children; and Mr. R. A. Short, Executive Director of the Presbyterian Home.

2. That Synod urge all churches to invite the heads of the Homes, or their representatives, to speak to local church groups concerning the work of the Homes, and that Presbytery Committees on Homes be urged to invite speakers from these institutions to address meetings of Presbytery on appropriate occasions.

3. That Synod urge Presbytery's Stewardship Committees to accept the full askings for Synod's institutions, and that local churches be urged to continue their support of the Homes, both through the regular budget and through the Thanksgiving Offering for Barium Springs and the Mother's Day Offering for Presbyterian Home.

4. That Synod, in order that it may be more informed of the problems, plans and needs of its Homes, now hear brief verbal reports from Dr. Nat K. Reiney, the new Superintendent of Barium Springs Home for Children; Mr. Tully D. Blair, President of the Board of Trustees of the Presbyterian Home; and the Reverend George Riddle, representing the Board of Trustees of the William Black Home.

5. That Synod hereby takes note of the resignation of the Rev. Albert B. McClure as Superintendent of the Children's Home at Barium Springs, and reiterates its appreciation for his splendid service. (See 1965 *Minutes*, page 47.)

1. BARIUM SPRINGS HOME FOR CHILDREN

ROYALL R. BROWN, *President*

The past year has been a very significant one in that it not only was the seventy-fifth year, but it also was a year of transition. Dr. Albert B. McClure, who has served so faithfully and unselfishly for sixteen years as superintendent, retired from this work, and the Board of Regents called Dr. Nat K. Reiney from Nashville, Tennessee, to replace him. This transition of administration took place on February 1, 1966, when Mr. Reiney officially assumed the office of Executive Director.

Speaking as President of the Board, I am sure that the entire membership of the Presbyterian Church in the Synod of North Carolina joins with the Board of Regents in expressing our deep gratitude to Dr. McClure for these years of unselfish service. At the same time, we all join in a welcome and extend our best wishes to Mr. Reiney as he assumes the position of Executive Director of this fine institution. The final services in connection with this transition were held at the spring meeting of the Board of Regents on May 5, 1966. At this time, the Diamond Jubilee Address was delivered by the Reverend E. Lee Stoffel, D.D. The luncheon was a final tribute to Dr. McClure, and the new Director was installed by the Reverend R. S. Arrowood, Moderator of Synod.

The operation of the Home for the year just closed has been without deficit. There is urgent need, however, for all churches and individuals to realize that good child care is expensive. Daily cost just for custodial care is going up. Then we need to remember that the Board of Regents is committed to the best quality program and that in order to secure professional staff, more funds will be needed.

The greatest need at all times which the Home faces is the securing of qualified personnel. This is especially true in the area of houseparents. Couples, man and wife teams, are urgently needed. The Board of Regents would earnestly request the names of persons who would be interested in and qualified for this important area of service to the church. Good living conditions, average salary, and great rewards are available to the right persons.

The farm program has now been largely narrowed to growing the Home's supply of meat, vegetables, and fruit. The balance of the land is being seeded for timber. It is felt that this latter forestry program offers the best long-range investment and use of the land.

The Home envisions great progress in the years just ahead. A fine quality child-care program will be maintained. To this will be added the concept of another dimension to child care in the form of a family-oriented program. A Social Service Staff of qualified persons is to be employed and the program extended and expanded to offer multiple kinds of services to dependent and neglected children and their families. The on-campus staff is to be strengthened and geared to meeting the needs of more boys and girls.

No new buildings are envisioned in the near future. However, the facilities for the storage of apples must be improved, and renovation of the interiors of several buildings must be done. The principal renovation is that of the administration building, which is long overdue.

Finally, let me express my appreciation to other members of the Board of Regents and to the church at large for giving me the opportunity to serve as President of this Board. As President, I can report to you that the Regents elected by the Synod have been diligent in their services. Mr. Charles H. Boney of Wilmington takes office as the new President at the May 5, 1966, Board Meeting.

2. The Presbyterian Home, Inc.

Tully D. Blair, *President*

The Board of Trustees respectfully reports the major activities of the Home for the past year.

The Board met for three regular sessions and the Executive Committee met four times for the transaction of business during 1965.

There were 31 new admissions, 13 deaths, no withdrawals and a total of 210 served during 1965.

The books were audited by the A. M. Pullen Company, Certified Public Accountants, Greensboro, North Carolina, and the audit shows capital assets of $2,690,949.51 as of December 31, 1965. This report shows a gain in capital assets of $44,476.17.

The audit also shows:

(a) operating fund surplus for the year of $5,245.88, which does not include debt service.

(b) Capital fund surplus for the year of $85,989.79, which included debt service in the amount of $63,290.58, and also included apartment income of $121,000.00 (truly not income because this money was used to help pay for the building of 10 apartments completed February 1, 1965.)

Therefore, in fact, operating fund surplus and capital fund income (not including apartment) were insufficient to pay debt service.

Depreciation on fixed assets is not recognized in the capital fund or the operating expense accounts, and it has been the consistent policy not to consider depreciation, yet we know that depreciation is going on night and day.

The form of financial statements included herein have been conformed to the requirements of the Federal Housing Administration.

May we remind you, that your Board of Trustees, after determining the great need for additional facilities at The Presbyterian Home and after the authorized Capital Fund Campaign raised only $500,000 or 66% of the goal, negotiated an FHA insured loan for $750,000. This mortgage loan is payable over a period of 39 years and 3 months in regular monthly installments of approximately $5,100.00 which includes principal payment, interest and insurance.

There can be little doubt that, as costs and prices rise with no increases in giving, the Home is hard pressed not only for capital funds but for operating funds. This situation, it seems, may get worse before it gets better.

We are truly most grateful for all that has been done by many wonderful friends, but we must rekindle our efforts to meet the challenges of this day. We feel that the figures show that the Home must increase its efforts to be remembered in the Wills and Bequests of friends.

The Home needs your support, interest and prayers.

3. The William Black Home, Incorporated

THE REVEREND R. H. STONE, *President*

Again the William Black Home, Incorporated, at Montreat, N. C., for the 1965 season has been of service to many Presbyterians of the Synod. When all of the rooms were not taken by our constituency, they were made available for others. Even though the 1965 season was an off-year for boarding institutions at Montreat, we operated with a nice profit.

For two seasons the Home has been acceptably and profitably operated by Mr. and Mrs. John Latta, of Mebane, N. C. For health reasons they could not attempt it for 1966. Mr. Latta is making reservations for the approaching Synod and conference season. Mrs. W. C. Copeland, of Davidson will be the manager for 1966 and she will be assisted by her daughter. Mrs. Copeland operates a boarding house at Davidson for college students and has been keeping her popular Montreat home open for summer guests. The Executive Committee feels that Mrs. Copeland's acceptance of the management is a leading of the Lord.

During 1965 the Baucom Memorial Garden has been made in the rear of the building. The base has been laid of variegated but blending colors of flagstones. Shrubs have been planted around the garden. It will be a place of beauty where guests may sit and meditate and enjoy the everlasting hills. It is in memory of the late Mrs. George U. Baucom, Jr., of Raleigh, who was for several years a valued member of the Board of Trustees.

During the year some inside improvements were made which added to the attractiveness of the lobby and the dining room.

The White Memorial Fund will again provide entertainment for eleven members of the Church Extension Family during the Conference on Church Extension. The Belk Fund will entertain during the Bible Conference fourteen members of the retired personnel of the ministry.

J. REPORT OF THE COMMITTEE ON INTER-CHURCH RELATIONS

REV. E. E. KIRKMAN, *Chairman Pro-Tem*

Certainly the churches of the Synod of North Carolina are very keenly aware of the crucial issues that face our church in these days. We are all very much aware of our relationship, or lack of it, with sister denominations in our own communities and the strange lack of real communication with ministers of other denominations. As our own denomination draws nearer to a serious consideration of union with the Reformed Church in America, we are all the more aware of our oneness in Christ with our fellow Christians in every place.

The following report is presented in order that you may be informed of the efforts of this committee to improve relationships with other churches both within the bounds of the Synod of North Carolina and beyond.

NORTH CAROLINA COUNCIL OF CHURCHES

The 1966 annual meeting of the North Carolina Council of Churches was to be held in Raleigh, North Carolina, January 25 and 26, at the Hillyer Memorial Christian Church and St. Michael's Episcopal Church, but due to a very severe snowstorm the meeting had to be cancelled after the opening session on the first day, inasmuch as on the second day the delegates could not make their way to the St. Michael's Church where the business meeting was to be held.

It is encouraging, however, to note the continued expansion of the ministry effected through the North Carolina Council of Churches, and the role that the Presbyterian Church in the U. S. plays in that ministry. Due to the recent developments under the economic opportunities program of the federal government, additional opportunities for ministry to migrant people has opened up, and we find ourselves faced with a challenge of work that is limited only by our resources and the availability of personnel.

The North Carolina Council of Churches is effecting a very strong influence in drawing Christian bodies together and uniting their efforts in the areas of ministry in which they could not effect such a ministry individually. There is great need for financial support of the North Carolina Council of Churches and your Inter-Church Relations Committee would strongly urge every congregation to consider the assistance that they can give in the undergirding of this very vital program.

RELATIONS WITH OTHER PRESBYTERIAN BODIES

The Presbyterian Church in the U. S. continues to exchange fraternal delegates with the Associate Reformed Presbyterian Church, Cumberland Presbyterian Church, Reformed Church in America, United Presbyterian Church in the United States of America. While these are but exchanging of greeting, they do maintain a vital contact between the sister denominations.

The Synod of North Carolina through its various Presbyteries participates in the Presbyterian Appalachian Council, which is becoming a more useful instrument through which we can work with our sister denominations for the implementing of program, the use of resources, and the solving of problems of mutual concern among Presbyterians in the Appalachian area.

There are continued advances being made in the negotiations of Inter-Church concern with efforts being made in drawing together into one body the Presbyterian Church in the U. S. and the Reformed Church in America. The most recent meeting of the committee of Twenty-Four was held in Louisville, Kentucky. It is anticipated that a preliminary plan of union will be available for consideration by the committee of Twenty-Four sometime in early 1967 or perhaps by mid-year at the latest.

THE NATIONAL COUNCIL OF CHURCHES

The Inter-Church Relations Committee is very much aware of the conflicting opinions relative to specific actions taken by the National Council of Churches and would commend to the churches of the Synod of North Carolina a careful consideration of the positive benefits gained by participation of the Presbyterian Church in the U. S. in the activities of the National Council of Churches. We would commend to you the report of Inter-Church Relations Committee of the Assembly in which it cites the wide dimensions of benefits brought about by participation of the boards and agencies of our church along the lines of cooperative and coordinate efforts in the specific areas in which they are responsible.

GENERAL INFORMATION

In light of the critical needs of the North Carolina Council of Churches, your committee gave serious consideration to the matter of budget for this committee for the year 1967 and strongly urges that the budget in the amount of $14,677.00 be approved in order that we may take our proportionate share of the responsibility for undergirding the work of the North Carolina Council of Churches.

It is a matter of genuine concern on the part of this committee that most of the cooperative effort between denominations is carried on in state or Synod levels of council activity, while apparently, as a rule, on the local level very little cooperative and coordinate effort is undertaken. The committee was of the decided opinion that everything possible should be done to encourage local churches to extend themselves in reaching out to share with their sister denominations and sister churches projects of common effort and mutual benefit.

Recommendations:

1. That the Synod of North Carolina appoint a fraternal delegate to the Catawba Synod of the United Presbyterian Church U.S.A.

2. That the Synod request Presbyteries to establish relationships with corresponding Presbyteries of Catawba Synod in order that a better relationship might be established.

3. That the Synod of North Carolina encourage synodical to endeavor to exchange sororal delegates with Catawba Synodical.

4. That the Synod of North Carolina appoint and send an accredited visitor to the National Council of Churches Triennial meeting in Miami, Florida in December 1966.

REPORT OF THE NORTH CAROLINA COUNCIL OF CHURCHES

REVEREND SAMUEL S. WILEY, *Executive Director*

The 29th Annual Meeting of the North Carolina Council of Churches was scheduled for Raleigh, January 25 & 26, 1966. A highly successful Pastors' Conference was held on the first day at St. Michael's Episcopal Church, following the theme "Ministering to the Sick and Troubled," and featuring as speakers Dr. Ewald W. Busse and Dr. Granger E. Westberg. The opening session of the Assembly was held that night at Hillyer Memorial Christian Church with the address being given by Dr. Donald G. Miller, President of Pittsburgh Theological Seminary. By the next day, however, a heavy snow had fallen, and the business session of the Assembly had to be canceled because a quorum of forty delegates could not get to St. Michael's. Accordingly the business which would have been done that day was referred to the Executive Board which was called to meet on February 18 in Greensboro. At this meeting officers were elected, reports were heard, a budget of $60,000.00 for 1966 was adopted, a paper on the question "When and to Whom Does the Council Speak?" was approved, the annual meeting was tentatively set for the latter part of April 1967 in Winston-Salem, and of three statements recommended by the Commission on Christian Social Action, the one urging continuance of the North Carolina Good Neighbor Council was approved and the one relating to the war in Vietnam was tabled; the statement concerning the Ku Klux Klan had previously been approved by the Board.

Applications for membership in the Council had been received from the North Carolina and Western North Carolina Conferences of the African Methodist Episcopal Church and the Shelton Church of the Brethren at Mount Airy. Since the Executive Board does not have power to admit new members, such authority being reserved to the Assembly, the Board could only extend provisional membership to the new bodies, pending official ratification later. Admission of the new groups will bring to sixteen the number of denominations represented in the Council, with thirty-eight distinct ecclesiastical organizations having approximately 6,740 congregations and 1,354,715 communicant members. Bodies now having membership in the Council are drawn from the following denominations: General Baptist, Christian Methodist Episcopal, Church of the Brethren, Disciples of Christ, Episcopal, Friends, Lutheran Church in America, AME Zion, Methodist, Moravian, Presbyterian, U.S., Salvation Army, United Church of Christ, and United Presbyterian, U.S.A.; there are also eight individual congregations of the Southern Baptist Convention, namely, Binkley Memorial and University Churches in Chapel Hill, Lakewood and Watts Street in Durham, Pullen Memorial in Raleigh, Zebulon in Zebulon, Wake Forest in Winston-Salem, and Myers Park Baptist in Charlotte.

Now serving in his second year as President of the Council is Bishop M. George Henry of the Episcopal Diocese of Western North Carolina. Mrs. Ira C. Shelley, a Methodist from Greensboro, is the newly elected President of the United Church Women of North Carolina.

Space does not permit even brief comments on all of the program units of the Council. A list of these will, however, at least indicate the scope of the work:

Special mention should be made of the Migrant Project. Cooperation with and financial support for the migrant ministry in the Elizabeth City, Morehead City, and Hendersonville areas continue as in past years. However, 1965 marked a tremendous increase in the scope of the Council's work with migrants and other seasonal farm workers. It is estimated that 22,000 to 23,000 migrants enter the state each year. The Council was asked to become contracting agent for the application of the benefits of the Economic Opportunity Act to this type of worker. A program of housing and rest-stop development, sanitation education, day care, and education calling for an outlay of $270,444.00 for the fiscal year beginning April 1, 1965 was approved by the Office of Economic Opportunity. Charles L. Herron, a Methodist minister of Princeton, Florida, was engaged as Director. His staff in the Raleigh office consists of a deputy director, a sanitation director, a day-care consultant aide, a housing director, an education director, a bookkeeper, and two secretaries. The field staff numbered 154 other persons last year, including homemakers, school teachers, day-care directors and assistants, and sanitarian assistants. The program reached eighteen counties. Space does not allow going into detail, but one feature alone will be mentioned. One thousand five hundred and seventy-four children received 50,100 days of care in twenty-three centers located in nine counties. The entire program will be greatly expanded in 1966 and is designed ultimately to reach twenty-six to thirty counties. The Council will encourage the formation of a separate non-profit organization to carry on the Migrant Project after this year. None of the OEO funds may be used for religious services, which are still maintained by the Council's local committees with Council assistance with funds derived from non-governmental sources. There is opportunity for chaplaincy services in five new areas when funds are available. Word has been received that the Office of Economic Opportunity has approved a grant of $378,584.00 for the Migrant Project for the year beginning April 1, 1966.

The following general meetings or activities have been held beginning in the spring of 1966: a State Legislation Seminar in Raleigh, a National Legislation Seminar in Greensboro, two UN-Washington Study Tours for Ministers, two Town and Country Church Seminars in Raleigh, a Statewide Churchmen's Conference on Civil Rights in Raleigh, and a Pastors' Conference with the Annual meeting in Raleigh, and co-sponsorship was given to the Southeastern Regional Workshop for Camps, Conferences, and Assemblies. A Statewide Churchmen's Conference on Peace is scheduled for Raleigh next September 20 and 21.

The Executive Board made Distinguished Service Awards this year to the following: The Reverend Morton R. Kurtz of Durham, the Reverend H. L. Mitchell of Gatesville, and Dr. C. Horace Hamilton of Raleigh.

The Church Council Bulletin is published bi-monthly from the Durham office. The mailing list of 3200 is being increased to include the ministers of all of the Council's constituent bodies and will number perhaps between 6000 and 7000 when completed. A list of the more than 1225 international students in North Carolina colleges and universities was compiled and made available to churches and civic groups. Persons were appointed to represent the Council in the planning of two Regional Conferences on the Church's Ministry with Children, one held in November near Richmond, Virginia, and the other in March near Covington, Georgia.

Mrs. Jean Vickers is Office and Financial Secretary at the Durham office, and Mrs. Helen Brockwell is Publications Secretary.

Dates for the Annual Meeting have been tentatively set for April 25 and 26, 1967 with Winston-Salem as the place. Under this arrangement United Church Women would meet in the same city April 24-26. Constituents of the Council are urged to make every effort to clear these dates.

K. COMMITTEE ON THE MINISTER AND HIS WORK

REV. WATT M. COOPER, *Chairman*

Your Committee on the Minister and His Work met at Synod's Office in Raleigh, on October 4, 1965 and again on March 28, 1966. To both meetings the Executive Secretaries of the nine Presbyteries were invited, also the Executive Secretary of the General Assembly's Committee. As in the past, the presence of these invited guests proved very beneficial to the Committee in the discussion of matters on the agenda.

Reports were made by representatives of each Presbytery concerning the orientation of new ministers. While there is not yet a standard program being followed each Presbytery is making an effort to assist incoming members especially during the first year on the new field. These efforts will be encouraged and the results evaluated by the Committee.

A special Committee of ministers and laymen has been appointed and is now making a study of the needs of ministers for advice and assistance in matters relating to financial problems.

The presence of Graham White, Executive Secretary of General Assembly's Committee, at the March Meeting, and of Charles M. Harris, Assistant to the General Secretary, at the October Meeting, gave assembly-wide perspective to a number of problems confronting the church on Synod and Presbytery level. In the matter of the frequently mentioned "shortage of ministers" it was pointed out that most of the vacancies throughout the Assembly occur in churches with a membership of 1-199. Churches with a membership of 200 or more have less than 10% vacancies. The overall number of vacancies in our church is on the decrease. Mr. White also urged that the Pulpit Call Committees give more consideration to older men who have been in their present pastorate for several years. Experience as well as youth, he said, should be considered by church committees in their search for a minister.

The most fruitful part of the Meeting of Synod's Committee on the Minister and His Work is always the period of confidential exchange of information concerning ministers who desire or need to change pastorates and of churches seeking a new minister. This has been a major item on the agenda at each meeting of the Committee for several years and has proved to be of great value to the members of each Presbytery Commission.

Tape recordings of two addresses at The Conferences on The Minister and His Work held at Montreat in August 1965 were made available to Presbytery Commissioners. These taped addresses by Dr. Knight and Judge Fulton may be borrowed at any time from Synod's Office.

Recommendations:

1. That members of all Presbytery Commissions on the Minister and His Work within the Synod read and study the 1966 report of the General Assembly Committee.
2. That pastorless churches within the Synod be urged to secure supply pastors until a regular pastor can be called.
3. That Section 16:7 of the Book of Church Order be referred to the Assembly's Committee for study and clarification as it relates to Presbytery's Commission on the Minister and His Work.

L. REPORT OF COMMITTEE ON NOMINATIONS

REV. ROBERT TURNER, *Chairman*

Your committee met on May 25, 1966, Synod's Office, Raleigh, N. C.

Recommendations:

1. That the vacancies occurring at this meeting of Synod on the Agencies, Committees, and Boards of Synod, by virtue of the creation of new committees or offices, or because of the expiration of terms of office, or by resignation, death, moving from the Synod, or otherwise, be filled as follows: (See DIRECTORY, pp. 6ff.)
2. That interim appointments made by the Moderator (Rule 4:2) be approved. (All included in the DIRECTORY.)

REV. HAROLD J. DUDLEY, *Chairman*

Recommendations:

1. That Rule 4:1 be amended to read:
   "The Moderator shall be elected each year, to serve until his successor is elected. On nomination by the Committee on Nominations, a Moderator-Nominee may be chosen at each Synod meeting for the ensuing year; however, this shall not preclude nominations from the floor. 7. That Rule 20:2c be amended by deleting in lines 4 and 5, the words, "all the schools and", and "within the bounds of the Synod", and substituting after the word, "colleges", the following: "subsidized from Synod's benevolences".
8. That Rule 23:11g be amended by deleting in the second line the words, "membership of the Inter-Church Relations Committee" and substituting the following, "eligible representatives to the Council"; and by deleting the words, "on Nom-

inations" in the 3rd line, and substituting the words "Inter-Church Relations" in their place.

9. That, by virtue of the fact that women now are on equal status with men in the Courts of the Church, Rule 23:13d be deleted.
10. That Rule 24:1c be amended by deleting in the 3rd line the words, "for reasons other than being providentially hindered", and the following substituted for them, "without submitting reasonable excuses".
11. That Rule 24:3c be amended by deleting in the 3rd line, the next to the last word, "to", and substituting in its place the words "ordinarily should"; and by deleting in line 4, the next to the last word, "and", and substituting the word "plus".
12. That Rule 28:1 be amended by adding in the first line after the word "Synod", the word "ordinarily".
13. That Rule 30:1c be amended in the first two lines, to read: "Ordinarily, when registering, official representatives of Synod and guests shall be furnished with meal tickets, which shall be collected at the dining room . . ."
14. That Rule 31:1 be amended by deleting in the 3rd line the word "made" and substituting the word "approved".
15. That Rule 32:1 be amended by adding in the 3rd line, following the word, "Presbyteries", the words, "from beyond the bounds of Synod".

O. REPORT OF COMMITTEE ON WOMEN'S WORK

Rev. B. E. Dotson, *Chairman*

We are grateful to God for the Women of the Church who continue to furnish much leadership in all departments of the church. In the Synod of North Carolina there are 55,031 women enrolled in 2,292 circles in 592 local churches. This is a slight decline from last years report.

The W.O.C. are ready and anxious to be used by Sessions' Committees under our new Worship and Work organization.

Worship and Work encompasses the whole life and work of the congregation, including what men do as men, what women do as women, what youth do as youth, what children do as children and what any or all of these groups do together. The Plan Book for 1965-1966 makes this clear and the Women feel we are not carrying out this program.

The Council of the W.O.C. notes that the women of the larger churches do not attend Presbyterial or District Conferences in as large percentage of their membership as those from smaller churches. More enthusiasm and participation is displayed by members of smaller churches. "To be informed is to attend."

We call to Synod's attention that Mrs. W. Scott Sheppherd of First Presbyterian Church, Lumberton, N. C., is a member of the General Assembly Council's Information Committee. We are proud that North Carolina has furnished the first lady elder to be chairman of an Assembly's major committee.

Our Synodical contribution to the 1965 Birthday Objective was $78,393. (The General Assembly Women of the Church contributed one-half million.)

Recommendations:

1. That Pastors and Sessions be asked to study the Assembly-approved revised plan of program and organization of the W.O.C., especially the statement of purpose, to understand it's contribution to the development of the four basic relationships every Christian woman has, and to encourage the women of the congregations to make full use of it in offering opportunities for personal Christian growth and in enlisting participation of ALL women of the church in some phase of the Church's witness and service.

2. That Pastors and Sessions be encouraged to use the W.O.C. as one of their channels for enlisting the total membership of the church in the plans for the Worship and Work of the Congregation.

3. That Sessions be reminded to keep the President of the W.O.C. informed of plans for the Worship and Work of the Congregation, so that the opportunities for the women provided by the Women's Council may be planned in the light of and in relation to the plans for the congregation.

4. That the attention of the members of the courts of the church —Synods, Presbyteries, and Sessions—be called to the fact that there is a large reservoir of informed leadership that might be more fully used to strengthen the work of the church, since women form such a small percentage of the membership of boards, committees, and councils through the church.

5. That Synod commend the W.O.C. for their contribution of $78,394 toward the 1965 $500,000 Birthday Offering.

6. That Mrs. Colon McLean, President of the Women of the Church of the Synod of North Carolina, be asked to address Synod at this time.

Annual Report of the Women of the Church Synod of North Carolina

Mrs. Colon W. McLean, *President*

Mrs. W. Scott Shepherd, of Lumberton, North Carolina, is the first woman ever elected to head a committee of the General Council of the Presbyterian Church, U. S. She serves as chairman of the Council's Information Committee of which she has been a member for two years. She also serves as a member of the General Assembly's Council Executive Committee.

At the 1965 Assembly's Women's Conference, the Board of Women's Work and the Women's Advisory Council requested the Presbyterials to consider changing the time of Annual Meetings from fall to spring so that the newly-elected officers could take advantage of the summer training opportunities. This change was adopted by all Presbyterials. There have been 18 Presbyterial meetings since the last meting of Synod, and the change has worked smoothly.

The study of the emphasis, "God's People — The Church in the World," is bringing about the realization that being God's people demands of us visible, concrete expressions of God's purpose in relation to everyday situations and current issues — resulting in **Women in Action** in 2,292 circles in 592 Churches. 55,031 women are reported in the Churches of the Synod — 34 are Elders and 67 are Deacons.

Our Every Member Bible Study is "The Word with Power." This is a study of the Biblical basis of "Mission" and was used during the Mission Season. Circle Bible Studies, "The Early Church in Action," based on the first 12 Chapters of Acts, revealed new meaning to the women and brought the individual face to face with the responsibilities of a Christian.

Our Birthday gift for 1965, for the Presbyterian Medical Center at Chunju, Korea, and Taejon Presbyterian College, was $78,393.84. The percapita giving was $1.42, the largest per capita giving in the history of the Women of the Church of our Synod. Kings Mountain and Winston-Salem Presbyteries gave additional to this Birthday offering in memory of two of their members.

This year our Birthday offering goes to "Sharing the Load in Eastern Kentucky," providing Christian Case Workers and endowing a chair of Sociology at Lee's College. The Birthday interpreters in North Carolina do a tremendous job interpreting these objectives.

Leadership training is being carried out in all Presbyterials with Leadership Schools or District Conferences. Also the staff of the Board of Women's Work has provided area workshops for the Program Chairmen.

The 1965 Synodical Training School was held for the first time at the Presbyterian Conference Center at Montreat, with 404 in attendance. The Laubach Literacy Course was offered at this School and eight participated. This training will render a needed service in the community.

A new workshop will be offered at the 1966 Training School—one to help the women in college communities to know how to serve International Students. The 1966 Synodical Training School is designed to help every woman in North Carolina interpret the program of the Church. A woman from every Church is our goal.

The White Cross quotas were accepted, and have been packed and shipped to the Presbyterian Medical Center, Chunju, Korea. Much interest is demonstrated in this project by the Women of the Church.

Most all Presbyterials have Spiritual Retreats. One had area rallies for Spiritual Enrichment, and several had Presbytery-wide Mission Programs.

The Interdenominational Christian Conference held in Winston-Salem, and having its 43rd conference this year, is decreasing in the number of delegates. The local Churches have been encouraged to send delegates, as the Women of the Church of the Synod sponsor this Conference.

Mr. Earl Vaughn, the Synodical's first Centennial Scholarship recipient, was graduated from Columbia Seminary in May, 1966. He received this Scholarship for four years. Miss Margaret Rawlings, of Tryon, North Carolina, is the recipient of the Alice Johnson Scholarship for the year 1965-1966. Thirteen students received the Lucy Steele Scholarship for the school year 1965-1966.

Our 1965-1966 Synodical Project is the establishing of a Scholarship Fund for Presbyterian School of Christian Education, Richmond, Virginia, in the amount of $5,000, the income from which would be used by students who desire to become Directors of Christian Education, and who need financial help for graduate work.

Emphasis is being placed upon unorganized women's work in some Churches, and progress is being made in this area.

Wilmington Presbyterial and Presbytery met in joint session for the first time in the history of Wilmington Presbytery in October, 1965.

Mrs. H. H. Bryant, Greenville, North Carolina, received the Honorary Life Membership from the Women of the Church, Synod of North Carolina.

A home in Mebane, Orange Presbytery, has been put at the disposal of the Presbyterial for use by retired missionaries and missionaries on furlough.

The Women of the Church want to become involved in the total program of the Church, so that they may become informed. This may be done through the Worship and Work of the Congregation and they desire this involvement.

It is noted that the Women of larger Churches do not attend Presbyterial and District Conference meetings as much as the smaller Churches, and lack enthusiasm and participation as displayed by the members of smaller Churches.

As a part of the responsible adult membership of the Church, women serve in every area of its life as opportunity is afforded. They also work with other Christians. Our prayer is that we may continue to witness for Christ and serve Him at home and abroad.

P. REPORT OF PERMANENT COMMITTEE ON WORLD MISSIONS

REVEREND JOSEPH M. GARRISON, *Chairman*

Your Committee, composed of the Presbytery Chairmen has had two meetings, and report as follows:

Reports on World Missions at the Synod level, often have centered attention on the Mission fields. Much is happening in the various mission fields worthy of our attention such as: Changes similar to those with us pointing toward "a new church in its very nature," reflected in part in "We", one people of God in mission, instead of "our church and their church," and a new furlough policy allowing more frequent and shorter furloughs.

Problems continue the same as usual; enough money for the rapidly increasing cost of living overseas, which is up 15 to 25%. One effect is the decision on the part of the Board to keep our mission force at the present level during 1966. The problem of money appears again in provision for retirement benefits for our missionaries. Specific information relative to the various fields is distributed regularly by the Board of World Missions throughout the year, so we feel it is unnecessary to review what has been made available for your information. We call your attention to the report of the Board of World Missions at the last Assembly, together with the recommendations adopted by the General Assembly for the ensuing year.

This year we are centering our report on the home church, its zeal for missions, its efforts to gain information and to give support to missions.

At the Synod level we were assigned the following missionaries for itineration during World Mission Season: Mrs. Herbert Codington, Dr. and Mrs. Hugh L. Farrior, Miss Florence Lewis, Miss Lucille McElroy, Rev. and Mrs. James Moore, Rev. and Mrs. Wm. B. Moseley, Dr. Wm. Rule, III, and Mrs. William Washburn.

These eleven missionaries in turn were re-assigned for specific periods in the nine Presbyteries. The several Presbytery Chairmen in turn assigned them to the local churches. It appears that the great majority of our churches have had a visit from a missionary during the World Mission season. The missionaries assigned to us have had very few free days during January, February, April, May and June. It is interesting to know that 154 churches in the Synod are supporting churches for 247 missionaries.

It is recommended that local churches desiring missionary speakers, plan far ahead, and clear their requests through the Presbytery Chairman.

The Presbyteries have used imagination and given emphasis to missions in various ways, schools of missions, week-end mission rallies, youth rallies. Some have used visual aids effectively.

The Montreat World Mission Conference, July 28th, thru August 3rd is especially commended for young people. North Carolina Synod has been given a dormitory quota of forty-two. All registrations are to be made directly through the Board of World Missions.

Orange Presbytery has secured a house and furnished it for missionaries on furlough to use.

Recommendations:

1. That a joint effort be made between the Church Extension and World Missions Committees in the Presbyteries of the Synod of North Carolina to have retreats on the Presbytery level, and held during the remainder of 1966 for the purpose of seeking ways and means of reviving the church in its witness.
2. That the World Mission Chairman in each Presbytery be the convenor of the joint effort in the Presbyteries.
3. That under the joint auspices of World Missions and Church Extension, area conferences be conductd on Witness during the first three weeks of October, 1967, in six population centers; namely, Wilmington, Greenville, Fayetteville, Raleigh, Greensboro, Winston-Salem, and Charlotte; with leadership to be drawn from the church at large.

[1] Spiritual Birthrate is determined by dividing the membership at the beginning of the Church year into accessions on profession of faith during the year and is measured in percentage, the higher the percentage, the better the standing. Soul-winning ratio is determined by dividing the number of accessions on profession of faith during the year into the total membership at the beginning of the year and represents the number of church members required to win one person to Christ. The lower the number, the better the standing.

Mr. Harold J. McKeithen of Winston-Salem was elected Moderator of the Presbyterian Synod of North Carolina at its 154th annual meeting June 6-7, Montreat, N. C.

A native of Aberdeen, N. C., Mr. McKeithen was graduated from Davidson College in 1922 and served for two years as superintendent of schools in Wallace. Following his legal education at the Harvard Law School, in 1927 he began the practice of Law in Winston-Salem.

The Moderator was married to the former Millicent Ward of Concord in 1932. Mr. and Mrs. McKeithen have three sons and one daughter: Harold, Jr., who is pastor of the First Presbyterian Church of Phenix City, Alabama; Alexander Ward, who is a lawyer in Charlotte, N. Mr. McKeithen served as President of the Forsyth County Bar Association in 1954 and on various committees of the State Bar. He was president of the Junior Chamber of Commerce in 1933, and has served as a director of the Winston-Salem Chamber of Commerce for several years. SECOND DAY—WEDNESDAY AFTERNOON SESSION

Synod reconvened at 2:15 P.M. and was led in prayer by the Reverend Zane N. Moore.

Synod reconsidered the action taken yesterday in connection with the Report of the Ad Interim Committee on Boundaries (Recommendation No. 2, page 196), and received the following overture from Concord Presbytery:

1. BECAUSE: Concord Presbytery has voted to build an office building to be located in Statesville, and has a Committee making definite plans for the construction of such an office building as soon as possible, which building under the tentative plan approved by Synod would place the office building on an extreme edge of Presbytery;

2. And because the Christian Education Committee is seeking a Resident Director for Camp Grier, and is involved in building a manse for such Resident Director, and an expansion program of the present faciities of Camp Grier at an anticipated expenditure of $75,000;

3. And because of the financial commitments of the Church Extension Committee, such as commitments of buiding aid to Churches made this year, to be paid over the next three years, which Churches would no longer be a part of Concord Presbytery under the tentative plan;

4. And because the suggestion of Concord Presbytery to the Committee of Synod on Presbytery Boundaries was misrepresented to Synod, in that two specific suggestions were approved by Concord Presbytery, which, and only when if these two suggestions could not prove feasable, then Synod's Committee was given as a third suggestion, and only as a suggestion, that radical surgery of Presbytery lines might be considered, such as, and for illustration only, a division of Concord Presbytery which MIGHT combine the western part of the Presbytery with Kings Mountain Presbytery;

5. And because Concord Presbytery had no representation on Synod's Committee on Presbytery Boundaries from January on, as the representative named by Synod last year moved in January from Concord Presbytery into Mecklenburg Presbytery, yet continued on the Committee, with no official relationship to Concord Presbytery, and no understanding of the action of Presbytery concerning this matter, and no direct understanding of the feelings or wishes of Concord Presbytery in this matter;

6. And because Industry has recognized the effectiveness and efficiency of stronger and larger organizations, and because the Ad Interim Committee on Institutional Forms of the General Assembly recognizes the necessity for Presbyteries of sufficient size and strength to effectively carry out the mission of the Church, and is so recommending to the General Assembly;

THEREFORE:

Concord Presbytery, in order to proceed with its work of witnessing and serving, feels the desperate need of some definite action by Synod at this time, and would recommend that Synod adopt the following course of action: "That Concord Presbytery be maintained AS IS, and the Committee of Synod work out the best arrangement of locating the five counties of Mecklenburg Presbytery in adjoining Presbyteries, and bring such specific recommendation of the locating the five counties to the 1968 meeting of Synod for the action of Synod."

The OVERTURE from Concord Presbytery was referred to the Ad Interim Committee on Boundaries.

REPORT OF THE PERMANENT COMMITTEE ON NOMINATIONS was presented by the Reverend Robert Turner, Chairman.

The Report, with its recommendations, as amended, was adopted. (See DIRECTORY, page 6 and APPENDIX, page 187)

II. REPORT OF GENERAL SECRETARY, STATED CLERK, AND TREASURER

HAROLD J. DUDLEY, *Stated Clerk*

Reports of the Council, the Executive Committees of Campus Christian Life, Church Extension, and Educational Institutions, including Financial Statements; and the Reports of Permanent Committees, including a Financial Statement for Inter-Church Relations, appear elsewhere in this volume, and reflect in part the work of Synod's Office. Additional Reports and/or Financial Statements on Campaigns, the Executive Committee on Christian Education, the Guidance Program, and other agencies of the Synod, together, fairly well summarize the total program of the work of Synod.

Annual Statistics (Vital, on Education, Evangelism, and Stewardship) have been prepared in Synod's Office and may be found by reference to the Index.

STEWARDSHIP

The estimated income of Presbyterians of the Synod for 1966 was not less than $448,031,256, an increase of about $40,000,000 over the previous year. It has been estimated that the Presbyterians of North Carolina have total assets of several billions of dollars.

Budgeted Giving

Total receipts from churches and presbyteries for Synod's causes decreased in 1966 by $16,260. The presbyteries have accepted $923,276 of Askings for Synod's causes for 1967. The percentage of acceptance is 95.46% in contrast to 97.15% for 1966, and including special offerings for the Children's Home and the Presbyterian Home, slightly more.

Budgets

Synod increased its total giving (budgeted and non-budgeted) by $571,774 in 1966: Budgeted by $76,679 and non-budgeted by $495,095. This differential of increase in non-budgeted benevolences might be an unwholesome sign. It ranges from only $4,651 for Wilmington Presbytery to $253,393 in Orange. [(A)—$11,600; (C)—$9,200; (F)

—$73,600; (G)—$9,555; (KM)—$11,700; (M)—$98,900; (O)—$253,400; (W)—$4,600; (W-S)—$22,269.]

Audits

In their proper places may be found approved summaries of Audited financial statements of all accounts which are handled in Synod's Office. (See "Auditor's Report" and also the Report of Synod's Council.)

All office accounts have been audited by the firm of A. T. Allen & Company, Certified Public Accountants, Raleigh, N. C., and have been officially approved by Synod's Council. Copies of the audits are available for perusal. Also, there have been placed in your hands financial statements of other agencies of Synod, and the Council through its committee on Audits and Finance has examined these. Copies of audits are available.

Progress in Giving

Since Synod reorganized in 1951, total gifts have increased from $6,788,602 to $18,487,694. The 1965 total gifts were $17,461,620, hence an increase last year of $1,026,074. Benevolences have increased since 1951 from $1,638,212 to $4,834,575. The 1965 Benevolence gifts were $4,262,801, so that the 1966 giving showed an increase of $571,774. Per capita giving to total gifts has advanced from $59.11 since 1951 to $121.73. For 1965 the total per capita gift was $115.38. The benevolence per capita gift has increased since 1951 from $14.27 to $31.83. For 1965 this was $28.17. The membership has increased since 1951 from 117,010 to 152,537. The membership at the end of 1965 was 151,347. The growth in 1966 was 1,190. The number of ministers has increased from 444 to 662 in 16 years, and the number of churches from 601 to 646. The Sunday School enrollment has increased from 95,258 to 118,388; however, this represents a loss of 8,019 during the past year, and all presbyteries reported losses.

III. REPORT OF SYNOD'S COUNCIL

REVEREND E. LEE STOFFEL, *Chairman*

Meetings

The Council and/or its Committees convened on February 23 and May 17-18, 1967. Minutes of the meeting have been recorded. In addition, there have been telephone conferences and correspondence among the members of the Executive Committee relating to business of Synod and the Office.

Synod has been approved to meet at St. Andrews Presbyterian College in 1968. With the completion of the gymnasium prior to that time, the College should be able to adequately care for all the needs and requirements of Synod. Synod also has an invitation for the 156th meeting in 1969, to wit, from the First Presbyterian Church, Fayetteville. Lodging will be provided by Methodist College.

Public Relations

The **Presbyterian News** continues to be mailed monthly into more than 56,000 homes of Presbyterians. There are still a small number of churches for which mailing lists are wanting. A number of churches are cooperative in furnishing changes of personnel and other data needed for keeping the mailing list up-to-date. All churches are requested to follow this procedure.

Apparently the General Council will not publish in 1967 the stewardship brochure which was available in 1965 and 1966. Last year Synod's Council published its sixth brochure on "The Work Presbyterians Do Together in the Synod of North Carolina". These are furnished by order only, and last year orders totalled 45,387 to 312 churches, ranging from 1,895 copies distributed in Winston-Salem Presbytery to 11,432 in Mecklenburg. It will be recalled that the first year of publication of the brochure, only 5,110 were ordered. The effort is made in this publication to succinctly present the comprehensive program and work of the Synod of North Carolina.

The Radio and Television Program of Synod is the function of the Executive Committee of Church Extension, and is reported on separately by that Committee.

Numerous releases for the press, radio, and television emanate from Synod's Office.

During the past year the second printing (of 1,000 copies) of the Third Edition of William Henry Foote's **Sketches of North Carolina** were published. In addition, the General Secretary edited the book, **Historic Third Creek Presbyterian Church,** by John Kerr Fleming. Some other works of historical significance are in the offing, particularly **The History of Presbyterianism in North Carolina,** by Jethro Rumple, extracts of articles by Dr. Jethro Rumple which appeared in The North Carolina Presbyterian between the years 1878-1887. These were compiled under the auspices of the Library of Union Theological Seminary, Richmond, Virginia, and released to us.

Synod's Office also published for the Executive Committee on Christian Education 3,000 copies of *Library of Audio-Visual Materials*, a 110-page catalogue.

Finally, the Office also edited and published the **1966 Minutes of Synod** and the **1967 Blue Book** of Synod.

Stewardship

The year 1966 was the first for the Synod under the new Stewardship Program, projected by the General Assembly and the Synod in 1964. It will be recalled that the new Plan and Program called for a Basic Budget, equal to the contributions to Synod's Benevolences for its institutions and agencies in 1964, plus 2% per annum for 1965 and 1966. This amounted to $879,645. (It should be pointed out that for several years prior to and including 1964, the Synod had increased its benevolence giving each year, not by just 2%, but by 5%).

Budgets of Agencies and Institutions were prepared, carefully scrutinized, and adopted as realistic, with the expectation that all Presbyteries and Churches would so regard them, and thus honor their pledges to meet them. The overall results are not altogether disappointing since the churches and Presbyteries, **as a whole**, gave $871,348, or 99.05676% of the Budget Askings; however, as Table IV in the Stewardship Tables at the back of this volume will reveal, six of the nine Presbyteries failed to meet the budget askings by a total of $15,760. (These were Orange—$6,641; Albemarle—$3,100; Winston-Salem—$2,908; Fayetteville—$1,408; Wilmington—$1,066; and Concord—$637.) Fortunately, Kings Mountain ($5,300), Mecklenburg ($1,104), and Granville ($1,060) gave a total of $7,464 in Advance Funds, so that the actual deficit for 1966 was $8,297.

In view of the fact that all income for Synod's causes was distributed equally, that is according to the budget percentages established at the beginning of the year 1966, every cause received more than 99%.

1967 Acceptances

Acceptances by Presbyteries for 1967 are reflected in the following Table:

Presbytery	Asked	Accepted	% Accepted
1. Albemarle	$ 68,003	$ 61,704	90.74

1968 BENEVOLENCE PROGRAM

Assembly

The General Council of the General Assembly is recommending for 1968 a Basic Budget and a "Challenge Program Budget". The 1968 Basic Budget Asking is derived from 1966 giving plus "normal growth (1966-1968)", or 4.99%. The Assembly Apportionment to the Synod of North Carolina for the Basic Budget in 1968 is $1,382,010 (of the total budget of $8,904,441). The Assembly is also being asked to approve a Challenge Program of $890,444, which is 10% of the total Basic Budget. Synods are apportioned on this basis, therefore, the Assembly Asking of the Synod of North Carolina for the Challenge Program is $138,201. Presbyteries are being asked to accept as their share of the Challenge Program, 10% of their Assembly's Basic Budget, and are urged to make specific apportionments of this amount to their local churches.

Synod

The Synod program for 1968 is reflected in the Recommendations. We commend for your perusal the studies which appear in the various Tables under "Statistics" in the INDEX; particularly "Stewardship" and "Vital Statistics", which will reveal Presbytery comparisons, including total giving, per capita giving, growth, etc., and comparison of the Synods of the General Assembly.

Miscellaneous

The work-load in Synod's Office increases every year due to the acceleration of all agencies, institutions, etc., in programs, budgets, etc. This year the Office is handling a new financial account, to wit, the Presbyterian Guidance Center Fund. In all, there are twenty-four funded and two unfunded accounts handled in Synod's Office, the total amounts of which, including both receipts and disbursements, exceed $2,000,000.

Personnel

The Synod is not unmindful of the fact that since we last convened, two distinguished members of this body, both former Moderators of Synod and members of Synod's Council, have been called of God to their heavenly home. Appropriate resolutions are being offered by the Executive Committee on Educational Institutions to memorialize the Reverend Doctor James A. Jones and the Reverend Doctor Price H. Gwynn, Jr., and your Council heartily concurs in endorsement of these Resolutions.

Mr. Halbert M. Jones, of Laurinburg, who has been a member of the Council for the past four years, and who has served as Chairman of the Stewardship Committee for the past three years, was elected Chairman of the Council at the May meeting.

On April 1, 1967, Miss Ruby Jones, bookkeeper since July, 1956, was married to Mr. W. Harold Trentman of Raleigh, and on May 1, 1967, her connection with the Synod's Office was terminated. Miss Jones rendered extraordinary service to the Synod by virtue of her versatility in performing several tasks for which she was well qualified. (A testimonial to her appears on pages 2-3 of the April, 1967 issue of the **Presbyterian News.**)

Miss Kathleen Mullen, with more than fifteen years experience in accounting with the Federal Government, has been employed to succeed Miss Jones.

Committee On Finance And Auditing
Synod Of North Carolina
Presbyterian Church In The United States
Raleigh, North Carolina

Gentlemen:

As instructed by Dr. Harold J. Dudley, General Secretary and Treasurer of the Synod of North Carolina, Presbyterian Church in the United States, we have audited the books and records maintained by him as Treasurer of the following funds:

Synod's Office General Fund
Church Extension Fund
Presbyterian Church Extension Committee Loan Funds
Educational Institutions Fund
Synod's Office Fund
Public Relations Fund
Inter-Church Relations Fund
Permanent Reserve Fund
Campus Christian Life Fund
Contingent Salary Fund
Synod's Office Reserve Fund
Presbyterian Office Building Fund
Christian Higher Education Campaign Fund
Presbyterian Campus Christian Life Campaign Fund
Chapel Hill Presbyterian Church Campaign Fund
Presbyterian History Book Fund
Campus Christian Life Associate Pastor's Fund
Foote's Sketches Of North Carolina Fund
Christian Education Fund

We have examined the balance sheet of the Synod of North Carolina, Presbyterian Church In The United States, Raleigh, North Carolina, as of December 31, 1966, and the related statements of income, changes in fund balances and statements of cash receipts and disbursements for the year then ended.

SCOPE OF EXAMINATION

We tested the recorded transactions to the extent of tracing the receipts to the depositories and verifying the amounts recorded by appropriate transmittal papers and correspondence, and verifying the contributions from the presbyteries by direct confirmation. Church loans were also verified directly. Expenditures were supported by endorsed cancelled checks and invoices or signed receipts. These were found to be authorized in the minutes of committees and Synod's Council. Bank balances, which were confirmed by correspondence, were reconciled with balances shown on the books. We also ascertained from our analyses that disbursements were properly allocated.

Our examination included such tests of the accounting records and other auditing procedures we considered necessary in the circumstances, the books having been maintained on a cash basis. Our audit of the records of the Christian Higher Education Campaign Fund, the Presbyterian Campus Christian Life Campaign Fund, and the Chapel Hill Presbyterian Church Campaign Fund, was limited to the recorded receipts and disbursements; however, we mailed confirmations on all unpaid pledges as of November 30, 1966.

OPINION

In our opinion, the accompanying balance sheet and statements of income and changes in fund balances present fairly the financial position of the Synod of North Carolina, Presbyterian Church In The United States at December 31, 1966, and the results of the various funds' operations for the year then ended, in conformity with generally accepted accounting principles applicable to such organizations, maintaining the books and records on a cash basis, excluding the Assets and Fund Balance of the Kate B. Reynolds Trust Fund For Aged Presbyterian Ministers which are shown at October 2, 1966, taken from a statement prepared by Wachovia Bank and Trust Company, Winston-Salem, North Carolina, without audit or verification.

EXHIBITS AND SCHEDULES

In presenting to you our findings, as the result of the audit, we have prepared twenty-four Exhibits and eleven Schedules, as enumerated in the Index, which are attached as a part of this report, in addition to the following comments:

ASSETS AND LIABILITIES—ALL FUNDS COMBINED

December 31, 1966

EXHIBIT "A"

In this Exhibit, captioned as above, we show a combination of all assets and liabilities as we determined them on December 31, 1966. Inter-fund accounts have been eliminated. Assets totaled $1,239,301.44. Synod's land, buildings, equipment and furnishings totaled $326,269.68. Liabilities amounted to $3,407.66. The excess of assets over liabilities results in a surplus of $1,235,893.78. This is composed of $326,269.68 which was invested in fixed assets, $361,707.68 in Synod's fund balances, and the Kate B. Reynolds trust balance of $547,916.42. The changes in fund balances are explained in the supporting Exhibits.

Synod's Office General Fund received and disbursed funds for Synod's various causes except for loan funds, campaign and savings accounts. At December 31, 1966, funds available totaled $50,572.71. Of this amount $50,274.89 was cash, $746.93 was due from Synod's Office account and prepaid expenses for printing copies of Synod's seal and prepaid expenses of John K. Fleming's History of the Historic Third Creek Presbyterian Church. The Fund balance was $274.00, the remaining balance distributable to Synod's various causes.

Assets of a trust fund administered by Wachovia Bank and Trust Company, Winston-Salem, North Carolina, John C. Whitaker and L. D. Long, Trustees under the will of Kate B. Reynolds for aged Presbyterian ministers in the Synod of North Carolina are included. The assets are shown as reported by the Trust Department of Wachovia Bank and Trust Company, Winston-Salem, North Carolina, as of October 2, 1966.

Dividends accruing on capital stock were received and accounted for according to prescribed rates. All securities were examined during the audit. These securities are part of the Permanent Reserve Fund and the income derived from them was apportioned directly to the Church Extension Fund and used for grants-in-aid.

All transactions of the Church Extension Committee Loan Funds were examined. At December 31, 1966, the total of the unpaid balance of these loans and accrued interest to that date was $181,605.24. The cash on deposit was $6,925.14. The total unpaid balance of the loans and cash was $188,530.38. At December 31, 1965 the funds' assets totaled $181,356.67. We examined all notes and deeds of trust and found them on hand and apparently properly executed.

The Permanent Reserve Fund and Educational Institutions Fund have loans to churches and others not included above. The details of the Permanent Reserve Fund loans are shown on Exhibit "Q" where they total $66,284.83, Cash In Savings, $2,274.51, a total of $68,559.34, not including securities valued at $2,405.00. The loans include $40,816.81 loaned to Presbyterian Synod's Office Building Fund, which has been eliminated on the combined balance sheet. Bequests received during 1966 totaled $1,232.39.

Proceeds from a gift received from Mr. and Mrs. W. E. Stultz in 1955 have been loaned to churches from the Educational Institutions Fund Savings Account. At December 31, 1966 loans to churches were $26,553.20.

The total of all unpaid loans by funds (excluding loan to Synod's Office Building Fund) was as follows:

Presbyterian Church Extension Committee Loan Funds	$181,605.24
Educational Institutions Fund Savings Account	26,553.20
Permanent Reserve Fund	25,468.02
TOTAL	$233,626.46

Notes receivable from sale of Sadie Duncan Wharton Estate Property—$9,170.59, represents the balance of two notes taken for the sale of houses in Raleigh, North Carolina, which were a bequest received from the Wharton estate.

Synod's property and equipment are shown as General Fixed Assets totaling $326,269.68. This represents the cost of the various assets.

Following Exhibit "A" we have prepared statements for each fund showing the financial position or cash balance at December 31, 1966 and statements of income or statements of cash receipts and disbursements for the year then ended. In addition we offer the following comments:

Support of the Synod's Educational Institutions and other Higher Education agencies was based on a net of $392,645.09 for distribution after expenses of the fund.

A Permanent Advisory Committee on Higher Education was established by the Synod of 1955. The Committee's share of funds available in 1958 was $2,873.78. Interest on the funds deposited in a savings account amounted to $6.11. Committee expenses have totaled $642.72 through December 31, 1966, leaving a balance of $2,237.17.

Synod's support of the North Carolina Council of Churches was disbursed from presbytery benevolence receipts. These funds were received and disbursed by the Inter-Church Relations Fund.

Synod's Office Reserve Fund has been supported by surplus funds from Synod's Office Account, profits realized on printing and services rendered churches, and interest on deposits. During 1966 $537.78 was transferred from Synod's Office account which represented the excess of income over expenses realized in 1965. Interest earned on the savings account amounted to $377.09. $2,186.45 was transferred to Synod's Office Account for the purchase of equipment. At December 31, 1966 there was a cash balance of $8,303.31 in the fund. Exhibit "U" shows in detail the cash transactions during the year.

The Contingent Salary Fund had a balance of $11,681.91 at the end of the year. A total of $2,732.80 was distributed to three of Synod's causes in 1966. Wilmington Presbytery paid $203.00 from its 1965 equalization fund.

Synod's Office General Fund received and disbursed designated receipts for Presbyterian Children's Home, Presbyterian Guidance Center, Presbyterian Home, Inc., and Catechism awards.

Synod's Office assumed the bookkeeping and accounting for the Committee of Christian Education Fund effective January 1, 1966. The fund was originally maintained at the Committee's office in Charlotte, North Carolina. Disbursements from this fund, except for salaries and payroll related items, were made on an imprest basis refunding the Charlotte office for expenses incurred. Our audit covered the request for funds; however, the supporting documents for the expenditures were held for audit in the Committee's office. The Statement of Income and Expenses has been prepared subject to the limitations of our audit. Assets of the fund includes funds and securities held by Synod's Office. The cash fund of $600.00 was not available for audit or examination.

The Synod's office building was completed in 1960 and is located at 1015 Wade Avenue, Raleigh, North Carolina. The funds for erecting the building and receiving gifts were transacted through the Presbyterian Office Building Fund. Through December 31, 1963, gifts and interest earned on a savings account had amounted to $40,260.89. Synod's Office Fund had, in lieu of rent, $1,500.00 included in its per annum budgeted expenses for 1961 through 1966 which has been included in the Building Fund's income. Likewise the Church Extension Fund had included $2,500.00 for 1962, and $1,500.00 for the years 1963 through 1966. Educational Institutions budgeted $900.00 per annum for 1964 through 1966. Campus Christian Life Fund contributes $600.00 each year. Other receipts amount to $28.73. All such receipts had totaled $62,289.62 by December 31, 1966. Disbursements for various expenses, cost of land, building, and furnishings and equipment totaled $103,106.43. This has resulted in an excess of disbursements over receipts in the amount of $40,816.81. This excess was financed by a loan from the Permanent Reserve Fund. The original loan was $50,000.00. Repayments through December 31, 1966, have totaled $9,183.19. Assets acquired by the building fund totaled $97,841.42, made up of the following:

Land and Improvements	$ 6,273.40
Building	81,278.39
Furniture, Equipment And Furnishings	10,289.63

The Christian Higher Education Campaign was begun in 1956 and the records have been maintained in Synod's Office. The current year's receipts and disbursements are shown and the totals to December 31, 1966. Our audit of receipts was made from summaries of subscriptions and payments. The individual pledge cards have not been added completely and compared with the general book totals. The subscriptions through December 31, 1966, after cancellations, totaled $1,640,026.29, per the book summaries. Of this amount $1,605,982.79 had been paid in cash and securities. Thus the unpaid subscriptions were $34,043.50.

Synod allowed the Campus Christian Life Committee to conduct a campaign in 1958 to raise $300,000.00 which was the amount unpledged in the Christian Higher Education Campaign and needed to implement the program of work initiated by the Committee. The campaign was supervised by the firm of Ward, Dreshman and Reinhardt, New York, New York. Campaign receipts have totaled $271,331.40. Campus Christian Life's share of the Christian Higher Education Campaign gifts was $184,623.03 to December 31, 1966. Interest earned on savings had totaled $8,169.18. The Board of Christian Education contributed $23,000.00 from its challenge funds. The disbursements include 1958 campaign expenses of $40,450.89. Capital expenditures in college areas totaled $415,754.68. The fund's balance of cash at December 31, 1966, was $21,428.58.

Synod's office has received and accounted for funds designated for the Chapel Hill Presbyterian Church Campaign which began in 1961. At December 31, 1966, $1,999.86 had not been remitted to the church. This is included in the liabilities at December 31, 1966.

Dr. Harold J. Dudley began writing a history of the Synod of North Carolina in 1961. The expenses incurred have been paid for from contributions and $1,384.25 from funds originally received in the Catechism awards account. To December 31, 1966, receipts had totaled $10,836.12 and expenses were $8,024.87.

To supplement the Campus Christian Life program on the University of North Carolina campus, Chapel Hill, North Carolina, Synod created the University of North Carolina Campus Christian Life Associate Pastor's Fund. Receipts totaled $5,129.61 in 1966. The proceeds from these were used to pay the associate pastor's salary and other program expenses on the campus. Income for this cause will come from private gifts and Challenge funds. Synod will also participate until 1968, at which time it will assume full support.

Synod's office published a reprint of Foote's **Sketches of North Carolina** during 1964 and 1965. Receipts have totaled $10,025.24 through 1966 and expenses were $6,519.34, resulting in a surplus of $3,505.90. Schedule—11 has been prepared to show the receipts and disbursements.

Distributions from the A. T. McCallum Trust Fund amounted to $6,179.03 in 1966. These funds were distributed according to the treasurer of the Fund.

In addition to the funds included in our audit Synod also received memberships for the North Carolina Presbyterian Historical Society. Memberships received in 1966 totaled $352.00. Interest of $23.09 was earned on the deposit. $9.00 was received for a building fund project. Expenses amounted to $212.33. At December 31, 1966, there was $529.55 in the fund. Assets of this fund are not included in the combined balance sheet.

Cooperating with the North Carolina Merchants Association during 1965, at the request of Mr. Irwin Belk, Synod paid mailing expenses of $592.20 for distributing Bibles to North Carolina schools. A gift of $1,000.00 from the Belk Foundation was received for this cause. At December 31, 1966, $407.80 had not been expended. During 1966 the Belk Foundation advanced $1,000.00 to purchase ties for Men of Synod. At December 31, 1966, the funds had not been expended and are shown as a liability.

Synod's records are maintained on a cash basis. The books were not closed until all funds for the year were received from the presbyteries in order that all receipts for the year January 1, 1966 to December 31, 1966, could be included. Likewise, some expenses for the year were paid after December 31, 1966, and the cash balances shown herein are after including these in the disbursements.

We found a depositor's forgery bond in force for $10,000.00; fire insurance on contents of the office $38,000.00; blanket position bond for $25,000.00; open stock safe burglary; and fire insurance on the office building for $81,000.00. Synod's office and Campus Christian Life Centers are covered by a multi-peril policy totaling $193,000.00 on buildings and personal property and $300,000.00 general liability.

We found the books and records in balance and accurately kept.

We wish to express our appreciation for the courtesies extended us and the assistance and cooperation rendered by the entire personnel, which greatly facilitated our work.

We examined the minutes of the Secretary and found the approved procedures currently adhered to.

Very truly yours,

IV. REPORTS OF EXECUTIVE COMMITTEES

A. Report of Executive Committee on Campus Christian Life

REVEREND HARRY M. MOFFETT, JR., *Chairman*

The Campus Christian Life Ministry in our Synod becomes each succeeding year a vaster enterprise. The sheer numbers in our various academic communities continue to multiply while the pressures, tensions, and changes that persistently besiege every facet of our contemporary life increase in growing intensity in our Colleges and Universities. The presence and approach of the Church becomes ever more crucial in the face of growing skepticism and rebellion against accepted values and assumptions in our culture. The academic community today challenges the Church to bring into it a vital, relevant, and imaginative Christian message and witness.

The Synod of North Carolina possesses in the personnel of its staff of Campus Ministers and in the local Campus Christian Life Committees dedicated, courageous, and boldly imaginative people who are accepting this challenge vigorously and with determination.

Daring and Imaginative Projects

The Synod already knows of the tremendous achievements and creative ventures undertaken at Chapel Hill under the leadership of Dr. Harry E. Smith and Rev. E. Tom Miller. You have been informed of the important and very promising research project on the Church and Society being carried out by Dr. Donald W. Shriver. Significant work is also being done at East Carolina by Rev. Bronson Matney, who has led the way in discovering a creative pastoral ministry on a personal basis, with both students and faculty, and who has inspired the students themselves to develop an attractive and stimulating program, combining recreation and fellowship with real religious dialogue and genuine social concern for meeting human need.

At Duke, Rev. Clyde O. Robinson has demonstrated by his first full year's service there that the program he has initiated is in the pattern of the others mentioned above—warm, imaginative, and fruitful.

Greensboro Challenge

The Committee on Campus Christian Life is wrestling with some demanding challenges. The resignation of Miss Patricia Hall from the work at UNC-Greensboro, in order to accept work as assistant to the Campus Christian Life Director of the General Assembly, has resulted in a re-evaluation of the future of this institution, which is growing in size and becoming increasingly coeducational. Other denominations have brought in full-time ordained campus pastors, and there is some clear indication that we should follow this lead; however, the increased financial requirements are beyond our reach as a result of our present commitments in respect to our anticipated income.

New Work at Winston-Salem

A significant Campus Ministry has existed for many years in Winston-Salem with Wake Forest, Salem, and other institutions developing there. However, Synod's Committee has been powerless to act because of the tightness of our financial situation. Winston-Salem Presbytery has joined with local churches and offered to provide the funds with the support of Assembly Challenge Funds and such financial help as Synod can provide to enable a full-time Campus Christian Ministry to be initiated in this important Center. This undertaking on the part of the Presbytery and the local churches is to be over-and-above the full commitment to Presbytery's askings for benevolences. Synod's Committee rejoices in this response on the part of the Presbytery and local congregations to a vital challenge within their midst, and calls to the attention of Synod this inspiring action.

United Campus Ministry

The burgeoning explosion at the College and University level has forced all Christian Churches to seek to discover more efficient and practical ways of coping with the enormous responsibility imposed upon all denominations. No branch of the Church has either the financial or the human resources to cope with the task alone. As a result of these factors, along with others inherent in the contemporary campus situation, there has emerged the concept of United Christian Ministries, in which, without surrendering our distinctive witness, we co-operate with, and in some cases minister for, other denominations in the University situation. Campus Ministers divide out areas of responsibility and represent one another in their particular areas. At Chapel Hill, for example, we are accepting responsibility for ministering to students on that campus for the following denominations besides our own: Disciples, United Church of Christ, Evangelical United Brethren, Moravians, and the United Presbyterian Church in the U.S.A.

These denominations in return make some contribution to the support of this ministry. Actually, we have been engaged effectively in this type of ministry for several years at N. C. College in Durham and A. and T. College in Greensboro. Such a ministry is also being developed at UNC-Charlotte.

This concept of the United Christian Ministries is affecting Campus Organizations and programs on the student level and also at the Synod level. It is likely that as this concept develops that Westminster Fellowship will take on new forms and structures.

Finances

The Committee received in 1966, $83,649.40 (99.01915%) of the budget asking of $84,478, a budget-deficit of $828.60.

Actually the cost of operating Campus Christian Life in 1966 was $3,268.27 in excess of income; however, a balance at the beginning of the year made it possible to end the year in the black.

In 1966, funds were made available for supporting a Campus Ministry at ten centers, the funds ranging from $300.00 at Pembroke to $19,284 at Chapel Hill.

For several years foundation money has made it possible to have a dual ministry at Chapel Hill. The funds from the Foundations were exhausted at the end of 1966, and Synod's Committee has "picked up the tab" for 1967.

Synod has also conducted a dual ministry at North Carolina State University at Raleigh where Dr. Donald W. Shriver has been engaged in a special project for several years under a Babcock Foundation grant. Synod's partial support of the ministry represented by Dr. Shriver will terminate as of August 31, 1967, and the Raleigh program will be continued with only one campus minister.

Funds appropriated by Foundations at Chapel Hill follow:

L. Richardson Trust Fund	$10,000
Scottish Fund of Laurinburg	3,000
Holderness Fund	7,000
Board of Christian Education (Challenge Fund)	5,300
	$25,300

Future Funding of the Campus Ministry

Dr. John B. Evans, Secretary of Higher Education of the Board of Christian Education, Richmond, Virginia, addressed the Committee at its meeting on May 3, using as his subject the caption of this paragraph. He proposed a pilot plan for the Synod of North Carolina to seek to enlist, in co-operation with the Richmond Office, endowments for the four major colleges in North Carolina: UNC-Chapel Hill, UNC-Raleigh, UNC-Greensboro, and Duke University, by contacting alumni of these institutions who still maintain an interest in them; soliciting 50 more laymen who would make capital gifts.

Dr. Evans is being presented to Synod today in connection with this proposition and will elaborate upon it.

1968 Budget

The Committee wrestled earnestly and at length with the problem of the 1968 Budget, and it is a problem for the reason that increasing demands for support of the Campus Ministry accelerate at a much faster rate than the Synod has found itself able to support the program. For instance, Synod approved of a budget for 1967 in the amount of $92,415 ($84,478 in 1966); and the scaled-down requests of the Centers for 1968 project a tentative budget of $107,492. This is an increase of $15,077, or 16.53%, whereas the rule of thumb for per annum increase established by the General Assembly and the Stewardship Committee of Synod is approximately 2%.

The Committee finds itself on two horns of a dilemma; namely, either speedily engage in a united ministry program where by co-operation we put "limited dollars to advantage", to use a phrase from Dr. Evans' address, or, to quote him again, conclude that "the best hope for the future is not in tapping regular sources of income, but foundations, bequests, and other sources". Actually the alternative may be both.

We consider the current situation in the Campus Ministry program as critical and advance as crucial.

It is not only true that costs go up everywhere, but demands increase and opportunities arise which call for response without delay.

Recommendations:

1. That Synod be informed of the loss of the Reverend E. Tom Miller as assistant Campus Minister at Chapel Hill and of Miss Patricia Hall as Campus Minister at UNC-Greensboro; and express its gratitude to these workers for the service they rendered on the campuses of the institutions under their purview.

2. That Synod take note of the fact that the significant project under the direction of Dr. Don W. Shriver at North Carolina State University, Raleigh, is drawing to a close, and that Dr. Shriver will terminate his service in connection with the campus ministry at Raleigh September 1, 1967, by expressing appreciation to him for this special ministry and service.

3. That attention of Synod be called to a new concept developing in regard to financing the Christian ministry on the campus, in two respects: to wit, (1) the developing United Christian Ministry Program; and (2) the contingency of investing CCL funds in ways and places of greatest opportunity and anticipated returns, or, as Dr. John Evans has put it: "We must consider the deployment of resources by giving emphasis to major educational Centers since the Church for the sake of its own life must be in the significant centers".

4. That Synod and/or Presbytery committees initiate conversations with church-related institutions of higher learning (colleges and seminaries) concerning the possibilities of enlisting faculty personnel to design and carry out training opportunities for pastors, directors of Christian education, and lay leaders in 1968.

5. That Synod Campus Christian Life Committees encourage pastors of churches in college and university communities to participate in a series of regional consultations on the worship and work of the church in the academic community to be held in 1968.

6. That Synod and Presbytery Committees devise ways by which young adults, ages 18-24, including students, career men and women, and military personnel, may be informed of and urged to attend the December 27-30, 1968 Quadrennial on the world mission of the Church to be held in Atlanta, Georgia, under the auspices of the General Council.

7. That Synod and Presbytery Committees encourage local churches to challenge students and young adults to apply for the special summer service opportunities which will be available in 1968.

8. That, pending the adoption of this report, Synod hear Dr. John B. Evans, Secretary of the Division of Higher Education, Board of Christian Education, Richmond, Virginia, in an address.

B. Report of the Executive Committee of Christian Education

Rev. Allen C. McSween, *Chairman*

Praise God the past year has been difficult, but it has been extremely rewarding in many ways.

Many Presbyterians in our Synod have been brought face to face with the demand that their lives express honestly the Christian faith they profess. Some have resisted the implications of the study of "The Christian Life", but others have been willing to open their minds and hearts to the moving of God's Spirit and have come to a deeper understanding of the Christian's response to God's Love.

Camps and Conferences

Many Presbyterians in this Synod have sought and found help in learning and in teaching the faith. Almost every Presbytery has held workshops for training teachers in the use of the Covenant Life Curriculum material for every age group. More than 2,000 attended the 28 Covenant Life Curriculum Previews which were held during the year. Leadership Schools in each Presbytery were well attended. Literally thousands of our young people took advantage of the expanding Camp and Conference opportunities offered in the 45 Camps and Conferences held across the Synod. More than 28,000 were engaged in meaningful Vacation Church School experiences. The Recreation Workshop gave excellent training to the 35 leaders who attended. Through the generosity of the Women of the Church through the Birthday Offering our Presbyterian Guidance Program was enabled to hold Workshops for Vocational Aides at the Center at St. Andrews Presbyterian College for each Presbytery. Our new Director, Dr. Logan V. Cockrum, and the Guidance Committee conducted a most significant Consultation at the Center. A thorough study of our program and facilities was conducted by well-qualified persons not connected with the Program in our Synod. Miss Beatrice Kiser prepared and Synod's Office printed a new and expanded Audio-Visual Catalogue.

Staff Personnel

There is abundant evidence of spiritual growth in many areas of Christian Education across the Synod. This is the result in large part to the dedication of those who serve the Synod in the field of Christian Education. The Sub-committee chairmen have done an unusually good job this year. They are Home and Family Nurture—Clyde O. Robinson, Jr.; Adult Work and Leadership Training—Malcolm P. Anderton, Jr.; Youth Work—Russell B. Fleming; Children's Work—James G. Stuart; Presbyterian Guidance Program—Tom B. Anderson; Personnel, Budget and Finance—Edwin C. Brammer, Jr. The Reverend Robert Turner, our

Regional Director of Christian Education in the Synod, and Miss Beatrice Kiser, his able Assistant and Director of the Audio Visual Department and Office Manager gave wise and capable guidance to all engaged in Christian Education. The Area Directors have really carried the heaviest load of all and their work has been exceptionally good. They have worked far beyond the limit which we have any right to expect from them. Those who have served us during the year are: Miss Annie Sarah Higgins, Wilmington; Miss Helen Jackson, Granville; Mrs. Frank S. Jones (Virginia), Mecklenburg; Miss Mildred Mallard, Albemarle; Miss Mary Catherine McCormick, Fayetteville; Miss Sarah McNeill, Orange; Mrs. Earl F. Thompson (Sara Frances), Winston-Salem; Miss Eloise Wells, Concord; and Miss Sarah Wilson, Kings Mountain. During the year we lost Miss McCormick who married the Reverend George F. Houck. We regret that it has been necessary to grant Miss Annie Sarah Higgins a three months leave of absence beginning June 1, 1967, to care for her parents both of whom are ill.

Future Program

We look forward with keen anticipation to a number of opportunities for Christian growth and training to be offered in the Synod this year. Among them are **The Synod's Men's Conference** to be held at Montreat, June 9, 10, 11 (The theme of the Conference is "New Times, New Ways, New Men in Christ". The special emphasis is "The Holy Spirit in Our Life Today".); **The Covenant Life Conference** to be held at Montreat, July 14-20 (The Conference will have three main parts—1. Area Laboratory School—Nursery through Adult, 2. Family Life Workshop, 3. Lay School of Theology; **Family Life Seminars** to be announced; **Interpersonal Relations Laboratory** (Dates in Fall of 1967 and Spring of 1968 to be announced).

New Committee Organization

Early in the year a committee was appointed to study the task of Christian Education in the Synod of North Carolina and the structure through which this task might best be accomplished. The suggested organization is the result of many hours of research, thought and discussion. If adopted it will greatly enhance the work of Christian Education in Synod, Presbytery and Local Churches.

The continued interest, aid and prayers of the members of the Synod are requested by the Christian Education Committee as it attempts to serve our Lord by teaching all the things He has commanded us.

Recommendations:

1. That Presbyteries be urged to include in their Christian Education Budgets funds to pay expenses of Presbytery Sub-Committee Chairmen to attend Cabinet meetings. (Children's Work, Youth Work, Adult Work).

2. That those Presbyteries which have not had Home and Family Seminar preparation sessions for their ministers be urged to do so. (Home and Family)

3. That Presbytery Christian Education Committees equip themselves through study for their responsibilities in Home and Family Nurture. (Home & Family)

4. That each Presbytery provide twelve-hour training events for pastors and temporary committees of local churches following the Seminars. (Home and Family)

5. That all parish ministers who have not already done so be urged to register with the Regional Director for participation in one of the Home and Family Seminars to be held throughout the Synod. (Home and Family).

6. That Local Churches be requested to underwrite the expenses of their pastors to attend one of the Home and Family Seminars. (Home and Family).

7. That Standing Rules of Synod 22:1, 22:2, 22:3, 22:4 be rescinded and that the following be adopted: (General)

8. That Standing Rule 22:2 be suspended to allow the Christian Education Committee to reorganize itself immediately. (General)

9. That the Synod adopt a Budget for 1968 for the Executive Committee of Christian Education in the amount of $85,394. (General)

10. That the Synod adopt a Budget for 1968 for the Presbyterian Guidance Program in the amount of $53,050.00 ($37,870 from Synod's Budget, $14,000 anticipated fees.) Guidance Program

11. That Synod hear the Director of the North Carolina Presbyterian Guidance Program, Dr. Logan V. Cockrum. (Guidance Program)

PRESBYTERIAN GUIDANCE PROGRAM
ST. ANDREWS PRESBYTERIAN COLLEGE

REV. TOM B. ANDERSON, *Chairman, Synod's Committee*

DR. LOGAN V. COCKRUM, *Director, Program*

During the past year increasing attention was given to the total Presbyterian Guidance Program in terms of both the Program's educational phase in the local church and the counseling experience provided in the Presbyterian Guidance Center. A three-fold approach to the needs of the Program was launched in terms of: (1) an objective evaluation of the total Program as it now operates, and in projection of its future potential, (2) The provision of more in-depth opportunities for the training of vocational aides and other local church leaders in the Program, (3) an increasing effort to build better understandings of the Program and its relationship to the total Christian Education Program of the Church.

Conference Held With Consultants

On February 27-28, 1967 a study conference on the Program was held at the Presbyterian Guidance Center. This evaluation study involved outstanding leaders in the field of guidance and counseling from the areas of government, education, counselor education and General Assembly. The visiting specialists gave their evaluations of all areas of the Program and Center operations.

Consultants for the conference were: Dr. S. Norman Feingold, National Director B'nai B'rith Vocational Service, and President, National Vocational Guidance Association; Dr. Richard L. Beard, Chairman, Counselor Education and Professor Education, University of Virginia; Robert Lacklen, formerly Director of Personnel for NASA, Director of the Creativity Research Center, Richardson Foundation; Miss Kathryn Ray, State Supervisor of Guidance Services, N. C. State Department of Public Instruction; Dr. Luther Taff, Associate Professor and Counselor Educator, University of North Carolina; Dr. Frank Sievers, Principal Specialist for Guidance and Personnel Services, U. S. Officer of Education; Mr. Clyde J. Lindley, Guidance Specialist and Consultant, Veterans Administration and former President of the American Board on Counseling Services, Inc.; Dr. Walter F. Johnson, Professor of Education, Michigan State University, former president, American Personnel and Guidance Association.

Program Viewed Objectively

The consultants considered objectively the total Program and Center operations and made recommendations. They examined ways for the Center to cooperate with the guidance services of the public schools. The group discussed ways and means of expanding the Center's services. They explored the future needs of the

Center operation in terms of its physical facilities and staff. They gave final evaluations on the total Program, its philosophy, objectives and procedures. Their evaluations, recommendations, and discussions are to be published in printed form.

Others attending the consultation were Dr. John B. Evans, Secretary, Division of Higher Education, the Board of Christian Education; Dr. Harold J. Dudley, General Secretary, Synod of North Carolina; Rev. Robert Turner, Regional Director of Christian Education; Dr. Robert F. Davidson, Dean of the College, St. Andrews; and the Center staff, Dr. Cockrum, Mr. Rowland New and Mr. E. R. Patton.

Vocational Aids Workshop Conducted

In January, 1967, a series of Presbytery Training Workshops began for vocational aides, leaders and others working in the Presbyterian Guidance Program in the local church. Two-day workshops were held at the Guidance Center to provide this training. The workshops were subsidized in part by funds from the 1962 Birthday offering of the Women of the Church for the Presbyterian Guidance Program. By the end of April, 1967 six Presbytery groups had taken part in these workshops. Approximately 50 individuals from the Presbyteries and local churches took part in this training. In the fall, it is planned to hold similar workshops for the remainder of the Presbyteries in the Synod of North Carolina. This training is proving to be a very valuable aid to those who work with the Program in the local church. It is hoped that this type of training might be a continuing education process that will provide understanding and communicate to all interested persons the policies and procedures of the Program.

Relation to Public Education

An increasing emphasis has been placed this year on assisting individuals, local churches and public school officials to know more about the Presbyterian Guidance Program and how it relates to the total education program of Synod, the church as a whole, and to public education. In implementing this thrust, the Synod's Director for the Program has been involved in a heavy travel and speaking engagements schedule. During this year he has been in seven of the nine Presbyteries of the Synod, holding classes, speaking in local churches, addressing senior high rallies, speaking before Presbytery meetings, and visiting with public school administrators, counselors, and guidance leaders in the state.

Staff Personnel Changed

There was a complete change of professional staff in the Presbyterian Guidance Center as of September, 1966. Col. Henry F. Murray, Director, resigned May 1, 1966 to join Piedmont Airlines. The Rev. Robert M. Urie, Counselor, resigned in August, 1966, to become Director of the Vocational Rehabilitation Project of St. Andrews Presbyterian College. Mr. Robert H. Pate, Counselor, resigned as of September, 1966 to complete his doctoral work at the University of North Carolina. Miss Kate Helms, Counselor, resigned in the summer of 1966 to return to a counseling position in the public schools.

In September, the Synod Sub-Committee on the Presbyterian Guidance Program called the Rev. Dr. Logan V. Cockrum to be the Director of the Program for the Synod. The call represents a departure from the past organization of the work in North Carolina. The Director of the Program will be responsible for the implementation of the total Program in the Synod, as well as Center operations.

New Director

Dr. Cockrum received his doctorate in counseling and guidance from the University of Virginia, his master's degree in guidance from the University of Texas, and his bachelor's degree in psychology from Texas. He is a graduate of Austin Presbyterian Theological Seminary and served in two pastorates in Texas before going to the Board of Christian Education as Associate Director of the Department of Christian Vocation in 1959. Dr. Cockrum is an active member of the American Personnel and Guidance Association and the North Carolina Personnel and Guidance Association. He is a Professional member of the National Vocational Guidance Association. Prior to coming to North Carolina, he was State Membership Chairman for the National Vocational Guidance Association in Virginia. He is the author of articles in professional and denominational publications on guidance and Christian vocation.

Assistants to Director

Mr. E. R. Patton joined the staff of the Guidance Center in September as a counselor. Mr. Patton served as a high school counselor in Mullins, West Virginia for over five years before coming to the Center. He has also had experience as Assistant Principal in the West Virginia high schools. Mr. Patton received his master's degree in counseling from Marshall University. He has completed additional graduate work in counseling at the University of Kentucky. Mr. Patton is a member of the American Personnel and Guidance Association, the North Carolina Personnel and Guidance Association and the National Vocational and Guidance Association.

Mr. Rowland I. C. New joined the staff of the Center in September as a counselor. Previously Mr. New served as counselor and deputy director of the Manpower Project, N. C., United States Department of Labor. He is certified as a Master counselor by the Department of Labor. He received his master's degree from Springfield College in Guidance and Psychological Services and did his undergraduate work at Davis and Elkins and the University of North Carolina. He is a member of the American Personnel and Guidance Association, the North Carolina Personnel and Guidance Association and the National Vocational Guidance Association.

Review of Services Rendered

During 1966 approximately 1000 individuals visited the Presbyterian Guidance Center for different guidance services and for varying lengths of time. These included high school and college students, ministerial candidates and adults. About one-half of this number were high school juniors who came to the Center for the full two-day counseling experience that is an integral part of the Presbyterian Guidance Program.

In April, 1967, complete papers and application forms were submitted from the Guidance Center to the American Board of Counseling Services, Inc., seeking the approval of that Board. This Board, under the sponsorship of the American Personnel and Guidance Association, evaluates the standards and practices of counseling agencies and individuals in the United States, Canada and Puerto Rico and determines whether they are qualified to provide professional counseling services. Those that are approved are listed in the Directory of Approved Counseling Agencies, a biennial publication.

Future Plans

It is hoped that strong and continuing attention may be given to the years ahead to provide additional help and training to local churches and individuals working in the Program. Workshops and conferences for relating the Program to the total educational program of the church and to its membership are being planned. Efforts for implementing understanding and cooperation between the Center services and other counseling services will be facilitated. Planning for the building of a new physical facility for the Center will receive priority. Exploration, projection and improvement of the Program's services will be pursued with flexibility and commitment to providing the best possible ministry to youth and others in the church who may need this type of aid. At the end of 1966 $40,660.75 had been pledged for a new Guidance Center Building with cash paid on that pledge amounting to $24,296.82 and cash on hand $53,253.16. A Building Committee is being formed to proceed immediately on plans for the erection of the new building.

C. Report of the Executive Committee of Church Extension

1967

REVEREND E. D. WITHERSPOON, *Chairman*

The Executive Committee of Church Extension is grateful for the opportunity to present a report of its work, together with recommendations, to the Synod of North Carolina. The Finance Committee met by telephone Conference on June 28, 1966, in Raleigh on January 10, 1967, and again on the evening of May 9. The Committee as a whole met on May 10 to review the work of the year, to set our goals for the future and to prepare this report, the major portion of which you have found, I hope, in the Blue Book.

Progress Toward Self-support

We are grateful for strides which have been made within the Presbyteries in recent years. Last year we reported that two Presbyteries went on self-support, leaving only one to receive aid in the form of salary sustentation. We are happy to report that this last Presbytery assumes self-support in 1968. We would also point with gratitude to the Butner Ministry which has increased in its effectiveness under the leadership of the Reverend James N. Grubb, and to the outreach of the Synod through TRAV. We would especially call your attention to two new productions, one of which is called "News of the Church"; the other "Take Three", a series of devotions.

On the other hand, we are concerned because the number of churches in the Synod having no professions of faith increased last year. In Synod's growth we dropped from fifth to sixth place and again Sunday School enrollment showed a sharp decrease. Part of this may have been due to the number of churches without ministers during the year, but this is brought to your attention because we should not be content to let all the blame for this rest in this area.

Evangelism Conference

Your Committee, through its Sub-Committee on Evangelism, the Reverend David M. Currie, Chairman, has plans underway for fulfilling the directive of Synod in regard to the Pre-Synod Conference on Evangelism in 1968. Further information will be forthcoming at the appropriate time.

Finances

1. **Assembly Support:** The Board of Church Extension approved of Salary Sustentation Aid during 1967 for only one Presbytery, Winston-Salem, in the amount of $9,000.00. This represents a decrease of approximately $3,000 below 1965.

Grants-in-Aid: The Board of Church Extension is providing support for the Inner-City work in Charlotte in the amount of $25,000 in 1966 and $12,000 in 1967.

In addition the Board has made grants totalling $21,000 and tentative grants of $5,000 as follows:

Butner Ministry: The Board of Church Extension is jointly with the Synod supporting the Butner Project for a period of several years. Through 1966 the Board had provided over a three-year period a total of $9,600.00, and during 1967, is providing $2,400.

2. **Synod Support:** Income from Presbyteries last year for Synod's Church Extension totalled $51,468, a decrease of $9,697; however, this represented the budget asking of Synod in excess of 99%, or a deficit of only $316.00.

We disbursed in 1966 to three aid-receiving Presbyteries for Salary Sustentation of Home Mission Pastors, $12,644, in contrast to $13,113 in 1965. In 1967, only Winston-Salem Presbytery is receiving Salary Sustentation Aid and in the amount of $2,875.00. This Presbytery has notified the Synod's Committee that after 1967 the Presbytery will be independent of Synod support. This will altogether eliminate from the budget of Church Extension the item of Salary Sustentation Aid.

Grants-in-Aid: Synod made no grants-in-aid during 1966.

3. **LOAN FUNDS:** At the end of 1966, there were 25 loans (27 last year) ranging up to approximately $40,000. Loans are made at 4% interest and are properly secured. Income from the Church and Manse Loan Fund is returned to the corpus, and when the Fund reaches $200,000, the income will be used in a manner to be determined by the Executive Committee, probably in grants.

The Church and Manse Loan Fund, as of December 31, 1966, was valued at $188,530, in contrast to $181,357 the year before, an increase of $7,173.00.

The Permanent Reserve Fund, as of December 31, 1966, was valued at $70,964, an increase of $1,854. In this account are the following bequests: Mrs. A. T. McCallum Bequest; A. T. McCallum Bequest; Mrs. Elizabeth Osborn Bequest; Mrs. Sarah J. Hutchison Bequest; Samuel Andrews Grier Bequest; and securities valued at $2,405.

4. **WHARTON BEQUEST:** The Wharton Bequest was received in 1958 and 1959 from the Estate of the late Mrs. Sadie Duncan Wharton, widow of the late C. P. Wharton of Raleigh. As of December 31, 1966 the bequest had a value of $21,051.18. For a full report, see the Annual Report of the Auditor.

5. **A. T. McCALLUM BEQUEST:** Synod came into possession of the A. T. McCallum Estate in 1961, when it was valued at approximately $250,000. The latest audit represents the value at $269,192, and in 1966 Synod received for distribution in accordance with Item VI (G) of the will a total of $9,238.17, representing earnings for 1965. This amount was distributed according to the terms of the will. Of the amount earned, Synod received a total of $4,721.70 $2,155.55 to Barium Springs Children's Home; $1,026.46 to Glade Valley School; and $1,539.69 to Synod's Home Missions).

6. **MRS. ELIZABETH C. OSBORN BEQUEST:** The original bequest was in the amount of $1,000.00.

7. **SAMUEL ANDREW GRIER BEQUEST:** In May, 1963, Synod received a Bequest in the amount of $1,468.95 from the Estate of Samuel Andrew Grier of Barium Springs to be used for Evangelistic work. (See Synod *Minutes* of 1963, page 118). This is invested, and the income is used in the manner stipulated in the will.

8. In November, 1963, A. Walton Litz, Associate Director of the Presbyterian Foundation, Inc. advised the General Secretary that under a legacy left to the Presbyterian Foundation in 1926 by Mrs. Sarah J. Hutchison of Charlotte, the "Home Missions Work" of the Synod of North Carolina would receive the income from the legacy of $4,500. In 1966, Synod received $202.55 from the bequest.

9. **THOMAS L. WILSON, SR. MEMORIAL FUND:** In October, 1953, the American Trust Company, Charlotte, N. C., advised that Thomas Lee Wilson, Sr. of Gastonia had left a bequest in his will [IX, (c), (2)] to be known as the "Memorial Fund bearing the name of Thomas Lee Wilson. Senior, Gastonia, North Carolina". This provides that 2½% of the residue of the Estate be designated for the "Home Missions Committee of the Synod of North Carolina in connection with the Presbyterian Church, United States, with principal office presently located in Greensboro, North Carolina". In 1966, Synod received from this bequest $174.93.

10. **MRS. A. T. McCALLUM BEQUEST:** This Bequest was originally for $5,924.42.

EVANGELISM

Gains and Losses: Synod showed a net gain last year of 1,200 (1,450 the year before, or .97%). This is an increase of .79% and represents an upward trend though not as good as the 1955 increase of 2.91%. For the previous five years, the average is .94%. Professions of Faith increased in 1966 from 3,682 to 3,870, and members received by letter and reaffirmations increased from 7,047 to 7,321. "Losses" totalled 10,058, against 9,363 last year.

Professions of Faith: The number of churches reporting no professions of faith in 1966 was 190 in contrast to 186 the year before. Approximately 120 churches were without a minister in 1966, and most of these showed no professions of faith, or only a few. There are 646 churches in the Synod. During 1966, six churches were dissolved and three organized. There were 1,613 adult baptisms last year (1,562 the year before), and 2,072 infant baptisms (2,111 in 1965).

Growth of Synod contrasted: The Assembly net growth for 1966 for communicants alone was .58%, an increase over 1965, and the growth since 1956 is 17.13%. Matching figures for the Synod are .79% and 12.12%. Among the sixteen Synods, North Carolina ranked sixth in 1966 (fifth in 1965). The Synod of Florida led the Synods with an increase of 2.44%. For the period since 1951, Florida leads with an increase of 93.18%.

Other denominations: The General Assembly does not grow as fast percentage-wise as the Baptist Church in North Carolina, 17.13% since 1956 for Presbyterians and 19.38% for the Baptist denomination. The Methodist increase for the same period is only 9.11%. The Synod rate of 12.12% is 7.26% below the Baptists since 1956 and 3.01% better than the Methodists.

Assembly Spiritual Birthrate: The Synod ranked tenth (16 Synods) in the General Assembly in Spiritual Birthrate, growth by professions of faith, in 1966 (12th last year); 2.57% in contrast to 2.47% last year and 3.35% for the Synod of Florida, which ranked first among the Synods. In the Soul-winning ratio, the number of members required to win each soul to Christ on Profession of Faith, the Synod ranked 11th (12th last year), 39 persons in contrast to only 30 for the Synod of Florida and 37 for the General Assembly.

Presbytery Gains and Losses: Two Presbyteries reported a net loss in 1966, to wit, Albemarle and Concord, respectively of 40 and 3 members. The other Presbyteries showed gains ranging from only 31 in the case of Winston-Salem to 452 for Granville. Fayetteville gained 212; Kings Mountain, 60; Mecklenburg, 90; Orange, 145; and Wilmington, 268.

Sub-Committee on Institutional Ministry—Butner

REVEREND JAMES M. MCCHESNEY, *Chairman*

Your Committee charged with the responsibility of directing our Synod's ministry at the Butner Institutional complex, is grateful for this opportunity to report to Synod on the work of our capable and dedicated Chaplain, the Reverend James N. Grubb, through whom this ministry is being rendered.

We reaffirm, as one of the central convictions of the Christian faith, and the chief motivation for the Butner ministry, the value of the individual and our belief that a ministry of compassion after the example of Christ should be extended to all men. The institutional chaplain is God's representative and as a person of genuine concern seeks to convey God's love, acceptance, and forgiveness to those people within the institutional setting. Through his own person and through the means of grace, he attempts to give hope to the despairing and contribute to the healing of persons. His ministry is not only to patients in the institutions; but to their families as well. The Presbyterian institutional minister is aware of his responsibility to the Synod, which sponsors his ministry, is alert to opportunities for providing a context for conferences to instruct and inform various people of the Synod.

The Butner ministry has continued to represent many of the churches of the Synod in the various institutions. Referrals from the churches have increased in number. In some cases, institutionalized persons have made contact with the Chaplain themselves after having been informed by their churches of his presence in the area. The institutions have continued their fine spirit of cooperation by allowing enough freedom in which to minister and making various resources available.

The average number of persons being visited at any one time at the various institutions by the Chaplain are as follows: John Umstead Hospital—28, Umstead Youth Center—7, Blind Rehabilitation Center—4, Alcoholic Rehabilitation Center—2, Murdoch Center—2. Around 500 visits of significance to the people in the institutions are recorded. This does not include casual encounters with people, which may or may not have been significant, nor does it include work with six families. In addition to the preceding, conferences were held with seven ministers concerning people in the institutions or other matters related to the Butner ministry. Also, two long-term counseling situations have been in progress.

The Chaplain has continued to be a part of the overall religious program at John Umstead Hospital and conducts the worship service there once each month. From June through December of 1966, he preached at Murdoch Center once each month, and since that time has helped occasionally with various worship services. Occasionally, he leads a worship service at the Blind Rehabilitation Center. Beginning soon, he will conduct vesper services at the Alcoholic Rehabilitation Center twice a month.

In a very short period of time for this type of ministry, reports of appreciation for it have been received from churches and individuals. A former inmate of Umstead Youth Center writes that through the Presbyterian Ministry at Butner he has learned the place of religion in his life and has established a relationship with the church. An elderly woman, having returned home after recovering from a deep depression, complimented her pastor for having the Presbyterian Chaplain speak on mental illness in the church. A member of an institutionalized person's family writes to express her gratitude that the church is showing concern in this way. A pastor expresses his appreciation for guidance by the Chaplain, with the help of other resource people, in working with a family and patient. A family member says "thank you" for supportive counseling over a period of several weeks.

The Chaplain assisted in planning a symposium which was held in March of 1967 for ministers throughout the state. He was responsible for securing one of the main speakers, introducing him at the symposium, and leading a small group discussion.

Since the meeting of Synod last year, a group of young people participating in the Presbyterian Guidance Program visited one of the Butner institutions. This group, representing two churches, visited with some of the people in the institution and talked with some of the professional people who work with them. In November of 1966, a group of ministers in Granville Presbytery visited one of the institutions for a tour and discussion with personnel. In addition to planning the preceding visits to Butner, the Chaplain aided John Umstead Hospital personnel in touring a group of students from St. Andrews College. Plans are underway for a group of Presbyterian women to tour one of the institutions on May 31. A tour for another Presbytery is being planned for October.

After the Chaplain's address to Synod in 1966, Dr. Charles Kraemer, President of PSCE, inquired about the possibility of using students at Butner during the summer as part of their field work. Since that time, correspondence with the Presbyterian School of Christian Education has been encouraging enough to warrant pursuing the matter further.

Feeling that Butner is an excellent setting for sensitizing church leaders to human needs, the Butner Advisory Committee and Chaplain have endeavored to devise ways and means of utilizing the facilities and resources that are there for the benefit of the church. After hearing the Chaplain give a report about some of his "dreams" concerning the Butner work, the Committee encouraged him to contact certain people at Union Seminary in Richmond about the possibility of some seminary students doing clinical work in Butner between their second and third years of theological education. Responses from the seminary were favorable. As of now, this endeavor has not gone beyond the initial stages.

The Reverend Lardner C. Moore, one of our missionaries to Japan, contacted the Butner Chaplain at Synod in Montreat last year about the possibility of having Japanese nurses receive training in psychiatric nursing at John Umstead Hospital. An appointment was made for him with Dr. Zarzar, Superintendent of the hospital, who was very much in favor of such a program and remains so if a way can be found to finance it. This is another effort on the part of those people involved in the work of the Presbyterian Church in Butner to use the resources there for the benefit of the church.

The Chaplain will direct a camp for mentally retarded children from Murdoch Center, July 31 through August 4, at Presbyterian Point. The camp is being sponsored and supported by Granville Presbytery.

Sub-Committee on TRAV

Reverend Francis M. Womack, Jr., *Chairman*

Production

The TRAV Sub-committee has sponsored two major production projects since the last meeting of Synod: "News of the Church", a 15-minute weekly religious television newscast, which is a continuing program; and "Take Two", a 60-program series of three-minute filmed devotionals for television.

"Take Two" is scheduled for completion and release in the fall of 1967. Work on the program series is now underway. Twelve ministers of Synod are slated to participate in the series. Each program will include a message and a hymn.

General Assembly's TRAV is participating in the "Take Two" project and is furnishing production facilities in return for the privilege of distributing the series elsewhere in the Assembly.

The production of "Take Two" was begun following a survey of the television stations of Synod to determine if there were gaps in religious programming. A total of eight stations indicated a deep interest in and a need for filmed devotional programs of the highest quality.

A search was made for existing filmed devotional programs, but none was found and so the committee decided to meet the need.

It is expected that "Take Two" will be televised in all parts of Synod after release, and that each program will be telecast four or more times; sixty programs being sufficient for a year's programming, with re-runs.

"News of the Church," presented in conjunction with the North Carolina Council of Churches, surveys inter-denominational news of the state, national and international levels. Mr. Ted L. Daniel, TRAV Director, is newscaster. Station program directors continue to express strong interest in this weekly program. "News of the Church" has received a nomination for the Parish of the Air Trinity broadcasting award.

Production facilities and studio time with a value of about $26,000 annually, are donated by WTVD, Channel 11, Durham for "News of the Church." In addition WBTV, Channel 3, Charlotte, makes copies of the program's video-tapes for distribution to the other stations on the regional network.

Air time for "News of the Church" is valued at about $30,000 annually.

In other production last year, a film newsclip of the 1966 Synod was prepared and telecast a total of ten times over eight television stations on the day Synod adjourned. A similar TV newsclip will be prepared for the 1967 Synod.

During Radio Month (May, 1966) a special series of "Churches Salute Radio" spot announcements were made and accepted by 96 stations.

1966 saw the nationwide release of one of the 1965 Synod TRAV spot announcements under the auspices of CROP (Christian Rural Overseas Program) of Church World Service. The spot dealt with hunger.

Placement—radio

A total of fourteen radio programs, program series, or spot series were placed with 463 North Carolina stations in the year past.

The most widely received items were "Just Before Christmas", a quarter-hour radio program produced by General Assembly's TRAV, which was accepted by 76 stations, and a repeat performance of "Three Radio Messages For Our Time" by Stan Freburg. The spot announcements or messages were accepted by 89 stations and played 395 times a day for six weeks, totaling 16,590 broadcasts. The Freburg spots were first broadcast in a six weeks radio campaign in 1965.

Placement—television

Nine different television programs or spot series were placed with 83 TV stations since the last meeting of Synod.

One of the placement efforts was directed toward the "God Is Alive" spot announcement series (six separate spots). Sixteen TV stations participated in this campaign. Not all of the stations found it convenient to make available records of how many spots were aired (stations do not normally do this for public service material), but the 11 reporting stations indicated a total of 1,535 spots were telecast with a cash value in excess of $230,250.00.

Audio-Visuals

The third annual Audio-Visual Preview was held in December, 1966 in cooperation with the Executive Committee of Christian Education. Plans are being laid for the Preview session to be held again this year.

The Audio-Visual Preview days offer an opportunity to local church leaders to preview the newest and best religious motion pictures, filmstrips and records at no cost.

TRAV has prepared several slide presentations, sound recordings and has assisted with the preparation of brochures and news items for various causes of Synod.

Other

Synod's TRAV Director has continued to serve on the Presbyterian Appalachian Broadcasting Council as Vice-chairman. The PABC seeks to serve the entire Appalachian region, including the mountains of North Carolina, with specialized programming for the rural mountaineer.

The Director is also chairman of Radio-TV for the North Carolina Council of Churches; a member of the Council Cooperation Committee of the National Council of Churches; and an associate member of the North Carolina Association Broadcasters.

Recommendations:

1. That Synod express appreciation to the Board of Church Extension for its appropriations to the Synod of North Carolina for (1) Salary Sustentation Aid in Winston-Salem Presbytery; (2) Support of the Butner Ministry; and (3) Grants-in-Aid to Churches of the Synod of North Carolina amounting to approximately $26,000.

2. That Synod commend Winston-Salem Presbytery for its decision to go on self-support beginning in 1968.

3. That Synod express its gratitude to the General Assembly's Committee on TRAV for assistance in the production of the TV program, "Take Three."

4. That Synod approves of the 1968 budget for Church Extension in the amount of $50,700.

5. That pending adoption of this report Synod hear Dr. Samuel Southard of the Board of Church Extension, Atlanta, Georgia.

[1] SOUL-WINNING RATIO: Number of members required to win one soul to Christ in a year. Determined by dividing the number of accessions on profession of faith at the end of the year into the total number of communicants at the beginning of that same year. The result is in persons, not percentage and the lower the figure the better the standing.

[2] SPIRITUAL BIRTHRATE: Growth by professions of faith, expressed in percentage. Determined by dividing the number of members at the beginning of a church year into the number of accessions on profession of faith during that same year. The higher the percentage the better the standing.

D. Report of the Executive Committee on Educational Institutions

Reverend James L. Price, Jr., *Chairman*

1. Colleges and Union Theological Seminary

The academic year 1966-67 was one of remarkable growth for Synod's institutions of higher education. North Carolina may be justly proud of its contributions to the success of the Union Seminary Advance Campaign, which has resulted in gifts and pledges to the Seminary's support in excess of $7,100,000. In the first phase of its "Decade of Destiny" program, Davidson College reported in February that it had raised $4 million in an effort to secure $5.5 million by June 30, 1968, in order to qualify for $2.2 million in challenge grants from the Ford Foundation. St. Andrews has made significant progress during the year in its science curriculum development, its building and endowment programs, and in preliminary planning for a major capital gifts campaign in 1969. The educational facilities of Queens College were augmented during the academic year just ended by the completion of the fine arts center, the Walker Science Building; and work was begun on the remodeling of the chapel and its organ, and a general classroom building.

This year of dynamic progress was also one of transition. The Synod of North Carolina was saddened, as was the entire church, by the death on November 17, 1966 of James A. Jones, president of Union Seminary. (A fitting memorial of the many contributions of this truly remarkable minister and educator is incorporated in this report). At its meeting on May 16, the Board of Trustees of Union Seminary reported its good fortune in securing the services of Reverend Fred R. Stair, Jr., pastor of the Central Presbyterian Church of Atlanta, as Dr. Jones' successor. Reverend Balmer H. Kelly, dean of the Seminary, served with distinction as interim president during the year of transition.

The career of another distinguished servant of one of Synod's institutions ended during this academic year: Reverend Price H. Gwynn, Jr., formerly dean of Flora Macdonald College and of St. Andrews College, passed away on February 11, 1967. (See the memorial resolution, below).

Two other changes in the educational administrations of Synod's institutions should be noted. The Board of Trustees of Queens announced its success in securing a new president for the college in Charlotte: Dr. John Smiley, chaplain and associate professor of church history at Occidental College, California, will assume the presidency of Queens on June 15. On April 27, at a meeting of the St. Andrews board, Chairman Tom Belk announced that, acting upon a personal request of Dr. Ansley C. Moore, the trustees would appoint a committee to seek his successor as President, following the normal retirement policies of the college. While Dr. Moore will continue to serve as president until his suceessor is selected, and then devote his energies to the forthcoming fund-raising campaign, the retirement of St. Andrews first chief executive marks a transition in the rapidly-evolving life of Synod's college at Laurinburg.

2. Financial Statements

It is with a sense of disappointment that your committee on Educational Institutions must report a decrease of 8.74% in contributions of the Synod to the Seminary and its three colleges. In 1966 we received $37,792 less than in 1965 for the cause of church-sponsored higher education, in comparison with an 11.12% increase in 1965 over 1964. Gifts to Educational Institutions for the first three months of 1967 total $59,528, an increase over 1966 for the same period of $6,866, but it is too early to conclude that last year's recession in giving has been overcome, or that interest and effort in behalf of our colleges and seminary have quickened.

More must be expected of our churches if Synod's institutions are to receive the support they need to keep pace with the changes and challenges in higher education. Recent statistics show that approximately three-fourths of Baptist and Methodist colleges receive up to one-fourth of their educational and general income from their churches, while Presbyterian churches contribute 10 percent or less of the current income in over one-half of their colleges. If our institutions are to continue to expand the quality of their well-founded programs a greater measure of support must be given them.

3. Capital Gifts Campaign

The annual financial statement on the 1956 Campaign gives a succinct account through December 1966 (See page 34). It should be noted that we continue to receive payment on pledges. Last year $5,125 was received; of this amount $3,526 was for St. Andrews College.

4. Students: There are 112,805 students in North Carolina Colleges this year. There are approximately 13,658 Presbyterian students in North Carolina Colleges, an increase in excess of 1,700. There are 2,797 students in Davidson, Queens, and St. Andrews. This compares with 2,784 last year. In addition, there are 424 students at Peace College, 488 last year. There are 1,355 Presbyterian students at Davidson, Queens, and St. Andrews, and 133 at Peace. We are responsible for more than 6,100 Presbyterian students through the Campus Christian Life Program, not including Davidson, Queens, and St. Andrews. Including graduate students and wives of married students, there are more than 1,000 Presbyterian students at each the University of N. C., Chapel Hill; N. C. State University, Raleigh; and Duke.

If Presbyterian students increase at an average of only 750 a year until 1975, there will be 19,000 Presbyterian students in North Carolina Colleges in that year.

Recommendations:

At its Fall meeting at Davidson College, October 17, 1966, the following actions were taken by the Committee:

1. That Synod urge each Presbytery to designate a Davidson month, beginning in the Fall of 1967, and within that month a Davidson Sunday, to be observed throughout the Synod of North Carolina. This action is urged to the end that the

college may maximize the benefits it can secure through the Challenge Grant of the Ford Foundation and move forward into its "Decade of Destiny".

2. That the bequest of $5,000 for the education of men for the ministry, designated as the McKay Scholarship Fund, be transferred to the Presbyterian Foundation for investment, and that from time to time the returns from this investment be designated by Synods' Committee on Educational Institutions.

At its Annual meeting, convened in Synod's Office, Raleigh, N. C. on May 12, 1967, the following actions were taken:

1. That the Committee on Educational Institutions express its willingness to hold its fall meeting, October 1967, at St. Andrews College.
2. In the presence of Dr. Balmer Kelly, acting President of Union Theological Seminary, and Assistant to the President, Reverend Kenneth Orr, the following resolution was adopted by the Committee:

> *And, further, that we hereby humbly acknowledge that this Synod, its Educational Institutions, and the people of this State are deeply indebted to Dr. Gwynn for his leadership in organization and educational statesmanship;*
>
> *Be it further resolved that a copy of these resolutions be attached to the Minutes of this Committee, a copy be read to the Synod of North Carolina, and a copy be forwarded to his family.*

DAVIDSON COLLEGE, Davidson, N. C., D. Grier Martin, President. College is owned and controlled by the Trustees of Davidson College, who are elected by presbyteries in the Synod of North Carolina, by St. Johns and Everglades Presbyteries in the Synod of Florida and by Asheville Presbytery in Appalachia Synod. Founded in 1837. Men.

Academic Standing: Member of the Association of American Colleges; Southern Association of Colleges and Secondary Schools; Southern University Conference; National Conference of Church-Related Colleges; Presbyterian Educational Association of the South; and approved by the Association of American Universities. Has a chapter of Phi Beta Kappa. (Size of college: 1,000 students, 84 faculty members (plus ROTC personnel).

Financial: Book value of property, $9,387,153. General and scholarship endowment, $14,762,571. For college year ending June 30, 1966, supporting churches of Synod of North Carolina will have contributed an estimated $63,000 or 2.6% of the educational budget of the college.

Davidson is in its 130th year as a liberal arts college for men, affiliated with the Presbyterian Church U. S. In a long-term "Decade of Destiny" program, Davidson must raise $25.3 million by 1975 to meet its goals and to maintain the quality of its educational program during that period. In the first phase of this program, the college had raised $4 million as of February, 1967, in an effort to secure $5.5 million by June 30, 1968, in order to qualify for $2.2 million in challenge grants from the Ford Foundation.

The Alfred P. Sloan Foundation has given $250,000 for the purpose of developing an interdisciplinary course in the sciences. A "Blue Sky" committee of faculty and students is studying a thorough revision of the college's curriculum, and many plant improvements are moving toward completion, e.g., the complete renovation and air conditioning of Chambers Auditorium, renamed in honor of J. Spencer Love; the renovation in the summer of 1967 of the entire Chambers building, including air conditioning and remodeling; planning for new library facilities to keep pace with the rising influx of books; development of 106 acres on nearby Lake Norman for recreation and water sports purposes. A forward-looking Summer Program in Liberal Arts has been scheduled for the summer of 1967 for public school teachers in Mecklenburg and neighboring counties.

Davidson's purpose is to liberate men physically, mentally and spiritually; to educate the whole man for an abundant life—for leadership, for service and for self-fulfillment; to develop men of cultivated tastes, humane instincts, gentlemanly bearing and Christian character.

Over 70% of Davidson's graduates go on to seminaries and other graduate and professional schools and their records have been such as to create a demand for them by leading graduate schools throughout the country. A recent survey shows that, among colleges in the Southeast, Davidson has the highest percentage of medical school applicants who are accepted.

QUEENS COLLEGE, Charlotte, North Carolina; Edwin R. Walker, Ph.D., chancellor and acting president. The college is owned and controlled by the Synods of North and South Carolina. A liberal arts college for women, Queens has been a degree granting institution since 1857.

Academic Standing: The college is accredited by the Southern Association of College and Schools and is a member of the American Association of Colleges, the American Council on Education, the Presbyterian Education Association of the South, the National Commission on Accrediting, the College Entrance Examination Board, the College Scholarship Service, and the National Association of Schools of Music. The Department of Adult Education holds membership in the National Association of University Evening Colleges.

Program: Queens College has achieved a strong educational program to prepare young women for lives of useful service. A well-qualified faculty, which has been enlarged annually to accommodate the increase in student enrollment, constantly scrutinizes the courses of study, making additions or modifications regularly so that students can benefit from both traditional ideas and the most recent developments in liberal arts education. This program, with its emphasis on responsibility and creativity by the student, is particularly adapted to the educational needs of women.

A summer program of study and travel abroad was begun in 1964. Participating students spend 10 weeks in travel and study directed by Queens faculty members. Students attend lectures in five cities while travelling in Europe and have five weeks of intensive study in Vienna in cooperation with the University of Vienna and the Institute of European Studies, and may follow a planned post-study travel period or may travel independently. Political science students may elect to spend one semester of the junior year in Washington, D. C., studying government in action.

The program of religious activity on the campus is in a healthy state. All members of the student-body are members of the Queens Christian Association, and both students and faculty take part in formal and informal religious activities on and off the campus. The college chaplain is a member of the department of Bible and Religion and is also chairman of the faculty committee on Chapel and Religious Life.

The size of the student body has been increased at the same time that quality has been stressed; and the student enrollment is now national in scope, representing 33 states, the District of Columbia, and three foreign countries. Queens is one of several colleges participating in the Uniform Early Decision Plan of Admissions.

General Information: The fine arts center and a new science building were completed for use in the 1966-67 session, and at the present time the former science building is being remodeled as a general classroom building. The chapel is being refurbished and air-conditioned, and its Moeller organ is undergoing repair.

The student body numbers 854, and the library includes books and periodicals numbering about 65,000.

ST. ANDREWS PRESBYTERIAN COLLEGE, Laurinburg, North Carolina. Dr. Ansley C. Moore, President—Owned and supported by the Synod of North Carolina, Presbyterian Church, U. S., St. Andrews, merger of Flora Macdonald, Presbyterian Junior, and Peace Colleges, opened its doors on a new campus in Laurinburg, September 17, 1961. It is a coeducational, liberal arts, four-year college.

Academic Standing: Accredited by the Southern Association of Colleges and Schools. It is also an institutional member of the National Association of Schools of Music and holds membership in the North Carolina College Conference, the American Association of Colleges, the Presbyterian Education Association of the South, and the North Carolina Foundation of Church-Related Colleges.

Curriculum: At the heart of St. Andrews' academic offerings is the Christianity and Culture Program. This series of courses required of all students provides 33 credit hours in history, religion, philosophy, literature, and the humanities. It is taught by four teams of professors who make use of the lecture-preceptorial method.

Three degrees are offered at St. Andrews—bachelor of arts, bachelor of science, and bachelor of music. Majors include religion, Christian education, English, biology, chemistry, mathematics, history, foreign languages, education, psychology, business, art and drama, music, politics, and sociology-anthropology. Cooperative programs in engineering and medical technology have been worked out with other institutions.

Physical Plant: Sixteen buildings are used at the present time, fourteen of them new as follows: the liberal arts and science building, the library, the student center, eight dormitories, music building, physical education building, and the heating plant. Urgently needed are the auditorium-theater, the science building, the administration building, the chapel, and an infirmary.

Student Enrollment: A total of 955 persons were enrolled at St. Andrews Presbyterian College during the first semester of the academic year 1966-67—440 men and 515 women. Some of these were on a part-time basis so that the total full-time equivalent student enrollment was 937.

Faculty and Staff: There are 70 members of the St. Andrews Faculty holding degrees from some 37 first-class graduate schools. 24 people are listed in the administrative group, as well as 8 Residence Hall Directors. A teacher at St. Andrews must have at least the Master's degree. 40% of the faculty now hold earned doctorates.

Financial Picture: Book value of property, $8,093,321. General and Scholarship Endowment, $1,361,399. Total operating budget, $2,633,260. Under a decision by the Superior Court, Raleigh District, the property of Peace College was given to St. Andrews, but the income from the endowment was given to the First Presbyterian Church of Raleigh.

We have borrowed $1,930,000 from the Federal Government for dormitory and Student Center construction. Our educational program is being hampered at the present time by the lack of an auditorium-theater and a science building. We need $3,000,000 in new money for these buildings.

By 1970 the college expects to have the chapel, an administration building, two more dormitories and an addition to the Student Center. The cost of these buildings is estimated at $2,000,000 in new money. They are basic to the completion of the original plan for the college.

The college must also match its building investments with endowment. This would mean that approximately $10,000,000 in endowment for teacher salaries, scholarships, study, travel, and research must be added as soon as possible.

To have the sort of program envisioned by the Synod of North Carolina at St. Andrews, financial support from the Synod, its churches and its members is needed. There is no question about the demand for a coeducational institution of this size. With the continued support and increased financial contributions, the college can and will offer added strength, vigor, and effectiveness to the total church program.

GRADUATE SCHOOL

UNION THEOLOGICAL SEMINARY IN VIRGINIA, one of the four seminaries of the Presbyterian Church in the United States, is controlled by the four Synods of Appalachia, North Carolina, Virginia, and West Virginia through a Board of Trustees nominated by these Synods. Dr. Balmer H. Kelly, Acting President.

The Administration and Trustees of Union Theological Seminary in Virginia respectfully present to its controlling and affiliated courts this report concerning affairs for the academic year 1966-1967.

Trustees and Administration

Union Theological Seminary in Virginia, one of the four seminaries of the Presbyterian Church in the United States, is controlled by the four Synods of Appalachia, North Carolina, Virginia, and West Virginia through a Board of Trustees nominated by these Synods.

The Seminary records with sorrow the great loss occasioned by the death of the President of the Seminary, the Reverend James A. Jones, on November 17, 1966. President Jones served the Seminary for eleven years. During that relatively short period he brought great distinction to the institution and provided it with extended financial foundations. President Jones' great effort in behalf of the Seminary was his work in behalf of the Seminary's ADVANCE Campaign. During his administration there was also a complete reorganization of faculty and administrative responsibilities.

A Committee of the Board of Trustees composed of Dr. Harry M. Moffett, Jr., Chairman; Mr. Leslie N. Boney, Dr. Warner L. Hall, Dr. David R. Holt, III, Mr. Baxter N. Shaffer, Dr. W. T. Thompson, Jr., and Mr. Thornton H. Brooks, Chairman of the Board, ex officio; was designated to seek a successor for President Jones. At a meeting of the Board on May 15, 1967, the Committee recommended and the Board elected the Reverend Fred R. Stair, Jr., Pastor of the Central Presbyterian Church, Atlanta, Georgia President. He will assume his duties about October 1.

The following new Trustees have been nominated by the Synods for the Seminary, to be elected at the annual meeting of the Board of Trustees this Spring: Dr. C. Irving Lewis, of Martinsville, Virginia; Dr. C. Houston Patterson, of Bluefield, West Virginia; Mr. E. Angus Powell of Richmond, Virginia; and the Reverend J. V. C. Summerell, of Fayetteville, N. C.

The Faculty and Academic Affairs

During the academic year two new professors and one visiting professor have been teaching at the Seminary for the first time. Professor Neely Dixon McCarter joined the Faculty as professor of Christian Education. Professor McCarter was formerly a member of the Faculty of Columbia Theological Seminary. He was installed in The Robert and Lucy Reynolds Critz Chair of Christian Education along with two other members of the Faculty, Professor Mathias Rissi and James Perry Martin, at the annual Sprunt Lectures period in March 1967.

Professor Patrick Dwight Miller, Jr. has begun his work as assistant professor of Old Testament. Professor Miller is a graduate of Union Seminary in Virginia and holds the Doctor's degree from Harvard University. He has been carrying a full load of responsibilities in the curriculum and in the affairs of the faculty. Professor Lamar Williamson, Jr. has served through the year as Visiting Professor in New Testament Studies. Professor Williamson had been, prior to his work here at Union Seminary, a member of the faculty of the School of Theological Studies at Luluaburg, in the Democratic Republic of the Congo.

The faculty of Union Seminary is still involved in revision of its new curriculum. Although the response to the curriculum has been relatively good there are manifest ways in which it can be improved. A distinct advantage is the initiation this year of a new academic calendar involving two long quarters and a single short quarter during the month of January. The faculty is now engaged in an extensive program of self-study preliminary to a regular re-evaluation of the Seminary by the Association of American Theological Schools scheduled for October 1967.

The Seminary initiated in September 1967 a new graduate degree program, the program leading to the Master of Sacred Theology Degree. This limited residence program is designed especially for pastors in the vicinity of Richmond and has involved six separate courses and will be implemented by four additional courses during an August short term. So far there have been 65 pastors engaged in these courses which serve as qualifying preparation for entrance into the Graduate Program. No S. T. M. candidates for the degree as such will appear in the Seminary's statistics until some time after 1968.

Student Affairs

Union Seminary began the academic year 1966-1967 with 55 new B. D. students and a total student body enrollment, exclusive of S. T. M. enrollees, of 212 students. Of the undergraduate students 128 are members of the Presbyterian Church, U. S. and 17 are members of the United Presbyterian Church in the U. S. A. Forty of the Presbyteries in our denomination are represented in the Student Body. Students in the undergraduate and graduate programs come from 25 states and nine foreign countries.

It is expected that in May 1967 the Seminary will award degrees as follows: 41 B. D. degrees; four Th. D. degrees; and nine Th. M. degrees.

Continuing Education

The faculty of Union Seminary in Virginia continues to provide an ongoing program of education for ministers already in service. For the current academic year 188 ministers from the supporting Synods have taken part in residence, studying on the Campus as Tower Scholars, Summer Scholars, Independent Scholars, or members of Advanced Study Seminars. In addition to men involved in the resident study programs 1085 have participated in Directed Study programs by mail, using one of the 77 courses now provided by the Faculty.

The summer program at the Seminary is designed to provide another opportunity for continuing education offered to men in the pastorate. During the coming summer a two-week program will feature two study groups: a seminar on "Christians in a Secular Age", and a Preaching Clinic.

Fiscal Affairs

Because the fiscal year of the Seminary ends on March 31 it is impossible at the time this report is made to provide final figures on the operation of the Seminary for the past year. The audit will be completed in May and reports will be placed in the hands of the several committees of the Synods at that time. A summary of the fiscal operations of the Seminary for the past two years and an estimate of the Seminary's current income and expense for 1966-1967 follows:

The Union Seminary ADVANCE

During 1966 the Seminary conducted an intensive capital funds campaign in the Synods of North Carolina, Virginia, and West Virginia. The goal of the campaign was $6,000,000 which was designed to be used to undergird the instructional program and to provide some urgently needed facilities. During the months of the campaign members of the Seminary community, faculty and students alike, appeared in over 750 churches. The film "The Training of a Minister" was shown to over 35,000 church members.

The Seminary now records its genuine appreciation to the many hundreds of laymen and ministers throughout the Synods who gave leadership in the conduct of the campaign. We express also our appreciation to the members of the Church who together have given and pledged an amount in excess of $7,100,000. On the basis of this assured support the Seminary Administration is moving ahead to bring to reality the plans outlined in the ADVANCE Campaign. Construction began the first of March on 60 apartments for married students and for families. It is anticipated that at least 30 of these apartments will be ready for occupancy by the new academic year in September 1967 and thus will answer a long felt need for convenient reasonably priced housing for seminary student families.

Architects are now at work on plans for a new educational center to be located on the Westwood Avenue side of the main quadrangle providing lecture halls, seminar rooms, and new quarters for the Seminary's extensive Audio-Visual collection. These plans will also provide for a needed addition to the Library. It is possible the construction of all of these new facilities could begin by sometime in the calendar year 1967.

All of the members of the Seminary community have been greatly heartened and strengthened by the encouraging support and interest provided by the churches. On the basis of this support and in gratitude to God we undertake to move forward in a genuine ADVANCE Program.

[1] The General Assembly Minutes annually reported a figure larger than that reported by the Synod's Treasurer. This is explained by the fact that all funds contributed to Higher Education do not pass through the hands of the Synod's Treasurer such as some gifts made directly to institutions on Campaign pledges and gifts to Assembly's educational institutions: the Assembly's Presbyterian School of Christian Education, Stillman College, and Montreat College, though the latter is not officially an institution of the Assembly.

[2] The General Assembly Statistics are reported differently since 1955 and the information on total gifts to Higher Education is not available.

INFORMATION

The Director is endeavoring to make his office a channel for distributing information about the Schools for which Synod has a responsibility. He is available for presenting the cause of Christian Education to Presbyteries, Presbyterials, local Churches, and Men's and Women's organizations.

Several schools have motion picture films which they make available to interested groups.

Synod has a filmstrip on the whole work of Synod, "The Work We Do Together," and another on "Campus Christian Life". Both are available at no charge.

6. BEQUESTS AND MEMORIALS

According to Webster, a memorial is anything intended to "preserve the memory" of a person or event. Granite preserves a name; influence preserves a memory. A memorial dedicated to the service of Christian Education is truly an everlasting memorial since it lives on generation after generation. This type of memorial is not only possible to people of large wealth but to the average man. Buildings and gifts for endowments are appropriate for people of means. Gifts of equipment for gymnasiums, offices, and music departments; audio-visual materials, furniture, and outdoor improvements are within the reach of average people. Information on specific needs will be furnished to interested persons.

FORM OF GENERAL BEQUEST

"I give, devise, and bequeath to (..), an institution located and operating at.., and its successors, by whatever name it may be known, the following described property, to wit: (here describe the amount of money or nature of property given)."*

FORM OF BEQUEST FOR INDICATED PURPOSE

"I give, devise, and bequeath to (..), an institution located and operating at.., and its successors, by whatever name it may be known, the following described property, to wit: (here describe the amount of money or nature of property given), with the direction that the same be used for the support and operation of the (Library, Infirmary, etc.)."*

V. REPORTS OF PERMANENT COMMITTEES

A. REPORT OF THE COMMITTEE ON ANNUITIES AND RELIEF

REVEREND DAVID H. BURR, *Chairman*

Your Synod's Committee has met for two stated meetings at Synod's office during the year. Each Presbytery has been represented. The Committee dispenses the funds which are derived from the Kate B. Reynolds Trust for retired Presbyterian ministers. A total of 96 ministers have been recipients of the fund.

Income for distribution in 1966 was as follows:

March	$40,370.23
September	40,053.40
Total	80,423.63

The first disbursement in 1967 was for $43,002.25. In March, 1966 distribution was made to 89 retired ministers; in September to 94; in March, 1967 to 94. The average number of ministers participating in 1966 was 91. The average annuity was $878.94.

The Synod's Committee commends the annual report of the General Assembly's Board of Annuities and Relief to all churches of the Synod.

Recommendations:

1. That ministers, ruling elders, and others encourage gifts, legacies, and trusts from interested individuals to supplement the existing trust for retired ministers in the Synod.

B. REPORT OF THE COMMITTEE ON ASSEMBLY'S GENERAL FUND AGENCIES

REVEREND ALBERT B. MCCLURE, *Chairman*

This Committee in its Spring meeting found uncertainty in the minds of the membership as to the function of the committee of the Synod and its relationship to the present General Assembly structure. Being unable to resolve it within the day's session, the Committee planned to have a statement and an appropriate recommendation for the Synod at its meeting in Montreat in reference to the function of the Committee and its relationship to these agencies and to the Assembly's structure.

However, since there is no uncertainty about the areas of the church served by the nine Assembly's Agencies receiving support from the churches and rendering service directly or indirectly to the churches of the Assembly, these agencies commend themselves to the church for loyal support. The members of the church need to receive information about these Assembly Agencies in order that they may intelligently support the work through the benevolence budget. These nine cases, well known in our church, are: The General Council, The Presbyterian School of Christian Education, The Mountain Retreat Association, TRAV, Stillman College, The Historical Foundation, The American Bible Society, The Presbyterian Foundation, and the Board of Women's Work.

Recommendations:

(1) That the Session of each church in the Synod emphasize the work of the General Fund Agencies throughout the year, but especially during the month of June.

(2) That the Session of each Church in the Synod give full support to these Agencies through the budgeted benevolences.

(3) That Synod's Council study the name and functions of this Committee in the light of changes already made and changes now being proposed to the 1967 assembly and make appropriate recommendations to Synod.

(4) That pending the adoption of this report the Synod hear David J. Williams of The American Bible Society.

C. REPORT OF COMMITTEE ON ATTENDANCE

REV. HOWARD W. GILKESON, *Chairman*

Recommendations:

1. That the enrollment forms sent out by Synod's Office to the Sessions be modified to serve for each commissioner as a "certificate of commission from the Session of the Church he represents similar to that required by the General Assembly". (See Chap. 17:2 BCO)
2. That all ministers be reminded that by virtue of their ordination and membership in a Presbytery or Synod their attendance is mandatory unless they are honorably retired or they have presented a specific and valid reason why they should be excused.
3. That Sessions of churches be reminded that they are to be represented at all meetings of Synod, and that an excuse, whatever the reason, does not fulfill this responsibility; that attendance at Church Courts should never work a financial hardship on a commissioner, and that this is a responsibility of the local Church.
4. That in view of the fact that Synod is charged for those commissioners who pre-registered and who do not present a valid reason to be excused from attendance of the annual meeting, the General Secretary be directed to write the congregations involved for the amount charged.
5. That Synod's Council be requested to study the whole matter of attendance and excuses for non-attendance at Synod and specifically investigate the possibility of Synod beginning some kind of mileage (or expense) reimbursement, with an increased per capita assessment to defray this expense.
6. That Synod grant excuses to those ministers and ruling elders who, for some reason, have requested that they be excused from attendance of a part of this meeting of Synod.
7. That the requests of 220 ministers and 78 churches to be excused from attending this meeting of Synod for what the Committee deemed valid reasons, be granted.

8. That the 302 churches, neither having a representative at this meeting of Synod nor being excused from attendance, be listed in the **Minutes** of Synod as unexcused.
9. That the 95 ministers, neither in attendance nor excused, be listed as unexcused in the **Minutes** of Synod.
10. That Presbyteries and Churches be reminded that Synod is a Court of the Church and that Camps, Vacation Schools, Conferences, and other programs should not be scheduled to conflict with the annual meetings if this means that members of the Court will be prevented from attending Sessions of Synod.

D. REPORT OF COMMITTEE ON BEQUESTS AND DEFERRED GIFTS

ARCHIE W. MCLEAN, *Chairman*

Pursuant to instructions of the Stewardship Committee, meeting May 18, 1966, to the effect that the Committee on Bequests and Deferred Gifts explore further the matter of employing a Finance Secretary "with all of the Agencies and Institutions of Synod involved in such a plan as to their interest in and willingness to support such a finance officer", the Committee invited representatives of the Agencies and Institutions of Synod to a meeting on July 22, 1966. Representatives were present from Davidson College, St. Andrews College, Union Theological Seminary, the William Black Home, Barium Springs Children's Home, the Presbyterian Home at High Point, the Executive Committee of Church Extension, and the Executive Committee of Educational Institutions. Dr. Edwin R. Walker of Queens College expressed regret on not being able to attend the meeting, but voiced his deep interest in the matter to be considered. The Chairman of the Executive Committee on Christian Education was unable to be present. Also attending the meeting were Mr. Walton Litz, representing Presbyterian Foundation; the General Secretary of Synod; and your Chairman.

The matter was presented and thoroughly discussed, and all of the representatives of Institutions present indicated their interest in the plan, namely to establish a Central Office for developing a program for Bequests and Deferred Gifts.

Some thought that a Foundation might underwrite the establishment of the office. Some felt that though the institutions of Synod would be interested in supporting such an office that ultimately Synod should support it. It was indicated that the budget would range from $20,000 to $25,000. All were agreed that the Presbyteries should participate in promoting the plan through a paid Presbytery representative.

In conclusion, it was unanimously agreed that an office with a finance officer to promote Bequests and Deferred Gifts should be established and that it should be supported jointly by the Agencies and Institutions of Synod, i.e., both Synod and its institutions participating; and that the Presbyteries should join in support of the Plan by having representatives promoting the plan.

Your Chairman and General Secretary later made contact with a Foundation and received sufficient encouragement to warrant our reporting back to the Committee on Bequests and Deferred Gifts that we should proceed with some plan.

The Committee, meeting on February 28, 1967, approved of the recommendation of the Ad Hoc Committee that a Foundation be approached in regard to assisting Synod in establishing an office on Bequests and Deferred Gifts for a period of five years, providing $25,000 the first year, and phasing out the grants on a descending scale, with the Synod of North Carolina accepting support on an accelerating scale.

Your Chairman appeared before the Stewardship Committee of the Synod of North Carolina on May 17, reporting favorably on the plan for establishing an Office on Bequests and Deferred Gifts and also on the prospect of receiving foundation support over a period of five years; however, the Committee answered the request by advising that the proposal be presented to Presbytery Councils for consideration of the over-all plan, including participation of Presbyteries and to report back to the Stewardship Committee at the February, 1968 meeting.

F. COMMITTEE ON CHRISTIANITY AND HEALTH

Rev. W. R. Smith, III, *Chairman*

The Permanent Committee on Christianity and Health met at the Synod's office on February 2, 1967. There were seven members present and Rev. James Grubb, the Synod's Institutional Minister at Butner was invited to sit as a visitor.

Mr. Grubb presented a comprehensive report on our work at the various institutions at Butner, urging that Presbytery Chairmen encourage groups to visit there. He presented the variety of training programs available for Ministers.

Each of the Presbytery Chairmen present presented a report of what had been done on Presbytery level throughout the year. The absent members sent written reports which were presented by the Chairman. It was requested that copies of the reports be made available to all members of the Committee.

The Committee agreed that the following areas of emphasis and pertinent information related to them should be forwarded to the Presbytery Chairmen for their dissemination to Presbyteries:

1. The variety of workshops and training programs available to ministers who feel the need of additional training or for personal help.
2. Information on workshops designed to encourage and facilitate the Physician and the Minister working together.
3. Information regarding the types and function of committees that can be formed on the local level consisting of Physicians, Ministers, and Hospital administrative personnel. (Wilson County has made considerable contribution in this area).

Recommendations

1. That the Synod's Chairman continue to serve as clearinghouse for Presbytery Programs, distributing such available information to all Presbyteries.

2. That Synod's Committee recommends to the Presbyteries through their Committee of Christianity and Health that they establish a scholarship or scholarships within their Presbytery to enable Pastors to attend a good Pastoral Counseling Institute. (Information on such Institutes available from Presbytery Chairmen).

G. REPORT OF COMMITTEE ON CHURCH AND SOCIETY

Reverend Vance Barron, *Chairman*

The Committee held its annual meeting in Synod's office on April 4. Another meeting has been scheduled for October 12, 1967.

Representatives to Seminars and Conferences

Reports were received from Synod's representatives to seminars and conferences as follows: Family Life Conference, Dr. Robert D. Phillips; Christian Action Conference at Montreat, Rev. Vance Barron; Rural Church Seminar, Rev. Lester Shepherd. The NCCC Washington-UN Seminar has been re-scheduled for October 23-28.

The following have been nominated to serve as representatives to future seminars and conferences: Christian Action, Rev. Vance Barron; International Affairs, Mrs. John R. Taylor, Greensboro; Churchman's Washington Seminar, Rev. Dan Durway; Rural Church Seminar, Rev. Ted Plott; NCCC Washington-UN Seminar, Rev. Charles McNutt.

Efforts to Secure an Adequate Privileged Communications Statute

Following the directive of the Synod, your Committee has worked with representatives of other communions in support of legislation which would protect the sanctity of confidential communications between clergymen and communicants. A bill (H.B. No. 118) has been introduced by Rep. Wesley Bailey, which would provide the desired protection. Your chairman conferred with Rep. William Britt (Chairman of Judiciary No. 2, which has this bill) and at his request took the initiative in organizing representation of churchmen for a public hearing on this bill. The hearing was held on April 18, and authorized representatives from the Roman Catholic Diocese of N. C., the Jewish Synagogues of N. C., as well as from all major Protestant denominations, were present to offer unanimous support for House Bill No. 118. At the time of this writing (May 1) this bill is still pending in the Committee. If it is not reported out and passed by this General Assembly, we will continue our efforts until such time as an adequate statute shall be enacted.

It should be noted, however, that even if the proposed bill should become law, Presbyterian clergymen would not be in a strong position for claiming the full protection of such law. The reason for this is that our Book of Church Order does not state specifically that our clergymen are expected to hear and honor confidential communications as a function of their office. This is spelled out in the discipline of some other communions, and should be so spelled out in ours. (See recommendation #3.)

The 1967 Legislative Dinner

There are 37 Presbyterian members of the present General Assembly. This number includes the Lt.-Governor, 17 Senators, and 19 House Members. Your Committee sponsored a dinner meeting for these members on April 4th. The meeting was well attended and there was good discussion, especially concerning the pending bill on confidential communications (see above). We believe that this bi-annual dinner meeting serves a worthwhile purpose and we plan to continue it.

The Church and the War on Poverty

Your Committee expresses its gratitude for the excellent study material which was prepared for use in our churches during the Joint Season of Witness in 1967. ("Plenty and Want: the Responsibility of the Church," by Ernest Trice Thompson). These brief studies are classic statements of the Biblical and theological grounds on which the Church stands on these matters. They should continue to be used in our churches as a means of confronting us with our responsibility for all those who live in poverty.

We note with deep regret what appears to be a lessening of enthusiasm in national, state, and local government for the "War on Poverty," and what is certainly the failure to allocate sufficient resources for this purpose. What is the role and responsibility of the church in this matter? Must we not, at the least, speak for these voiceless members of our affluent society, and represent the cause of the poor and oppressed in their silent cry for justice? Our failure to identify ourselves with the cause of the poor raises a disturbing question about our identification with Jesus Christ. (Read Matthew 25:31-46.)

Recommendations:

1) That Synod commend to the churches as speakers Synod's representatives to seminars and conferences.

2) That the presbyteries of Synod be urged to send their Chairman of Christian Relations to the training program in connection with the Christian Action Conference, to be held in Montreat next August.

3) That Synod overture the General Assembly of the Presbyterian Church, U.S., to initiate the steps necessary to amend the **Book of Church Order** so as to make clear that the hearing and keeping of confidential communications is a function of an ordained minister in the Presbyterian Church, U.S.

4) That Synod adopt and transmit to its constituent congregations, the following resolution concerning the Ku Klux Klan and all other organizations which limit human freedom:

> "Be it resolved that the principles, goals and practices of the Ku Klux Klan and such other organizations that limit human freedom should receive the condemnations of all people. The Klan advertises itself as being 'eleemosynary, social, fraternal, charitable, and beneficient'; but it is our belief that the Klan is a militant organization which nurtures itself on prejudice, hatred, and intolerance. The pseudo-religious-Christian use by the Klan of symbols and forms of the faith in its public activities demand that all Christians repudiate this desecration."

5) That Standing Rule 23: 6 be amended by changing the title of this Committee to the Committee on Church and Society, and that it be recommended to Presbyteries that they take similar actions.

6) That Rule 23: 6a be amended to read as follows: **Membership**: To be comprised of the Chairman of each Committee of the corresponding cause in the several presbyteries and seven members at large, at least two of whom shall be women, and one of whom shall be the Chairman of the Committee.

7) That pending the adoption of this report, the Synod hear Mr. John Murray, representative of the North Carolina Fund.

H. REPORT OF THE COMMITTEE ON HISTORICAL MATTERS

Rear Admiral A. M. Patterson, USN (Ret.), *Chairman*

The Committee on Historical Matters met in Synod's office on March 15, 1967, with six members and Rev. Harold J. Dudley, General Secretary, present.

Dr. Dudley submitted a report which included the following: that the second printing of Foote's *Sketches of North Carolina* is now available at $12.00 per copy; that the John Knox Press has published Foote's *Sketches of Virginia;* that Rev. John K. Fleming's *Historic Third Creek Presbyterian Church* is nearing completion and should be available early in June; that pending publications include the *Presbyterian Travel B*ook, Rumple's *History of North Carolina Presbyterianism,* and Caruther's *Old North State* (second series).

Dr. Dudley reported that several committee members have been engaged in historical writing, to wit, Mrs. John Matthews, who is completing work on the history of Providence Church in Mecklenburg County; Rev. James MacKenzie, who completed a history of Old Bluff Church during the past year; and Admiral Patterson who has completed the genealogical record of one branch of the McBryde family.

The chairman and Dr. Dudley reported briefly on the growth and activities of the Presbyterian Historical Society. The Society has increased its membership to 225 and three Presbyteries are considering organizing chapters. With Synod approval the Society will sponsor a limited drive to raise $50,000 for an addition to Synod's office building to house archival and other historical materials.

In other actions, the committee: took note of the fact that Wilmington and Mecklenburg Presbyteries will celebrate their centennials in 1968 and 1969 respectively; appointed a sub-committee composed of Mr. MacKenzie, Mrs. Evans, and Dr. Dudley, to prepare a brief guide for the writing of church histories; and requested the chairman and Mr. MacKenzie to draw up and submit to Synod's Council a resolution requesting that the staff of Synod's office be increased to relieve the General Secretary of some of his ever-increasing work, and especially to permit him to carry out his Synod assigned task of writing a definitive history of the Synod of North Carolina.

The Committee discussed the problem of implementing its recommendations and concluded that continued efforts are necessary and that cultivation of the interest and support of proper individuals may be the best step toward solution. It was moved and adopted that the chairman should write to the stated clerks of the presbyteries asking them to place the matter of establishing historical committees, as recommended in 1966, on the docket of their next meetings.

Recommendations:

1. That ministers be requested to file photographs and life sketches in Synod's office.
2. That ministers be requested to record a sermon to be filed in Synod's office.
3. That persons who possess photographs of former ministers of the Synod of North Carolina be requested to file them in Synod's office.
4. That all churches which have not already done so, be requested to have histories written, distributed to members of their churches, and copies filed in Synod's office.
5. That the graves of deceased ministers, especially those of historical significance be located and marked.
6. That each Presbytery establish a historical committee.
7. That local churches take advantage of the offer of the State Department of Archives and History to microfilm church records for security and without charge.
8. That Synod be reminded of the recommendation of last year, to wit, that anyone needing advice in implementing any of the foregoing recommendations apply to members of the Committee on Historical Matters for assistance.

I. REPORT OF PERMANENT COMMITTEE ON HOMES

REV. R. T. HAYNES, JR., *Chairman*

The Committee on Homes met on April 28, 1967 at Synod's Office in Raleigh with five (5) members present.

Mr. Richard Short, Executive Director of the Presbyterian Home, presented an oral report on the Home in which he set forth the needs and problems of the Home. Mr. Short reported that medical fees and staff salaries had increased 15% at the Home since February, and that this situation was causing real concern for the future. In view of the dilemma of the home in light of escalating costs of operation, the Committee on Homes voted to strongly recommend to the Stewardship Committee of Synod's Council that consideration be given to granting an increase in askings in excess of the stated formula of 2% for the Presbyterian Home for 1968.

Dr. Nat K. Reiney presented a report on the Barium Springs Home for Children. He reviewed the present situation at the Home and stated that a family-oriented program as over against a custodial program was in the process of being instituted at the Home. It was pointed out that four things had to be done to accomplish this change. First, the staff had to be reorganized and developed to work with families as well as children; second, certain changes in the phyhical plant would be necessary; third, a program had to be developed to meet the present needs; families contacted, families rehabilitated, children studied as to capacities and needs; fourth, the program had to be expanded to provide for off-campus group homes, mother's aid and foster families.

Recommendations:

1. That Synod express its continued appreciation for the devoted services of the Board of Trustees of the Presbyterian Home and the William Black Home; the Board of Regents of Barium Springs; the staffs of these institutions; and especially Mr. Richard Short, Executive Director of the Presbyterian Home; and Dr. Nat K. Reiney, Executive Director of Barium Springs Home for Children.
2. That Synod urge all churches to invite the heads of the Homes, or their representatives, to speak to local church groups concerning the work of the Homes, and that Presbytery Committees on Homes be urged to invite speakers from these institutions to address meetings of Presbytery on appropriate occasions.
3. That Synod urge Presbyteries' Stewardship Committees to accept the full askings for Synod's institutions, and that local churches be urged to continue their support of the Homes, both through the regular budget and through the Thanksgiving Offering for Barium Springs and the Mother's Day Offering for Presbyterian Home.
4. That Synod amend the by-laws of the Barium Springs Home for Children as follows: (1) increase the number of Board members from twenty to twenty-four (from two from each of the nine Presbyteries plus two at large, to two each from each of the nine Presbyteries plus six at large), and (2) change the term of office for Board members from four years to three years, with a maximum of two consecutive terms.
5. That Synod, in order to be more informed of the problems, plans, and needs of its Homes, now hear brief verbal reports from Mr. Tully D. Blair, President of the Board of Trustees of the Presbyterian Home; and Dr. Nat K. Reiney, the Executive Director of Barium Spring Home for Children.

I. BARIUM SPRINGS HOME FOR CHILDREN

CHARLES H. BONEY, *President Board of Regents*

April—1967

Having marked seventy-five years of achievement last year and noting our stage of transition toward a family-oriented program, Barium Springs turned toward the future months with a real sense of confidence in this time of flux and redirection.

The role of Childrens' Homes everywhere has shifted, becoming a ministry now to children with different needs than those of a few years back. Through the years, we have been moving away from an institutional concept and into that of a meaningful family-like life for our children.

The changing outlook called for a special staff; and under the leadership of Dr. Nat K. Reiney, we added several new staff members and positions: Mr. J. Shepherd Speight, Jr., Business Manager; Mr. Rufus Fisher, Director of Social Services; Mr. Earle Frazier, Director of Campus Life; Mr. T. J. Gilmore, Director of Youth Activities; Miss Rebekah Carpenter, Director of Special Services; and Mr. Meredith White, Group Homes Supervisor. We feel that our new staff brings to Barium Springs a warm and loving, dedicated, and capable attitude. These are people that move easily in the child's world, seeing needs and finding ways to help.

The new staff joined us in a continuing searching for better ways in which to serve the children. A very valuable help in self-appraisal for Board Members and Children's Home Administration has been the periodic distribution of pertinent literature to each Board member from the Child Care Information Center at Chapel Hill. In determining that our task is one of providing love and nurture within a disciplined and creative environment rather than that of merely providing shelter and simple physical needs, we have constantly evaluated our work in order to assure a strengthening of our program.

The year closed with one hundred and fourteen children receiving the benefits of our love and care. They represent fifty-seven families scattered all across the State of North Carolina. Of the number, only one was a full orphan. All these families were gradually feeling the warmth of a staff who were dedicated to helping the entire family.

During the past year the administration building has been completely remodeled, and other new campus improvements are anticipated for the next year. A new educational plant for Little Joe's Church is a needed addition, since the only space for Sabbath School is an old building somewhat distant from the church.

The farming operation continues to stress the production of food and conservation of the land resources. The beef cattle herd has been increased and the hog production keeps pace with need. A program for the production of fresh vegetables for immediate use and the freezing of large quantities has been increased to make such available throughout the year.

With the generous support of Presbyterians plus the income received from trusts and bequests the work continues to prosper. During the year additional funds were added to the endowment from bequests and others made known their intent to remember the children and their families in Wills.

The Home and its expanded family-oriented program needs the prayers and generous support of all who want to help people of special need. No longer can we, or should we, expect someone else to do our mission—the varied needs of families in trouble should be a major concern of a Church dedicated to fulfilling the will of God and of meeting the command of our Savior, Jesus Christ, who said, "In as much as you did it unto the least of these, you did it unto me."

Your Synod home, under the policies set by the Board of Regents and carried out by a dedicated staff, are ever mindful of the many needs of these children and their families. New resources are being planned—such as: Mothers-aid, foster families, small group homes and family counseling to help serve children better. In serving the child many total families can be rehabilitated and redeemed to the end the children and families are reunited in the normal setting of a home.

I would like to express my appreciation for the privilege of serving as President of the Board of Regents for the past year. It has been a pleasure to work with the members of the Board and with the Staff, all of whom are concerned and committed people devoted to the service of Barium Springs Home for Children.

Mr. William Thacker, of Winston-Salem, will take office as President of the Barium Springs Board of Regents for the year 1967-68. Under his direction much more will continue to be accomplished. I am sure he would have us thank you for your concern and support over the past year and ask for its continuation.

2. The Presbyterian Home, Inc.

TULLY D. BLAIR, *President*

The Board of Trustees respectfully reports the major activities of the Home for the past year.

The Board met for two regular sessions and the Executive Committee met five times for the transaction of business during 1966.

There were 27 new admissions, 2 withdrawals, 16 deaths and a total of 224 served during 1966.

The books were audited by A. M. Pullen and Company, Greensboro, North Carolina, and the audit shows capital assets of $2,268,342.91 after recognizing reduction of fund balance and fixed assets for $516,391.61 of accumulated depreciation as of January 1, 1966. This report shows a gain in capital assets of $93,785.01.

The audit also shows:

(a) Capital fund contributions and income of $86,843.51 were not enough to pay the gain in capital assets of $93,785.01.

(b) Operating Fund expenses were $73,850.15 more than the income and contributions before depreciation. The operating expenses included $45,732.93 for financial expenses (Debt Service).

Both the nursing and domiciliary units of the Home have been accredited during the past year by the Joint Commission on the Accreditation of Hospitals. Also, the nursing unit has been certified as an ECF (Extended Care Facility) by H. E. W. and the Social Security Administration.

Many changes have been made during the past year with the aid and advice of A. M. Pullen and Company serving as management consultants and the Home's attorney. Some of the changes are: new member entrance agreements, supplemental agreements for present members, cost accounting system and procedures. These changes were deemed necessary in the interest of the members, the Home, and to meet the complications of this Medicare Age.

The federal Minimum Wage requirements, spiraling medical service costs, and inflation has, and is, creating a terrific burden on the Home. The income of the Home's members has not increased with the cost of living. The average age of 80 means that many of our members have only the minimum social security check.

This is your Presbyterian Home and there are many members who depend on you.

We need your prayers, your help in gaining support for the Home through gifts, wills and bequests, and a continuing interest in all those who make this their Home. We are truly grateful for all that has been done by many wonderful friends, but we must rekindle our efforts to meet the changes of this day.

3. The William Black Home, Incorporated

Reverend R. H. Stone, *President*

Your Trustees of the William Black Home can again report a successful year of operations. The 1966 season provided rooms and meals and splendid fellowship for hundreds of people of our Synod who came for the conferences and other gatherings of Presbyterians. The operation was under the splendid management of Mrs. W. C. Copeland and Miss Nancy Copeland of Davidson. The auditor's report shows a nice profit on the summer's operation. There are assets valued at $169,460.00.

During the off season some worthwhile improvements have been made. Showers have been installed in all the baths and ceramic tile has replaced the plastic composition. Additional lights have been authorized for the outside area. Added comforts have been provided for those taking advantage of the beauty of the Baucom Memorial Garden.

The Board is delighted that the Copelands are the managers for the 1967 season. Mrs. J. G. Walker, of Forest City, one of our Trustees, has volunteered her services as hostess for the summer. This, as a full time service, is a new feature and will add much to the fine spirit of fellowship that exists among the guests.

Your Trustees are dedicated to the trust and privilege that you have given them to maintain your splendid conference Home. They sacrificially give of their time and talent. In the face of inflation there has been no increase in the rates, while the quality and quantity of the food and services remains at an all time high. Rates for Presbyterians of this Synod range from $28.00 to $35.00 per week for room and meals. Others, when there is space available, pay from $33.25 to $40.25.

The Home having opened on June 5th will be entertaining guests through August 22nd.

J. REPORT OF THE COMMITTEE ON INTER-CHURCH RELATIONS

REV. GEORGE MCCULLEY WEBB, *Chairman*

These are exciting and interesting days in the life of the church as it seeks to minister to and meet the challenges of the changing world in which we live. One of the most far-reaching movements that affects the life of our denomination as well as others is the Ecumenical Movement which claims the attention of those in the church and out of it. Our conversations with the Reformed Church of America, our participation in the Consultation on Church Union, our conversations with other Presbyterian bodies claimed a major portion of the attention of the last General Assembly and will do so again in the current year. The ferment and movement within the Roman Catholic Church in these years of history-making proportions as signs of interest on their part in other denominations is another. There is a real basis for hope of greater expression of unity within the Church, the body of Christ, and greater cooperation and solidarity between the various members and denominations.

The Presbyterian Church has always assumed a prominent role in cooperation of churches and in councils of churches. It is our conviction that the Presbyterian and Reformed tradition is vital to the interest of the whole church and that we should take advantage of every opportunity to make our contribution and to influence the church of the future towards whatever shape, in the Providence of God, it may take.

The North Carolina Council of Churches

The major area of cooperation and interchange between churches within our Synod is the North Carolina Council of Churches. This Council has a broad program of cooperation and joint work which involves most of the major denominations and a number of the smaller ones within the bounds of N. C. The work among migrants, a very substantial program, and the Christian Social Action program are two of its strongest features. A more detailed report on the Council is attached.

The 1967 Annual Meeting was held April 25, 1967, in the First Christian Church, Winston-Salem, N. C. A financial crisis was averted assuring the ability of the Council to face the future with confidence in its ability to carry out its full program. Dr. Harold Dudley was chairman of the Finance Committee.

The Pastor's Conference on April 25 involved well over one hundred Pastors from across the state. The subject was "The Pastor and His Personal Problems" which was led by Bishop Hazen Werner, Methodist, Dr. Tom McDill, Presbyterian, and Chaplain L. L. McGee, Baptist. The chairman for this conference was the chairman of this committee.

It is significant that for the first time the Roman Catholic Church was represented by an official observer at this meeting.

The Distinguished Service Award for this year went to Dr. and Mrs. Harold J. Dudley for their contributions and leadership in the N. C. Council and the Church Women United. The Richard Shelton Communications awards for excellence in writing and broadcasting religious news went to a number of newspapers and radio-tv stations. These are sponsored by the Council and the Shelby Presbyterian Church of which Richard Shelton was a member.

The Executive Director for the Council is Dr. Sam S. Wiley, a member of this Synod.

Reporting Representatives to the Council from the Synod were Rev. Everett K. Brown, Rev. Charles L. Kirby, Rev. Donald A. Campbell, Rev. Robert Turner and Rev. George M. Webb. A number of others were in attendance.

The National Council of Churches

The Triennial Meeting of the National Council of Churches was held in Miami Beach, Florida, December 4-9, 1966. It was the privilege of your chairman to attend this meeting as an Accredited Visitor.

The theme of this meeting was "That the World May Know", based on John 17:23. The business of the General Assembly was divided between ceremonies, plenary business sessions, worship and Bible study, and study sections.

The most important feature of the Assembly, of course, was its business in the plenary sessions which were held daily. The interests and concerns of the entire church were brought before the elective representatives of all the member denominations.

It was apparent that the Council was determined to deal with the great issues of the day. Among these issues were the concern of the Church regarding the war in Viet Nam, the quest for peace, the war on hunger, the war on poverty, civil rights and race, the problems of sex, morality, and the family, as well as a number of other matters. There was every evidence that those participating meant to give expression to religion that is relevant to people and their needs.

Study Sections were organized as follows: a) Crisis and Opportunity in Evangelism, b) The City: Problem and Promise, c) Science and the Humanization of Life, d) Sex, Marriage, and Family, e) Strategies For the Next Stage in Civil Rights, f) Living in a Nationalistic and Pluralistic World, and g) Poverty, Affluence and Revolution.

The entire Assembly was led in worship each day by Bishop Lesslie Newbigin of the Church of South India.

This observer sensed the strong feeling of commitment on the part of those who were delegates from all the denominations. In all of the formal and informal statements, conversation, dialogue, and reports, there was an unquestionable Christ-centered orientation.

It could also be sensed that this group was marked by a faith that was, while being realistic about events in our world, still optimistic and unintimidated by the perplexity of these events and problems.

One also had the sense that he was among people who were of a like mind and with whom there was a sense of unity and belonging just as though it were a meeting of Presbytery or Synod.

There was a statesman-like quality to all the business and discussion that marked this as one of the finest and most helpful meetings this observer has had the pleasure of attending.

While there is awareness of the fact that there are different opinions based on a variety of experiences, backgrounds, denominational ways of life, and national origins of the differing communions, there was, nevertheless, an unquestioned spirit of unity which made one feel that this, indeed, was a very real expression of the body of Christ.

In conclusion, it is the deep and profound conviction of this observer that our denomination should continue to be a part of and work in the National Council of Churches, that we truly belong in this family of churches, and that it is, while not being perfect, unquestionably a great asset, ally, and source of strength for our own efforts in serving the cause of the Kingdom of Christ.

Committee Business

The Inter-Church Relations Committee meeting in Raleigh, March 2, 1967, requested Dr. Harold Dudley, Secretary, to represent this committee before the Appropriations Committee of the Legislature in order to urge the employment of the proposed Chaplain to conduct worship services in all of the Juvenile Correction Schools.

It received the report of the Rev. George S. Calhoun, Salisbury, who served as Fraternal Delegate from the Synod of N. C. to the 1966 Synod of Catawba, meeting at Barber-Scotia College, Concord, N. C.

It noted with sorrow the death of Dr. Price H. Gwynn, Jr., with this resolution:

> "That this committee takes cognizance of the death of Dr. Price H. Gwynn, Jr., who was a member of this committee and who from the inception of the North Carolina Council of Churches was related to that body, especially in the field of Week-Day Religious Instruction. Dr. Gwynn served for a number of years as chairman of the Council's Committee on Week-Day Religious Education. Dr. Gwynn died of a heart attack on February 11, 1967."

Recommendations:

1. That all members of the Synod be alert to opportunities on the presbytery and local levels to encourage cooperation between churches and all Christian persons that the Presbyterian and Reformed witness be furthered, and that the whole body of Christ be strengthened.
2. That, if the way be clear, the Synod of N. C. send an accredited visitor to the World Council of Churches in Upsala, Sweden, July 4-20, 1968, to be chosen by the Inter-Church Relations Committee.
3. That, pending the adoption of this report, Synod hear Dr. J. A. Ross Mackenzie, Professor of Church History, Union Theological Seminary, Richmond, Va., speak on the subject "The Consultation on Church Union."

REPORT OF THE NORTH CAROLINA COUNCIL OF CHURCHES

Reverend Samuel S. Wiley, *Executive Director*

The Thirtieth Annual Meeting of the North Carolina Council of Churches was held at Winston-Salem, the Church Women United in North Carolina having their Assembly April 24-26, the Pastors' Conference taking up the day on April 25, and the Council's Assembly convening that evening and concluding the following day. At the Council's Assembly four new church bodies were received into membership, the North Carolina and Western North Carolina Annual Conferences of the African Methodist Episcopal Church, the Shelton Church of the Brethren at Mount Airy, and the Mars Hill Baptist Church of Mars Hill. There are now thirty-nine member bodies, representing sixteen different denominations and having 6,723 local congregations, with over 1,350,000 communicant members. For the first time the Roman Catholic Diocese of Raleigh had an official observer present at the Council's Annual Meeting.

The Council's organizational structure is made up of the Executive Board and Administrative Committee, an Advisory Conference, two Departments, two General Committees, and five Commissions under which are grouped twenty-three Program Committees. The Executive Board met on September 1 and November 22, 1966 and on April 25, 1967. The Advisory Conference, which is composed of the executives of the member bodies, met on February 7. The

Department of Church Women United (note new name) had a splendid year under the leadership of Mrs. Ira C. Shelley of Greensboro.

In the area of finance, we are deeply gratified to report that the $20,000 in new money needed to meet the minimum 1967 budget of $49,168.10 was assured by noon on the day of the Council's Assembly. This was made possible by increased giving by those member bodies which have accepted in full or are moving toward full acceptance of the askings based upon the proportionate percentage plan of support, and by special pledges made by individuals and individual churches. Slightly more than $6,000 is needed to assure the minimum budget for 1968, and it is confidently expected that increased giving from the member bodies will close that gap, putting the Council in the best financial condition in recent years. The proportionate percentage plan calls for each constituent group to contribute 1/10th of 1% of its total giving to current expenses and benevolences (not including capital building funds). The 1967 Distinguished Service Award went to Dr. and Mrs. Harold J. Dudley of Raleigh. Dr. Dudley is Chairman of the General Committee on Business and Finance.

In the area of Public Relations note is taken of the Richard Shelton Communications Awards for 1967 which went to *The Raleigh Times*, *The Jacksonville Daily News*, *The Chapel Hill Weekly*, Radio Station WAYN, Rockingham, and Television Station WBTV, Charlotte. A special citation was given to Miss Virtie Stroup of *The Winston-Salem Journal* and *The Twin City Sentinel*. The weekly religious TV newscast, "News of the Church," sponsored by the Council, is now carried by WTVD, Durham, WBTV, Charlotte, WGHP-TV, High Point, and WFBC-TV, Greenville, S. C. The radio newscast, "The Week in Religion," continues over station WPTF, Raleigh.

Commission and Committee Programs

Under the head of Christian Social Action, the customary United Nations-Washington Study Tour for Ministers was conducted in April, 1966. The Commission planned the Church Conference on Peace which was held at the Myers Park Baptist Church in Charlotte on November 29, and the Fourth Seminary on State Legislation in Raleigh on February 28. Many other activities come under this Commission, such as the Conference on Technology in Our Community, held in May.

Under the head of Christian Education the Committee on College Work co-sponsored with the Southeastern Regional Committee on United Ministries a seminar for members of the Campus Ministry Committees of the participating denominations in Durham in November. Last fall a list of the approximately 1500 international students in the State was compiled and made available to persons wishing to extend hospitality to some of these students from abroad. The Council office has sent out letters for the Committee on Weekday Religious Education addressed to Presidents of local councils of United Church Women and ministerial associations in communities where Bible is not taught in the public schools, inviting consideration of such a program.

The Committee on Ministry for Overseas Relief reports twenty-four collection depots for Church World Service in the State. This program is co-ordinated through the Council office for the CWS Center in New Windsor, Maryland. Steps are being taken to have organized CWS-CROP Committees in twenty-one counties in North Carolina; there are now three such committees.

The Committee on Annual Meeting planned the program for the 1967 Annual Meeting, the theme of the Pastors' Conference being "The Pastor and His Personal Problems."

The Committee on Evaluation and Long-range Planning, in addition to other matters, proposed a program of community organization and development with the Lumbee Indians and others in Robeson County. This program has been approved by the Executive Board, but is yet to go into effect.

The Committee on Town and Country Church was joined in sponsorship of this year's seminar by the Committee on the Urban Church, and N. C. State University itself was co-sponsor rather than one of its departments. This Seminar on Church and Community, scheduled for May 11 and 12 on the N. C. State campus, followed the theme, "Church and Community Improvement Through Better Communication and Motivation."

The Committee on Ministerial Associations and Councils of Churches has written to the presidents of 105 ministerial associations in the State urging consideration by their groups of the formation of local councils of churches which would include lay men and women.

The Committee on Recreation and the Committee on Evangelism are both proposing conferences in these two fields in 1967 and 1968.

Other Committee Activities

With two General Committees and twenty-three Program Committees, it is difficult to schedule meetings of all of them in the same year. Some of the other Program Committees, while not having met in the past year, have yet been active. The Committee on Audio-Visuals has worked out a scheme for the exchange of catalogue between denominational AV libraries in the State. Thus far four libraries have agreed to this plan. The Committee on Camping co-sponsored a Southeastern Regional Workshop for Church Camps, Conferences, and Assemblies at Camp Chestnut Ridge in April 1966, along with the Brotherhood Commission of the Baptist State Convention of North Carolina, the Conference Boards of Education of The Methodist Church in the Southeast, and the Division of Continuing Education of the Department of Recreation and Park Administration of N. C. State University. This Committee also co-sponsored the Tristate Consultation on Camps and Conferences at Camp Calvin, Georgia, March 13-14, 1967, along with the Georgia and Florida Councils of Churches and the Department of Educational Development of the National Council. Under the head of Children's Work, which is now under the Committee on Family Life Education, the Council helped to promote a Regional Conference on the Church's Work with Children which was held at the FFA Camp near Covington, Georgia in March 1966. The Chairman of the Committee on Family Life Education is serving on the Steering Committee of a group set up by the Carolina Population Center of UNC at Chapel Hill to work in the area of Family Life Education and Population. The Chairman of the Committee on Scouting has written to all of the Boy Scout executives in the State concerning chaplaincy service in the summer camps, urging such a program where it does not exist and making known the provision of training courses for such chaplains. Last year he sent to all Lutheran Church in America pastors in North Carolina a letter promoting Scouting in the churches. This message and its accompanying literature were sent out by the Council office to all Official Delegates of our member bodies. The Durham office furnishes information on councils of churches to Scouts working on the God and Country and Pro Deo et Patria programs.

The Committee on Ministry in the State and National Parks reported last summer the beginning of a summer religious ministry in Cape Hatteras National Seashore in addition to continuance of work at three points on the Blue Ridge Parkway. New work will be started this summer at Deep Creek Campground and Smokemont in the Great Smoky Mountains National Park.

The Committee on Research and Strategy stands ready to develop information needed by other committees in the promotion of their programs.

The bi-monthly *Church Council Bulletin* is published from the Council's Durham office. Subscriptions are free to members of the constituent bodies. Those not now receiving the paper are invited to send in their names and addresses for addition to the mailing list.

Bishop M. George Henry of the Episcopal Diacese of Western North Carolina came to the end of his term of office as President on April 26 and was succeeded by Dr. Samuel E. Duncan, President of Livingstone College at Salisbury and a member of the African Methodist Episcopal Zion Church.

The North Carolina Council of Churches affords the churches of this State their major agency for co-perative endeavor. Appreciation is expressed for the loyal support given by the Council's constituents during the past year.

K. REPORT OF THE COMMITTEE ON THE MINISTER AND HIS WORK

REVEREND WATT M. COOPER, *Chairman*

Your permanent Committee on the Minister and His Work has held two meetings during the year, October 25, 1966, and March 30, 1967. Both meetings were held in Synod's Office and were attended not only by members of the Committee but also by the Executive Secretaries of the nine Presbyteries.

The Committee heard a report from Charles H. Harris, of Atlanta, Associate Secretary of the General Assembly's Committee in which he outlined the work of four sub-committees dealing with matters which had been referred for study. He also gave to our Committee an overall picture of the Assembly's Committee's work of assisting churches in their various problems, especially in the matter of a vacant church seeking a minister.

A general discussion was held concerning the importance of a matter currently before the North Carolina General Assembly; namely, a law to safeguard privileged communication for properly ordained ministers. The Committee went on record approving a bill that would assure proper safeguards.

Some provision for counselling with each new minister is now being made in most of our Presbyteries. No standard procedure is being followed at present but encouragement is being given for all Presbytery Commissions to devise a plan of orientation.

As in years past, the most important item on the Committee's agenda was a period of confidential exchange at which time each Committee member is free to discuss problems arising in his Presbytery relating to the Minister and His Work. Because this information is held in strictest confidence many delicate and troublesome problems are brought to light and in many cases helpful solutions are suggested. This confidential exchange is held at both fall and spring meetings.

Recommendation:

1. That all churches in the Synod include in their current expense budget an item to cover the entire 10% of the Minister's Annuity Fund.

L. REPORT OF THE COMMITTEE ON NOMINATIONS

REVEREND ROBERT TURNER, *Chairman*

Your Committee met on May 26, 1967, Synod's Office, Raleigh, N. C.

We submit to the Synod the following recommendations:

1. That the vacancies occurring at this meeting of Synod on the Agencies, Committees, and Boards of Synod by virtue of the creation of new committees or offices, or because of the expiration of terms of office, or by resignation, death, moving from the Synod, or otherwise, be filled as follows: (See DIRECTORY, pp.6ff.)
2. That interim appointments made by the Moderator (Rule 4:2) be approved. All included in the DIRECTORY.
3. That Synod express appreciation to those who have served faithfully as members of Boards, Committees, etc., especially those whose terms of office expire with this meeting of Synod.

M. REPORT OF THE COMMITTEE ON STANDING RULES

REV. HAROLD J. DUDLEY, *Chairman*

Recommendations:

1. That Rule 16:1b be amended to read as revised. (See Rule 16:1b).
2. That Rule 16:1h be amended by changing the word "elect" to "nominate".
3. That, in accord with the recommendations of the Executive Committee on Christian Education (see recommendations Nos. 7 and 8 of that Report), Rule 22 be amended by abolishing the present rule and substituting the following: (See Rule 22.)
4. That Rule 23:6 and 23:7 be transposed; that the title of the **Committee on Christian Relations** be changed to that of the **Committee on Church and Society**; that it be recommended to Presbyteries that they take similar actions; and that the new Rule 23:7a be amended to read as follows: (See Rule 23:7a.)
5. That in view of the fact that the Permanent Committee on on the **Presbyterian Survey** has not functioned in more than three years, Rule 23:13 be abolished. (1966 **Minutes of Synod**, p. 222).

6. That Rule 25:1-(1) be deleted and the substitute recommended by Synod's Council (Recommendation #12) be approved.
7. That all Standing Rules affected by actions of the 153rd annual Session of the Synod of North Carolina be finally approved.
8. That the Standing Rules be suspended in order to immediately effect all changes in Rules which are approved at this Session of the Synod of North Carolina.

N. REPORT OF COMMITTEE ON WOMEN'S WORK

REVEREND B. E. DOTSON, *Chairman*

The very vital work and leadership given by the Women in our churches in the Synod of North Carolina is reason for much thanksgiving to God.

There are 57,000 women enrolled in our 600 churches, which have a W.O.C. Organization. These women are divided into 2,366 Circles for study, fellowship, and service. They not only furnish much of the work and leadership in our church school, but also in seasonal emphasis of the church. Forty-four of our smaller churches do not have the W.O.C. Organization, but in these churches also the women furnish much of the leadership.

In addition to educating their home churches to the Synod and Assembly causes the women have served through our church by their "Birthday Objectives". In 1966 $39,637.70 was contributed through this Objective to "Sharing the Load in Eastern Kentucky".

Let us be thankful to God for our W.O.C.

Recommendations:

1. That Sessions consider using more of the trained women of their churches in helping with the evangelistic, educational, and stewardship programs of their churches.
2. That Synod commend the Women of the Synod of North Carolina for their work in promoting all the work of the church, including their contribution of $39,637.70 to the "Birthday Objective", 1966, which was "Sharing the Load in Eastern Kentucky".
3. That Synod hear Mrs. Britt Armfield of Greensboro, President of Synodical, give her annual report at this time.

Annual Report of the Women of the Church

Synod of North Carolina

MRS. BRITT ARMFIELD, *President*

Varied Program

Women of the Synod of North Carolina have moved into the overall plan of re-organization with the emphasis on coordinating the work of all the members of the family in the Church. While the personal relationship with Christ is basic to the work of the church, there has been a growing awareness of the urgency and need for more emphasis on the training of all for effective service. Officer training and leadership education have been stressed with increased opportunities available in retreats, conferences, films, prayer groups, panels which evaluated community relationships, and publications from the Board of Women's Work, all organized and presented to make more effective the work toward the year's goal—"Every Woman Enlisted for Christ." The theme, "The Holy Spirit in our Life Today," has been the focus for the challenging Bible Study of "Jesus and Persons", showing the way to re-encounter Christ personally, and furnishing unlimited inspiration and motivation to follow His Will. Three North Carolina ladies, Mrs. R. LeRoy Campbell, Mrs. E. Johnston Irwin and Mrs. J. Carl Wolfe have gone on the "Presbyterian Women on Far East Study Tour", visiting the fields in which our Church has missionary operations and schools. The Synodical Training School at Montreat in June offered the courses of study and was attended by over 400 women who came to find inspiration and guidance for this year's work and worship.

Local Groups Active

Local women's groups are searching for ways to interest and involve more women in attendance, not only at circle meetings and women's groups, but Sunday worship services and programs that have been planned for the whole family. In our 600 churches women comprise 2,366 circles, which is a small increase over the preceding year. Two new Women of the Church organizations have been established.

Concern for Others

"Women in action" describes the efforts to minister to others. Visiting senior citizens, operating kindergartens for the mentally retarded, sewing, mending, and furnishing clothes for needy school children, giving clothes to babies in the Salvation Army and to those leaving prison, operating coffee houses for youth, presenting Bibles to church school classes, High School graduates, the girls at Samarcand and hospital patients, and organizing nursery care for mothers attending church activities are some of the projects local organizations have developed. For those beyond the towns, International students were given hospitality during Christmas holidays, children of our missionaries were invited to members' homes, churches kept in close touch with their service men and students away at school, regularly sending letters, gifts, and news. At the request of the United Service Organization, local churches served Sunday Night Buffet Suppers to service men.

Birthday Offering Objective

The Challenge of the 1966 Birthday Objective, Sharing the Load in Eastern Kentucky, was presented by specially trained women to all the churches, and the offering was the largest ever given for a home mission project—$39,637.70.

Response to the needs of others has been made in other ways. The Synodical operated its Interdenominational Christian Conference in Winston-Salem and made available Bible study and instruction in Christian principles to 100 women there. The hospital supplies for White Cross are being made and shipped to Moma, Africa, Chonju, Korea, and Changhua, Taiwan. The total results are not known, but the women have enthusiastically made bandages and clothes for these medical centers. Under the leadership of Mrs. Walter Stone approximately $3,000 has already been contributed to refurnish the North Carolina Apartments at Mission Court. As a memorial to James A. Jones, the women in his home church at Laurinburg have sent over $2,400 more for the completion of this project.

Many Scholarships Provided

The Synodical offered scholarships at the Presbyterian School of Christian Education, the Centennial School, Union Theological Seminary, and the twelve Lucy Steele scholarships at St. Andrews. Local organizations and Presbyterials gave over twenty additional scholarships to college students this year.

Chapel of "Nameless Women"

An appeal came for contributions to the "Chapel of the Nameless Woman" at the correctional institute of Raleigh. More than $3,000 is known to have come from the women's organizations so far, and hundreds more were sent in by individuals interested in making available a place of worship in this State prison.

In addition, there has been a constant effort to follow the able leadership of the Board of Women's Work, and to measure up to all the calls for service. We are grateful for the accomplishments of this year, yet mindful of the many things unfinished; it is hoped that next year will be one of more consecration and more perfect service to our Lord Jesus Christ.

O. REPORT OF PERMANENT COMMITTEE ON WORLD MISSIONS

Reverend Joseph M. Garrison, *Chairman*

The Synod's Committee on World Missions met in Raleigh, N. C., April 5th for their annual meeting. Last year, we suggested that our effort would aim at stimulating Presbytery and local church activities for the purpose of bringing before the membership of the churches, the cause of World Missions. In keeping with the Assembly emphasis on a Joint Witness Season combining both World Missions, Church Extension and Evangelism, an effort was made in all Presbyteries to bring these groups together for planning. Some success is reported, however, it is the judgment of the Presbytery chairmen that it has been difficult to combine these emphases effectively. An effort will be made during the coming year to give further emphasis to the combined Witness Season, through Joint Planning.

Most of the Presbyteries held workshops which were reported well attended. Several youth rallies were held with encouraging attendance. Resource materials were not as effectively used as they might have been used. The Charlotte Conference was reported as outstanding. Visual Aids were not too well received.

Some fifteen Missionaries on furlough were assigned to the Synod of N. C. for itineration as follows: Rev. Walter Baldwin, (Japan), Miss Rose Cameron, (Brazil), Rev. and Mrs. J. N. Farlow, (Taiwan), Mrs. Hugh L. Farrior, (Congo), Mrs. Adger S. McKay, (Mexico), Rev. and Mrs. James B. Moore, (Japan), Rev. Ralph Reed, (Congo), Mrs. J. Hervey Ross, (Mexico), Mr. and Mrs. Jules C. Spach, (Brazil) and Mrs. Donald E. Williams, (Brazil). Through the able work of the Presbytery Chairmen, the majority of the Churches have been visited by a Missionary. As far as we know, every church asking for a missionary speaker was supplied.

We strongly recommended to the churches that they plan early for the visit of a Missionary during the 1968 Witness Season, and that they make their requests through the Presbytery Chairman who will make assignments within the Presbytery. The major difficulty with reference to itineration schedules grows out of the failure to plan early. The months of October, December, and March are usually reserved for the missionaries to visit their supporting churches. These assignments are made through the Nashville Office, Miss Kay Proctor, Box 330, Nashville, Tennessee.

The attention of the Synod is called to the Annual Report of the Board of World Missions to the 106th General Assembly of the Presbyterian Church, U. S. This year marks the 100th Anniversary of the overseas missionaries of our church who went to China. The mission undertaken a century ago still remains unfinished and with many new dimensions. There is a new urgency in the world with two billion people who do not confess Jesus Christ as Lord and Saviour. A considerable advance in Medical Missions is anticipated. Improvements have been made in retirement benefits for missionaries, necessitating the expenditure of a large amount of reserve funds. Contributions for 1966 were encouraging; however, the cost of the work is increasing more than the increase in contributions.

We Recommend:

(1) That every church in the Synod make plans to participate in the forthcoming Joint Witness Season, the theme being, "Christ and the Faiths of Men", and that every church seek the visit of a missionary at least every three to five years.

(2) That the home church sense its real importance in the World Mission Program, by demonstrating the Lordship of Jesus Christ here at home, as well as in constant prayer and financial support for those who represent us abroad.

(3) That, pending the adoption of this Report, Synod hear Dr. J. Hervey Ross, our first Secretary of Medical Missions.

D. REPORT OF THE AD INTERIM COMMITTEE TO STUDY PRESBYTERIES' BOUNDARIES

REVEREND JOHN MACK WALKER, *Chairman*

This Committee was assigned its responsibilities by the 1966 Synod as the answer of Synod to the request of Mecklenburg Presbytery that it be divided into two presbyteries; to include: (1) Mecklenburg County. (2) Anson, Richmond, Union, Stanly, and Montgomery Counties. It was further directed to study the feasibility of dividing the Synod into two synods.

During the past year your Committee has thought about presbytery boundaries with the help of investigation and advice from various parts of Synod. The study was strengthened by the exchange of information from sources outside the Synod. Each Presbytery was asked to help the Committee by forwarding any recommendations that were backed by the action of Presbytery. We are grateful to a large number of committees and individuals who gave generously of their time and concern. The Steering Committee of Mecklenburg Presbytery in their boundary request gave a full presentation of their position before this Committee. Boundaries have the trick of behaving in erratic and unexpected ways. We have tried to see them go in the way that would best reflect responsible churchmanship for our Synod.

Your Ad Interim Committee on Presbyteries' Boundaries makes the following recommendations:

1. That while the Committee is in agreement with the reasons behind Mecklenburg Presbytery's proposal, we recommend That Synod answer their specific request in the negative because (1) It is the opinion of the Committee that the new five-county Presbytery would be lacking in growth potential, and (2) There is evidence of a better solution.

2. The Committee is disposed at the present time to present this tentative plan for the realignment of presbytery boundaries:

   A. Mecklenburg Presbytery to be composed of all churches in Mecklenburg County including the Davidson College Church.

   B. Concord Presbytery enlarged to include Anson, Richmond, Union, Stanly, Montgomery, Rowan, Cabarrus and Iredell Counties.

   C. Kings Mountain Presbytery enlarged to include Cleveland, Gaston, Polk, Rutherford, Lincoln, Catawba, Caldwell, Burke, McDowell, and Alexander.

   D. Other Presbyteries as presently constituted.

   And we recommend that this Committee, or a similar committee, negotiate with the Presbyteries affected with a view to presenting a plan to the 1968 meeting of Synod for adoption, with an effective date of January 1, 1969.

3. The Committee was presented with no compelling reason that would indicate the division of Synod into two synods. If the problem of numbers at the meeting of this church court is approaching an impasse it is our view that a possi-

ble solution is to be found in a change from local church representation to presbytery representation. It is further the opinion of this Committee that ways and means should be sought to make the boundaries of Synod coextensive with the boundaries of the State of North Carolina. The reasons which placed the congregations of our mountain areas outside this Synod are no longer valid, due to the virtual elimination of the natural barriers of the mountains by improvements in transportation and communication.

Therefore, we recommend that the Synod of North Carolina overture the General Assembly of the Presbyterian Church in the United States, requesting that ways and means be found to make the boundaries of the Synod of North Carolina coextensive with the boundaries of the State of North Carolina in order that our Synod may be more effective in the total presentation of our witness, and in our cooperation with other church bodies within the State of North Carolina.

E. REPORT OF THE AD INTERIM COMMITTEE TO STUDY RETIRED MINISTERS' MANSE PLAN

TULLY D. BLAIR, *Chairman*

Synod of North Carolina:

During the 153rd annual Session of the Synod of North Carolina, meeting at Montreat, N. C. June 7-8, 1966, Synod heard a report of the Executive Committee of Church Extension in which there appeared a recommendation, approved by Synod, "that Synod appoint a Committee to thoroughly study the Lexington Presbytery Plan for Retired Ministers; to work out full details of a tentative plan for the Synod of North Carolina; and to report back to the Synod of 1967; and that pending the adoption of this recommendation, Synod hear the Reverend R. L. St.Clair of Lexington Presbytery".

At the same time Synod received a communication from Mr. H. Dermont Hedrick, a Ruling Elder in the Oxford Presbyterian Church and a member of the Synod's Executive Committee of Church Extension, informing Synod of his desire to make a gift of $10,000 to the Synod of North Carolina, if and when the Synod establishes the Revolving Manse Loan Fund for Retired Ministers.

Synod conditionally accepted the offer of the gift of $10,000 by Mr. Hedrick, and proceeded to appoint the following Committee:

Rev. Donald A. Campbell
Mr. H. Dermont Hedrick
Rev. William H. McCorkle
Mr. William F. Mullis
Rev. Harold J. Dudley, and
Mr. Tully Blair, Chairman.

The Reverend R. L. St. Clair of Lexington Presbytery, who has been closely associated with the Lexington Presbytery Plan since its inception, was requested to serve in an Advisory capacity.

The Committee met at the First Presbyterian Church, Greensboro, Thursday, November 3, 1966, at 11 A.M. and was in session for several hours.

The Chairman read the Synod's instructions and resolutions to the Committee. The Committee discussed at length the purposes, principles, and possibilities associated with the proposed plan, including a Ministers' Loan Fund for Presbyterian Ministers in the Synod of North Carolina.

Mr. St. Clair presented a carefully written plan, based upon experience in Lexington Presbytery, which was minutely reviewed by the Committee after which the following actions were unanimously approved:

1. That the Plan for the Synod of North Carolina, as outlined by Mr. St. Clair, be approved in principle;
2. That the Plan be developed on the basis of retirement age of 68 years, providing a maximum loan of $10,000, with the borrowing potential accumulated at the rate of $250.00 per year.
3. That the Committee recommend to the Synod's Council for presentation to the Synod of North Carolina the plan to provide a Revolving Manse Fund for retired ministers and that this be established as a cause in the benevolence budget of Synod in the amount of 4% of the Synod's benevolence budget, beginning in 1968.
4. That the Committee further recommend to the Council and Synod the approval of a request to conduct a quiet campaign to raise an initial sum of $75,000 for the Manse Loan Fund, and to augment the $10,000 provided in the Challenge Gift of Mr. Hedrick.

The Committee was also prepared to recommend to Synod that a Board of Directors be established to administer the plan, as well as a proposed plan for governing and administering the Fund. We were also prepared to present actuary tables which we believe are evidence that the proposal is financially sound.

Mr. St. Clair and your Chairman appeared before the Stewardship Committee of Synod on May 17, for the purpose of supporting the recommendations referred to above. We were given opportunity to fully present the matter and were courteously treated; however, the Stewardship Committee recommended to Synod's Council, which convened the following day, that the two requests made by your Committee, to wit, that this cause be included in Synod's benevolence budget in 1968 and that a quiet campaign to raise $75,000 be approved, be answered in the negative. The Council supported this recommendation of the Stewardship Committee.

In view of the fact that your Committee comes before you lacking the support of the Stewardship Committee and Synod's Council, we hesitate to recommend to the Synod the original actions taken by the Committee. Whatever decision the Synod makes in regard to this matter, we do believe that it is incumbent upon us to make the following recommendations:

1. That Synod express its deep appreciation to Mr. H. Dermont Hedrick of Oxford for his generous offer of a challenge gift of $10,000 to establish the Retired Ministers' Manse Plan;
2. That Synod express its appreciation to Rev. R. L. St. Clair, Lexington Presbytery, for the long hours and detailed work spent by him in preparing the proposed plan, including the supporting tables.

[1] Spiritual Birthrate is determined by dividing the membership at the beginning of the Church year into accessions on profession of faith during the year and is measured in percentage, the higher the percentage, the better the standing. Soul-winning ratio is determined by dividing the number of accessions on profession of faith during the year into the total membership at the beginning of the year and represents the number of church members required to win one person to Christ. The lower the number, the better the standing.

SEAL OF THE SYNOD OF NORTH CAROLINA PRESBYTERIAN CHURCH IN THE UNITED STATES

The official Seal of the Synod of North Carolina, Presbyterian Church in the United States, was adopted by the Synod, meeting in the Ginter Park Presbyterian Church, Richmond, Virginia, May 26, 1965. The design and artwork were by the collaboration of the Reverend Harold J. Dudley, D.D., Stated Clerk of Synod, with The Graphic Press, Inc., Raleigh, North Carolina, Mr. Braxton Flye, President, and a ruling elder in the White Memorial Presbyterian Church, Raleigh. The artist was Mr. Floyd Harness. Valuable suggestions were made by Dr. James E. Bear, Professor Emeritus in Union Theological Seminary, Richmond, Virginia; the Reverend J. Raymond Lord, Duke University, Durham, N. C.; the Reverend Richard S. Watts, Greensboro, N. C.; Dr. Henry M. Brimm, Librarian, Union Theological Seminary, Richmond, Virginia; and Dr. Thomas H. Spence, Jr., Executive Director, Historical Foundation, Presbyterian Church in the United States.

The word "synod" comes from the Latin and the Greek. The English word is taken from the Latin, *synodus*. The corresponding Greek word is *σύνοδος*, meaning "a meeting". Root words from which the Greek noun is derived, roughly translated, might mean "together" and "way".

The Greek noun for synod, while not appearing in the New Testament, is used in classical Greek, sometimes for persons assembling for deliberation.

The root verb, found in the Septuagint, and once in the New Testament, is *συνοδεύω* and means "to journey with". The word *συνοδεύωμεν* on the Seal of the Synod of North Carolina is in the plural form, and translated means, "We travel together".

In view of the fact that the Synod, as a Court, comes between the Presbyteries and the General Assembly, the

The Minutes of the 1967 Sessions of the Synod of North Carolina as adopted by the Synod were approved by the General Assembly in session at Montreat, North Carolina, June, 1968. Upon completion of the current volume in 1969, the Official Copy will be bound and placed on deposit at the Historical Foundation Montreat, N. C.

THE REVEREND EUGENE DANIEL WITHERSPOON

MODERATOR OF SYNOD, 1968

The Reverend Eugene Daniel Witherspoon, minister of the First Presbyterian Church, Belmont, N. C., was elected Moderator of the Presbyterian Synod of North Carolina at its 155th annual meeting, June 4-5, 1968, Laurinburg, N. C.

Dr. Witherspoon comes from one of the most distinguished lines in American history, his Revolutionary ancestor being none other than the noted Dr. John Witherspoon, the third president of Princeton College. His great-grandfather was the Rev. John Knox Witherspoon, one-time pastor of the Hillsborough Presbyterian Church.

Dr. Witherspoon was born in Greensboro February 27, 1902, the son of Walter Scott and Emmie McKay Whitted Witherspoon. He is married to the former Frances Talbot McFaden, a daughter of the manse. They have two children: The Rev. Eugene D. Witherspoon, Jr. and Mary McFaden Witherspoon.

Dr. Witherspoon was educated in the public schools of Greensboro and at Davidson College and Union Theological Seminary, Richmond, Virginia. He holds the B.A., B.D., Th.M., and Th.D. degrees. He was ordained by Winchester Presbytery in June of 1930. He began his active ministry as Assistant Pastor of the Loudon Street Church, Winchester, Virginia, and was pastor at the same time of the Nineveh Church, 1930-1932. From 1932 to 1943 he was pastor of the Blacksburg, Virginia, Presbyterian Church; then of the Tabb Street Presbyterian Church, Petersburg, Virginia, 1943-45; St. Andrews-Covenant Church, Wilmington, N. C., 1945-58. Since 1958 he has been pastor of the First Presbyterian Church, Belmont, where he has led the congregation in the erection of a million-dollar church, one of the most handsome in the South.

Dr. Witherspoon has served as a member of the Board of Trustees of Davidson College and as a member of the Board of Christian Education of the General Assembly. He has also served as chairman of various committees at the presbytery level and is currently chairman of the Executive Committee of Church Extension of the Synod of North Carolina. He has contributed articles to *Presbyterian Action* and the *Earnest Worker.*

> The Synod of North Carolina is justifiably proud of Saint Andrews Presbyterian College. To hold its 155th Annual Sessions on the campus of one of its institutions that has developed so rapidly and so well, and to hear of even greater things ahead for this fine Presbyterian college is an inspiring experience in itself.
>
> With profound gratitude to God for His Providential leading of the Synod in this venture in Christian higher education, and with sincere appreciation to Dr. Ansley C. Moore and all the Saint Andrews College family, we hereby register our appreciation of the warm hospitality shown us during these days. Everything needed has been provided for our comfort and convenience.
>
> To Mr. Thomas Belk and the other members of the Board of Trustees of Saint Andrews, to the corps of dedicated men and women who are working on the capital funds campaign now being launched on behalf of the college, and to the great cause of Christian higher education represented here, we pledge ourselves in material substance and in prayer, to the end that this institution may rank through the years with the great colleges of liberal arts throughout our land.

We are very grateful to Mr. Pete Cook for his able assistance during the meeting by operating the public address system.

A special word of commendation is due our Moderator, the Reverend E. D. Witherspoon, for the way he has presided over the sessions of this meeting. He has handled business with dispatch but with fairness and consideration to all concerned.

Knowing that meetings like this do not just happen, but that a great deal of time and hard work go into preparing for the meeting, as well as behind-the-scenes work through the days Synod is in session, we express appreciation to the General Secretary, Dr. Harold J. Dudley, and to the members of his staff for their ceaseless efforts in our behalf.

We are grateful for the wonderful entertainment furnished by the incomparable band from The Presbyterian Home, but even more for their indomitable spirit that inspired us all and displayed better than any other way could, the spirit of love and togetherness that prevails at The Home.

Our thanks to our Heavenly Father also for the many hundreds of commissioners who gave enthusiastically of their time and abilities to further His Kingdom's work in our midst during the two days spent together here. The plans that have been projected and the decisions that have been made should enable the Presbyterians of the Synod of North Carolina to move forward more effectively toward the goal of making Christ Lord of all.

II. REPORT OF GENERAL SECRETARY, STATED CLERK, AND TREASURER

Harold J. Dudley, *Stated Clerk*

Reports of the Council, the Executive Committees of Campus Christian Life, Church Extension, and Educational Institutions, including Financial Statements; and the Report of Permanent Committees, including a Financial Statement for Inter-Church Relations, appear elsewhere in this volume, and reflect in part the work of Synod's Office. Additional Reports and/or Financial Statements on Campaigns, the Executive Committee on Christian Education, the Guidance Program, and other agencies of the Synod, together, fairly well summarize the total program of the work of Synod.

Annual Statistics (Vital, on Education, Evangelism, and Stewardship) have been prepared in Synod's Office and may be found by reference to the Index.

STEWARDSHIP

The estimated income of Presbyterians of the Synod for 1967 was not less than $494,412,800, an increase of approximately $46,000 over the previous year. It has been estimated that the Presbyterians of North Carolina have total assets of several billions of dollars.

Budgeting Giving

Total receipts from churches and Presbyteries for Synod's causes increased in 1967 over 1966 by $75,176. The presbyteries have accepted $968,937 of Askings for Synod's causes for 1968. The percentage of acceptance is 97.21%, in contrast to 94.30% for 1967; but including special offerings for the Children's Home and the Presbyterian Home, slightly more.

Budgets

Synod increased its total benevolence giving (budgeted and non-budgeted) by $103,190 in 1967; budgeted by $159,349 and non-budgeted by minus $56,159. This was a reversal of the trend in 1966 when the non-budgeted increase was by $494,095.

Audits

In their proper places may be found approved summaries of Audited financial statements of all accounts which are handled in Synod's Office. See "Auditor's Report" and also the Report of Synod's Council.

All office accounts have been audited by the firm of A. T. Allen & Company, Certified Public Accountants, Raleigh, N. C., and have been officially approved by Synod's Council. Copies of the audits are available for perusal. Also, there have been placed in your hands financial statements of other agencies of Synod, and the Council through its Committee on Audits and Finance has examined these. Copies of audits are available.

Progress in Giving

Since Synod reorganized in 1951, total gifts have increased from $6,788,602 to $19,462,195. The 1966 total gifts were $18,487,694, hence an increase last year of $974,501. Benevolences have increased since 1951 from $1,638,212 to $4,937,765 in 1967. The 1966 Benevolence gifts were $4,834,575, so that the 1967 giving showed an increase of $103,190. Per capita giving to total gifts has advanced from $59.11 in 1951 to $125.97 in 1967. For 1966 the total per capita gift was $121.73. The Benevolence per capita gift has increased since 1951 from $14.27 to $31.96 last year. For 1966 this was $31.83.

Vital Statistics

The membership of Synod has increased since 1951 from 117,010 to 154,504. The membership at the end of 1966 was 152,537. The net growth in 1967 was 1,967, the largest increase in a number of years. The number of ministers has increased from 444 in 1951 to 677; and the number of churches from 601 to 645. The Sunday School enrollment has increased from 95,258 in 1951 to 115,803, though this represents a loss of approximately 3,000 during 1967, with all presbyteries showing a loss except Fayetteville and Orange.

III. REPORT OF SYNOD'S COUNCIL

Halbert M. Jones, *Chairman*

Meetings

The Council and/or its committees convened on February 29 and May 14-15, 1968. Minutes of the meetings have been recorded.

Synod has been approved to meet at the First Presbyterian Church, Fayetteville, N. C. in 1969. The Methodist College there will provide lodging accommodations.

As of this date, Synod has no invitation for the 157th meeting in 1970. Probably it should be called to the attention of Synod that it was in 1770 that the first Presbyterian Court above a Session was organized in the state of North Carolina, to wit, Orange Presbytery, which was organized on Wednesday, September 5, 1770, in the Hawfields Presbyterian Church. Orange Presbytery is making plans for the observance of that event and possibly Synod should look towards the observance of the event, also, and in anticipation of it, seek ways and means of meeting somewhere within the bounds of the present Orange Presbytery.

Public Relations

The **Presbyterian News** is mailed monthly into more than 56,000 homes of Presbyterians in the Synod of North Carolina. Churches which have not furnished mailing lists are requested to do so. The management of the paper was successful in negotiating a new contract at reduced costs in printing. The format of the paper was changed by approximately doubling the size of the pages.

In 1967 the Council published its seventh brochure on "The Work Presbyterians Do Together in the Synod of North Carolina". These are furnished by order only, and last year orders totalled 47,457, an increase over the previous year of 2,070. This contrasts with the first year, 1961, when only 5,110 copies were ordered. Three hundred and eleven churches of the 645 in the Synod made use of the brochure. Churches of all nine presbyteries used the brochures ranging from 1,645 in Winston-Salem (16 churches) to 10,390 in Mecklenburg (58 churches). The brochure succinctly presents the comprehensive program and work of the Synod of North Carolina. From the economic standpoint, it is important that orders by churches be placed well in advance, and churches are urged to cooperate in this respect.

The Radio and Television Program of Synod (TRAV) is the function of the Executive Committee of Church Extension, and is reported on separately by that committee.

Numerous releases for the press, radio, and television emanate from Synod's Office.

During the year a change was made in the heading of the stationery of Synod's Office. The Synod Seal, in colored ink, appears on the stationery.

During the year also the office of Synod edited and published on behalf of the Presbyterian Historical Society John K. Fleming's **Historic Third Creek Presbyterian Church.** In addition, the office also edited and published the **1967 Minutes of Synod** and the **1968 Blue Book of Synod.**

Stewardship

The year 1967 was the second under the new Stewardship Program, projected by the General Assembly and the Synod in 1964. The formula used in 1966 called for a Basic Benevolence Budget for 1967 based on 1965 receipts to Assembly and Synod Benevolence Causes, plus 4.4% and an Advanced Program for both the General Assembly and Synod. This amounted to a Basic Budget of $2,265,731; of which $1,298,623 was designated for Assembly and $967,108 for Synod. (It should be pointed out that for several years prior to the inauguration of the new program, Synod had increased its benevolence giving each year not by 4.4% but by 5%.)

Budgets of Agencies and Institutions were prepared, carefully scrutinized, and adopted as realistic, with the expectation that all Presbyteries and Churches would so regard them, and thus honor their pledges to meet them.

The results of Benevolence Giving for 1967 indicate that the Synod contributed to both budgeted and non-budgeted causes of the General Assembly a total of $1,684,828, which was $386,205 in excess of the Basic Budget and $310,405 in excess of the basic budget plus the Advance Budget of $75,800. The Budgeted Giving to the General Assembly was $1,352,510, which also was in excess of both the Basic and Advance Budgets together.

In reference to Synod's Benevolence Causes, the Presbyteries accepted for 1967 $911,960, which was $55,148 under the Budget. The Churches and Presbyteries actually gave $950,425 which was only $16,683 under the Asking. This was 98.3% of the Budget. (In 1966 Synod gave 99.5% of the Budget.)

It is rather significant that three Presbyteries gave in excess of their Askings to Synod's causes (Fayetteville, 116%; Granville, 106%; Orange, 101%), that two gave exactly 100% (Wilmington and Winston-Salem) and that four gave below the Asking (Concord, 89%; Kings Mountain, 90%; Mecklenburg, 95%; and Albemarle, 97%).

The Report of Giving to Synod's Causes, reflected in the **Minutes of the General Assembly**, indicate for Budgeted Benevolences $957,810; and for non-Budgeted Benevolences $775,341; or a total of $1,733,151. The total amount which was audited through the books of Synod's Office for Synod's Causes was $950,425.

(For detailed information on 1967 Stewardship, consult the Stewardship Tables in back of this volume.)

It is evident that the reason Synod's Agencies and Institutions received within 1.7% of the Budget resulted from the generosity of Fayetteville and Granville Presbyteries which respectively gave in excess of Askings $14,275 and $4,857. These Presbyteries are to be commended for their generosity.

Each of the Agencies and Institutions of Synod received their proportionate part of the income, or 98.3% of the budget request.

1968 Acceptances

Acceptances by Presbyteries for 1968 are reflected in the following Table:

1969 BENEVOLENCE PROGRAM

Assembly

The General Council of the General Assembly is recommending for 1969 a Basic Budget and a "Challenge Program Budget", as formerly. The 1969 Basic Budget Asking is derived from 1967 receipts plus 5.5.% and the Challenge Program is arbitrarily designated at 10% of the Basic Budget. The Assembly apportionment to the Synod of North Carolina for the Basic Budget in 1969 is $1,412,561 (of the total Budget of $9,056,438), an increase in Askings of $30,551. The Synod Challenge Program for the General Assembly is $141,256. Presbyteries are being asked to accept as their share of the Challenge Program, 10% of their Assembly's Basic Budget, and are urged to make specific apportionments of this amount to their local churches.

Synod

The Synod program for 1969 is reflected in the Recommendations. We commend for your perusal the studies which appear in the various Tables under "Statistics" in the INDEX; particularly "Stewardship" and "Vital Statistics", which will reveal Presbytery comparisons, including total giving, per capita giving, growth, etc., and comparison of the Synods of the General Assembly.

Personnel

Three valuable members of the Council end their terms of service on the Council at this meeting of Synod. Halbert M. Jones and J. Harold McKeithen completed five years (unexpired terms of two years, and a full term each of three years). The Rev. E. Lee Stoffel completed two full terms of three years each. Dr. Stoffel served four years as Chairman of the Council and one year as Chairman of the Committee on Stewardship. Mr. Jones served three years as Chairman of the Committee on Stewardship and the current year as Chairman of the Council. Mr. McKeithen served as Vice-Chairman of the Council. All three have made outstanding contributions to the program and work of Synod, and will be greatly missed. In regard to offices held, they have been replaced as follows:

Council Chairman—the Reverend David H. Burr

Council Vice-Chairman—Harvey Oliver, Fayetteville

Stewardship Committee Chairman—the Reverend Fred C. Holder

Other Members of the Council, whose terms expire at this meeting of Synod include the Rev. James L. Price, Chairman of the Executive Committee on Educational Institutions; the Rev. Robert Turner, Chairman of the Permanent Committee on Nominations; Mrs. Britt Armfield, president of Synodical; and Jay Gilliland, president of the Men's Council. Some Presbytery representatives also will doubtless be replaced before the next meeting of Synod.

Restructuring of Church Courts

The 1967 General Assembly set in motion plans for studying the restructuring of boundaries of Synods and Presbyteries. The Committee met in Montreat on April 23-24, 1968, with two representatives from every presbytery and every synod. Appointed to represent the Synod by the Moderator were Ruling Elder R. D. Grier, Statesville, and the Rev. Harold J. Dudley, Stated Clerk of Synod. A full report of the meeting has appeared in the press. In essence the Conference is recommending to the General Assembly that Synods first be restructured along lines spelled out in the Report and that an Ad Interim Committee be named to study the matter and report back to the General Assembly, after which Synods be instructed to re-align presbyteries lying within their boundaries.

Miscellaneous

Synod is participating with the presbyteries of the Synod and other synods and presbyteries in reference to a Stewardship Color Filmstrip being prepared by the General Council of the General Assembly to promote the whole work of the Assembly, synods, and presbyteries.

Synod's Office continues to serve most all, if not all, of the Agencies and Institutions of Synod, directly or indirectly. There are more than a score of funds handled in Synod's Office. The total amount of funds handled in the Bookkeeping Department, including both receipts and disbursements, exceed $2,000,000.

Recommendations:

1. That Synod accept the apportionment recommended by the General Council for the 1969 Basic Budget for the General Assembly in the amount of $1,412,561.

13. That Synod be reminded that the 1969 meeting of Synod, by action of last year, will be held in the First Presbyterian Church, Fayetteville, N. C., June 3-4, 1969, with the Methodist College of Fayetteville, Dr. L. Stacey Weaver, President, providing lodging and some of the meals.

covered elsewhere in the Standing Rules or by appropriate Committees be referred to the Committee on Records for review and reporting to Synod through Synod's Council.

17. That the Standing Rules of Synod be amended by abolishing Rule 23:9 on "Homes", and in lieu thereof Synod establish a new Rule providing for the creation of an Executive Committee on Homes.

SCOPE OF EXAMINATION

We tested the recorded transactions to the extent of tracing the receipts to the depositories and verifying the amounts recorded by appropriate transmittal papers and correspondence, and verifying the contributions from the presbyteries by direct confirmation. Church loans were also verified directly. Expenditures were supported by endorsed cancelled checks and invoices or signed receipts. These were found to be authorized in the minutes of committees and Synod's Council. Bank balances, which were confirmed by correspondence, were reconciled with balances shown on the books. We also ascertained from our analyses that disbursements were properly allocated.

Our examination included such tests of the accounting records and other auditing procedures we considered necessary in the circumstances, the books having been maintained on a cash basis. Our audit of the records of the Christian Higher Education Campaign Fund, the Presbyterian Campus Christian Life Campaign Fund, and the Chapel Hill Presbyterian Church Campaign Fund, was limited to the recorded receipts and disbursements; however, we mailed confirmations on all unpaid pledges as of December 31, 1967.

OPINION

In our opinion, the accompanying balance sheet and statements of income and changes in fund balances present fairly the financial position of the Synod of North Carolina, Presbyterian Church in the United States at December 31, 1967, and the results of the various funds' operations for the year then ended, in conformity with generally accepted accounting principles applicable to such organizations, maintaining the books and records on a cash basis, excluding the Assets and Fund Balance of the Kate B. Reynolds Trust Fund for Aged Presbyterian Ministers which are shown at October 2, 1967, taken from a statement prepared by Wachovia Bank and Trust Company, Winston-Salem, North Carolina, without audit or verification.

EXHIBITS AND SCHEDULES

In presenting to you our findings, as the result of the audit, we have prepared twenty-four Exhibits and thirteen Schedules, as enumerated in the Index, which are attached as a part of this report.

GENERAL COMMENTS

In Exhibit "A" — Assets and Liabilities — All Funds Combined — we show a combination of all assets and liabilities as we determined them on December 31, 1967. Inter-fund accounts have been eliminated. Assets totaled $1,272,722.75. Synod's land, buildings, equipment and furnishings totaled $326,900.30. Liabilities amounted to $1,212.90. The excess of assets over liabilities results in a surplus of $1,271,509.85. This is composed of $326,900.30 which was invested in fixed assets, $401,774.89 in Synod's fund balances, and the Kate B. Reynolds trust balance of $542,834.66. The changes in fund balances are explained in the supporting Exhibits and Schedules referred to on Exhibit "A".

Synod's Office General Fund received and disbursed funds for Synod's various causes and funds maintained by the General Secretary and Treasurer. Prior to the year 1967, cash balances in the various funds were on deposit in separate accounts. These were combined during the year with the exception of $5,365.61

in the Educational Institutions Fund. The cash in all funds totaled $129,726.93. Of this amount $62,619.65 was available for support of Synod's causes. The balance of $67,107.28 is held for the various designated funds.

Following Exhibit "A" we have prepared statements for each fund showing the financial position or cash balance at December 31, 1967 and statements of income or statements of cash receipts and disbursements for the year then ended. In addition we offer the following comments:

Investments represent securities which are part of the Permanent Reserve Fund and the income derived from them was apportioned directly to the Church Extension Fund. The securities and the dividends received are shown in detail on Exhibit "Q".

Loans to churches and others total $263,993.95 on Exhibit "A". The exhibit shows the various funds which made the loans. The total of the unpaid balance of these loans include accrued interest to December 31, 1967. This balance does not include a loan from the Permanent Reserve Fund to Presbyterian Synod's Office Building Fund. The original amount was $50,000.00 The balance was $36,341.81 at the close of 1967. Included in the loans from the Wharton Estate Fund is a loan to Presbyterian Home, Inc. in the original amount of $12,000.00.

Notes receivable from sale of Sadie Duncan Wharton Estate Property — $7,169.36 — represents the balance of two notes taken for the sale of houses in Raleigh, N. C., which were a bequest received from the Wharton Estate.

Synod's property and equipment are shown as General Fixed Assets totaling $326,900.30. This represents the cost of the various assets. Details and the changes made during the year 1967 are shown in Schedule — 8.

Included in the Assets of the Synod are assets of a trust fund administered by Wachovia Bank and Trust Company, Winston-Salem, N. C., John C. Whitaker and L. D. Long, Trustees under the will of Kate B. Reynolds for Aged Ministers in the Synod of North Carolina. The Assets are shown as reported by the Trust Department of Wachovia Bank and Trust Company as of October 2, 1967.

In addition to the funds included in our audit Synod also received memberships for the North Carolina Presbyterian Historical Society. Memberships received in 1967 totaled $560.00. Interest of $29.49 was earned on the deposit. $50.00 was received as a memorial. Expenses amounted to $281.71. At December 31, 1967, there was $887.33 in the fund which is shown as a liability on the combined balance sheet.

Synod's office has received and accounted for funds designated for the Chapel Hill Presbyterian Church Campaign which began in 1961. Details of the transactions for the year 1967 and prior years are shown on Schedule — 9. At December 31, 1967, $81.94 had not been remitted to the church. This is included in the liabilities at December 31, 1967, shown in Exhibit "A".

A Permanent Advisory Committee on Higher Education was established by the Synod of 1955. The Committee's share of funds available in 1958 was $2,873.78. Interest on the funds deposited in a savings account amounted to $110.10. Committee expenses have totaled $642.72, leaving a balance of $2,341.16.

Budgeted benevolences from the Presbyteries amounted to $915,676.49. Funds sent directly to Presbyterian Children's

Home amounted to $29,179.23. Presbyterian Home, Inc. received $5,568.86 in direct gifts. These totaled $950,424.58. Distributions to the Synod's agencies were made according to the adopted budget.

Presbytery tax assessments for the support of Synod's office amounted to $67,027.75.

Synod's Office General Fund received and disbursed designated receipts for Presbyterian Children's Home, Presbyterian Guidance Center, Presbyterian Home, Inc., and Catechism awards. The details of these are shown on Schedules — 1, — 2, — 3, and — 4, respectively.

Support of the Synod's Educational Institutions and other Higher Education agencies was based on a net of $440,965.77 for distribution after expenses of the fund. The amounts and percentages are shown on Exhibit "I".

Synod's support of the North Carolina Council of Churches was disbursed from presbytery benevolence receipts. These funds were received and disbursed by the Inter-Church Relations Fund — Exhibit "N".

Synod's Office Reserve Fund has been supported by surplus funds from Synod's Office Account, profits realized on printing and services rendered churches, and interest on deposits. Interest earned on the savings account amounted to $667.77. $847.00 was transferred to Synod's Office Account for the purchase of equipment. At December 31, 1967 there was a cash balance of $8,110.68 in the fund. Exhibit "U" shows in detail the cash transactions during the year.

The Contingent Salary Fund had a balance of $11,484.19 at the end of the year. During 1967 $751.25 was distributed to the Presbyterian Guidance Center to offset a deficit experienced in 1966. These transactions are shown in Exhibit "S".

The Synod's Office building was completed in 1960 and is located at 1015 Wade Avenue, Raleigh, North Carolina. The funds for erecting the building and receiving gifts were transacted through the Presbyterian Office Building Fund. The details are shown on Exhibit "T". Through December 31, 1963, gifts and interest earned on a savings account had amounted to $40,260.89. Synod's Office Fund had, in lieu of rent, $1,500.00 included in its per annum budgeted expenses for 1961 through 1967 which has been included in the Building Fund's income. Likewise the Church Extension Fund had included $2,500.00 for 1962, and $1,500.00 for the years 1963 through 1967. Educational Institutions budgeted $900.00 per annum for 1964 through 1967. Campus Christian Life Fund contributes $600.00 each year. Other receipts amount to $28.73. All such receipts had totaled $66,789.62 by December 31, 1967. Disbursements for various expenses, cost of land, building and furnishings and equipment totaled $103,131.43. This has resulted in an excess of disbursements over receipts in the amount of $36,341.81. This excess was financed by a loan from the Permanent Reserve Fund. The original loan was $50,000.00 Repayments through December 31, 1967, have totaled $13,658.19. Assets acquired by the building fund totaled $97,841.82, made up of the following:

Land and Improvements	$ 6,273.40
Building	81,278.39
Furniture, Equipment and Furnishings	10,289.63

The Christian Higher Education Campaign was begun in 1956 and the records have been maintained in Synod's Office. On Schedule — 5 the current year's receipts and disbursements are shown and the totals to December 31, 1967. Our audit of receipts was made from summaries of subscriptions and payments. The subscriptions through December 31, 1967, after cancellations, totaled $1,629,166.42. Of this amount $1,611,597.79 had been paid in cash and securities. Thus the unpaid subscriptions were $17,568.53.

Synod allowed the Campus Christian Life Committee to conduct a campaign in 1958 to raise $300,000.00 which was the amount unpledged in the Christian Higher Education Campaign and needed to implement the program of work initiated by the Committee. The campaign was supervised by the firm of Ward, Dreshman and Reinhardt, New York, New York. Campaign receipts have totaled $272,826.40. Campus Christian Life's share of the Christian Higher Education Campaign gifts was $185,512.46 to December 31, 1967. Interest earned on savings had totaled $9,095.87. The Board of Christian Education contributed $23,000.00 from its challenge funds. The disbursements include 1958 campaign expenses of $40,450.89. Capital expenditures in college areas totaled $417,754.68. The fund's balance of cash at December 31, 1967, was $22,689.70. Details of the year's transactions are shown on Schedule — 6.

Dr. Harold J. Dudley began writing a history of the Synod of North Carolina in 1961. The expenses incurred have been paid for from contributions and $1,658.25 from funds originally received in the Catechism awards account. To December 31, 1967, receipts had totaled $11,202.55 and expenses were $8,617.27. Schedule — 10 explains in detail the transactions.

Synod's office published a reprint of Foote's **Sketches Of North Carolina** during 1964 and 1965. Receipts have totaled $11,429.96 through 1967 and expenses were $10,580.75, resulting in a surplus of $849.21. Schedule — 11 has been prepared to show the receipts and disbursements.

Synod's office also had John K. Fleming's **History Of The Historic Third Creek Presbyterian Church** published. Schedule — 12 shows the receipts and disbursements through December 31, 1967.

Funds to finance an expansion of Synod's office building were received in the Presbyterian Office Expansion Fund. Donations during the year totaled $4,983.34. Pledges received totaled $18,359.00. Other receipts and disbursements are shown on Schedule — 13.

To supplement the Campus Christian Life program on the University of North Carolina campus, Chapel Hill, North Carolina, Synod created the University of North Carolina Campus Christian Life Associate Pastor's Fund. Receipts totaled $5,224.59 in 1967. The proceeds from these were used to pay the associate pastor's salary and other program expenses on the campus. Income for this cause has come from private gifts and challenge funds. Synod will assume full support of this cause in 1968. Receipts and disbursements for the year 1967 are detailed on Exhibit "V".

Distributions from the A. T. McCallum Trust Fund amounted to $9,238.17 in 1967. These funds were distributed according to the treasurer of the Fund.

Income and budgeted expenses of Synod's Christian Education Fund are shown on Exhibit "X". The Office of Christian Education is located in Charlotte, North Carolina. Expenses of the office and the committe on Christian Education, except for salaries and payroll related items, are paid by Synod's office on an imprest basis refunding the Charlotte office for expenses incurred. Our audit covered the request for funds and expenses paid by Synod's office. The supporting documents for the expenditures made from the Charlotte office were audited by the committee's independent certified public accountant. These were found to be fairly stated in all material respects and are accepted by us without taking exception to our opinion on the fund's statements.

Synod's records are maintained on a cash basis. The books were not closed until all funds for the year were received from the presbyteries in order that all receipts for the year January 1, 1967 to December 31, 1967, could be included. Likewise, some expenses for the year were paid after December 31, 1967, and the cash balances shown herein are after including these in the disbursements.

We found a depositor's forgery bond in force for $10,000.00; fire insurance on contents of the office $38,000.00; blanket position bond for $25,000.00; open stock safe burglary; and fire insurance on the office building for $81,000.00. Synod's office and Campus Christian Life Centers are covered by a multi-peril policy totaling $193,000.00 on buildings and personal property and $300,000.00 general liability.

We found the books and records in balance and accurately kept.

We wish to express our appreciation for the courtesies extended us and the assistance and cooperation rendered by the entire personnel, which greatly facilitated our work.

We examined the minutes of the Secretary and found the approved procedures currently adhered to.

Very truly yours,

IV. REPORTS OF EXECUTIVE COMMITTEES

A. Report of Executive Committee on Campus Christian Life

The Rev. Will H. Terry, *Chairman*

The Campus Christian Life ministry of our church is a vast and ever expanding opportunity for our church. The number of students in institutions of higher education increases each year. The number of institutions open to such a ministry increases. The Campus Ministry is one of the ministries where the church is involved at the cutting edge of the society. As the university becomes increasingly an influence in the political, economical and social life of our country, the witness of the church as a presence and a voice is essential. In no area of the church's ministry is experimentation more imperative; the academic community demands our most imaginative and vital men and ideas. It demands the tangible evidence of the concern of the people and churches of our Synod.

Personnel

The campus ministers of our Synod are of the highest calibre intellectually and spiritually. They exhibit throughout their ministries the finest examples of churchmanship. They are courageous and forward looking. With the resignation of Dr. Donald W. Shriver and the Reverend Jerold L. Brooks, N. C. State University is in search of a campus minister. The Reverend James Allen was was called to the University of North Carolina at Greensboro in December and has been installed as the campus minister.

At Chapel Hill, the Rev. Carl Culberson was installed as associate Campus Minister. Dr. Harry Smith was granted a year's leave of absence to be assistant to the Chancellor to implement a residence college program which Dr. Smith has been active in formulating. Mr. John Butler has been secured as an interim intern. To our new work on the Wake Forest and Salem Campuses the Rev. William Kersheval has been called. At A & T University and N. C. University at Durham we have a co-operative ministry with other denominations, and the Rev. William M. Bell and the Rev. Herbert Eaton have assumed posts on these campuses respectively. Our campus ministry staff remains the same on our other campuses.

Scope of Our Campus Ministry

It behooves the Synod to be aware of the extent of our ministry to understand both its breadth and to appreciate the expense involved. We have a full time minister at each of the following universities: East Carolina University, N. C. State University, UNC-Chapel Hill, UNC-Greensboro, Duke, Wake Forest-Salem, and Presbyterian Hospital-Charlotte. There is a part-time minister at Fayetteville State College and Campbell College. We are involved in co-operative ministries at A & T University, N. C. University (Durham), and UNC-Charlotte with other denominations.

Campbell College

Through the efforts and interest of the Rev. Eugene Ensley and the Rev. J. Allen Smyth we have been informed of the needs of Campbell College. Campbell College is the third largest private institution of higher education in the Synod of N .C. (2,400 students.) They have requested that we initiate conversations with other denominations (Methodist, Episcopal, Disciple of Christ) in reference to establishing a United Campus Ministry there. These talks have begun with these denominations with the enthusiastic support of the Campbell College administration. Our proportionate share of that ministry will be $4,000 per annum. (The Board of Christian Education, Richmond, will provide one-half of the appropriation for four years; in 1975 the Synod will assume the full financial responsibility.)

United Campus Ministry

The burgeoning explosion at the College and University level has forced all Christian Churches to seek to discover more efficient and practical ways of coping with the enormous responsibility imposed upon all denominations. No branch of the Church has either the financial or the human resources to cope with the task alone. As a result of these factors, along with others inherent in the contemporary campus situation, there has emerged the concept of United Christian Ministries, in which, without surrendering our distinctive witness, we co-operate with, and in some cases minister for, other denominations in the University situation. Campus Ministers divide out areas of responsibility and represent one another in their particular areas. At Chapel Hill, for example, we are accepting responsibility for ministering to students on that campus for the following denominations besides our own: Disciples, United Church of Christ, Evangelical United Brethren, Moravians, and the United Presbyterian Church in the U.S.A.

These denominations in return make some contribution to the support of this ministry. Actually, we have been engaged effectively in this type of ministry for several years at N. C. University in Durham and A. & T. College in Greensboro. Such a ministry is also being developed at UNC-Charlotte.

This concept of the United Christian Ministries is affecting Campus Organizations and programs on the student level and also at the Synod level. In the next few years it is going to affect the personnel and program level of our work on the campus. The implications are uncertain at this time. The Synod Committee will seek out and initiate conversations with other denominations looking for ways of more effective co-operation on the campus and effective ways of a united approach to ministry. The Committee feels a theological imperative and a financial necessity in this matter.

Finances

The Committee received in 1967 $92,605.53. The actual cost of running the Campus Christian Life program was $95,324.75, leaving a deficit of $2,719.22, which fortunately was met from Contingent Salary Funds.

In 1968 we will be able to meet our budget of $102,263 if the Presbyteries fulfill their benevolence commitments.

The Committee's budget is almost entirely used for salaries and property upkeep; therefore, we have to meet our budget in order for our ministers to get paid.

If we continue to recruit for the campus ministry the calibre of people we want, and to keep the ones we have, our salaries will have to be maintained at a high level. It is quite likely we shall be called upon to expand our work as the colleges and universities grow and our student population increases. The Synod and its churches will be called upon to lend larger support or we shall have to look elsewhere for financial support. This is a crucial ministry; its financial situation is critical. Costs go up, opportunities arise, demands increase! Each year our budget needs expand without proportionate funds to meet them.

Recommendations:

1. That Synod be informed of the loss of the Rev. Jerry L. Brooks as University Campus Minister at North Carolina State University, Raleigh; and that Synod express its gratitude to Mr. Brooks for the service he rendered the Church and University in Raleigh.

2. That Synod be informed of the following facts: That the Rev. W. E. Kercheval, Jr. has been called to the office of Campus Minister in reference to the program being sponsored on the campuses of institutions located in Winston-Salem; and that the following ministers have been installed as indicated: The Rev. James H. Allen as Campus Minister to UNC-Greensboro and the Rev. Carl Culberson as Associate Campus Minister to UNC-Chapel Hill.

3. That Synod and Local Campus Christian Life Committees seek out and initiate conversations with those responsible for ministering in higher education from other denominations, looking toward possible United Ministries.

4. That the local churches be requested and urged to give hearty support by tangible interest, prayer, and money to the cause of Campus Christian Life.

5. That the Synod of North Carolina and Local Campus Christian Life Committees be urged to encourage students to attend the Quadrennial Conference to be held in Atlanta, December, 1968, and that the Campus Christian Life Committees encourage youth to enter into the Volunteer Service Program leading to commitment and responsible full church members.

6. That Synod approve of an Order of the Day for Tuesday evening of the 156th Sessions of the Synod of North Carolina, to be held in the First Presbyterian Church, Fayetteville, N. C., 1969, for a full-scope presentation of the Campus Christian Life Program of Work.

7. That Synod endorse in principle the proposal of an inter-faith Chapel at N. C. State University, Raleigh.

8. That the 1969 Budget of the Synod of North Carolina for Campus Christian Life be approved to the total amount of $109,333.00.

B. Report of the Executive Committee of Christian Education

Reverend Allen C. McSween, *Chairman*

The population explosion and the information explosion, with the growing awareness of the place of Christian Education in the total life of persons, have combined to make this one of the most challenging times your Committee on Christian Education has ever faced. From every part of the Synod, Presbyteries and local churches are urgently requesting help in facing the increased demands made upon them.

The reorganization of the Synod's Committee of Christian Education has proved its effectiveness during the past year. This is due primarily to the exceptionally fine work of the Council Chairmen—Clyde O. Robinson, Jr., Home and Family Nurture Council; Malcolm Anderton, Systematic Study Council; Tom Anderson, Presbyterian Guidance Program; Edwin C. Brammer, Jr., Personnel Committee; and J. Whitner Kennedy, Budget and Finance Commitee.

Our sincere appreciation is expressed to the Rev. Robert Turner, our Regional Director of Christian Education in the Synod, and to Miss Beatrice Kiser, Assistant to the Regional Director, and Director of the Audio-Visual Department. Their dedication to their task has greatly enriched the program of Christian Education in our Synod.

The Area Directors of Christian Education in our Synod have borne the brunt of the work of Christian Education, and have been the ones who have really made possible a great deal of the work which has been done. Those who have served us during the year are: Miss Annie Sarah Higgins, Wilmington Presbytery; Miss Helen Jackson, Granville; Mrs. Frank S. Jones, Mecklenburg; Miss Mildred Mallard, Albemarle; Miss Jennie Wyatt, Fayetteville; Sara McNeil, Orange; Mrs. Earl F. Thompson, Winston-Salem; Miss Eloise Wells, Concord; Miss Sarah Wilson, Kings Mountain. We regret to announce that Miss Jennie Wyatt, who accepted the call to become Area Director of the Fayetteville Presbytery during the past year, has resigned in order to accept the call of the First Presbyterian Church in Fayetteville as Director of Christian Education.

Announcements: Numerous opportunities for Spiritual Growth and development of skills will be offered in the Synod this year. Among them are:

The Synod Men's Conference, Montreat, N. C., June 14-15-16.

The theme will be "One Lord—One Faith". The purpose will be to explore the basic mission of the Church.

The Covenant Life Conference, Montreat, N. C., June 28 through July 4.

The Home and Family Nurture Conference, Montreat, N. C., June 28 through July 4.

The Church School Administration Conference, Montreat, N. C., June 21-24.

The Christian Doctrine Workshop, Davidson College, September 3-6.

Interpersonal Relations Labs (four three-day Laboratories in different areas of the Synod as listed): Wilmington Area, October 6-8, Kirkwood Camp Center; Greensboro Area, November 15-17, Camp New Hope; Charlotte Area, plans are incomplete; Winston-Salem Area, October 20-22, Camp Susan Barbara Jones. Each Interpersonal Relations Lab is open to anyone from any other part of the Synod. Contact persons are: Wilmington—The Rev. Edward Connette; Greensboro—the Rev. Charles Carter; Charlotte—the Rev. Paul Beazley; Winston-Salem—the Rev. Malcolm Anderton.

Five-Day Interpersonal Relations Lab—Feb. 23-28, Camp Stewart.

Recommendations:

1. That the Synod hear Dr. Marshall C. Dendy, Moderator of the General Assembly and Executive Secretary of the Board of Christian Education (General).
2. That each Presbytery be encouraged to sponsor a Seminar for Ministers and their wives (similar to the ones sponsored by Mecklenburg Presbytery). (Home and Family)
3. That each Presbytery give emphasis to "Experience Centered" Home and Family Workshops for local committees. (Home and Family)
4. That each Presbytery provide 12-hour training events for the pastor and his temporary committee. (Instrument is available from Richmond). (Home and Family)

2. PRESBYTERIAN GUIDANCE PROGRAM

ST. ANDREWS PRESBYTERIAN COLLEGE

Rev. Tom B. Anderson, *Chairman*

Dr. Logan V. Cockrum, *Program Director*

The Presbyterian Guidance Program in the Synod of North Carolina has placed special emphasis on four areas the past year. These areas of involvement were: 1) The area of research; 2) The area of vocational aide and leadership training; 3) The area of the restructuring of the Program in terms of a council and two cabinets, the Cabinet on the Local Church Program, and the Cabinet on the Center Building; 4) The final area of concern during the year involved cooperating and communicating with three publics; the local church public, the general public, the school counselor and administration public.

In the area of research, an evaluation consultation on "The Presbyterian Guidance Program in An Age of Change," was held February 27-28, 1967 at the Center. A complete transcript of this consultation has now been printed and is available from the Center. Entitled, "Evaluation Conference on the Presbyterian Guidance Program in An Age of Change: Guidance Center Research Report, 1967." This report has also been reprinted by the Department of Christian Vocation, Board of Christian Education, Presbyterian Church, U. S. and will be made available on a rational basis for interested guidance counselors and for the members of the church who may wish to know more about the Program, how it operates, how it has been evaluated, and how its role has been projected for the future.

Counselors' Conference

A second opportunity for evaluation and communication was planned and completed in a Counselor's Invitational Conference held at St. Andrews Presbyterian College on Saturday, April 27, 1968. In this conference, the school counselors, educators, and administrators of North Carolina were invited to come together, share ideas and seek a better understanding of what is happening in family life today and how this may affect the role and tasks of all who counsel with young people in a changing world. Leadership of this conference involved two key-note speakers. First, Dr. Ernest L. Stricklin, Secretary, Division of Family Life, Board of Christian Education, Presbyterian Church, U. S. who spoke on the "Changing Family in Today's World." Second, Dr. Don R. Schulte, Clinical Director of the Sandhills Mental Health Center, Pinehurst, North Carolina, spoke on "Parent-Child Relation in Today's World."

Small Group Work

A number of small groups were then involved in a comparison of views from different perspectives on the role of the counselor in dealing with the family. Leaders of this small group work included: Dr. James E. Mikkleson, Director of Guidance for the

Charlotte Mecklenburg Schools; Lt. Col. Henry F. Murray, Assistant to the President, Piedmont Airlines, Director of Aerospace Institute; Dr. Luther R. Taff, Associate Professor, Counselor-Educator, University of North Carolina at Chapel Hill; Mr. William C. Tucker, Associate Supervisor, Guidance Services, Department of Public Instruction for North Carolina; Mrs. Sara Silverton, Coordinator for Psychological Services, Southeastern Regional Mental Health Center, Lumberton.

Following the small group work there was a panel dealing with the overall subject of the conference. Leader of this panel was Miss Kathryn Ray, State Supervisor of Guidance Services, State Department of Public Instruction, Raleigh, North Carolina.

Invitational Conference

At the time of this report registration was between seventy and seventy-five participants for the Invitational Conference. The majority of these participants were counselors active in the schools' programs. It is hoped that a complete report of this conference will be made available for the use of those who are involved in school counseling, and for use in the Presbyterian Guidance Program.

In the area of Vocational Aide-Leadership Training, a series of varied activities have taken place during 1967-68. The basic thrust of aide-leadership training was carried on through two-day Presbytery Workshops held at the Guidance Center. By the end of May, 1968, there will have been eight Presbytery Workshops held. In addition, there have been courses on the Presbyterian Guidance Program held in three Presbytery Leadership Schools. During the year, short introductory, informational and training courses have been held in some seven or eight local churches seeking to inform vocational aides, young people and their parents on how the Program operates, how it may be initiated, and what their tasks within the Program are.

Cabinets-Council

The two Cabinets under the Presbyterian Guidance Program Council began functioning in 1967. The Cabinet on the Guidance Center Building has initiated final planning for a new physical facility. An architect has been engaged and initial sketches of the building are being drawn. Arrangements are in process to secure a site for locating the structure on the campus of St. Andrews Presbyterian College. It is projected that the Center will be a one-story, separate building in keeping with the college architecture.

The Cabinet on the Local Church Program met in its organizational meeting January 4, 1968. Composed of the Presbytery Chairman on the Program, or a representative from each Presbytery in the Synod, the Cabinet has studied ways of presenting information and counsel on the Program for local churches and communities. It initiated planning for means for providing more training opportunities for vocational aides and other leaders in local churches. It is projected that a workshop or training session for this Cabinet will be held at the Guidance Center in the fall of 1968.

Challenge

The challenge of communicating and cooperating with the various publics that the Center and Program deals with, continues to be a great one. During 1967 the director has worked with public school counselors and administrators in four major cities in North Carolina. In addition, he and his staff have made a number of visits to the State Office of Guidance Services in Raleigh, North Carolina. It is felt that there is increasing understanding and cooperation between the Program and the public school guidance personnel.

In an effort to relate to the school public and to inform them on the work of the Presbyterian Guidance Program, the Guidance Center set up a booth at the State Convention of the North Carolina Personnel and Guidance Association and provided the counselors who attended the convention with information and materials on the Presbyterian Guidance Program. In addition to this, the Director of the Program spoke before the American School Counselors' Association in its business meeting at the State Convention, and issued to them an invitation to attend the Counselor's Invitational Conference to be held at the Center in April.

Director Kept Busy

In working with the church public, the director has not only spoken before various local church groups, but also has had the opportunity to appear before the Synod of North Carolina and before three Presbytery meetings. These include the Presbyteries of Wilmington, Concord, and Albemarle. The director and his staff have also had opportunities to appear before community groups and service clubs. They have made presentations on the Presbyterian Guidance Program for such groups as Rotary Clubs, Kiwanis, and PTA's.

In December of 1967, the Presbyterian Guidance Center was notified that it has been approved by the American Board on Counseling Services. The Board was established by the American Personnel and Guidance Association to review and evaluate only counseling services and approve those that meet its rigid standards.

In 1967 the Presbyterian Guidance Center served approximately 1200 individuals, including high school, college and special adult counselees. Over 500 of these counselees were high school students coming to the Center for a full two-day appointment.

C. Report of the Executive Committee of Church Extension

1968

REV. E. D. WITHERSPOON, *Chairman*

The Executive Committee of Church Extension is happy to present to the Synod of North Carolina its report and recommendations, a copy of which has been placed in your hands. The reading of this report reveals several interesting facts about this area of your work in the Synod. This year, for the first time, no Presbytery is receiving Salary Sustentation Aid. In the field of evangelism, while recognizing and regretting a decline in Sunday School enrollment, the Synod has had the best year since 1959. TRAV has made marked contribution to the Synod's "Ministry of the Air". The work at Butner continues to grow in effectiveness. No great strides forward have been made in any field but the firm and positive steps which have been made are encouraging and point to the goals we strive to achieve.

Finances

1. **Assembly Support**: The Board of National Ministries approved of missionary support during 1968 for the Butner Ministry, $2,500; and Wilmington Presbytery, $8,000; total, $10,500, an increase of $1,500; however, nothing in grants-in-aid in contrast to approximately $25,000 in 1967.

2. **Synod Support**: Income from Presbyteries last year for Synod's Church Extension totalled $51,932.88, an increase of $464. This represented 98.3% of the budget asking of Synod; a deficit of $944.

We disbursed in 1967 to one aid-receiving Presbytery, Winston-Salem, for Salary Sustentation of Home Mission Pastors, $1,787.50, in contrast to $12,644 in 1966. In 1968 no Presbytery is receiving Salary Sustentation Aid.

Income from Presbyteries for the first quarter of 1968 is $6,297.71, or $536 under the same period a year ago; however, the 1968 Budget is $1,947 under the 1967 Budget.

3. **Loan Funds:** At the end of 1967, there were 30 loans (25 last year) ranging up to approximately $40,000. Loans are made at 4% interest and are properly secured. Income from the Church and Manse Loan Fund is returned to the corpus.

The Church and Manse Loan Fund, as of December 31, 1967, was valued at $188,497.80, in contrast to $188,530 the year before.

The Permanent Reserve Fund, as of December 31, 1967, was valued at $73,845.72, an increase of $2,881.72. In this account are the following bequests: Mrs. A. T. McCallum Bequest; A. T. McCallum Bequest; Mrs. Elizabeth Osborn Bequest; Mrs. Sarah J. Hutchison Bequest; Samuel Andrews Grier Bequest; and securities valued at $1,980.

4. **Bequests:**

(1) **Wharton Bequest:** The Wharton Bequest was received in 1958 and 1959 from the Estate of the late Mrs. Sadie Duncan Wharton, widow of the late C. P. Wharton of Raleigh. As of December 31, 1967 the bequest had a value of $21,599.85. For a full report, see the Annual Report of the Auditor.

(2) **A. T. McCallum Bequest:** Synod came into possession of the A. T. McCallum Estate in 1961, when it was valued at approximately $250,000. The latest audit represents the value at $270,117 and in 1967 Synod received for distribution in accordance with Item VI (G) of the will a total of $10,175.97, representing earnings for 1967. This amount was distributed according to the terms of the will. Of the amount earned, Synod received a total of $5,201.06 ($2,374.39 to Barium Springs Children's Home; $1,130.67 to Glade Valley School; and $1,696.00 to Synod's Home Missions).

(3) **Mrs. Elizabeth C. Osborn Bequest:** The original bequest was in the amount of $1,000.00.

(4) **Samuel Andrew Grier Bequest:** In May, 1963, Synod received a Bequest in the amount of $1,468.95 from the Estate of Samuel Andrew Grier of Barium Springs to be used for Evangelistic work. (See Synod **Minutes** of 1963, page 118). This is invested, and the income is used in the manner stipulated in the will.

(5) In November, 1963, A. Walton Litz, Associate Director of the Presbyterian Foundation, Inc., advised the General Secretary that under a legacy left to the Presbyterian Foundation in 1926 by Mrs. Sarah J. Hutchison of Charlotte, the "Home Missions Work" of the Synod of North Carolina would receive the income from the legacy of $4,500. In 1967, Synod received $205.04 from the bequest.

(6) **Thomas L. Wilson, Sr. Memorial Fund:** In October, 1953, the American Trust Company, Charlotte, N. C., advised that Thomas Lee Wilson, Sr. of Gastonia had left a bequest in his will [IX, (c), (2)] to be known as the "Memorial Fund bearing the name of Thomas Lee Wilson, Senior, Gastonia, North Carolina". This provides that 2½% of the residue of the Estate be designated for the "Home Missions Committee of the Synod of North Carolina in connection with the Presbyterian Church, United States, with principal office presently located in Greensboro, North Carolina". In 1967, Synod received from the bequest $208.73.

(7) **Mrs. A. T. McCallum Bequest:** This Bequest was originally for $5,924.42.

EVANGELISM

Gains and Losses: Synod showed a net gain last year of 1,967 (1,200 the year before, or .79%). This is an increase of 1.29% and represents an upward trend in fact, the best year since 1959, 1.37%, but not as good as the 1955 increase of 2.91%. For the previous five years, the average is .93%. Professions of Faith increased in 1967 from 3,870 to 3,885, and members received by letter and reaffirmations increased from 7,321 to 7,834. "Losses" totalled 9,808, against 10,058 last year.

Professions of Faith: The number of churches reporting no professions of faith in 1967 was 194 in contrast to 190 the year before. Approximately 129 churches were without a minister in 1967, and most of these showed no professions of faith, or only a few. There are 646 churches in the Synod. During 1967, three churches were dissolved and four organized. There were 1,610 adult baptisms last year (1,613 the year before), and 2,019 infant baptisms (2,072) in 1966).

Growth of Synod contrasted: The Assembly net growth for communicants alone was .53%, .58% in 1966, and the growth since 1957 is 13.60%. Matching figures for the Synod are 1.29% and 11.60%. Among the sixteen Synods, North Carolina ranked second in 1967 (sixth in 1966). The Synod of South Carolina led the Synods with an increase of 2.42%. For the period since 1951, Florida leads with an increase of 94.93%. North Carolina ranks eighth at 29%.

Other denominations: The General Assembly does not grow as fast percentage-wise as the Baptist Church in North Carolina, 13.60% since 1957 for Presbyterians and 17.66% for the Baptist denomination. The Methodist increase for the same period is only 9.68%. The Synod rate of 11.60% is 6.06% below the Baptists since 1957 and 1.92% better than the Methodists.

Assembly Spiritual Birthrate: The Synod ranked tenth (16 Synods) in the General Assembly in Spiritual Birthrate, growth by professions of faith, in 1966 (10th last year); 2.56% in contrast to 2.57% last year and 2.98% for the Synod of Missouri, which ranked first among the Synods. In the Soul-winning ratio, the number of members required to win each soul to Christ on Profession of Faith, the Synod ranked 11th (11th last year), 39 persons in contrast to only 26.85 for the Synod of Mississippi and 37.76 for the General Assembly.

Sub-Committee on Home Missions

Rev. K. M. Misenheimer, *Chairman*

It is the task of the Home Missions Committee of the Church Extension Committe of the Synod of North Carolina to coordinate by report to the Church Extension Committee and to the Synod the work of Home Missions in the nine presbyteries. Here is a summary of those reports.

ALBEMARLE PRESBYTERY, Rev. J. Murphy Smith, Chairman

Mr. Smith reports that his committee has been studying Mr. Hal Hyde's report on the survey of his presbytery and of his suggestions for meeting some of their problems. One area in which their committee is working is in grouping small churches more advantageously into pastorates or fields. In the Wilson area there are two small churches, one of which has been taken under the care of another nearby church as a chapel because of its failure to carry on a responsible program. Wilson First Church has agreed to call an associate pastor to serve these two churches, with the plan in mind of combining these into a new church to be located in a new and central growing community. Presbytery will pay his salary along with the aid of the two churches, while the First Church will furnish office space, secretarial help, and the like. An experimental ministry on Dare Beach was sponsored and supported in the summer of 1967 with a seminary student leading the program. Their committee has employed a layman, an elder of Washington First Church, on a part-time basis to work with their aid-receiving churches.

CONCORD PRESBYTERY, Rev. J. Clyde Plexico, Chairman

Their committee has kept in touch with their 26 aid-receiving churches, and has set up a program whereby most of these churches are requesting one-sixth less support for 1968. Their committee has been engaged in studying aid-receiving churches, studying projected population growth, giving potential, possible growth of the church.

FAYETTEVILLE PRESBYTERY, Rev. Howard P. Gilkeson, Chairman

In the area of sustentation, churches have been requested to reduce their askings of the committee in a 5-year program. A regrouping of several churches has been executed to increase salaries and reduce askings.

GRANVILLE PRESBYTERY, Rev. E. J. Agsten, Chairman

Mr. Agsten reports that 12 fields including 17 churches have been given financial assistance during the past year. Their committee has also given financial help to the student inter-racial ministry of Mr. Tim Kimrey in Raleigh. Two new churches, Triangle Church of Durham and Trinity Church of Raleigh, have come into being and ministers are at work in these churches by means of the assistance, encouragement, and cooperation furnished by their committee. Grants and/or loans for church buildings and manses in aid-receiving churches have been made to 4 fields. A study is being made of the minimum salary level of Granville Presbytery to find ways and means to raise the level in the near future.

KINGS MOUNTAIN PRESBYTERY, Rev. Clifton R. Terrell, Chairman

Their committee is helping to serve the needs of 14 aid-receiving churches. Loans and/or grants have been made to several churches within the presbytery for the purpose of enlarging their facilities.

MECKLENBURG PRESBYTERY, Rev. James E. Fogartie, Chairman

Mr. Fogartie reports that the chief effort in Home Missions is in the area of sustentation, and that the bulk of their Home Missions Budget is devoted to sustentation. A secondary effort is in the area of church and manse building. Another area of responsibility is that of inner-city work, where their efforts are threefold. 1. There is the inner-city work the presbytery carried out in Charlotte under the aegis of the Inner-City Council, of which the Reverend William Stewart is chairman. At this juncture four churches comprise the council: Seigle Avenue, South Tryon, Amay James, and Smallwood. 2. There is an inner-church action which is an effort with the Episcopal Church. The Reverend Walter Clark is engaged in working with disadvantaged boys in the Belmont area of Charlotte. A house has been secured as a center of operations for Mr. Clark. 3. The Charlotte Urban Ministry is a cooperative venture across several denominational lines. Their committee is represented by duly elected members to the Board of the Charlotte Urban Ministry. Their committee has also purchased desirable sites for church location, and has provided a field representative who has been active as the organizational minister in several new churches, and who is now supplying churches that could not otherwise secure ministerial services.

ORANGE PRESBYTERY, Rev. K. M. Misenheimer, Chairman

Mr. Misenheimer reported that the Church of Reconciliation in Chapel Hill was organized on February 5, 1967, and that the Reverend Buie Seawell was called as pastor. The committee has assisted in the purchase of land for the church building. New church development was begun at Jamestown-Cedarwood area in September of 1967, and the Reverend Mac Foust was called as a Church Extension worker by Orange Presbytery to develop the church there, and a manse was purchased. New church development began in September of 1967 in southwest Reidsville with the Reverend Charles Coats, pastor of Speedwell Church, being called as part-time Church Extension worker by Orange Presbytery. The Committee has also assisted in the purchase of land for both Fellowship Church in Greensboro and the Church of the Redeemer in High Point. Ten churches in Orange Presbytery are aid-receiving churches, with five of these having reduced their askings for 1968. Two churches have been regrouped, loans have been made to three churches, grants have been made to five churches, and five pieces of property, owned by the presbytery, have been maintained.

Cooperative Church ministries are being conducted in Caswell County, Lee County, and Orange County. Church Extension workers are being employed in these three counties to assist local pastors in Christian Education, Evangelism, Leadership Training, Women's Work, Youth Work, etc. The committee has called Reverend James Watkins as a part-time Church Extension worker to finish the survey of small churches and aid-receiving churches in Orange Presbytery.

WILMINGTON PRESBYTERY, Rev. Jerome C. Jones, Chairman

Several groups of churches have been rearranged to give more persons to each minister's care and thus the committee was able to raise the salaries of some of the ministers. The minimum salary has been increased for both single church fields and multiple church fields. A survey of the area between Morehead City and New Bern has been completed, and there is a possibility of an inter-denominational ministry at Atlantic Beach. New property has been purchased just outside of Jacksonville, and plans are being made to develop a church there. The committee, through presbytery, has called an evangelist, and under his leadership property has been purchased in Wilmington and will be developed in the near future. This is the Windemere Project. The committee is seeking to aid the Myrtle Grove Church in a relocation. Assistance has been given to the Westminster Presbyterian Church of Wilmington.

WINSTON-SALEM PRESBYTERY, Rev. E. Perry Mobley, Chairman

Mr. Mobley reports that his committee has been in conversation with members of Yadkin Presbytery of the UPUSA Church. Some of the results of these conversations which have led to closer work and cooperation between the two presbyteries are: 1. The sharing of programs, studies, long-range plans and information about proposed new ventures such as new church development, location of church buildings, campus ministries, and ministries to the poor. 2. Joint consultations before establishing new churches or other ministries. 3. The sharing of facilities now owned by either presbytery. 4. Formulation of an over-all strategy for witness and service to people in the geographical areas where the two presbyteries overlap. 5. Occasional joint meetings of the presbyteries. The committee has also been in conversation with the Methodist Church about the possibility of sharing facilities, also there is a continuation of an experimental ministry in the area of low-income housing in Winston-Salem.

Sub-Committee on Institutional Ministry—Butner

GEORGE ELLIOTT, *Chairman*

THE REVEREND JAMES N. GRUBB, *Chaplain*

The Ministry at Butner continues to represent the churches of the Synod in the various institutions. The activities of the Presbyterian Chaplain include: visitation, conducting worship services, leading groups, arranging tours with seminars for church groups visiting Butner, visiting churches in order to speak on some phase of the work, and other activities.

At the time of the writing of this report, around 520 visits have been recorded since the meeting of Synod last year. Only visits that are considered significant are recorded, so the above number does not include casual encounters with people, which may or may not have been significant. In addition to the visits in the institutions, some time was spent with seven families of institutionalized people, and at least nine ministers who were seeking to fulfill their responsibilities as pastors.

Chaplain Kept Busy

The Chaplain has continued to be a part of the overall religious program at John Umstead Hospital and conducts the worship services (two services) there one Sunday each month. Occasionally, he helps conduct the worship services at Murdoch Center, and leads a weekday worship service at the Rehabilitation Center for the Blind about once every three months. On September 10, 1967, Vesper Services were begun at the Alcoholic Rehabilitation Center with all the pastors and chaplains of the community agreeing to participate by leading the services from time to time. The Presbyterian Chaplain, who had been attempting to set up some type of Sunday evening worship service, was asked to be the co-ordinator of the program. Dr. Peter Holden, the new Director of the Center, not only approved of the Vesper Service, but urged that it be started immediately. His comments about the worship service since its beginning have been very favorable.

On November 30, 1967, the Chaplain began leading a didactic group at the Alcoholic Rehabilitation Center on the "Religious and Spiritual Aspects of Alcoholism". He leads the group only once each week, but each person who participates in the program at the Center is supposed to attend the group. In addition to the didactic group, he is co-leader with Dr. Peter Holden of an unstructured group at John Umstead Hospital for Alcoholics. This group has been in progress for almost four months.

Camp For Mentally Retarded

Granville Presbytery sponsored a camp for mentally retarded people of Murdoch Center at Presbyterian Point, July 31-August 4, 1967. Thirty-two participating residents of Murdoch were placed in four small groups of eight campers. Eight adults and fourteen teenage counselors worked with the campers in small groups with Chaplain Grubb as Director. It was a very meaningful experience for all concerned. At the end of the camp, one teenage boy, who had attended camps for several years, said, "This was the best camp I have ever attended".

The young people who helped with the camp wanted to meet on Saturday, November 25, to plan a Christmas party for the residents of Murdoch who had attended the camp at Presbyterian Point. The party was held at the Butner Presbyterian Church on Saturday, December 9, with twenty-eight of the thirty-two campers attending.

Two camps for the mentally retarded are being planned by Granville Presbytery for July of 1968. Chaplain Grubb will direct one of these camps.

The Chaplain has visited the following churches to speak about the work at Butner: Geneva Presbyterian Church, Route 1, Oxford; First Presbyterian Church, Belmont; Northside Presbyterian Church, Burlington; Vandalia Presbyterian Church, Greensboro; and Creedmoor Baptist Church, Creedmoor. On Thursday, November 16, 1967, he led a seminar on "Ministers Visiting in the Mental Hospital" at Cherry Hospital in Goldsboro.

Numerous Volunteers

The Director of Volunteer Services of John Umstead Hospital, one of the psychologists of the hospital, and the Presbyterian Chaplain worked together to get student volunteers from Durham and Chapel Hill to work in the hospital. At one time, there were eighty volunteers of all denominations working with the patients.

On December 5, 1968, sixteen ministers from Orange Presbytery visited John Umstead Hospital for a tour and seminars. The visitors toured two units of the hospital and attended seminars on the following: "Personnel and Facilities of the Hospital", "The Church and Mental Health", and "Depression and Suicide". Reports that have been received from participants have been very favorable.

Women Participate in Program

A group of women from the Triangle Presbyterian Church toured the Durham unit with the Chaplain and a social worker. This group was looking for an opportunity for Christian service. Several ways of serving some of the patients were suggested to the visitors. A group of people from the Vandalia Presbyterian Church in Greensboro plan to visit the Guilford Unit of the hospital in May.

Chaplain Grubb attended the meeting of the North Carolina Chaplains Association in Charlotte, December 5-6, 1967. He participated in an unstructured group in Durham from September through November which had as its goal the preparation of its members for group leadership. The group was led by Dr. Donald Williamson of Duke. At the time of the writing of this report, the Chaplain is planning to attend a workshop for Presbyterian Institutional Chaplains in Atlanta, Georgia, May 3-5, 1968. The workshop is sponsored by The Board of National Ministries.

The Reverend Fred Stiemke is the new Lutheran Chaplain in the Butner area. The Presbyterian Chaplain introduced Mr. Stiemke to personnel in three of the institutions, and invited him to participate in some of the existing programs. The Board for Social Ministries of the Lutheran Synod expressed appreciation for the help given to Mr. Stiemke.

Sub-Committee on TRAV

REVEREND FRANCIS M. WOMACK, JR., *Chairman*

Production

The TRAV Sub-committee has sponsored four major production projects since the last meeting of Synod: "Sunday School of the Air", a weekly study of the International Lesson; "News of the Church", a 15-minute weekly religious television newscast; "Take Two", a year-long series of daily devotional programs for television; and "Praise Ye the Lord", an album of recorded hymns for broadcast use.

The "Sunday School of the Air" is a 15-minute weekly program presented over 34 North Carolina radio stations in all parts of Synod. Both of North Carolina's largest, 50,000 watt stations carry the program, which is produced by the TRAV Director.

The 1968 "Sunday School of the Air" speakers are as follows: January—Dr. Samuel D. Maloney, Davidson; February—Dr. H. Edwin Pickard, Raleigh; March—the Rev. James E. Fogartie, Charlotte; April—the Rev. Charles R. Carter, High Point; May—Dr. W. Kirk Allen, High Point; June—the Rev. George M. Webb, Shelby; July—the Rev. Robert F. Davenport, St. Andrews Presbyterian College; August—the Rev. John N. Miller, Rocky Mount; September—the Rev. James R. Dellert, Shallotte; October—the Rev. Charles Williams, Durham; November—the Rev. Lee W. Adkins, Burlington; December—Dr. Julian Lake, Southern Pines.

"News of the Church", presented weekly in cooperation with the North Carolina Council of Churches, surveys inter-denominational religious news on the state, national, and international levels; Mr. Ted L. Daniels, TRAV Director, is newscaster.

In the past year, the number of television stations making up the "News of the Church" network has increased more than 100%. Ten TV stations serving North Carolina now carry the program each week, five of these are commercial stations and five educational. The program is carried at varying times on Saturday, Sunday, and Monday each week. The University Educational Television Service, for example, schedules "News of the Church" at 6:15 P.M. every Monday night.

Production facilities for "News of the Church", with an annual value of about $26,000, are donated by WTVD, Channel 11, Durham. About $50,000 worth of television time is donated annually by the participating stations.

Production of "Take Two", a daily television devotional series in color, was begun well prior to the last meeting of Synod, but this sizeable project could not be completed until early 1968. Synod's TRAV was materially assisted in this undertaking by Assembly's TRAV in the person of the Rev. D. Kirk Hammond.

Eight television stations began carrying "Take Two" in March, 1968, and will carry the daily, two-minute program each day, Monday through Friday, until mid-1969. There are 60 programs in the series and each program will be broadcast at least four times in rotation during the course of the year.

The participating stations schedule "Take Two" at various times. As an example, WGHP-TV, High Point, airs it at 7:30 A.M. each day and WSOC-TV, Charlotte, at 7:00 A.M.

"Praise Ye the Lord" is the title of a record album of hymns played on the piano by Mr. Loonis McGlohon of Charlotte, a ruling elder in the Westover Hills Church and music director of WBT. Copies of the record are being placed in all N. C. radio station music libraries for use in local religious programming.

In other production last year, a film newsclip of the 1967 Synod meeting was prepared and telecast over seven stations. A similar newsclip will be prepared for the 1968 Synod.

PLACEMENT—Radio

A total of 783 placements of seventeen radio programs, program series, or spot announcement series have been made on North Carolina stations in the past year. Among these were special programs for Christmas, Easter, and Thanksgiving as well as the continuing series.

PLACEMENT—Television

A total of 81 placements of 11 television programs and spot announcement series have been made on North Carolina stations since the last meeting of Synod. For the first time a spot announcement, "What It's All About" (Easter), was distributed to stations on color videotape instead of film. The tape can be reused in the future, whereas film cannot.

AUDIO-VISUALS

The fourth annual Audio-Visual Previews were held in December in Charlotte and Raleigh in cooperation with the Executive Committee of Christian Education. Another is scheduled for late 1968. All churches are invited to send representatives to the Previews.

TRAV has assisted with several slide presentations and sound recordings and with the preparation of brochures and news items for various causes of Synod.

Synod's TRAV Director has continued to serve on the Presbyterian Appalachian Broadcasting Council. The Director is also chairman of Radio-TV for the North Carolina Council of Churches; a member of the Council Cooperation Committee of the National Council of Churches; and an associate member of the North Carolina Association of Broadcasters.

[1] SOUL-WINNING RATIO: Number of members required to win one soul to Christ in a year. Determined by dividing the number of accessions on profession of faith at the end of the year into the total number of communicants at the beginning of that same year. The result is in persons, not percentage and the lower the figure the better the standing.

[2] SPIRTUAL BIRTHRATE: Growth by professions of faith, expressed in percentage. Determined by dividing the number of members at the beginning of a church year into the number of accessions on profession of faith during that same year. The higher the percentage the better the standing.

D. Report of the Executive Committee on Educational Institutions

Reverend James L. Price, Jr., *Chairman*

1. Colleges and the Seminary

Among all types of educational institutions the small private school or college stands the severest test in a world of rapid social change. The three colleges and the theological seminary in whose support our Synod shares, have each experienced the impact of this world-in-transition and are striving to meet the particular challenge it brings. St. Andrews Presbyterian College must live up to its quickly-established, truly remarkable reputation as an innovative college, developing a curriculum which both conserves and recreates Christian ideals of liberal education; upon solid foundations of academic excellence, Davidson College and Union Seminary must build imaginative, forward-looking curricular programs and substantially improve their endowments and physical resources to meet the imperative of an educated manpower for "the New South"; in a period when the education of women is perhaps facing the most searching examination of all, Queens College has unusual opportunities, in its urban setting, to become a pacesetter, among the very few distinguished colleges for women.

In our last report to Synod it was commented that the academic year 1966-67 was a year of transition for Synod's institutions of higher education: Union Seminary, Queens, and St. Andrews were called upon to face the mounting demands of the future with new administrative leadership. In the Fall, D. Grier Martin announced his intention of retiring as president of Davidson College at the end of the current year. Thus within eighteen months all four of Synod's colleges and schools will experience a change in presidents. There have been few times in the history of these institutions when the prayers and support of their people were more urgently needed. There is no lack of vision or aspiration; no flagging of energies or morale; no failure to plan for growth and progress on the part of faculties and administrations of these schools. But the costs of quality education in this era of our expanding economy are enormous! St. Andrews' "Forward Campaign" has set a goal of $5 million, to be conducted in the churches of the Synod in late 1968 and early 1969. This Forward fund is the initial effort in a twelve-year plan, adopted by the Trustees to raise $30 million, anticipating a rise in student enrollment to 1600. Davidson entered its "Decade of Destiny" by announcing last Fall the successful completion of the first phase of its program to raise $25,300,000 in gifts and grants: by October 1967, $5,530,298 had been contributed or pledged towards the 5½ million Ford Foundation Challenge Grant. A second challenge has now been issued to Davidson people: Edward H. Little has offered $500,000 for a new library if $1,500,000 can be secured by June 1970. The Synod of Appalachia is giving its support this year to the Advance Program of U.T.S. in a capital funds campaign seeking to raise $750,000. The Synod of North Carolina joined the synods of Virginia and West Virginia in pledging $7,233,271 towards the Seminary's Advance. In the near future, Queens will inaugurate a major development program to improve the residence facilities of the college and increase endowment. It is important to emphasize that these financial goals are based on careful studies made by the boards of trustees of the respective institutions taking into account the most immediate as well as long-range needs; they include expanded curricula and increases in faculty and student enrollments, as well as major improvements in physical facilities. (See the reports, below).

Financial Contributions, The Presbyteries

Your committee on Educational Institutions is pleased to report an increase over last year in contributions of the Synod to the Seminary and its three colleges. The total incomes for 1966 was $394,385.54; for 1967, $443,512.84. Last year's receipts represented 98.7% of the amount budgeted by the Synod for Educational Institutions. Gifts for the first three months of 1968 total $56,169.25, which is $1,603.32 less than for the same period in 1967; however, a total of $6,002.39, which was received after the books were closed for 1967, was added to the disbursements in March to the institutions so that their receipts this year have exceeded those of the same period in 1967. It is hoped that the 1968 budget of $450,454 will be fully met.

At its meeting in Raleigh on May 8, your committee on Educational Institutions recommended to the Stewardship Committee the following 1969 objectives: for St. Andrews, gifts totaling $250,000; for U. T. S., $110,000; for Davidson, $70,000; and for Queens, $70,000. While the Synod contributes from as little as two to less than twelve percent of the annual budgets of its educational institutions, this anticipated income is essential to their operation and a measure of our church's continuing support.

Recommendations:

1. That the balance of $2,337.17 in the defunct Advisory Committee on Higher Education Fund be retained in the Synod's Treasury to meet emergencies which may arise, including the possibility of some future study of Synod's Program of Higher Education.

2. That the possibilities and willingness of cooperation between Davidson and Queens Colleges, expressed by the presidents in their reports to the Committee, be further explored by the administrations of the colleges.

3. That Synod records its appreciation to the presidents of Union Seminary and the three colleges for personally attending the Committee's meeting to present their reports.

4. That a study be made of Synod's Program of Higher Education, with the assistance of necessary funds, either in hand or to be obtained as a grant, and that the recommendations of this study group be reported to Synod at its meeting in 1970.

SENIOR COLLEGES

DAVIDSON COLLEGE, Davidson, N. C., D. Grier Martin, President. College is owned and controlled by the Trustees of Davidson College, who are elected by presbyteries in the Synod of North Carolina, by St. Johns and Everglades Presbyteries in the Synod of Florida and by Asheville Presbytery in Appalachia Synod. Founded in 1837. Men.

Academic Standing: Member of the Association of American Colleges; Southern Association of Colleges and Secondary Schools; Southern University Conference; National Conference of Church-Related Colleges; Presbyterian Educational Association of the South; and approved by the Association of American Universities. Has a chapter of Phi Beta Kappa. (Size of college: 1,004 students, 83 faculty members plus ROTC personnel).

Financial: Book value of property, $10,384,724. General and scholarship endowment, $16,766,529. For college year ending June 30, 1968, supporting churches of Synod of North Carolina will have contributed an estimated $68,000 toward the $3,600,000 operating budget of the college.

This college year promises to be one of the most significant and memorable years in Davidson's history to date. It has already been highlighted by the announcement of the successful completion of the first phase of Davidson's ten-year 1965-1975 Decade of Destiny program. In October, 1967, we were able to announce that $5,530,298 had been raised as of that date in gifts and pledges toward the $5,500,000 goal of our Ford Challenge Program. This splendid result was achieved nine months ahead of our June 30, 1968 deadline.

When all pledge payments have been received and audited by June 30, 1968, we will have qualified for all of the $2,200,000 in challenge grants which were offered to us by the Ford Foundation in June of 1965. This successful program is a demonstration of faith by the people who know Davidson and who share with us the task of providing during this ten-year period a minimum of $25,300,000 in gifts and grants. To qualify for the Ford Foundation's challenge program, it was necessary for us to explore in depth the long-term needs of this college. That profile of projected needs, budgets, and year-by-year development took into account all possible economic and social trends. It has provided Davidson with an important blue print for its continuous development during this crucial period for all of America's colleges and universities.

Various plans are leading us now to modify and generally to increase those projections but we are grateful to the Ford Foundation for providing us with the basic outline for a realistic, detailed appraisal of our financial needs. We are grateful also to all the alumni, church leaders, friends, corporations, and foundations who responded to the challenge by making this first phase of the ten-year program an "over-the-top" success for the college.

One of the key members of the Davidson family, Mr. Edward H. Little, has now issued a second challenge to Davidson people. His offer of $500,000 for a new library, if we can secure $1,500,000 by June of 1970, comes as an example of the generosity and interest on his part which have long added important strength to the college.

Two immediate challenges now lie before Davidson people. The first, of course, is to provide the funds needed to answer Mr. Little's challenge and to build the new library.

The second — which is closely related to that project — is to explore means whereby we can move ahead as rapidly as possible with the reorganization and improvement of Davidson's curriculum. This program has been in the planning stage for two years. Faculty and student leaders have outlined steps whereby the education a man receives here will be the best possible training for the leadership roles many Davidson men play in later life.

The large-scale changes proposed are imaginative, forward-looking, and expensive. They involve a sizeable and continued increase in educational costs which would come in addition to a steadily larger faculty salary budget and other projected essential increases which have already been outlined as a part of the Ford profile study two years ago.

American colleges are viewing the problem of future deficit financing with real concern and they should do so. Davidson is not immune to these economic pressures and it is for that reason that we are proceeding with caution combined with a deep awareness of the need for change and improvement.

Presbyterians who believe in Davidson will meet these and the other challenges of this decade as they have met crisis after crisis for the college during the last 131 years.

We have a strong, dedicated group of people — alumni, church leaders, friends throughout the Church, and faculty and students on the campus. As concerned individuals they want Davidson to live up to its highest potential as a Presbyterian College. As a result, the history of this Davidson decade will reflect the interest, devotion, and wisdom of Presbyterians everywhere.

QUEENS COLLEGE, Charlotte, North Carolina, is owned and supported by the Synods of North and South Carolina which elect members to its Board of Trustees. A liberal arts college for women located in the Myers Park residential area, it has granted degrees since 1857. It currently enrolls 800 students and offers bachelor of arts and bachelor of music degrees.

Academic standing: Queens is accredited by the Southern Association of Colleges and Schools, the National Association of Schools of Music, and is a member of the College Entrance Examination Board, the College Scholarship Service, the American

Association of Colleges, the American Council on Education, the Presbyterian Education Association of the South, and the National Association of University Evening Colleges. It also enjoys the benefits of the Piedmont University Center, North Carolina Computer Orientation Program, and the U. S.-India Women's Exchange Program.

Administration: In 1967 the trustees elected John E. Smylie (Th.D.) as president. Dr. Smylie, who formerly taught at Princeton Theological Seminary and Occidental College, was inaugurated on October 25, 1967. He is a member of Mecklenburg Presbytery.

Finance: With the renovation of an old science building in 1967, Queens' ten year building program has been successfully completed and the college's plant and equipment is now valued at $9,100,000. Its endowment is $3,146,000. For the year ending June 30, 1967, the Synod of North Carolina contributed $59,277, or 2.8% of current operating receipts. During 1967-68, Queens received several properties near the campus and has made major payments on outstanding construction loans. In the near future, Queens anticipates a major development program to improve residence facilities and increase endowment and annual gifts.

Program: Queens seeks to provide students with the skills of learning, thought, judgment and communication, and hopes that at the conclusion of the baccalaureate program, its graduates will have acquired a taste for learning and will have begun a lifelong program of continuing intellectual growth.

Led by a strong 70-member faculty, Queens offers a liberal arts program with majors in the humanities, social and natural sciences and fine arts. In addition to the campus program, Queens students benefit from the cultural advantages of Charlotte, the Queens European Program, the junior year program in Washington, D. C., studying government, and the summer marine biology program at Pawley's Island, South Carolina.

The Department of Adult Education serves the Charlotte-Mecklenburg community with a program of professional advancement and continuing education for women.

The Queens Christian Association is one agency in the college's active Student Government Association which engages many students in self-government and co-curricular programs. Queens students participate with Charlotte schools and churches in programs for minority students.

ST. ANDREWS PRESBYTERIAN COLLEGE, Laurinburg, North Carolina. Dr. Ansley C. Moore, President—Supported by the Synod of North Carolina, Presbyterian Church, U. S., St. Andrews opened its doors on a new campus in Laurinburg, September 17, 1961. It is a coeducational, liberal arts, four-year college.

Academic Standing: Accredited by the Southern Association of Colleges and Schools. It is also an institutional member of the National Association of Schools of Music and holds membership in the North Carolina College Conference, the American Association of Colleges, the Council of Protestant Colleges and Universities, the North Carolina Foundation of Church-Related Colleges, and the Piedmont University Center of North Carolina.

Curriculum: At the heart of St. Andrews' academic offerings is the Christianity and Culture Program. This four-year program required of all students provides 33 credit hours in history, religion, philosophy, literature, and the humanities. It is taught by five teams of professors who make use of the lecture-preceptorial method.

Three degrees are offered at St. Andrews—bachelor of arts, bachelor of science, and bachelor of music. Majors include religion, philosophy, Christian education, English, biology, chemistry, economics, mathematics, history, foreign languages, education, psychology, business administration, art and drama, music, politics, and sociology-anthropology. Cooperative programs in engineering and medical technology have been worked out with other institutions.

Physical Plant: Sixteen buildings are used at the present time, fourteen of them new as follows: the liberal arts and science building, the library, the student center, eight dormitories, music building, physical education building, and the heating plant. Urgently needed are the auditorium-theater, the chapel, the science building, the administration building, residence hall, student center addition, and an infirmary.

Student Enrollment: A total of 913 persons were enrolled at St. Andrews Presbyterian College during the first semester of the academic year 1967-68—426 men and 487 women. Some of these were on a part-time basis so that the total full-time equivalent enrollment was 901.

Faculty and Staff: There are 75 members of the St. Andrews Faculty holding degrees from some 37 first-class graduate schools. Twenty-four people are listed in the administrative group, as well as 8 Residence Hall Directors. A teacher at St. Andrews must have at least the Master's degree. Forty percent of the faculty now hold earned doctorates.

Financial Picture: Book value of property, $9,434,932. General and Scholarship Endowment, $1,405,294. Total operating budget, $2,986,750.

With a grant of $672,000 from the Federal Government plans are nearing completion for the construction of a science building-teaching auditorium which will cost $2.2 million. The balance of funds for this much needed new facility will come from the St. Andrews Forward Campaign now underway among many of our constituents, and to be conducted in the churches of the Synod of North Carolina in late 1968 and early 1969.

The Forward Campaign has a goal of $5 million; $2 million for endowment and $3 million for buildings. The Forward Fund is designed to provide the program, the faculty, and the facilities to serve an enrollment of 1200 students by 1972. The new buildings planned for in addition to the science facility are a chapel, administration building, learning resources center, dormitory, student center addition, and the renovation of the liberal arts building.

The Forward Campaign is the initial effort in a long-range plan adopted by the Trustees for $30 million over a twelve-year period anticipating an enrollment of 1600 students. The need for physical facilities will be cared for early in this plan, with later efforts devoted to an undergirding of the college with adequate endowment.

The continuing and increasing support of the Synod of North Carolina, its churches and its members is vitally needed in order that St. Andrews may truly serve the purposes envisioned by her founders.

GRADUATE SCHOOL

UNION THEOLOGICAL SEMINARY IN VIRGINIA. The Trustees of Union Theological Seminary in Virginia respectfully present to its controlling Synods of Appalachia, North Carolina, Virginia, and West Virginia this report concerning the 1967-1968 academic year.

Transition and Materialization

The calling of a new President and the further development of Seminary facilities and resources have made the past year one of transition and materialization.

In May, 1967, the Board of Trustees elected as the new President of Union Seminary Dr. Fred Rogers Stair, Jr. Dr. Stair brings to this position a wealth of experience as a well-known pastor and recognized leader of the Presbyterian Church in the United States. He formally assumed the post on October 1, 1967. Plans for his installation are being made by a Trustee Committee and are tentatively set for October, 1968.

The Board again expresses its gratitude to Dean Balmer H. Kelly who served with admirable competence as both Dean and Acting President of the Seminary following the death of President James A. Jones on November 17, 1966. Since these additional duties forced the postponement of Dean Kelly's regular sabbatic leave, he has been away from the Seminary during this spring involved in study in Europe.

The Seminary is having a significant year. Established programs have been carried through in an effective manner and foundations are being laid for an even stronger future. President Stair has appointed three Trustee-Faculty committees to make recommendations to the Board at its annual meeting in May concerning: (1) an administrative overview—membership composed of E. Angus Powell, Chairman, W. T. Thompson, Jr., Richard T. Wiltshire, Edward R. Adams, and James T. Matthews; (2) faculty salaries and emoluments—membership composed of W. T. Thompson, Jr., Chairman, Robert R. McMillan, John A. Tate, Jr., Balmer H. Kelly, Neely D. McCarter, James L. Mays, and M. W. Norfleet, Jr., and (3) recruiting and enlistment—membership composed of J. V. C. Summerell, Chairman, A. H. Hollingsworth, Jr., Balmer H. Kelly, F. Welford Hobbie, Kenneth B. Orr, Ben L. Rose, and Stewart Bell, Jr.

Sixty apartments for married students have been completed during the year and paid for with ADVANCE funds contributed by Presbyterians in the Synods of North Carolina, Virginia, and West Virginia. The Seminary now has for the first time adequate housing for its married students and for the many ministers who return to engage in two weeks of study during the summer months.

Student Body

Union Seminary began this year with 305 students, the highest enrollment in its 156 year history. Of this number, 177 are in courses leading to the Bachelor of Divinity degree and 128 are working toward either masters or doctors degrees. The student body varies in age from 21 to 41, and there are 15 women enrolled. Nearly sixty-five percent of the students are married and several have as many as four children. There seems to be a growing trend toward students embarking on ministerial education after having engaged in another occupation for a period of years.

The Faculty awarded three fellowships this year to students who have demonstrated unusual competence and capacity for further graduate study—L. Shannon Jung of Alexandria, Louisiana; Allen C. McSween, Jr., of Greensboro, North Carolina; and D. Cameron Murchison, Jr., of Alexandria, Louisiana.

Faculty-Administration

We record with sorrow the death of Dr. Frank Bell Lewis, professor of Christian ethics in the Faculty since 1954. Dr. Lewis also served the Seminary as Dean from 1957 to 1965 and held the deep respect and affection of all.

A new professor, Dr. Donald Woods Shriver, has been teaching at the Seminary for the first time this year. He was elected to the Faculty by the Board of Trustees last May as associate professor of church and society.

Two members of the Faculty have been elected to the rank of full professor and were inaugurated on March 6, 1968. They are Dr. J. A. Ross Mackenzie, John Q. Dickinson, Professor of Church History, and Dr. James H. Smylie, Professor of American Church History.

During the year Dr. Lamar Williamson, Jr., has been the alumni visiting professor in the Biblical department. Dr. Williamson has been called to the Faculty of the Presbyterian School of Christian Education and we are pleased with the prospect of his continuing as a colleague in the academic community.

In September, 1967, Dean of Students W. Robert Martin, Jr., accepted a call as Associate Director of the Fund for Theological Education and moved to Princeton, New Jersey. The position of Dean of Students in the Administration has not been filled pending the further consideration of the Trustee's administrative overview committee.

The Faculty and Administration have given considerable time in the preparation of an extensive self-study report as required for reaccreditation with the American Association of Theological Schools. In this project we are grateful for the assistance of both alumni and Trustees. An evaluation team of Dean William R. Cannon of the Candler School of Theology and Professor

Harvey H. Guthrie of the Episcopal Theological Seminary of Cambridge visited the campus November 8-10 to confer with the Administration and Faculty. Their evaluation gave the Seminary full endorsement and approval for reaccreditation for the next ten years. Several suggestions were made for further strengthening of the academic curriculum and for improvement toward even greater excellence. The Dean and President are seeking to implement these and welcome suggestions from members of the supporting synods.

Curriculum Developments

The Faculty of the Seminary adopted a new curriculum three years ago which is continually being reexamined and reevaluated. The curriculum called for an academic year composed of two four-month quarters and a one-month (January) term. The flexibility of the new format has made it possible for our students to engage in many more off-campus training opportunities. For example, all members of the Junior Class this past January were involved in a program calling for interviews and discussions with members of the city government of Richmond in order to gain a better understanding of the modern problems confronting urban communities. The new curriculum has also encouraged other educational activities which broaden our student's understanding of the role of ministry today, such as: participation in seminars in Washington and New York on national and international affairs; lectures by a regular visiting theologian in residence, who was this year Professor Shubert Ogden; greater participation (23 students are on internships this year) calling for an intern year working in churches, in mission fields, in government, in business, and in other structures of society; independent study in areas of special interest; and exposure to many points of view from an impressive list of lecturers that visit the campus annually.

Board of Trustees

Union Seminary is one of four seminaries of the Presbyterian Church in the United States and is controlled by the four Synods of Appalachia, North Carolina, Virginia, and West Virginia through a Board of Trustees nominated by these Synods.

The following new Trustees have been nominated by the Synods to join the Board at its annual meeting in May. They are the Reverend F. Wellford Hobbie, of Staunton, Virginia; Dr. John H. McKinnon, of Knoxville, Tennessee; and Mr. John A. Tate, Jr., of Charlotte, North Carolina.

Fiscal Affairs

Since the fiscal year of the Seminary ends on March 31st, it is not possible at the time this report is being written to report the final figures on the operation of the Seminary for the past fiscal year. The audit will be completed in May and will be reviewed at that time by the Board of Trustees. Reports of the audit will be placed in the hands of the several committees of the Synods. With a view to better budgeting and control over the academic year, the administrative overview committee of the Trustees is recommending that the fiscal year of the Seminary be changed to June 1-May 31.

This year's operating budget totals $1,078,591.00. The supporting Synods contributed 16% of this budget or $169,914.69, received as follows: Appalachia—$13,358.19; North Carolina—$98,248.13; Virginia—$46,431.23; and West Virginia—$15,877.14. The Seminary urges the supporting Synods to enlarge their benevolence support to a much higher level of participation as their share in the preparation of candidates for the ministry.

The ADVANCE

The ADVANCE program called for a three phase development of Seminary facilities and resources tied to projected student enrollment levels of 300, 400, and 500 students. Since phase one has been successfully provided for through gifts to the recent fund raising efforts, and since student enrollment now exceeds 300, the Board of Trustees is examining the needs of the Seminary outlined in phase two with a view to their attainment.

The Synods of North Carolina, Virginia, and West Virginia pledged $7,233,271.04 in the 1966 ADVANCE campaign. As of March 30, $3,316,324.19 has been paid on these pledges by individuals and churches within these synods. In view of the urgent needs of the Seminary, it is hoped that these pledges will be paid in full as soon as possible.

The Synod of Appalachia is giving its support this year to the Seminary ADVANCE in a capital funds campaign seeking to raise $750,000. A third of this goal is to provide additional financial aid for deserving students, a third to establish and endow a chair in the faculty for a new professor of preaching, and the final third to provide for construction and furnishing of a new graduate study center. Members of the Faculty and student body have preached this spring in 140 churches in the Synod to interpret the needs of theological education and to focus attention on the campaign. It is still too early to know if the goal will be attained, but we are grateful for the concerted efforts being made by several hundred ministers and laymen who are giving leadership to the cause.

At the present time architects are completing final drawings for the proposed new instructional center and addition to the Library. It is expected that this contract will be let for bid this summer. Completion and occupancy of this important new addition to the Seminary campus which is being made possible by ADVANCE gifts is hoped for by the fall of 1969. This new addition to the campus will enable Union Seminary to enhance its service to the Church preparing competent, dedicated ministers of the Gospel.

INFORMATION

The General Secretary endeavors to make his office a channel for distributing information about the institutions for which Synod has a responsibility. He is available for presenting the cause of Christian Education to Presbyteries, Presbyterials, local Churches, and Men's and Women's organizations.

Several schools have motion picture films which they make available to interested groups.

6. Bequests and Memorials

According to Webster, a memorial is anything intended to "preserve the memory" of a person or event. Granite preserves a name; influence preserves a memory. A memorial dedicated to the service of Christian Education is truly an everlasting memorial since it lives on generation after generation. This type of memorial is not only possible to people of large wealth but to the average man. Buildings and gifts for endowments are appropriate for people of means. Gifts of equipment for gymnasiums, offices, and music departments; audio-visual materials, furniture, and outdoor improvements are within the reach of average people. Information on specific needs will be furnished to interested persons.

FORM OF GENERAL BEQUEST

V. REPORTS OF PERMANENT COMMITTEES

A. Report of the Committee on Annuities and Relief

M. Bland Dudley, *Chairman*

Your Committee has met twice since the last meeting of Synod. Each Presbytery was represented at these meetings. The Committee dispenses the funds which are derived from the Kate B. Reynolds Trust for retired Presbyterian Ministers.

In the September 1967 distribution 102 Annuitants received distributions in the amount of $415.41. In the March 1968 distribution 101 Annuitants received distributions in the amount of $412.88. A total of $84,072.70 was distributed.

The Kate B. Reynolds Trust for retired Presbyterian Ministers was established in 1947. In the years since it was first created the number of retired ministers eligible for participation in the Fund has continued to increase. In recognizing that future demands on the Trust may not be adequate for needs as the number of eligible Annuitants increases, your committee has prepared a brochure on the fund in the hopes of encouraging gifts and bequests to the fund. Copies of the brochure are available on request from the Synod's Office.

After considerable consultation with our Auditor, the Trust Department of the Wachovia Bank, and the Federal and State Tax personnel, it has been determined that the recipients of the Fund are to report the distribution which they receive as taxable income. The Trust Department of the Wachovia Bank now provides accurate information for our Annuitants so that they may properly report the income for tax purposes.

It has come to this committee's attention that there exists at least one fund (not under the jurisdiction of this committee) to aid the widows of Presbyterian Ministers. We recognize that this may be an area of need which is not being fulfilled by any other group. If the commissioners to Synod know of any widows of Presbyterian Ministers who are in need, this information should be directed to Synod's Office.

B. Report of Committee on Attendance

Reverend Everett K. Brown, Chairman

Recommendations:

1. That the Standing Rules of Synod be amended so as to add to the parenthetical statement in Rule 23:36 the words, "those on active duty in the military service."
2. That Synod grant excuses to those ministers and ruling elders who have requested that they be excused from attendance of a part of this meeting of Synod.
3. That the requests of 153 ministers and 71 churches to be excused from attending this meeting of Synod be granted.
4. That the 223 churches, neither having a representative at this

meeting of Synod nor being excused from attendance, be listed in the Minutes of Synod as unexcused.

5. That the 82 ministers, neither in attendance nor excused, be listed as unexcused in the Minutes of Synod.

6. That Synod direct the Stated Clerk to report as soon as possible to each Presbytery Stated Clerk in the Synod the minister-members of Synod who were absent without excuse, and the names of those Church Sessions whose representatives were absent without excuse, from the 1968 Stated Meeting of Synod;

   And that Synod request each Presbytery to seek some effective means of impressing upon Ministers their Constitutional obligation to attend Synod, and upon Sessions their Constitutional obligation to be represented at Synod by a Ruling Elder or Ruling Elders.

7. That Synod suspend the Standing Rules of Synod and authorize the Moderator to restructure the 1969 Permanent Committee on Attendance in order that in addition to the Chairman, the Committee will be composed of the Stated Clerks of the constituent Presbyteries; and that Standing Rule 23:3b be waived so that the Committee may, if necessary, meet following the adjournment of Synod, to complete its work.

8. That the Chairman of the Attendance Committee and the Stated Clerk of Synod be authorized and empowered to correct and complete the Report of the Committee on Attendance following the adjournment of Synod.

C. Bequests and Deferred Gifts (No Report).

D. Committee on Bills and Overtures

The Committee on Bills and Overtures met at St. Andrews College on June 3, 1968, at 7:30 p.m. with the following members present: Samuel S. Wiley, Chairman; Julian M. Fore, Edward G. Connette, Alton C. Trivette, C. Emerson Smith, James H. Monroe, John K. Wilson, Thomas W. MacLean, and Thomas M. Davis.

The following overtures and resolutions were placed in our hands:

1. Similar overtures from the Presbyteries of Granville, Orange, Wilmington, and Winston-Salem concerning the establishment of a Foundation Facility with a full-time director for the Synod.

2. An Overture from the Presbytery of Mecklenburg concerning the discontinuance of the practice of publishing Memorials in the Minutes of Synod.

3. A communication from the Presbytery of Orange giving information about their plans for capital funds campaigns in 1971, 1972, and 1973.

4. A resolution from the Stated Clerk of Orange Presbytery concerning maximum interest rates affecting the borrowing of churches from North Carolina lending institutions.

Recommendations:

1. The overtures from the Presbyteries of Granville, Orange, Wilmington, and Winston-Salem make the following request of Synod:

> "To establish a Foundation facility with a full-time Director for the Synod of North Carolina for the specific purpose of soliciting and encouraging gifts, bequests, grants, and other sources of revenue to be made to the Synod of North Carolina for its agencies, institutions, and benevolence causes."

The Committee recommends that we defer action on these requests to the next meeting of Synod, pending the results of the study being conducted by Synod's Committee on Bequests and Deferred Gifts to determine the need of such a facility. This study has the approval of the Stewardship Committee of the Council.

2. The Overture from Mecklenburg concerning Memorials is as follows:

> "The Presbytery of Mecklenburg respectfully overtures the Synod of North Carolina meeting in Laurinburg, N. C. on June 4-5, 1968, that, inasmuch as Memorials to Ministers are published in the Minutes of the respective Presbyteries, the practice of publishing said memorials in the Minutes of Synod be discontinued. (The custom of reading the names at the Memorial Service will be continued.)"

The Committee recommends that this be answered in the negative.

3. The following communication from Orange Presbytery concerning Capital Funds Campaigns was considered:

> "That Presbytery inform Synod and General Assembly that Orange Presbytery will be unable to participate in any capital funds campaign in 1971, 1972, 1973, in order that a 'Bi-Centennial Capital Funds Campaign' may be held in Orange Presbytery during those years."

This Committee recommends the following action: "That this information be referred to the Council of Synod to be dealt with as it deems wise in considering Orange Presbytery's responsibilities as a member of the Synod in capital funds campaigns during the years 1971, 1972, 1973 in the light of the Presbytery's projected plans."

4. The resolution concerning interest rates from the Stated Clerk of Orange Presbytery is as follows:

> "Resolved, that whereas the North Carolina General Statutes at Chapter 24, Section 8, entitled 'Loans of $30,000 or More to Corporations' contain a provision that any foreign or domestic corporation organized for pecuniary gain may agree to pay, and any lender may charge and collect from such corporation, interest at any rate agreed upon not in excess of 6% per annum where the original principal amount of the loan shall equal or exceed the sum of $30,000, without such transaction being subject to any penalty or forfeiture of interest;
>
> And whereas in recent months churches and other corporations not organized for profit have been unable to obtain needed loans because interest rates have increased and lenders cannot profitably lend money at the rate of 6%;

And whereas it is imperative to churches and other corporations not organized for profit that they be able to obtain needed loans, for which they are willing to pay an interest rate which is competitive in the market place;

Now, therefore, the Synod of North Carolina, Presbyterian Church in the U.S., hereby resolves that the North Carolina General Assembly be petitioned to amend Chapter 24, Section 8, to extend its provisions to churches and other corporations not organized for pecuniary gain, in order that such corporations may be enabled to obtain loans as needed by payment of a competitive interest rate not limited to a maximum of 6%."

The Committee recommends the approval of this resolution.

E. Report of Committee on Christianity and Health

REVEREND W. R. SMITH, III, *Chairman*

The Permanent Committee on Christianity and Health met at the Synod's Office on February 2, 1968. There were eight members present representing six of our nine Presbyteries in the Synod. New members of the committee were introduced and briefly apprised of our committee's work.

Each of the Presbytery Chairmen presented to the committee a report of what had been done on the Presbytery level throughout the year. Written reports were sent by absent members and presented by the Chairman. It was requested that copies of the reports be made available to the entire committee.

Of particular interest were reports with regard to Presbytery legislation, visits of Presbyteries and other groups to Butner, and Presbytery workshops on Christianity and Health.

Concord Presbytery reported that Dr. Paul McCleve, a United Presbyterian Minister, of the staff of the American Medical Association, would attend a Concord Presbytery Seminar on the evening of April 3rd in Statesville.

Granville Presbytery reported that the Committee had sent three members of the Presbytery to the Pastoral Counseling Institute in Athens, Georgia, for a training course. Also, Granville Presbytery, at a recent meeting had, as The Order of the Day, an address by Dr. Thomas McDill of the Columbia Seminary faculty.

Wilmington Presbytery reported on the use of the "Companion Minister" concept for the young ministers entering the Presbytery.

It was agreed that the Synod's committee will provide $200 of its budget for a member of the committee to attend a workshop or enroll in a training program during 1968.

The Committee agreed that Presbyteries should continue to make every effort to provide funds for Ministers that will enable them to engage in helpful programs of study in the area of Christianity and Health.

The retiring Chairman expressed appreciation to the committee members for their response, cooperation, and excellent assistance during these first three years of the committee's existence.

F. Report of Committee on Church and Society

REV. VANCE BARRON, *Chairman*

The Committee held its annual meeting in Synod's office on April 26th. Plans have been made for regular meetings twice each year, in November and April. The next meeting will be November 12.

General Comments

The Committee notes with appreciation a growing awareness within the Synod of the Church's responsibility to witness to God's love for men in all of their concerns. The problem for us now is how to move from awareness to action. Various "experimental ministries" are under way within our own denomination, seeking to discover new ways to bridge the gap between the Church and the world. Information about these may be secured from the Board of National Ministries.

It is the responsibility of the Session of each congregation to appoint and support a Service Committee. "In the Biblical-Christian use, service is the Christian's response to God's grace in Christ manifested through relief of human need and suffering and through efforts to remove the causes of need and suffering." (From *The Plan Book*) Each Session should encourage its Service Committee to study the local community and its needs, and to recommend specific plans for engaging the congregation in relevant action.

Representatives to Seminars and Conferences

The Reverend John Eliason has been appointed to attend the Church and Society Conference at Montreat.

The Committee is making available four scholarships at $50.00 each for the Washington-UN Seminar sponsored by the N. C. Council of Churches. A full expense paid scholarship is available for the International Affairs Seminar sponsored by the General Assembly's Division of Church and Society, the Churchmen's Washington Seminar, and the Rural Churchmen's Seminar. Persons interested in these scholarships should apply to the Chairman of this Committee.

The 1969 Legislative Dinner

The Committee will continue its practice of recent years of inviting the Presbyterian members of the General Assembly of North Carolina to a dinner meeting. A suitable date will be determined, probably in early April of 1969.

Position Paper

The Committee considered many areas of concern where it felt that it might properly focus the attention of the Synod. From these it selected one which, in its judgment, is most crucial. We, therefore, present for the consideration of the Synod this brief statement on "Riots and Responsibility," along with the recommendations which are related to this subject.

Riots and Responsibility

Last summer, and again this past April, many of our cities were shaken by riots of major proportions. What does this mean? Why have such riots occurred? Who is responsible? What should we do about it? These are questions which demand the first priority in our concerns.

The National Advisory Commission on Civil Disorders, which reported to President Johnson last March, cited the basic cause of recent riots as racism and poverty. They said: "Segregation and Poverty have created in the racial ghetto a destructive environment totally unknown to most white Americans. This is our basic conclusion: Our nation is moving toward two societies, one black and one white — separate and unequal. Reaction to last summer's disorders has quickened the movement and deepened the division. Discrimination and segregation have long permeated much of American life; they now threaten the future of every American."

The Ghetto

If this interpretation of the situation is correct, or even partially true, then all of us in the white community must acknowledge some degree of responsibility for these riots. When everything is fairly considered, it may even be necessary for us to acknowledge that the major responsibility is ours. That may be hard for us to accept; but we must accept it if it is true. What white Americans have never understood—but what the poor white, Negro, Indian, and other poor can never forget—is that our affluent society is deeply implicated in the ghetto. Affluence created it, affluence maintains it, and our affluent society condones it.

Let it be clear that we do not believe that violence can establish justice, or that the destruction of our cities can benefit anyone. We do not believe that we can permit law and order to be replaced by mob rule. Nevertheless, we do understand why the indignities, the frustrated hopes, and the daily sufferings endured by the slum dwellers provokes them to such violent outbursts.

We are convinced that our efforts to deal with riots must go beyond increased law enforcement efforts. The most typical response to the riots — the cry for "Law and Order" — leaves out something which is essential. Christians, of all people, should understand that this demand should be for "Law and Justice." Better still, our voices should be lifted in a cry for "Law—with Justice and Compassion."

Repentance Urged

We are convinced that this nation will continue to be plagued with violent social disorders until such time as the resources of this affluent nation are more equally shared, in sufficient measure, to meet the crying needs of the poor. We are convinced that we will continue to reap the bitter harvest of our long history of racial discrimination until such time as we not only repent, but, "bring forth fruits worthy of repentance." (Luke 3:8)

We are convinced that there is an alternative to the social disorders which are already upon us, and which are apt to increase unless appropriate action is taken quickly. "This alternative," said the NACCD, "will require a commitment to national action—com-

passionate, massive and sustained, backed by the resources of the most powerful and richest nation on this earth. From every American it will require new attitudes, new understanding and, above all, new will."

We applaud this eloquent challenge from the NACCD. We believe that the whole man needs the whole gospel, and we affirm that it is altogether in harmony with those commitments to minister to human need which derive from our Christian discipleship.

In light of these facts and convictions, we make the following recommendations to the Synod of North Carolina:

The Church and Traffic Safety

Death and destruction on our highways continues to increase. Because of its concern for human life, the Church should give more serious attention to this problem. If, as some studies indicate, one of the major factors contributing to driving accidents is the mental and emotional attitude of the driver, then the Church may be better equipped than the State for striking at the roots of the problem.

Recommendations:

1. That the foregoing statement on "Riots and Responsibility" be received as the statement of this Synod and that it be sent to the Session of each local Church, for study, along with such of the following recommendations as may be adopted.
2. That the members of the Synod urge all candidates for political office and elected representatives to work for better educational, vocational, and housing opportunities for the poor of all races.
3. That members of the Synod be urged to make known to their elected representatives in government their willingness to accept increased taxes for responsible public measures enacted to assist the underpriviledged.
4. That members of the Synod be urged to purge their own hearts and their own institutions of any racial prejudice or discrimination which yet remain within them and to live as reconciled and forgiven Christians in all their relationships.
5. That members of the Synod be urged to work for low income housing, and for equal access to available housing, in their own communities.
6. That congregations and Presbyteries be urged to explore the opportunities of becoming non-profit sponsors of low income housing in their communities, by accepting funds available under Federal allocations.
7. That members of the Synod secure information from several sources on the problems of the Negro in the Synod of North Carolina and conduct educational meetings for Presbyterians to communicate their feelings.
8. That the Synod of North Carolina instruct its Committee on Church and Society to study the problem of "The Church and Traffic Safety", and to report its findings and recommendations to the next meeting of Synod.
9. That the churches of the Synod of North Carolina proclaim

the Gospel of Jesus Christ to and accept into fellowship and receive into membership all persons of our communities without regard to race, color, national origin, or economic status.

10. That, on learning of the wounding of Senator Robert F. Kennedy earlier today, the Synod of North Carolina, Presbyterian Church in the U.S., record its profound shock and sorrow that still another of our public leaders has fallen before a would-be assassin's gun; and, in response to this tragic event, the Synod herewith:
    (1) Offers its sympathy and prayer for the support of Senator Kennedy and the members of his family;
    (2) Pledges itself anew to the work for the removal of the spirit of violence from the hearts of men;
    (3) Calls upon the Congress of the United States to enact without delay, legislation which will effectively control the sale and possession of guns and firearms of all sizes and categories.

G. Report of the Committee on Historical Matters

REAR ADMIRAL A. M. PATTERSON, USN (Ret.), *Chairman*

The Committee on Historical Matters met in Synod's office on March 20, 1968, with eleven members and Rev. Harold J. Dudley, General Secretary, present.

The Chairman reported that he had heard from the stated clerks of all nine presbyteries advising that Historical Committees have been established in all presbyteries. He reported that he had presented the 1967 report of the committee to Synod and that he had conveyed to Synod's Council the action of the Committee in 1967, asking the Council to make arrangements to relieve the General Secretary of some of his duties in order to permit him to write a definitive history of the Synod of North Carolina.

The General Secretary reported on the growth and activities of the North Carolina Presbyterian Historical Society. The Society holds its annual meeting in the spring and sponsors a fall meeting or tour of historical churches. Mrs. J. L. Henderson and Mrs. Maude Q. Kelsey reported enthusiastically on the 1967 fall tour of churches in Mecklenburg Presbytery. The Society now has a total of 270 members.

The General Secretary reported that the second printing of the third edition of Foote's *Sketches* has been selling satisfactorily and that more than 400 copies of Rev. John K. Fleming's *Historic Third Creek Presbyterian Church* have been sold.

The General Secretary reported having participated in celebrations at Providence, Wilmington First, and Waldensian churches. He also submitted a list of 20 churches which will be celebrating anniversaries in 1968. They are as follows:

Rev. James D. MacKenzie, Chairman of the Sub-Committee on Agenda for Writing Church History, submitted a paper prepared by his sub-committee entitled, "Suggestions and Aids for Local Church Historians." With minor amendments, the paper was adopted, together with recommendations that Synod be advised that it is available to church historians and that Synod urge every church to create a Committee on Church History (See Recommendation 4).

Recommendations:

1. That ministers be requested to file photographs and life sketches in Synod's office.
2. That ministers be requested to record a sermon to be filed in Synod's office.
3. That persons who possess photographs of former ministers of the Synod of North Carolina be requested to file them in Synod's office.
4. That Synod urge every church to create a committee on church history, whose responsibility will be to: (1) collect and preserve all historical materials; (2) recommend at an appropriate time to the Session a person who is competent to research and write the history of the church; and (3) express critical judgment on moot matters, including the invitation to other competent persons to critically proofread copy before final approval of documents for release to the public. (Copies of the paper "Suggestions and Aids for Local Church Historians" may be obtained from Synod's office.)
5. That all churches which have not already done so, be requested to have histories written, distributed to members of their churches, and copies filed in the Synod's office.
6. That the graves of deceased ministers, especially those of historical significance be located and marked.

7. That October 6, 1968, be observed as North Carolina Presbyterian Synod Day (Synod organized October 7, 1813); that churches be urged to make use of the bulletin cover carrying the seal of Synod; and that the Chairman and General Secretary be authorized to implement these recommendations.

8. That local churches take advantage of the offer of the State Department of Archives and History to microfilm church records for security and without charge.

9. That Synod again be reminded that anyone needing advice in implementing any of the foregoing recommendations may apply to members of the Committee on Historical Matters for assistance.

H. Report of Permanent Committee on Homes

REV. R. T. HAYNES, JR., *Chairman*

The Committee on Homes met on May 6, 1968 at the Presbyterian Home in High Point with five (5) members present.

Dr. Nat K. Reiney, Executive Director of the Barium Springs Home for Children, reported that the emphasis at the home is now on short-term service to children. The length of time which the average child now spends at Barium is quite short compared to the past pattern. Barium's services to children continue to expand. Among the plans for the future is establishing a Demonstration Day Care Center dealing with children from the ages of two through five. Designed as a model or demonstration center for assisting local churches to obtain the know-how for getting into day care programs, this Center will aim at breaking the cycle of dependence among the poverty-stricken. It was pointed out that children in areas of deprivation grow culturally behind other children and, unless they are helped early, will enter school so far behind that they will eventually drop out. The Demonstration Day Care Center will dramatize the need for such care at the local level in order to deal positively with this cultural lag and to free both parents for gainful employment in order to combat the dependency cycle. The Committee took cognizance or, and approved the efforts of the Board of Regents in seeking, through the generosity of selected friends of Barium Springs, to construct an educational building for Little Joe's Church. The total cost of this building will be approximately $125,000. The Home is asking for $171,800 from Synod in 1969. This amount was approved by the committee for presentation to the Council.

Mr. Richard Short, Executive Director of the Presbyterian Home at High Point, presented an oral report on the Home, stressing the needs and problems of the Home. Costs are still escalating, due primarily to salary and wage increases made necessary by the Federal Minimum Wage Law. The Committee approved, for presentation to Synod's Council, the total askings of the Home for $125,000 in 1969.

The written report of the William Black Home was received and is attached to this report of the Committee.

Recommendations:

1. That Synod express its continued appreciation for the devoted services of the Boards of Trustees of the Presbyterian Home and the William Black Home; the Board of Regents of Barium Springs; the staffs of these institutions; and especially Mr. Richard Short, Executive Director of the Presbyterian Home; and Dr. Nat K. Reiney, Executive Director of Barium Springs Home for Children.

2. That Synod urge all churches to invite the heads of the Homes, or their representatives, to speak to local church groups concerning the work of the Homes, and that Presbytery Committees on Homes be urged to invite speakers from these institutions to address meetings of Presbytery on appropriate occasions.

3. That Synod urge Presbytery's Stewardship Committees to accept the full askings for Synod's institutions, and that local churches be urged to continue their support of the Homes, both through the regular budget and through the Thanksgiving Offering for Barium Springs and the Mother's Day Offering for Presbyterian Home.

4. That Synod, in order to be more informed of the problems, plans, and needs of its Homes, now hear brief verbal reports from Mr. Tully D. Blair, President of the Board of Trustees of the Presbyterian Home; and Dr. Nat K. Reiney, the Executive Director of Barium Springs Home for Children.

1. BARIUM SPRINGS HOME FOR CHILDREN

WILLIAM C. THACKER, *President Board of Regents*

April—1968

The year 1967 marked another successful year in the ministry of the Church, as boys and girls and their families finding themselves in trouble and difficulty, come to this agency for help. During this year an increasing number of children have been given direct services in one of the many programs now offered. In addition to direct services, large numbers of children and families get help through advice, counsel and direction toward the maintaining of their own home.

As has been indicated in previous reports to Synod, the ministry to children is quite different today from what it was just a few years ago. Thus, this Agency is more and more becoming known as the Presbyterian Family Service Agency rather than just an institution or a home located at Barium Springs. This is not to indicate in any way that the Home at Barium Springs as an institution is any less needed today than in past years. In fact, if there is any difference, it is more needed. While there is not the need for purely custodial care in a similar setting to what used to be for orphan children, there is the great need to serve the child from the broken family or from the family that is unable or inadequate to care for its children.

The Board of Regents of Barium Springs, under the leadership of a good staff, is constantly examining the needs of children and families to be always sure that this ministry is what it should be. Two questions are always uppermost before us — (1) "What are we doing?"; and, (2) "How efficient are we in each effort?" We know that we could not ever expect to meet all needs of children and families to the fullest extent; but, we also realize that we have an obligation to the Church and to the people to plan and give priority to those needs which seem most pressing.

In addition to the long time program of the institution, good child care is now provided in the more recent programs of group homes, mother's aid and foster homes. Also, the Agency is now doing more and more counseling with families, as well as consultation to churches and pastors around their problems which arise out of the need of families in their church and community.

More and more pastors are now calling upon us to give advice about problems they encounter in dealing with families in difficulty within their own congregation. These are situations which certainly do not in the beginning involve the placing of children away from their own home, but simply where counseling and help needs to be provided the family. We see the opportunity here to provide recommendations and direction for the pastor and for the families so that the difficulties can be remedied, others avoided, and hopefully in the end be a stable family rather than a broken home.

The Long Range Planning Committee of the Board of Regents meet regularly to examine the program of the Home and to make recommendations to the Board. During this past year a questionnaire was sent to all pastors of Synod. This was an effort to ascertain from the ministers of our Church their experience with family problems in their own church and community that might fit into the total program. While the results of this study have been tabulated, they are not in form to make a part of this report. Information will, however, be provided in summary form to all pastors and the church-at-large. We feel the results already noted will be helpful to this Long Range Planning Committee as they examine the services that may be needed to which in the future this Board ought to respond.

By and large most of our children's home programs have been seeing children come into the programs as the result of a problem. Not very often have our programs made a real strong effort to get at the bottom of these causes and thus help keep the family from breaking up. However, consultation services to both the families and the churches as indicated above will be a move in the direction of providing some meaningful help in this area. It has been proven that the right kind of day care service to the preschool child is a much needed service, particularly to the low income family. Very little is being done about it; and, yet, we seem to have full knowledge that this may be one of the best ways to break the cycle of dependency. Therefore, your Board of Regents is embarking upon a demonstration day care project which will be an attempt to provide along educational lines the very best quality day care to fifty or sixty children on the campus at Barium Springs. While these children will be coming from the local community of Statesville-Troutman and Iredell County, we see this in a much broader aspect. We see it as a demonstration or a model for local churches who might become interested in using their educational facilities to provide good day care for children unable to pay, and thus enable them to get this much needed service. Along with it we would expect to provide consultation service to the local church desiring to start such a program.

I certainly would not intend to indicate that there cannot be some improvements in the programs already going on. Certainly we know how to do some things better that we are doing them. New methods and new techniques are constantly being tried as the needs of children change and as we are able to provide them. The Board, however, is extremely happy with the progress being made at the institution, with the group homes and other programs which have now been in operation for a year or more. In other words, the Board feels that we have reached reasonably big efficiency in the programs that are in operation.

During the coming year improvements in the physical property at the institution will continue; the major project being the renovation of a building as the new infirmary and the tearing down of the old infirmary which has now reached such a stage of deterioration that it is impractical to continue its use. As the President last year pointed out in his report, there is great need for an educational building at Little Joe's Church. The Board of Regents along with the Session of Little Joe's Church have given special consideration to this need and will be bringing before Synod's Council a recommendation concerning this physical improvement.

The program does need to receive the continued generous support of Presbyterians. In fact, costs are increasing year by year—to say nothing of the need to continually improve and expand the program. Additional funds must be provided.

No one questions the fact that one of the major concerns of a church, dedicated to fulfilling the will of God, is that it must become involved in needs of others. The family is the basic unit of society; and, through this Agency, we have the only Synod-wide organized attempt to help solve the problems of the family in trouble.

As we close another year, we would certainly want to express appreciation to the entire Church for its support. As the President of the Board, I want to do this in a personal way and say that it has been a pleasure to work with all the members of the Board and with the Staff. We shall continue to do our very best to provide the proper response to needs and see that this Agency of the Presbyterian Church fulfills its roll in the total effort in the fulfillment of the command of our Saviour, Jesus Christ, who said, "As much as you did it unto the least of these, you did it unto me."

2. The Presbyterian Home, Inc.

TULLY D. BLAIR, *President*

The Board of Trustees respectfully reports the major activities of the Home for the past year.

The Board met for two regular sessions and the Executive Committee met ten times for the transaction of business during 1967.

There were 27 new admissions, three withdrawals, 18 deaths and a total of 233 persons served during 1967.

The books were audited by A. M. Pullen and Company (Certified Public Accountants), Greensboro, North Carolina, and the audit shows capital assets of $2,274,378.00 after recognizing reduction of fixed assets for $685,093.00 of accumulated depreciation as of December 31, 1967. This report shows a gain in capital assets of $94,142.00 for the year of 1967.

The audit also shows:

(a) Capital Fund contributions of $157,790.00 which included apartment and cottage gifts of $146,723.00.

(b) Operating Fund expenses were $8,724.00 more than income and contributions before depreciation. The operating expenditures included $47,983.00 for financial expenses (debt service). Contributions and gifts for the year were $42,762.00 more than the previous year.

The increased contributions are for the most part from individuals and year-end gifts in response to our pleas for help.

Operating income from residents was increased by $81,750.00 over the previous year. The monthly cost of care rate was increased from $190.00 to $215.00 per month effective January 1, 1968. We are happy to report that 118 of the 212 residents, as of April 30, have been able to pay the $25.00 per month increase.

The Federal Minimum Wage Law requirements, spiraling medical service cost, and inflation generally are increasing the cost of operating the Home at an alarming rate. The increased rate for cost of care, payment of health and medicare covered services will not be enough. The personal income of residents is not keeping pace with the cost of living, even with the recent social security payment increase.

We take this opportunity to publicly express our deep gratitude to those wonderful friends who have responded to the Home's need this past year. This ministry of our church needs your prayers, your help in increasing the support for operation and an ever-increasing interest and concern for those who make The Presbyterian Home, Inc. their Home.

3. The William Black Home, Incorporated

Reverend R. H. Stone, *President*

The affairs of your Conference Home for Christian Workers are under the direction of your fifteen elected Trustees, representing each of the nine Presbyteries and the Women of the Synod. The Trustees are incorporated under the laws of the State of North Carolina. We meet annually just after the final Assembly Conference. A representative Executive Committee gives attention to interim matters that demand attention.

Your Board is happy to give you a good report of the 1967 operations—as usual, in the black. A nice profit was realized due to the management of Mrs. W. C. Copeland and Miss Nancy Copeland, of Davidson, and a first-time, full-time gracious hostess—a Trustee, Mrs. Joseph G. Walker, of Forest City. Fortunately, this trio will operate the Home during the 1968 season.

The Trustees have decreed that the cost of room and board for Presbyterians of the Synod of North Carolina will not be increased ($35.00 per week) for the current season. The reputation of the Home for quantity and quality of food and services are maintained. A happy, healthy, and spiritual atmosphere pervades. Through the White and Belk Memorial Funds $1,000.00 is provided for entertaining guests during the Church Extension and Bible Conferences. The attached auditor's report will show the financial status. In a ten year period there is an increase of $26,390.00 in our net worth.

I. Report of the Committee on Inter-Church Relations

Rev. George McCulley Webb, *Chairman*

In the past twelve months relations between Christian bodies have strengthened markedly. The ecumenical movement continues to gain strength as we have become more acutely aware of the need for greater unity within the various denominations and Christian bodies. We have drawn steadily closer to the Reformed Church of America. The General Assembly at its next meeting is scheduled to take definite action on the proposed merger between the Reformed Church of America and our own denomination. In the past few weeks an important merger has taken place between the Methodist church and the Evangelical United Brethren church, making that body now the largest body in American Protestantism. Relations between Protestant and Roman Catholic bodies have been strengthened with the exchange of visitors and observers at various meetings and the participation by Roman Catholic Priests in local ministers' associations. There is no question but that the Ecumenical Movement is one of the most significant movements in Christendom today.

The World Council of Churches will hold its fourth assembly in Uppsala, Sweden, July 4-20. This meeting marks the fourth time in twenty years that delegates from the member churches will have come together to legislate policy for the Council. The World Council of Churches is by far the largest international organization of the major Protestant and Eastern Orthodox churches. Some 2,250 persons are expected to be present. Eight hundred delegates from the 232 member churches will be the voting members. A hundred will come from Asia, about ninety from Africa, more than three hundred from Europe, one hundred and eighty from North America, twenty-five from Latin America, and forty from Australia. Your chariman will represent the Synod of North Carolina as a visitor and press representative.

Some of the questions to be faced at this assembly are "Is it ever the duty of Christians to take revolutionary action?" "What is the Christian style of life in a world in which two-thirds of mankind is hungry or at least malnourished?" "How can the churches demonstrate the unity they already have?" "How can the destructive conflict between the generations be translated into productive tensions?" "Are there new factors which might change the Church's attitude to sexual relations before and within marriage?"

The Presbyterian church has always assumed a prominent role in cooperation of churches and Councils of Churches. It is our conviction that the Presbyterian and reformed tradition is vital to the interest of the whole Church and that we should take advantage of every opportunity to make our contribution and to influence the Church of the future toward whatever shape it may take, under the guidance of the Holy Spirit.

THE NORTH CAROLINA COUNCIL OF CHURCHES

The largest opportunity for cooperation in an interchange between churches within our synod is the North Carolina Council of Churches. This Council has grown over the past quarter of a century into a strong organization with a broad program of cooperation and joint work which involves most of the major denominations and a number of smaller ones within the bounds of North Carolina. The work among migrant workers is particularly significant. The program of Christian Social Action has gained in experience and strength and presents a greater opportunity for serving in helping communities in these times of crises which affect community relations. A more detailed report on the Council is attached.

The 1968 annual meeting was held April 23-24, 1968, in the Dilworth Methodist Church, Charlotte, N. C. We were pleased to note that the financial crisis of the previous year had been averted and that the council is now gaining much greater support from all of its participating members. The result is that it is on the strongest financial foundation it has enjoyed in its history. The council is looking forward to developing in a new direction through a social ministry.

The Pastor's Conference on April 23 was felt to be very significant. The subject was "Freedom and Authority—The Christian Dilemma". Excellent addresses were delivered and discussions led by Dr. Waldo Beach, of Duke University, and Dr. Lewis I. Maddocks, Director of the Washington Office, Council for Christian Social Action, United Church of Christ. This Pastor's Conference continues to be a very stimulating and very helpful experience for Pastors across the state.

The opening session of the Council heard Mr. James MacCracken, who is Executive Director of Church World Service, on the subject, "World Hunger".

The Roman Catholic Church was represented by official observers again this year.

Executive Director for the Council is Dr. Sam S. Wiley, a member of this Synod.

Reporting representatives from the Council were Dr. Marvin Lilyquist, Mrs. W. E. Meares, Mrs. Colon McLean, Rev. Robert Parks, Rev. E. K. Brown, and Rev. Charles Kirby.

The committee was represented at the Long Range Planning Conference at Durham and the Foreign Policy Conference sponsored jointly by the U. S. State Department and the University of Tennessee in Knoxville, Tenn., May 17.

Fraternal Delegates are being exchanged between the Synod of Catawba, Presbyterian UPSA, and our own Synod. Rev. E. T. Thompson, Jr. of Charlotte is our Fraternal Delegate to the Synod of Catawba for 1968, meeting in Charlotte the latter part of June. Rev. G. D. Nelson, Laurinburg, is the Fraternal Delegate from the Synod of Catawba to this meeting.

Two resolutions adopted at the NCCC Assembly in Charlotte are attached to this report and are commended to the attention of every member of the Synod.

Recommendations:

1. That the Synod of North Carolina direct the Synod's Council to explore ways and means of working cooperatively and, if possible, unitedly with our brethren in the Synod of Catawba of the United Presbyterian Church, U.S.A., as we engage in our common mission.
2. That Synod overture the General Assembly to establish a Permanent Committee on Relations with the UP-USA Church.
3. That the Synod of North Carolina express its gratitude to the National Council of Churches for their creative leadership in the contemporary crises.
   a. In establishing the Church World Service Office at Salisbury.
   b. Its ministry to migrant workers.
   c. Its Delta Ministry among the poor of Mississippi.
   d. Its ministry of reconciliation in the Urban Crisis.

3. REPORT OF THE NORTH CAROLINA COUNCIL OF CHURCHES

REVEREND SAM S. WILEY, *Executive Director*

The 1968 Assembly of the North Carolina Council of Churches, which was held in Charlotte, had twin foci — Christian Social Action because of the present crisis in the nation and Chrisitan Social Ministry because rural poverty is linked with urban crises. Prophets, apostles, and Jesus the Christ call us in 1968 to consciousness, conscience, and commitment. The Magnificat of Mary expressed a deep identity with the poor, and Mary's Son, by accepting baptism by John, confirmed God's common cause with the impoverished. Contrary to Marxism, we say that material things are not enough to satisfy human hunger. People of the new birth — rich and poor — confess that their privileges carry obligations to learn and work together without patronage, condescension, or suspicion of brother.

At the conclusion of the East Asia Christian Conference in February 1968, D. T. Niles is reported to have quoted Henry David Thoreau: "If you build castles in the air that is where they should be. Now put foundations under them." In 1964 the North Carolina Council of Churches undertook expansion to meet the needs of our communities in our time, updating co-operative Christian efforts with all people of good will. In four years new foundations have been put under some of the structure. There is much more to be done.

I

In ecumenical endeavors there are opportunities for fellowship across denominational lines at a level not generally experienced in some other ministries.

Ecumenical co-operation requires a readiness to work with people with whom we may not agree on all issues and a willingness to merge efforts constructively in those endeavors for which a measure of agreement may be found. This is essential in a pluralistic democratic society, as well as in the Church where the effectiveness of our organic oneness in Christ should not be hindered but rather enhanced by our diversities when the truth as we see it is spoken in love and straightforwardly.

Such results as have been accomplished in the last year must be attributed to the growing willingness of the Council's voluntary leadership to assume more and more responsibility for putting into effect the programs planned by our committees. In such willingness lies our only hope, with the present limited professional staff, of enlarging the scope of our service to the churches, and the Church, and through them to the Kingdom of God.

Of great encouragement is the fact that addition of four member bodies at the 1967 Assembly brought to sixteen the number of denominations now represented in the North Carolina Council of Churches, from which denominations are drawn thirty-nine member bodies which have congregations numbering at least 6,723 and communicant members numbering over 1,350,000. Efforts are being made to let non-member bodies which qualify know that the door is open to them as well.

II

Church Women United and the Department of Youth Ministry constitute the two departments of the Council. There are two General Committees—on Public Relations with its sub-committee on Radio and Television and on Business and Finance. Five Commissions have grouped under them twenty-three program committees. The Commissions are as follows: Christian Education, Christian Social Action, Christian Social Ministry, Council Organization and Extension, and Inter-church Co-operation. The Rev. Jack Crum is Director of Christian Social Action and William H. Shipes is Acting Director of the North Carolina Council of Churches Migrant Project, both having offices in Raleigh. President Thomas A. Collins of North Carolina Wesleyan College at Rocky Mount has been elected to serve as President of the Council, succeeding President S. E. Duncan of Livingstone College at Salisbury.

III

There are now ten stations broadcasting the Council's weekly religious TV newscast, NEWS OF THE CHURCH, which is produced by Ted L. Daniel. It is heartening to note that acceptances of financial askings by member bodies have risen from $18,169.83 for 1966 to a total of $38,247.83 for 1968. The 1968 budget totals $53,089.46, the remaining amount needed to balance coming from other sources. There are 200 individual donors and 134 local churches which contribute annually to the Council, in addition to the member bodies.

One of the most encouraging developments of the past twelve months was the adoption by the Luther League Unit of North Carolina of the Migrant Ministry of the North Carolina Council of Churches as the project for financial support by the Lutheran Church in America youth in their Penny Parade last November. As a result of this effort by young people age 12-24, the Luther League President, Michael Frye, a student at Lenoir-Rhyne College, and its Treasurer, Glenn Miller of Boyden High School in Salisbury, presented to the Executive Director at the Lutheran Church House in Salisbury on March 5 a check for $2,230.14 to be used to employ chaplains who will minister with migrant and other seasonally employed agricultural workers during this year, with the expectation that more may be forthcomng. The Council's appreciation of this significant gift from a significant group is, needless to say, boundless. In this time when some young people are groping for identity, it is inspiring to know that youth in the churches have caught the spirit of the Servant Lord. We are deeply grateful as well for the pace-setting example of the Presbyterian Synod of North Carolina in its generous giving toward support of the North Carolina Council of Churches.

J. Report of the Committee on the Minister and His Work

WATT M. COOPER, *Chairman*

Synod's Permanent Committee on the Minister and His Work has met twice during the past year. Both meetings were well attended by Committee members, also by Executive Secretaries of the nine Presbyteries who came as guests.

A major item of discussion at both meetings was the urgent need for a plan for pastoral changes in many of the churches of our Assembly. Representatives from our Committee attended meetings in Washington, D. C. and Danville, Virginia to which were invited Committee Chairmen and Executive Secretaries from Presbyteries in four Synods — Virginia, West Virginia, Appalachia and North Carolina. Studies are now in progress on a volunteer plan, within the framework of the **Book of Church Order**, which may offer some relief in this matter. It is expected that the results of these studies will be made available to the Presbyteries for voluntary action by their Commissions.

As in years past, the Secretary of the General Assembly Committee on the Minister and His Work, Graham White, was present at our Meeting. In his report he called attention to the fact that there are at least 400 ministers available for calls in our Church today and that the "log-jam" among the ministers is in churches of 250 members and up.

In both the October and February Meetings our Committee observed a period of confidential exchange of information regarding ministers and churches within the Synod. In this period of discussion each Commission Chairman and Executive Secretary was encouraged to speak freely, in confidence, about pastoral changes needed in his Presbytery and to solicit help in bringing about the needed changes. This type of discussion has been very helpful in the past and through the exchange of information and counsel many churches and ministers have benefitted.

We have no formal recommendation.

K. Report of the Committee on Nominations

Reverend Robert Turner, Chairman

Your Committee met on May 21, 1968, Synod's Office, Raleigh, N. C.

We submit to the Synod the following recommendations:

1. That the vacancies occurring at this meeting of Synod on the Agencies, Committees, and Boards of Synod by virtue of the

creation of new committees or offices, or because of the expiration of terms of office, or by resignation, death, moving from Synod, or otherwise, be filled as follows: (All changes are reflected in the **GENERAL DIRECTORY.**)

2. That interim appointments made by the Moderator be approved.
3. That Synod express appreciation to those who have served faithfully as members of Boards, Committees, etc., especially those whose terms of office expire with this meeting of Synod.

L. Report of Committee on Standing Rules

HAROLD J. DUDLEY, *Chairman*

Recommendations:

1. That, pursuant to the action taken by Synod on recommendations of Synod's Council and Boards and Committees, the appropriate changes be made in the Standing Rules of Synod.
2. That the rule on the new Executive Committee on Homes be placed in its logical position among the rules of Synod, as follows:

   V. HOMES

   Rule 23:1. *Membership:* The Committee shall be composed of 16 members, including the chairman at large, the chairmen of the corresponding committees in the several presbyteries, and six members at large of two classes each, and initially to serve respectively for one, two, and three years. At least, one member shall be a woman. Members should be persons who are competent in fiscal matters, and who have a social concern for people, especially children and the elderly.

   23:2. *Functions:* To cooperate with the official boards and directors of the several homes of the Synod; to promote the program and work of these institutions within the bounds of Synod; to receive the Reports of these institutions, studying all the problems involved in their work; and to report upon them to Synod, making necessary recommendations.
3. That rule 31:6 be amended so as to change the mileage for car travel from 7 cents per mile to 10¢ per mile.
4. That all Standing Rules affected by actions of the 154th annual session of the Synod of North Carolina be finally approved.
5. That the Standing Rules be suspended in order to immediately effect all changes in rules which are approved at this Session of the Synod of North Carolina.

M. Report of Committee on Women's Work

REV. GRAHAM C. MCCHESNEY, *Chairman*

The Work in our Churches of the Synod of North Carolina by the Women — their leadership, service and inspiration — is reason for much thanksgiving to God.

In our 646 churches there are 597 local Women of the Church

Organizations. In these local organizations there are 57,062 women engaged in study, worship, and work through 2,327 Circles. In all the churches women furnish much of the leadership in the projection, development, and carrying out of the Church's Program. Each year more congregations are tapping the talents of women by electing them as elders and deacons.

Much emphasis on the program of the Church on the Presbytery, Synod, and General Assembly levels is given by the Women-of-the-Church, and especially through the annual Birthday objective and offering. The offering this year totalled $44,697.74, and was directed to Shikoku Christian College and Kinjo University in Japan.

Recommendations:

1. That Sessions consider using more of the trained women of their churches in helping with the evangelistic, educational, and stewardship programs of their churches.
2. That Synod commend the Women-of-the-Synod of North Carolina for their promotion of all the work of the Church, including their contribution of $44,697.74 to the Birthday Objective, the building program of Shikoku Christian College and Kinjo University in Japan.
3. That pending the adoption of this report Synod hear Mrs. Britt Armfield of Greensboro, President of the Women-of-the-Church, Synod of North Carolina.

Annual Report of the Women of the Church Synod of North Carolina

MRS. BRITT M. ARMFIELD, *President*

Working and studying under the theme, "God's Mission—Man's Action," the women of this Synod submit the following as a partial record of activities and service for the year 1967-68. Supporting the project of White Cross to send hospital supplies to Korea great quantities of sheets, rolled bandages, bedspreads, baby dresses, doctors' trousers, and intern shirts were prepared and approximately $3,500.00 was donated. In celebration of the birthday of the formation of our organization $44,697.74 was sent for a building program at Shikoku Christian College and Kinjo University in Japan. This was the largest birthday gift in the General Assembly. The collection taken at the Annual Meeting of the Synodical was presented to Brazil and was sufficient to build a new church, $613.00, in the area served by the Reverend William Moseley.

Ecumenical Missions

Another contribution to Ecumenical Missions and Relations had to do with visits in local church members' homes, of children of missionaries and students from other nations who are in schools in this country. The First Presbyterian Church in Charlotte operated an International Holiday House for foreign students during the two weeks of Christmas vacation, with many women's groups serving meals and helping as requested. Also all of the Circles participated in the drives for clothing by Church World Service, Children of Vietnam, and Migrant Workers. Substantial sums of money were forwarded to the Board of Women's Work projects, "Least Coin Fellowship", and Friendship Circle."

Study and Discussion

This year our Circle Bible Study, "The Holy Spirit at Work," the book used by all of the women in the General Assembly, was written by a North Carolinian, Mrs. John W. McQueen, of Sparta, North Carolina. Her challenging and inspiring messages gave new understanding and guidance in the struggle for growth in Christian living. To increase knowledge devotional materials were taken to the sick; Adult Bible Schools of one week each were operated in several areas; summer enrichment programs in Negro communities for 10 weeks ministered to 40-50 children and involved 178 workers; church libraries were established; Sunday School classes were taught in hospitals and nursing homes and in the homes of shut-ins; home and family workshops were held two days each week for six weeks for specific study and discussions; and family worship materials were distributed. During the Witness Season the churches found especially meaningful the study of **Christ and the Faiths of Men.** Personal Faith and Family Life is much more than these activities suggest; it is an intangible area of service that promotes and undergirds the other segments of life.

Training School Held

The Synodical Training School was attended by 396 delegates who took advantage of the opportunity to get training and instruction in 10 courses of study. Following the illness of the director, the assistant Director, Mrs. J. Ivan Miller, assumed full responsibility of the school in a highly effective and successful training session. The women also sponsored and conducted an Inter-denominational Christian Conference in Winston-Salem for 96 women, under the leadership of Mrs. David Downs and her other Winston-Salem committee members. Besides the eleven scholarships given each year in memory of Miss Lucy Steele at St. Andrews Presbyterian College, the Synodical offers four at other church schools. The nine Presbyterials make available about 40 others for students in their areas to attend college. Winston-Salem and Orange Presbyterials gave $3,000.00 to supplement teachers salaries and additional gifts totaling $1,000.00 to Glade Valley School. Others gave financial aid to seminary scholars. The Women of the Church of North Carolina gave $5,000.00, its year 1967 Project to the Presbyterian Home for payment on its debt. Each year a sum of $1,800.00 is contributed to Mission Court for the maintenance of the four North Carolina apartments. The activities of Leadership and Resources included 45 one-day District Conferences held in October under the leadership of the District Chairmen as well as the nine Presbyterial meetings directed in April by the Presbyterial Presidents and women in the hostess churches. High tribute is due all of these capable and dedicated leaders who carried on this business of God's Kingdom in demanding and difficult jobs.

Miscellany

Love and concern for others have been shown in the projects that enriched the lives of older members in the form of Joy Gift parties for retired folks, Golden Years club organized, weekly sessions of one church where the older ladies meet to sew, knit, roll bandages, prepare materials for cerebral palsy schools, and enjoy refreshments and a worship service. Younger members furnish transportation and participate in the work. Meals were prepared for homes where there was illness, and often these were planned and served for months at a time. Baby-sitters attended children for young mothers to attend church; clothing showers, sewing, mending, and sitting with shut-ins were regular tasks performed. Christmas presents, toys, lunches, birthday cakes and parties were some of the timely gifts for children. "Each One Reach One" was a highly successful undertaking in a Charlotte school where church members came every week to listen to children read. Teachers reported improvement in attitude, interest and reading skills. Several circles conducted Negro Bible schools for a week or more each. Work was engaged in with unemployed persons, those in prison, in mental hospitals, alcoholic rehabilitation centers, people in rest homes and in the County homes. Gifts, worship services, parties and books and magazines were presented as well as clothes and shopping errands. No complete list could be made of all that was done in kindness, all that was spoken to comfort or encourage. These deeds are called Christian Community Action and the Presbyterials list over a hundred different projects the women have undertaken to help a neighbor. It is with humility and thankful hearts that we know Jesus Christ, and have the great privilege to offer these services in His name and for His Sake.

N. Report of Permanent Committee on World Missions

Reverend Joseph M. Garrison, *Chairman*

Synod's World Mission Committee met in its annual meeting April 5, at Synod's office with eight of nine presbytery chairmen present, and the representative of the Women of the Church.

The following missionaries were assigned by the Assembly World Mission Committee to the Synod of North Carolina for itineration in the Synod: Rev. Charles Alexander, (Brazil); Rev. and Mrs. Malcolm Bullock, (Taiwan); Miss Sara Dixon, (Mexico); Miss Miriam Dunson, (Korea); Rev. Albert G. Harris (Brazil); Mr. and Mrs. Dan Moore, (Japan); Rev. and Mrs. David Lehman (Brazil). This last named missionary did not return home in sufficient time to participate in the itineration schedule.

The faithful work of those assigned to our Synod was commended. It was evident that they were very busy meeting the requests for missionaries to appear in the churches of the Synod. We extend to them our heartfelt thanks, and commend their willingness to be so generously used.

In preparation for the Witness season most Presbyteries had one or more workshops to review the materials, and arranged for sharing of films and methods of work. This year the initiative for these work-shops belonged to the Presbytery Church Extension

Chairman. It was noted, however, that the Presbyteries are not yet fully structured for this "Joint Witness Season". The difficulty of making a "Joint Witness Season" was considered. The Presbytery Chairmen voted to endorse this method of work for the ensuing year.

Major area conferences of World Missions were held in Charlotte, Salisbury, Greensboro and Raleigh with good results.

The forthcoming World Mission Conference, at Montreat, N. C. July 25-31 was announced. All Presbyteries were urged to send their chairmen and to encourage churches to send representatives, including young people. The theme this year will be "New Forms of Mission."

Attention is called to the fact that Synod's Committee is essentially a clearing house. Actual assignments of missionaries are made by the Presbytery Chairmen, who should be contacted by the local churches. The principal difficulty we have is that of encouraging local churches to plan far enough ahead to make it possible to meet their needs in the over-all schedule. These requests should be in the hands of the Presbytery Chairmen prior to the World Mission Conference in July.

During the months of October, December, and March all missionaries are assigned by the Board of World Missions in Nashville, Tennessee to the Supporting Churches. It is significant to note that 153 Churches of the Synod are listed as "Supporting Churches," for 248 missionaries.

Recommendations:

1. That Churches be urged to be faithful and generous in their prayers for and financial support of this part of the Church's Work.
2. That Appreciation be expressed to the Board of World Missions for its commitment to the task assigned to them by the Assembly.
3. That Local churches plan early and clear their requests for missionary services through the Presbytery Chairman.

Albemarle Presbytery

No exceptions.

Concord Presbytery

Synod of North Carolina

The Minutes of the One Hundred and Fifty-Fourth Meeting of the Synod of North Carolina were examined and found to be in good and proper order indicating splendid work rendered by the Stated Clerk of Synod but for the following exception:

> They failed to show that the Clerk announced that a quorum was present.

General Assembly

The Minutes of the One-Hundred-Seventh General Assembly were examined by the Committee and it is the Committee's conclusion that no major programs or directives of the Assembly have been overlooked or omitted by the Synod.

Recommendations:

1. That Synod express its sincere appreciation to the Stated Clerk of Synod for the accurate, concise and proper manner in which the records of Synod are being formulated and retained.
2. That Presbytery Clerks be thanked and commended for their good work with the following general exceptions:
   > More care be given to such matters as announcing or stating a quorum was present; date, place and time of meeting; quorum of commissions stated in their reports; typographical errors; and more accurate proof reading to eliminate printers' errors.
3. That Synod overture the General Assembly to consider printing and distributing Part II (Statistics) as soon as they are received and can be printed rather than waiting until the Meeting of the Assembly in order to avoid a time lag up to 20 months on information in the statistics.

D. Report of the Ad Interim Committee to Study Presbyteries' Boundaries

REVEREND JOHN MACK WALKER, *Chairman*

The intention of this committee had been to present its revision of the proposed boundaries of presbyteries to the spring meeting of these courts, so that our report to Synod could reflect their study. This was based on early reports that the Assembly-wide Conference on Restructuring Synods and Presbyteries would be held in January or February. Faced with a final date in late April and the necessity for the comparison of evidence with that body, we are obliged to make our report to Synod in terms of a plan to be studied by the presbyteries, rather than one for possible adoption by this court.

Those members of our committee who attended the Montreat meeting were agreed that basic principles stressed there were the ones which have guided our own study. By whatever means the boundaries of presbyteries were first determined, they clearly should be supported by these two foundations. 1.An area with discernible unity in economic, cultural, and sociological interests. 2. A size and growth potential which will enable presbytery to effectively carry out the mission of the Church. This will certainly see the evolving of new forms of ministry, including a greatly expanded area of pastoral concern for churches and ministers within its jurisdiction.

The General Assembly, meeting later this week, will be requested by the Montreat Conference on Boundaries to appoint an Ad Interim Committee to realign the boundaries of the Synods. In turn these new synods will restructure their presbyteries. If adopted this step will almost certainly mean a reduction in the number of synods. Though we cannot be certain of the area of the Synod which will administer our present territory, the size and strength of the Synod of North Carolina makes it probable that the geographical territory of this Synod may be relatively unchanged; therefore any future restructuring of our present presbyteries will have to deal with the data which are already at hand in this study.

In the light of these facts we are presenting for your study a redrawn map of presbytery boundaries with supporting statistical information. This plan begins with the conviction that we do not need as many as nine presbyteries to carry out the mission of the Church in the Synod of North Carolina. We are suggesting a reduction to six presbyteries. Each of the six is a new presbytery. The division was done in such a way that in the case of no two presbyteries can it be said that the enlargement of either will be considered as something taken away from the other. These redrawn lines represent the best judgment of the committee in reference to overall balance and strength.

It is, of course, possible that areas beyond our present synod boundaries may have to be considered in any final settelment. We have indicated our hope that that part of the mountain area of our State now in the Synod of Appalachia might become a part of Presbytery I. The Elizabeth City area has obvious ties with Norfolk. Certain South Carolina communities might well be drawn toward Charlotte. Parts of the Wilmington area might also be considered with the Myrtle Beach section of South Carolina.

In the present Synod our redrawn lines still divide the growing area of the Piedmont Triangle centering around Winston-Salem, High Point, and Greensboro, and the Research Triangle in Wake, Durham, and Orange Counties. This seemed best to us in view of the overall balance of Synod. The sparse Presbyterian population in both the eastern and western extremes of the State dictated a geographical spread which has to be faced in any realistic drawing of presbytery lines.

With these considerations in mind we present this plan to the Synod of North Carolina with the following recommendation:

> That Synod request all Presbyteries to study the materials (maps and statistics) presented by the Ad Interim Committee, and make any recommendations for change which can be justified on statistical and/or economically oriented lines, such facts being submitted in writing with all recomdations, and that all such recommendations be placed in the hands of Synod's Ad Interim Committee no later than February 1, 1969.

[1] Unfortunately, this cannot be correctly ascertained before 1953 (short year, due to the fact that one column in the statistical lists of the Assembly combines benevolence gifts with Synod's and Presbyteries' Causes, and another includes all miscellaneous gifts. This column includes all contributions, budgeted and non-budgeted: gifts which passed throug Synod's Treasury and those sent directly by churches to agencies and institutions, as reported by the 645 churches of Synod.

[2] Includes Negro Work Campaign—$48,942.

[1] Spiritual Birthrate is determined by dividing the membership at the beginning of the Church year into accessions on professions of faith during the year and is measured in percentage, the higher the percentage, the better the standing. Soul-winning ratio is determined by dividing the number of accessions on profession of faith during the year into the total membership at the beginning of the year and represents the number of church members required to win one person to Christ. The lower the number, the better the standing.

[2] Does not include ministers.

SEAL OF THE SYNOD OF NORTH CAROLINA PRESBYTERIAN CHURCH IN THE UNITED STATES

The official Seal of the Synod of North Carolina, Presbyterian Church in the United States, was adopted by the Synod, meeting in the Ginter Park Presbyterian Church, Richmond, Virginia, May 26, 1965. The design and artwork were by the collaboration of the Reverend Harold J. Dudley, D.D., Stated Clerk of Synod, with The Graphic Press, Inc., Raleigh, North Carolina, Mr. Braxton Flye, President, and a ruling elder in the White Memorial Presbyterian Church, Raleigh. The artist was Mr. Floyd Harness. Valuable suggestions were made by Dr. James E. Bear, Professor Emeritus in Union Theological Seminary, Richmond, Virginia; the Reverend J. Raymond Lord, Duke University, Durham, N. C.; the Reverend Richard S. Watts, Greensboro, N. C.; Dr. Henry M. Brimm, Librarian, Union Theological Seminary, Richmond, Virginia; and Dr. Thomas H. Spence, Jr., Executive Director, Historical Foundation, Presbyterian Church in the United States.

The word "synod" comes from the Latin and the Greek. The English word is taken from the Latin, *synodus*. The corresponding Greek word is σύνοδος, meaning "a meeting". Root words from which the Greek noun is derived, roughly translated, might mean "together" and "way".

The Greek noun for synod, while not appearing in the New Testament, is used in classical Greek, sometimes for persons assembling for deliberation.

The root verb, found in the Septuagint, and once in the New Testament, is συνοδεύω and means "to journey with". The word συνοδεύωμεν on the Seal of the Synod of North Carolina is in the plural form, and translated means, "We travel together".

In view of the fact that the Synod, as a Court, comes between the Presbyteries and the General Assembly, the

The Executive Committee of Campus Christian Life, Synod of North Carolina, Presbyterian Church in the United States, is pleased to honor the Reverend Harry Edmund Smith for exceptional service as Campus Minister at the University of North Carolina, Chapel Hill, North Carolina, 1954-1969.

Dr. Smith was born at Austin, Texas, August 29, 1928, the son of William Arthur and Charlotte Spence Smith. He is married to the former Anne Chewning Hebert of New Orleans, Louisiana (July 14, 1955). To them were born the following children: Leslie Frazer, Malcolm Spence, Laurie MacGillivray.

Dr. Smith graduated from the University of Texas with an A.B. degree in 1950; from Yale University Divinity School with a B.D. degree in 1953; and from Drew University with a Ph.D. degree in 1962.

He was ordained by Orange Presbytery, May 9, 1954.

Except for approximately two years, 1960-1962, when he pursued post-graduate work towards the doctor's degree, and a year's leave-of-absence, June, 1968-June, 1969, during which time he served as the Chancellor's Special Assistant for Residence Colleges at the University of North Carolina, Chapel Hill, he was Director of the Campus Ministry program at Chapel Hill.

Dr. Smith rendered outstanding and distinguished service at the University of North Carolina, where he was recognized as par excellent in the field of campus ministry. His service was far broader than a ministry to students. It extended to faculty and administration, among the members of whom he was highly regarded for both his intellectual and Christian commitments. Not only so, but his ministry extended beyond the limits of the campus to the ministers of the Presbyterian Church of the Synod of North Carolina, for whom Dr. Smith arranged and directed a "continuing education" program dealing with live contemporary issues.

He has been highly respected by members of his own profession, one of whom testifies that he has the rare skill of knowing how to lead an individual or group, before retirement, in worship, without ostentation.

Dr. Smith rendered a significant service by virtue of the fact that it was comprehensive—directed neither solely to students, nor faculty and administration, nor to the Presbyterian ministry and the Church at large, but to all of them. This was something unique in the campus ministry program of the Presbyterian Church in the United States.

This Committee, on behalf of the Synod of North Carolina, expresses its sincere gratitude to Dr. Smith for his concept of the campus Christian ministry and his ability to present the image of the Christian man in the midst of intellectualism and secularism, enunciated by character, courage, and action.

We also express our gratitude to Almighty God for leading us to this dedicated servant, and pray that His Spirit will continue to rest upon him and be manifested through him.

The Report, with its recommendations, was adopted. (Appendix, page 110).

WHEREAS, even more importantly Dr. Moore has led St. Andrews in the path of quality, as witnessed by the acclaim the Christianity and Culture Program and the Basic Science Program have received; by the steady increase in faculty salaries and a general upgrading of faculty and students alike; and

WHEREAS, Dr. Moore's sense of fiscal responsibility and Christian stewardship has produced this remarkable growth without a deficit; and

WHEREAS, through his more than nine hundred speaking and preaching engagements throughout the Synod of North Carolina, Dr. Moore has kept the concern for Christian Higher Education ever before the Church, and has reaffirmed the determination to keep St. Andrews close to the Church, and summoned the Church to keep close to St. Andrews;

While serving the Kannapolis Second Church, a new sanctuary and educational building were constructed.

Mr. Baker was known for his evangelistic fervor. One of his interests in retirement was serving as chaplain of the Police Department in Kannapolis.

He was married to Beulah Mendenhall of Richland, Iowa, June 2, 1912. To them were born two sons, David Walter, and J. Wilber, deceased.

Dr. Baker was always interested in education and in youth. It is said that he was pastor "to the whole of the community" in which he lived, and that "in this day of the activist, those who want to get out and get with life as it is, it is refreshing to be reminded of one the Master's men, who without protests, marches, or fanfare, quietly fed the hungry, clothed the naked, visited those in prison, and served all who had need."

Dr. Baker was a Scottish Rite Mason. He was honored by Presbyterian Junior College at Maxton, N. C., which awarded him the William Black citation for distinguished service in the ministry. Davidson College, in 1962, conferred on him the degree of Doctor of Divinity.

II. REPORT OF GENERAL SECRETARY, STATED CLERK, AND TREASURER

Harold J. Dudley, *Stated Clerk*

Reports of the Council, the Executive Committee on Campus Christian Life, Church Extension, Educational Institutions, and Homes, including Financial Statements; and the Report of Permanent Committees, including a Financial Statement for Inter-Church Relations, appear elsewhere in this volume, and reflect in part the work of Synod's Office. Additional Reports and/or Financial Statements on Campaigns, the Executive Committee on Christian Education, the Guidance Program, and other agencies of the Synod, together, fairly well summarize the total program of the work of Synod.

Annual Statistics (Vital, on Education, Evangelism, and Stewardship) have been prepared in Synod's Office and may be found by reference to the Index.

STEWARDSHIP

The estimated income of Presbyterians of the Synod for 1968 was not less than $617,396,000, a considerable increase over the previous year. It has been estimated that the Presbyterians of North Carolina have total assets of several billions of dollars.

Budgeting Giving

Total receipts from churches and Presbyteries for Synod's causes increased in 1968 over 1967 by $683.00. The presbyteries have accepted $992,125 of Askings for Synod's causes for 1969. The percentage of acceptance is 94.89%, in contrast to 97.21% for 1968; but including special offerings for the Children's Home and the Presbyterian Home, slightly more.

Budgets

Synod decreased its total benevolence giving (budgeted and non-budgeted) by $152,234 in 1968; budgeted increased by $82,083 and non-budgeted decreased by $234,317.

Audits

In their proper places may be found approved summaries of Audited financial statements of all accounts which are handled in Synod's Office. See "Auditor's Report" and also the Report of Synod's Council, as well as "Audits" and "Financial Statements."

All office accounts have been audited by the firm of A. T. Allen & Company, Certified Public Accountants, Raleigh, N. C., and have been officially approved by Synod's Council. Copies of the audits are available for perusal. Also, there have been placed in your hands financial statements of other agencies of Synod, and the Council through its Committee on Audits and Finance has examined these. Copies of audits are available.

Progress in Giving

Since Synod reorganized in 1951, total gifts have increased from $6,788,602 to $20,120,147. The 1967 total gifts were $19,462,195, hence an increase last year of $657,952. Benevolences have increased since 1951 from $1,638,212 to $4,785,531 in 1968. The 1967 Benevolence gifts were $4,937,765, so that the 1968 giving showed a decrease of $52,234. Per capita giving to total gifts has advanced from $59.11 in 1951 to $130.35 in 1968. For 1967 the total per capita gift was $125.97. The Benevolence per capita gift has increased since 1951 from $14.27 to $31.00 last year. For 1967 this was $31.96.

Vital Statistics

The membership of Synod has increased since 1951 from 117,010 to 154,349. The membership at the end of 1967 was 154,504. The net growth in 1968 was minus 155, the first instance in many years, if not ever, of Synod sustaining a loss in membership. The number of ministers has increased from 444 in 1951 to 677; and the number of churches from 601 to 643. The Sunday School enrollment has increased from 95,258 in 1951 to 115,002, though this represents a loss of approximately 800 during 1968, with all presbyteries showing a loss except Concord and Granville.

III. REPORT OF SYNOD'S COUNCIL

REVEREND DAVID H. BURR, *Chairman*

Meetings

The Council and/or its committees convened on February 26-27 and May 13-14, 1969. Minutes of the meetings have been recorded.

Synod has been approved to meet at the First Presbyterian Church, Burlington, N. C. and the Hawfields Presbyterian Church in 1970. Elon College will provide lodging accommodations.

Synod should be reminded that it was in 1770 that the first Presbyterian Court above a Session was organized in the state of North Carolina, to wit, Orange Presbytery, which was organized on Wednesday, September 5, 1770, in the Hawfields Presbyterian Church. Orange Presbytery is making plans for the observance of that event and Synod will share in the observance.

Synod has invitations to meet at St. Andrews Presbyterian College, Laurinburg, in 1971, Union Theological Seminary, Richmond, in 1972, and Queens College, Charlotte, in 1973.

Public Relations

The *Presbyterian News* is mailed monthly into more than 56,000 homes of Presbyterians in the Synod of North Carolina. Churches which have not furnished mailing lists are requested to do so.

In 1968 the Council published its eighth brochure on "The Work Presbyterians Do Together in the Synod of North Carolina". These are furnished by order only, and last year orders totalled 44,088, a decrease from the previous year. This contrasts with the first year, 1961, when only 5,110 copies were ordered. Two hundred and fifty-seven churches of the 643 in the Synod made use of the brochure. Churches of all nine presbyteries used the brochures ranging from 1,912 in Winston-Salem (18 churches) to 11,805 in Mecklenburg (50 churches). The brochure succinctly presents the comprehensive program and work of the Synod of North Carolina. From the economic standpoint, it is important that orders by churches be placed well in advance, and churches are urged to cooperate in this respect.

The Radio and Television Program of Synod (TRAV) is the function of the Executive Committee of Church Extension, and is reported on separately by that committee.

Numerous releases for the press, radio, and television emanate from Synod's Office.

During the year also the office of Synod edited and published the 1968 **Minutes of Synod** and the 1969 **Blue Book of Synod**.

Stewardship

The year 1968 was the third under the new Stewardship Program, projected by the General Assembly and the Synod in 1964. The formula used in 1967 called for a Basic Benevolence Budget for 1968 based on 1966 receipts to Assembly and Synod Benevolence Causes, plus 4.3% and an Advance Program for both the General Assembly and Synod. This amounted to a Basic Budget of $2,368,462; of which $1,382,010 was designated for Assembly and $986,452 for Synod. (It should be pointed out that for several years prior to the inauguration of the new program Synod had increased its benevolence giving each year not by 4.3% but by 5%.)

Budgets of Agencies and Institutions were prepared, carefully scrutinized, and adopted as realistic, with the expectation that all Presbyteries and Churches would so regard them, and thus honor their pledges to meet them.

The results of Benevolence Giving for 1968 indicate that the Synod contributed to both budgeted and non-budgeted causes of the General Assembly a total of $1,678,888, which was $296,878 in excess of the Basic Budget and $158,677 in excess of the basic budget plus the Advance Budget of $138,201. The Budgeted Giving to the General Assembly was $1,405,306, which also was in excess of both the Basic and Advance Budgets together.

In reference to Synod's Benevolence Causes, the Presbyteries accepted for 1968 $968,937, which was $17,513 under the budget. The Churches and Presbyteries actually gave $951,108 which was $35,342 under the Asking. This was 96.4% of the Budget. (In 1967 Synod gave 98.2% of the Budget.)

It is rather significant that these three Presbyteries gave in excess of their Askings to Synod's causes (Fayetteville, 103%; Kings Mountain, 103%; and Winston-Salem, 101%) and that six gave below the Asking (Concord, 99%; Wilmington, 98%; Albemarle and Granville 97% each; and Mecklenburg and Orange 92%, each.)

The Report of Giving to Synod's Causes, reflected in the **Minutes of the General Assembly**, indicate for Budgeted Benevolences $966,646; and for non-Budgeted Benevolences $590,100; or a total of $1,556,746. The total amount which was audited through the books of Synod's Office for Synod's Causes was $951,108.

(For detailed information on 1968 Stewardship, consult the Stewardship Tables in back of this volume.)

Each of the Agencies and Institutions of Synod received their proportionate part of the income, or 96.4% of the budget request.

1970 BENEVOLENCE PROGRAM

Assembly

The General Assembly took an action to base the apportionments of the 1970 (and succeeding) General Assembly Budget to Synods, Presbyteries, and local congregations on the two-year average of giving to Assembly's Budgeted Benevolences as reflected in the statistical report of each local church as submitted to its presbytery and printed in the Minutes of the General Assembly, plus a normal growth precentage as reflected in the total General Assembly Budget, and that no church be apportioned less than it actually gave to Assembly's Budgeted Benevolences the last year for which the record is complete.

For the Synod of North Carolina, the apportionment for 1970 by the General Assembly is $1,486,690. This represents an apportionment based on "local congregations' average giving toward Assembly's Budgeted Benevolences for the last two years for which records are complete (1966-1967), plus 8.77% increase for the three-year span, 1968, 1969, and 1970 (2.9% growth per year)," or 11.67%.

Synod

The Synod program for 1970 is reflected in the Recommendations. We commend for your perusal the studies which appear in the various Tables under "Statistics" in the INDEX; particularly "Stewardship" and "Vital Statistics", which willl reveal Presbytery comparisons, including total giving, per capita giving, growth, etc., and comparison of the Synods of the General Assembly.

Personnel

Synod's Council will lose from its membership at this meeting of Synod Mr. W. A. Sherrill of Salisbury who will be completing his second term. In the Class of 1970, the Rev. George L. Riddle resigned, and the Moderator made the interim appointment of the Rev. H. Edwin Pickard.

The terms of the office of the Chairman of the Council, the Rev. David H. Burr; and the Chairmen of the Executive Committees of Campus Christian Life, the Rev. William H. Terry; and Church Extension, the Rev. E. D. Witherspoon, Sr., expire at this meeting of Synod; however Mr. Burr, Mr. Terry, and Dr. Witherspoon are eligible for re-election for another term.

There will also be some changes among the Presbytery Representatives and a successor to Mr. James M. Painter, President of the Men of Synod.

Campaign

The General Assembly has taken an action in reference to Capital Gifts Campaigns, requesting, "Synods and Presbyteries to work with the Assembly and with each other, that all campaigns for Capital Funds may be free from competitive campaigns". The Assembly proposes "that the decade of the 1970's be divided between the Assembly and the Synods and Presbyteries for possible Capital Gifts Campaigns suggesting that the Synods and Presbyteries be allowed the period 1970-1975 to be used as they may choose for their own agencies and institutions, and that the General Assembly be allowed the five-year period 1976-1980 for unified campaigns for Assembly's Boards, Agencies and Institutions." It is further suggested that campaigns, including the period over which the pledges are payable should be completed within the allocated period; and that if the General Assembly does not plan to use its period of five years, or any part of it, a synod or presbytery may request the General Assembly for permission to use the unused time.

Miscellaneous

During the year Mr. Ted L. Daniel, Director of TRAV, resigned in order to accept a position with the North Carolina Economic Resources Association. On February 1, the Rev. Raymond A. Horn, having been elected as successor to Mr. Daniel, joined the Synod's Office staff with the title of Executive Director of TRAV and Assistant to the General Secretary.

Synod's Office continues to serve most all, if not all, of the agencies and institutions of Synod, directly or indirectly. There are more than a score of funds handled in Synod's Office. The total amount of funds handled in the Bookkeeping Department, including both receipts and disbursements, exceeds $2,000,000.

Various studies are in progress in the Synod, and these will be reported on separately, to wit: (1) Higher Education Study, conducted by Dr. W. M. Roberts, Dr. Pelham Wilder, and Dr. J. Paul Reynolds; (2) Foundation Facility Study, conducted by Mr.

Charles A. Dukes and Mr. Roland R. Wilkins; and (3) a Study on Boundaries of the Presbyteries of Synod, conducted by an Ad Interim Committee, the Rev. John M. Walker, Chairman.

A Study on Homes of Synod has been postponed and the Study on Pastoral Changes has been completed and submitted to Presbyteries.

Other Reports to Synod reveal that three churches in Asheville Presbytery are in the process of being transferred from Holston Presbytery in Appalachia Synod to Concord Presbytery in the Synod of North Carolina.

The General Council has revealed that during the twenty-year period, 1947-1967, there has been a 15% increase in presbytery benevolences while synod benevolences reflect a decline of 9%, and those of the General Assembly show a decrease of almost 7%.

Recommendations:

2. That Synod accept for Synod's 1970 Benevolence Askings $1,099,831, broken down by causes as indicated on page 107.

13. That the Standing Rules be amended at Rule 14:1, to read as follows:

16. That Synod cooperate, and urges Presbyteries to cooperate, with the General Assembly in reference to allowing the Assembly the five-year period, 1976-1980 for united campaigns for the Assembly's agencies, boards, and institutions.

17. That the Calendar of Special Days and Seasons recommended by the General Assembly for observance by the Church be adopted; and likewise, that the customary emphases for the Children's Home (Thanksgiving) and Presbyterian Home (Mother's Day), with supplemental offerings, be adopted.

18. That, pending the adoption of this report, Synod hear the Moderator of the General Assembly, Dr. R. Matthew Lynn.

Scope of Examination

We tested the recorded transactions to the extent of tracing the receipts to the depositories and verifying the amounts recorded by appropriate transmittal papers and correspondence, and verifying the contributions from the presbyteries by direct confirmation. Church loans were also verified directly. Expenditures were supported by endorsed cancelled checks and invoices or signed receipts. These were found to be authorized in the minutes of committees and Synod's Council. Bank balances, which were confirmed by correspondence, were reconciled with balances shown on the books. We also ascertained from our analyses that disbursements were properly allocated.

Our examination included such tests of the accounting records and other auditing procedures as we considered necessary in the circumstances, the books having been maintained on a cash basis. Our audit of the records of the Christian Higher Education Campaign Fund, the Presbyterian Campus Christian Life Campaign Fund, and the Chapel Hill Presbyterian Church Campaign Fund, was limited to the recorded receipts and disbursements; however, we mailed confirmations on all unpaid pledges as of December 31, 1968.

Opinion

In our opinion, the accompanying balance sheet and statements of income and changes in fund balances present fairly the financial position of the Synod of North Carolina, Presbyterian Church in the United States at December 31, 1968, and the results of the various funds' operations for the year then ended, in conformity with generally accepted accounting principles applicable to such organizations, maintaining the books and records on a cash basis, excluding the Assets and Fund Balance of the Kate B. Reynolds Trust Fund for Aged Presbyterian Ministers which are shown at October 2, 1968, taken from a statement prepared by Wachovia Bank and Trust Company, Winston-Salem, North Carolina, without audit or verification.

Exhibits and Schedules

In presenting to you our findings, as the result of the audit, we have prepared twenty-four Exhibits and thirteen Schedules, as enumerated in the Index, which are attached as a part of this report.

General Comments

In Exhibit "A"—Assets and Liabilities—All Funds Combined—we show a combination of all assets and liabilities as we determined them on December 31, 1968. Inter-fund accounts have been eliminated. Assets totaled $1,311,938.83. Synod's land, buildings, equipment and furnishings totaled $327,475.26. Liabilities amounted to $2,769.74. The excess of assets over liabilities results in a surplus of $1,309,169.09. This is composed of $327,475.26 which was invested in fixed assets, $433,721.93 in Synod's fund balances, and the Kate B. Reynolds trust balance of $547,971.90. The changes in fund balances are explained in the supporting Exhibits and Schedules referred to on Exhibit "A".

Synod's Office General Fund received and disbursed funds for Synod's various causes and funds maintained by the General Secretary and Treasurer. All cash balances in the various funds are combined within the General Fund Cash Account except for $635.62 in the Educational Institutions Fund, and $1,036.26 in the Christian Education Fund, as shown in Exhibit "A". The cash in all funds totaled $166,349.94, of which $58,648.47 was available for support of Synod's causes. The balance of $107,701.47 is held for the various designated funds.

Following Exhibit "A" we have prepared statements for each fund showing the financial position or cash balance at December 31, 1968 and statement of income or statements of cash receipts and disbursements for the year then ended. In addition we offer the following comments:

Investments represent securities which are part of the Presbyterian Office Building Expansion Fund and Permanent Reserve Fund. The securities and the dividends received are shown in detail on Exhibit "Q" and Schedule—13.

Loans to churches and others total $257,492.03 on Exhibit "A". The exhibit shows the various funds which made the loans. The total of the unpaid balance of these loans include accrued interest to December 31, 1968. This balance does not include a loan from the Permanent Reserve Fund to Presbyterian Synod's Office Building Fund. The original amount was $50,000.00. The balance was $31,866.81 at the close of 1968. Included in the loans from the Wharton Estate Fund is a loan to Presbyterian Home, Inc. in the original amount of $12,000.00.

Notes receivable from sale of Sadie Duncan Wharton Estate Property—$5,329.70—represents the balance of two notes taken for the sale of houses in Raleigh, N. C., which were a bequest received from the Wharton Estate.

Synod's property and equipment are shown as General Fixed Assets totaling $327,475.26. This represents the cost of the various assets. Details and the changes made during the year 1968 are shown in Schedule—8.

Included in the Assets of the Synod are assets of a trust fund administered by Wachovia Bank and Trust Company, Winston-Salem, N. C., John C. Whitaker and L. D. Long, Trustees, under the will of Kate B. Reynolds for Aged Ministers in the Synod of North Carolina. The Assets are shown as reported by the Trust Department of Wachovia Bank and Trust Company as of October 2, 1968.

In addition to the funds included in our audit Synod also received memberships for the North Carolina Presbyterian Historical Society. Memberships received in 1968 totaled $259.00. Interest of $45.00 was earned on the deposit. Expenses amounted to $421.59. At December 31, 1968, there was $769.74 in the fund which is shown as a liability on the combined balance sheet.

Synod's office has received and accounted for funds designated for the Chapel Hill Presbyterian Church Campaign which began in 1961. Details of the transactions for the year 1968 and prior years are shown on Schedule—9. This fund was closed during 1968, with the transfer of $25.00 to the General Fund to cover the 1968 audit fee for the campaign fund, as set out in Exhibit "A".

A Permanent Advisory Committee on Higher Education was established by the Synod of 1955. The Committee's share of funds available in 1958 was $2,873.78. Interest on the funds deposited in a savings account have amounted to $227.16. Committee expenses have totaled $642.72, leaving a balance of $2,458.22.

Budgeted benevolences from the Presbyteries amounted to $916,180.67. Funds sent directly to Presbyterian Children's Home amounted to $27,389.84. Presbyterian Home, Inc. received $7,537.27 in direct gifts. These totaled $951,107.78. Distributions to the Synod's agencies were made according to the adopted budget.

Presbytery tax assessments for the support of Synod's office amounted to $67,416.08.

Synod's Office General Fund received and disbursed designated receipts for Presbyterian Children's Home, Presbyterian Guidance Center, Presbyterian Home, Inc., and Catechism awards. The details of these are shown on Schedules—1, —2, —3, and —4, respectively.

Support of the Synod's Educational Institutions and other Higher Education agencies was based on a net of $433,336.82 plus a balance of $6,002.39 from the preceding year for distribution after expenses of the fund. The amounts and percentages are shown on Exhibit "I".

Synod's support of the North Carolina Council of Churches was disbursed from presbytery benevolence receipts. These funds were received and disbursed by the Inter-Church Relations Fund —Exhibit "N".

Synod's Office Reserve Fund has been supported by surplus funds from the Synod's Office Account, profits realized on printing and services rendered churches, and interest on deposits. Interest earned during the year amounted to $4,943.19. $3,198.78 was transferred to the office Operating Account for elimination of a 1967 operating deficit. An additional $1,235.00 was transferred for the purchase of a Burroughs Bookkeeping machine. Cash balance at December 31, 1968 was $8,620.09. Cash transactions during the year are shown in detail in Exhibit "U".

The Contingent Salary Fund had a balance of $12,135.27 at the end of the year. During 1968 $2,719.22 was distributed to the Campus Christian Life Campaign Fund to offset a deficit experienced in 1968. All transactions are shown in detail in Exhibit "S".

The Synod's Office Building, located at 1015 Wade Avenue, Raleigh, North Carolina, was completed in 1960. Transactions in connection with construction and receipt of funds were handled through the Presbyterian Office Building Fund. Purchase of land, and construction, necessitated borrowing $50,000.00 from the Permanent Reserve Fund by the Office Building Fund. The following funds are currently budgeting for retirement of this loan:

Synod's Office Fund	$1,500.00	per annum
Church Extension Fund	1,500.00	per annum
Campus Christian Life Fund	600.00	per annum
Educational Institutional Fund	900.00	per annum

Transactions of the office building fund for the year 1968 as well as totals of all transactions accumulated to the end of the year are detaileld in Exhibit "T".

Balance on the loan due the Permanent Reserve Fund at December 31, 1968, in the amount of $31,866.81 was set up on the Synod's books as of that date in the Synod's Office Fund, as shown in Exhibit "K".

Assets acquired by the building fund totaled $97,841.42, made up of the following:

Land and Improvements	$ 6,273.40
Building	81,278.39
Furniture, Equipment and Furnishings	10,289.63

The Christian Higher Education Campaign was begun in 1956 and the records have been maintained in Synod's Office. On Schedule—5 the current year's receipts and disbursements are shown and the totals to December 31, 1968. Our audit of receipts was made from summaries of subscriptions and payments. The subscriptions through December 31, 1968, after cancellations, totaled $1,619,163.79. Of this amount $1,614,124.79 had been paid in cash and securities. Thus the unpaid subscriptions were $5,039.00.

Synod allowed the Campus Christian Life Committee to conduct a campaign in 1958 to raise $300,000.00 which was the amount unpledged in the Christian Higher Education Campaign and needed to implement the program of work initiated by the Committee. The campaign was supervised by the firm of Ward, Dreshman and Reinhardt, New York, New York. Campaign receipts have totaled $273,139.74. Campus Christian Life's share of the Christian Higher Education Campaign gifts was $185,905.19 to December 31, 1968. Interest earned on savings had totaled $10,251.02. The Board of Christian Education contributed $23,000.00 from its challenge funds. The disbursements include 1958 campaign expenses of $40,450.89. Capital expenditures in college areas totaled $417,754.68. The fund's balance of cash at December 31, 1968, was $24,500.92. Details of the year's transactions are shown on Schedule—6.

Dr. Harold J. Dudley began writing a history of the Synod of North Carolina in 1961. The expenses incurred have been paid for from contributions plus $1,658.25 originally received in the Catechism Awards account and $188.38 transferred from discretionary funds. To December 31, 1968, receipts had totaled $14,322.02, and expenses were $9,943.47. Schedule—10 explains in detail the transactions.

Synod's office published a reprint of FOOTE'S SKETCHES OF NORTH CAROLINA during 1964 and 1965. Receipts have totaled $12,184.31 through 1968 and expenses were $10,628.73, resulting in a surplus of $1,555.58. Schedule—11 has been prepared to show the receipts and disbursements.

Synod's office also had reprints of John K. Fleming's HISTORY OF THE HISTORIC THIRD CREEK PRESBYTERIAN CHURCH published. Schedule—12 shows the receipts and disbursements through December 31, 1968.

Funds to finance an expansion of Synod's office building were received in the Presbyterian Office Expansion Fund. Cash received during the year to apply on pledges receivable totaled $4,675.66. Securities in the form of 160 shares of Waccamaw Bank and Trust Company common stock were received from Mr. Robert P. Holding, Jr. These shares, with a $5.00 per share par value, are carried on Synod's books at $31.50 per share which was the fair market value at date of receipt. Of this value, $5,000.00 was applied to Mr. Holding's prior pledge, with the remaining $40.00 applied to current donations. All transactions for the year are detailed in Schedule—13.

Distributions, from the A. T. McCallum Trust Fund amounted to $10,175.97 in 1968 and $2,400.00 was distributed from the L. Richardson, Sr. Trust Fund. These funds were distributed according to the treasurer of the fund.

Income and budgeted expenses of Synod's Christian Education Fund are shown on Exhibit "W". The Office of Christian Education is located in Charlotte, North Carolina. Expenses of the office and the committee on Christian Education, except for salaries and payroll related items, are paid by Synod's office on an imprest basis refunding the Charlotte office for expenses incurred. Our audit covered the request for funds and expenses paid by Synod's office. The supporting documents for the expenditures made from the Charlotte office were audited by the committee's independent certified public accountant. These were found to be fairly stated in all material respects and are accepted by us without taking exception to our opinion on the fund's statements.

A study to determine the feasibility of establishing a Foundation Facility for the Synod was started during 1968. The following agencies pledged a total of $5,000.00 for financing the study of which $4,700.00 had been received at December 31, 1968.

Presbyterian Home for Children

Presbyterian Home, Inc.

Davidson College

Queens College

St. Andrews College

Union Theological Seminary

Church Extension Committee

Presbyterian School of Christian Education,
Richmond, Va.

Details of 1968 transactions are set out in Exhibit "X".

Synod's records are maintained on a cash basis. The books were not closed until all funds for the year were received from the presbyteries in order that all receipts for the year January 1, 1968 to December 31, 1968, could be included. Likewise, some expenses for the year were paid after December 31, 1968, and the cash balances shown herein are after including these in the disbursements.

We found a depositor's forgery bond in force for $10,000.00; fire insurance on contents of the office $38,000.00; blanket position bond for $25,000.00; open stock safe burglary; and fire insurance on the office building for $81,000.00. Synod's office and Campus Christian Life Centers are covered by a multi-peril policy totaling $193,000.00 on buildings and personal property and $300,000.00 general liability.

We found the books and records in balance and accurately kept.

We wish to express our appreciation for the courtesies extended us and the assistance and cooperation rendered by the entire personnel, which greatly facilitated our work.

We examined the minutes of the Secretary and found the approved procedures currently adhered to.

Very truly yours,

IV. REPORTS OF EXECUTIVE COMMITTEES

A. Report of Executive Committee on Campus Christian Life

The Reverend Will H. Terry, *Chairman*

The Campus Christian Life ministry of our church is a vast and ever-increasing opportunity for the church. There are two "facts of life" for the campus ministry today which the church as a whole should keep before it. The first is that the campus ministry is a ministry to crisis and a ministry amid crisis. The university communities today are torn by many forces. Our campus ministers are seeking to be genuine agents of reconciliation in these crises. There is testimony from university officials to indicate that some of our campus ministers are being just such agents.

The fact of the crisis in the university makes it imperative that the church seek to understand that crisis. Our campus ministers have shown a constant willingness to help them understand the dynamics of the crisis and their role in it. The committee urges churches to avail themselves of this opportunity.

The second fact of life for the campus ministry today is the growing imperative for an ecumenical ministry. The Campus Christian Life Committee is aware of the contribution the Reformed faith has to make to this ministry and to the university community. We are also keenly aware that the Christian witness to the university is enhanced by a thoroughly co-operative and ecumenical ministry. The burgeoning explosion at the campus and university has forced all Christian churches to seek to discover more efficient and practical ways of coping with the enormous responsibility imposed upon all denominations by higher education. No branch of the church has either the financial or the human resources to cope with the task alone. Your committee is constantly aware of the need to explore carefully ways to implement an ecumenical approach to ministry and evaluate that implementation in light of our unique contribution as Presbyterians to the university.

The Campus Christian Life Committee is grateful for the solid Christian influence to the university communities which our campus ministers exert in our Synod. Our ministers are men of strong conviction, keen pastoral concern, theologically articulate, and socially alive. They exhibit through their ministries the highest examples of churchmanship. As a church and as a Synod, we are most fortunate to have this caliber of man as our representative to the university. There is no question in the minds of the members of your committee that the campus ministry is one of the most important and strategic in which the Synod of North Carolina is involved. The committee wishes to make every effort to increase the appreciation of the importance of this ministry for the whole church. Through this mission, your church is truly on the cutting edge of our society.

Personnel

The personnel of our campus ministry is experiencing a sizeable turnover this year. The Reverend Z. N. Holler, Ph.D., was installed in September as the University Minister at North Carolina State University. With the resignation of Dr. Harry E. Smith, the Reverend Carl Culberson and the Reverend John Butler have become University Ministers at the University of North Carolina at Chapel Hill. The Reverend W. E. Kercheval continues his ministry to the universities and colleges in the Winston-Salem area. The Reverend James Allen is our campus minister at the University of North Carolina at Greensboro. At A & T University and North Carolina University at Durham, we have a co-operative ministry with other denominations, and the Reverend William N. Bell and the Reverend Herbert Eaton minister respectively on those campuses. Miss Louise Pendergast has been installed at Presbyterian Hospital as the Director of Student Work for the School of Nursing there. With the resignation of the Reverend Clyde O. Robinson and the Reverend Bronson Matney at Duke and East Carolina Universities, respectively, these campuses are currently seeking ministers.

University of North Carolina at Charlotte

At its May meeting, the Campus Christian Life Committee voted to enter a United Campus Ministry on the campus of the University of North Carolina at Charlotte, with the co-operation of other denominations. This ministry is being begun in light of the fact that there will be some twelve hundred resident students on the Charlotte campus next year.

Finance

The Committee received in 1968 from the Presbyteries for operation, $98,630. The budget-asking was $102,263; therefore, the churches and presbyteries gave $3,633 less than the budget; however, by efficient operation the Committee was able to end the year without a deficit. All of the major Centers spent under their budgets.

The budget approved by Synod for 1969 is $109,333. Presbyteries have officially accepted 95% of the askings.

The capital gifts campaign for Campus Centers, conducted in 1956 and 1958 produced $2,253.95 in 1968.

Recommendations:

1. That the Synod honor its previous action approving the order of the day for Tuesday afternoon, June 3, for a presentation of the Campus Christian Life Program of Work, entitled, "The Sights and Sounds of the Campus: An Interpretation of the Present Campus Mood."

2. That the Synod receive and adopt by a standing vote, the following resolution honoring Dr. Harry E. Smith, University Minister at the University of North Carolina at Chapel Hill, 1952-1969. (See page 47).

3. That the Synod be informed of the resignation of the Reverend Clyde O. Robinson, Jr., and the Reverend Bronson Matney as University Campus Ministers at Duke and East Carolina; and that the Synod express its gratitude to Messrs. Robinson and Matney for the services they have rendered to the church and the universities in Durham and Greenville.

4. That the Synod urge sessions of churches to avail themselves of the opportunity to invite our campus ministers to interpret the current university scene and their ministries in the university to the church.

5. That the Synod revise its Standing Rules by amending Rule 20:1a to read: "Membership to be composed of twenty-six members as follows: three campus ministers and three students in different classes; eighteen members-at-large; the Synodical President; and a chairman-at-large."

6. That the 1970 Budget of the Synod of North Carolina for Campus Christian Life be approved to the total amount of $114,800.

B. Report of the Executive Committee of Christian Education

REVEREND ALLEN C. McSWEEN, *Chairman*

Your committee has sought to fulfill its mission of aiding the Presbyteries and local churches prepare themselves for their task of Christian Education. New visions of the mission of the Church and new understandings of the ways we communicate our faith have set before us new requirements for service. In an effort to meet these new demands the Committee on Christian Education, through its various Councils and Cabinets, has put a great deal of time and thought into looking at and discussing the ways and means of training committee members for their tasks. This training has included a workshop at Camp New Hope for Synod and Presbytery Chairmen of Christian Education and the Synod's Staff. This Workshop in "Setting Measurable Behavioristic Objectives" was directed by Dr. Arnold Fleshood of the University of Richmond. Each Council has received a copy of "The Planning Process" by Dr. Perry L. Norton and some have studied it as a guide in planning their work.

On January 2, 1969 there was a meeting in Asheboro of the Camp and Conference leaders, the Home and Family Council, the Adult Cabinet, the Children's Work Cabinet, and the Presbyterian Guidance Program Council. Presbytery chairmen of these various committees were present for a day of sharing and training.

On March 24, 25, 1969 the Youth Cabinet met at Davidson College for a thorough look at Youth work across the Synod. Eight of the nine Presbytery Chairmen of Youth Work were present.

During the year three (3) 3-day Interpersonal Relations Labs were held with the purpose of preparing the participants for a 5-day Lab. One 5-day Lab was held at Camp Stewart, March 16-21, 1969. This Lab had a full quota of 24 persons. From the response to this Interpersonal Relations Lab we can only conclude that this is one of the most significant things which the Committee has done this year. Numerous expressions of appreciation have come from participants and have encouraged your committee to plan two 5-day Interpersonal Relations Labs for 1969-1970. Both of these labs will be held at Camp Stewart again. They will be October 5-10, 1969 and April 5-10, 1970. These labs are open to laymen and to Ministers, to men and to women. Local Churches and Presbyteries are encouraged to aid participants financially in attending these Labs.

Announcements:

North Carolina Men's Conference—Montreat, N. C.—June 6-8, 1969.

Regional Church School Administration Workshop—Montreat, N. C.—June 20-22, 1969.

N. C. Covenant Life Conference—Montreat, N. C.—June 27-July 3, 1969.

Interpersonal Relations Labs—Camp Stewart, Charlotte, N. C. October 5-10, 1969, and April 5-10, 1970.

The Committee is deeply indebted to the members of the Staff who have given of themselves unstintingly in planning and carrying out the program of Christian Education in the Synod. The Reverend Robert Turner, Regional Director of Christian Education for our Synod, and Miss Beatrice Kiser, Assistant to the Regional Director, have performed an almost impossible task in keeping up with the rapidly expanding work of the office. The Area Directors who have served throughout the year are Miss Helen Jackson, Greenville; Mrs. Frank S. Jones, Mecklenburg; Miss Mildred Mallard, Albemarle; Miss Sara McNeill, Orange; Mrs. Earl F. Thompson, Winston-Salem; Miss Eloise Wells, Concord; and Miss Sarah Wilson, Kings Mountain. Two new Area Directors have joined us during the year, Mrs. Ruth R. Cheney, Fayetteville; and Miss Donna Cook, Wilmington.

We are losing two very able members of the committee who are moving outside the bounds of our Synod. Clyde O. Robinson, Jr., Chairman of the Home and Family Council, and Malcolm P. Anderton, Jr., Chairman of the Systematic Study Council, have made a tremendous contribution to the work of Christian Education in the Synod and will be greatly missed.

In cooperation with the Board of Christian Education, the Adult Cabinet sponsored a pilot program for training adult consultants. This training session took place at Camp New Hope, November 8-10, 1968, under the leadership of Professor Alan B. Knox, Department of Adult Education, Teachers College, Columbia University, New York. Eight of the nine Presbyteries sent at least two adults to share in this training experience. These persons are now serving in the Adult work through working as teachers of classes, on committees, and as resource persons.

The Cabinet on Children's Work is giving special attention to such concerns as: the use of consultants in local churches; how to help local churches (especially small ones) in the use of materials; the need to encourage ecumenical or interchurch projects such as day-care centers, classes for the mentally retarded, vacation church schools or other summer programs; various plans for developing and training leaders; the value of demonstration classes; trends and issues in Christian Education.

Recommendations:

1. That the Synod Men's Conference and the Covenant Life Conference be authorized to have a Communion Service during their conferences this summer, June 6-9 and June 27-July 3.
2. That the attention of Synod be given to the North Carolina Covenant Life Conference to be held in Montreat, June 27-July 3, and that the Synod note particularly the Churchman's Seminar to be held in conjunction with the Covenant Life Conference.
3. That the attention of Synod be given to the Interpersonal Relations Labs being planned for 1969-1970—Both at Camp

Stewart—October 5-10, 1969 and April 5-10, 1970. That the Synod hear from one of the participants in the Lab in 1969.

4. That the Youth Cabinet of the Synod's Christian Education Committee be permitted to have a part in the planning of the worship service for the meeting of Synod in 1970.
5. That the Synod instruct its Trustees to sign the Lease Agreement between St. Andrews Presbyterian College, Inc. and the Synod of North Carolina with reference to the location and operation of the Presbyterian Guidance Center at St. Andrews College.
6. That the Synod make an exception in the Standing Rule 25-1a to allow the Chairman of the Presbyterian Guidance Program Council to serve another term. (This request is made due to the fact that the Guidance Center building has not been completed and the committee feels it best not to change the chairman of the committee until the building is completed and in operation).
7. That the report of the Presbyterian Guidance Program Council be adopted. (See attached copy)
8. That the Budget for the Committee on Christian Education for 1970 be adopted. ($96,905—See attached copy)
9. That the Budget for the Presbyterian Guidance Program for 1970 be adopted. ($56,013—See attached copy)

3. PRESBYTERIAN GUIDANCE PROGRAM

REV. TOM B. ANDERSON, *Chairman*

DR. LOGAN V. COCKRUM, *Director*

Communicating with Youth

Mark Hopkins is attributed to have said:

The ideal college consists of a log of wood with an instructor at one end and a student at the other.

The educational phase of the Presbyterian Guidance Program is that basic and that simple to introduce and carry on in any local church. All it needs is a committed, concerned Christian adult and an interested, seeking high school student. All it takes is that dedicated adult seated in one chair, talking with a student across the room in another chair. This adult and his student(s) have something to discuss each hour they meet together. One chapter at a time, they review Dr. Albert Winn's book, **You and Your Lifework: A Christian Choice for Youth.** Each may ask questions of the other as the adult adds his support and understanding to the youth's searching look to his own future.

The Modal Adolescent Project, carried out by Dr. Daniel Offer and associated psychiatrists, has recently released the results of a four-year study of normal adolescent boys. The report noted:

> He worries just as much about his grades as his parents do. **His biggest problem is deciding on a career.**

That this same concern disturbs girls too is revealed in a survey carried out among the high school youth involved in the Program during 1968. The high school students were asked to answer one question: "What did you get from the Presbyterian Guidance Program?" One girl mirrored succinctly the common response that many of them gave as she said:

> To me, the most important thing this Program means to me is—that you care about us . . . that the church cares about us . . . that an adult would take all that time to sit down with me and talk about something that concerns me, my future.

This type of response is another indication of why young people are further confused and alienated when they hear that some adult has reported: "Oh, the whole program is too complicated to fool with . . ". Many of these young people are familiar with the Program through their peer group and know better. In this age of generation gap, this chance to communicate meaningfully with a committed adult, who is concerned about them, is a priceless experience too few high school students have.

Communication of Professional Concern

In the past three years the Program has received growing indications of understanding and support in many areas. These years have been spent in attempting to build bridges of communication with many publics. The Program has sought to work closely and cooperatively with Professional leadership in counseling (state and national), with school administrators, and with public school counselors.

In 1967, a two-day consultation was held at the Guidance Center to evaluate the effectiveness of the Program and its Center. Eight specialists in counseling, guidance and counselor education studied this work and gave their evaluations in a report that has since been printed in, **Evaluation Conference on the Presbyterian Guidance Program in an Age of Change; Research Report, 1967.** Recently one of those national leaders who took part in that consultation has written.

> It was my privilege to serve on a team evaluating the Presbyterian Guidance Center some two years ago. The team was enthusiastic about the Center's organization and services and made no recommendations of professional re-orientation. Rather it urged additions to the staff and enlarged facilities in order to serve greater numbers of students from a wider geographic area.

In December of 1967, the Presbyterian Guidance Center was approved by the American Board on Counseling Services. This Board of the American Personnel and Guidance Association evaluates the standards and practices of agencies and determines whether they are qualified to provide professional counseling services. The Presbyterian Guidance Center is now one of four such agencies in North Carolina listed in the current **Directory of Approved Counseling Agencies** and in its 1968-1969 Supplement. The other three are on the campuses of state universities or colleges.

In 1968, continuing its dedication to work in close cooperation with and support of public school guidance services, the Program sponsored an invitational conference for school counselors. The meeting brought together specialists to deal with a problem of common concern to counselors of today. The conference was attended by over sixty counselors, educators, and administrators. A report of the conference was printed as the, **Counselors, Invitational Conference on the Family and the Counselor in a Changing World.** Requests for this report have been received from local school administrators, national educational agencies, and individuals not only in North Carolina but also from throughout the nation.

Counselors' Invitational Conference—1969

In the spring of 1969 the Program carried out a survey of the professional counselors of the state asking them if they would be interested in a second Counselors' Invitational Conference. To date over seventy school counselors have responded and requested a Conference for 1969. As requested, these counselors have indicated areas of study they would like to consider. Outside funds have been promised to subsidize the meeting. A national leader in personnel and guidance services has been contacted. It is anticipated that the Consultation will be held in October, 1969.

Cabinets Report

During 1968 there were regular meetings of the two cabinets of the Program Council, the Cabinet on the Local Church and the Cabinet on the Center Building. Made up of Presbytery Chairman or representatives, the Local Church Cabinet in 1968 encouraged smaller and rural churches to take part in the Program. These chairmen followed various means of introducing the Presbyterian Guidance Program in their Presbyteries and local churches and provided for vocational aide training. Members of the Cabinet carried out such Presbytery projects as:

1. Producing a brochure explaining the purpose of the Program.
2. A Labor-Day letter to Presbyterian ministers calling attention to the Program and suggesting "Christian Vocation" as a possible theme for a sermon on that day.
3. A Presbytery team to work with local churches, explain the Program and help vocational aides prepare for their tasks.
4. Project churches with on-going programs to work with smaller churches, including visits to the project church to see the Program in operation, speaking to meetings of youth and/or parents in smaller churches, and providing the local church preparation for students by letting these students come in from small near-by churches who could not get the Program in their own church.
5. Providing scholarship aid in the local church or Presbytery to help defray the cost of a part or all of the Center fee for students (similar to the aid provided so students can attend camps or conferences.)

The Cabinet on the Center Building completed arrangements for securing property for a new Guidance Center building. The Cabinet arranged for a signed, contractual agreement between the Presbyterian Guidance Program and St. Andrews Presbyterian College to indicate the exchange of types and kinds of services between the college and Center. Its members aided in sponsoring a ground-breaking ceremony for the new Center building in October. The Cabinet worked closely with the architect and contractor, aiding in securing their services and in continuing supervision. Begun in the fall of 1968, it is anticipated that the building will be completed in the summer of 1969.

Facts and Figures

In working throughout the Synod in 1968 the Program administrative staff has: 1) Participated in Leadership Training Schools in three Presbyteries, 2) Provided vocational aide training in three Presbytery Workshops, 3) Spoken before Senior High Rallies in other Presbyteries, 4) Led Vocational Aide Training Sessions in four local church workshop sessions, 5) Addressed youth and parents in additional local church meetings, 6) Moderated a city-wide meeting of ministers and school counselors, 7) Attended state and national professional conventions with the counselors of North Carolina.

In 1968 the Presbyterian Guidance Center has provided guidance services of various kinds for nearly 1,000 individuals, including high school, college students, and adults. Of this number, approximately 400 were high school counselees participating in the full two-day counseling experience at the Center.

C. Report of the Executive Committee of Church Extension—1969

REV. E. D. WITHERSPOON, SR., *Chairman*

PREAMBLE

Your Executive Committee of Church Extension urges you to read thoughtfully and prayerfully the report which has been placed in your hands. There are a number of items of interest, some of which should be a matter of special concern. In the area of communications we are happy to report that an able replacement for Mr. Ted Daniel has been secured, who will not only serve as Executive Director of TRAV but also as assistant to the General Secretary. He will be presented later by the Chairman of the subcommittee on TRAV. Reports from the area of Home Missions within our several Presbyteries speak not only of unifying our work but of its expansion in churches established and in special ministries begun. Reports from the area of Evangelism remind us of a net loss in Church membership as well as in Sunday School attendance. While these facts should be a matter of grave concern to each of us, they should not result in pessimism, but rather as a challenge from God to get on with His business.

Finances

1. **Assembly Support:** The Board of National Ministries approved of missionary support during 1969 for the Butner Ministry, $2,500.

2. **Synod Support:** Income from Presbyteries last year for Synod's Church Extension totalled $48,886.94, a decrease of $2,659. This represented 96.4% of the budget asking of Synod; a deficit of $1,813.

Income from Presbyteries for the first quarter of 1969 is $5,986.26, or $311 under the same period a year ago; however, the 1969 Budget is $510 under 1968 Budget.

3. **Loan Funds:** At the end of 1968 there were 35 loans (30 last year) ranging up to approximately $40,000. Loans are made at 4% interest and are properly secured. Income from the Church and Manse Loan Fund is returned to the corpus.

The Church and Manse Loan Fund, as of December 31, 1968, was valued at $199,957.58 in contrast to $188,498 the year before.

The Permanent Reserve Fund, as of December 31, 1968, was valued at $77,337.22, an increase of $3,491.50. In this account are the following bequests: Mrs. A. T. McCallum Bequest; A. T. McCallum Bequest; Mrs. Elizabeth Osborn Bequest; Mrs. Sarah J. Hutchison Bequest; Samuel Andrews Grier Bequest; and securities valued at $1,980.

4. **Bequests:**

(1) *Wharton Bequests*: The Wharton Bequest was received in 1958 and 1959 from the Estate of the late Mrs. Sadie Duncan Wharton, widow of the late C. P. Wharton of Raleigh. As of December 31, 1968 the bequest had a value of $22,432. For a full report, see the Annual Report of the Auditor.

(2) *A. T. McCallum Bequest*: Synod came into possession of the A. T. McCallum Estate in 1961, when it was valued at approximately $250,000. The latest audit represents the value at $259,941.50 and in 1969 Synod received for distribution in accordance with Item VI (G) of the will a total of $11,341.95 representing earnings for 1968. This amount was distributed according to the terms of the will. Of the amount earned, Synod received a total of $5,797.00 ($2,646.45 to Barium Springs Children's Home; $1,260.22 to Glade Valley School; and $1,890.33 to Synod's Home Missions).

(3) *Mrs. Elizabeth C. Osborn Bequest*: The original bequest was in the amount of $1,000.00.

(4) *Samuel Andrew Grier Bequest*: In May, 1963, Synod received a Bequest in the amount of $1,468.95 from the Estate of Samuel Andrew Grier of Barium Springs to be used for Evangelistic work. (See Synod *Minutes* of 1963, page 118). This is invested, and the income is used in the manner stipulated in the will.

(5) *Sarah J. Hutchison Bequest:* In November, 1963, A. Walton Litz, Associate Director of the Presbyterian Foundation, Inc. advised the General Secretary that under a legacy left to the Presbyterian Foundation in 1926 by Mrs. Sarah J. Hutchison of Charlotte, the "Home Missions Work" of the Synod of North Carolina would receive the income from the legacy of $4,500. In 1968, Synod received $185.85 from the bequest.

(6) *Thomas L. Wilson, Sr. Memorial Fund*: In October, 1953, the American Trust Company, Charlotte, N. C. advised that Thomas Lee Wilson, Sr. of Gastonia had left a bequest in his will[IX, (c), (2)] to be known as the "Memorial Fund bearing the name of Thomas Lee Wilson, Senior, Gastonia, North Carolina". This provides that 2½% of the residue of the Estate be designated for the "Home Missions Committee of the Synod of North Carolina in connection with the Presbyterian Church, United States, with principal office presently located in Greensboro, North Carolina." In 1968, Synod received from the bequest $326.52.

(7) *Mrs. A. T. McCallum Bequest*: This Bequest was originally for $5,924.42.

EVANGELISM

Gains and Losses: Synod showed a net loss in 1968 of 155 members (in 1967 a gain of 1,967—or 1.29%). This is a decrease of .1% and is the first year that a decrease in membership has been experienced by Synod. For the previous five years, the average is .94% gain. Professions of Faith decreased in 1968 to 3,780 from 3,885, and members received by letter and reaffirmations decreased to 6,354 from 7,834. "Losses" totalled 10,401 against 9,808 last year.

Profesions of Faith: The number of churches reporting no professions of faith in 1968 was 192 in contrast to 194 the year before. Approximately 145 churches were without a minister in 1968, and most of these showed no professions of faith, or only a few. There are 643 churches in the Synod. During 1968, two churches were dissolved and none organized. There were 1,483 adult baptisms last year (2,019 in 1967).

Growth of Synod contrasted: The Assembly net growth for communicants alone was .10%, .53% in 1967 and the growth since 1958 is 10.61%. Matching figures for the Synod are—10% and 9.81%. Among the sixteen Synods, North Carolina ranked ninth in 1968 (second in 1967). The Synod of Tennessee led the Synods with an increase of 1.55%. For the period since 1951, Florida leads with an increase of 97.14%. North Carolina ranks eighth with 28.87%.

Other denominations: The General Assembly does not grow as fast percentagewise as the Baptist Church in North Carolina, 10.61% since 1958 for Presbyterians and 15.44% for the Baptist denomination. The Methodist increase for the same period is 1.14%. The Synod rate of 9.81% is 5.63% below the Baptists since 1958 and 8.67% better than the Methodists.

Assembly Spiritual Birthrate: The Synod ranked eleventh (16 Synods) in the General Assembly in Spiritual Birthrate, growth by professions of faith, in 1967 (tenth last year); 2.46% in contrast to 2.56% last year and 2.90% for the Synod of Florida, which ranked first among the Synods. In the Soul-winning ratio, the number of members required to win each soul to Christ on Profesion of Faith, the Synod ranked eleventh (11th last year). 40.69% persons in contrast to only 34.43 for the Synod of Florida and 39.97 for the General Assembly.

Presbytery Gains and Losses: Five Presbyteries reported a net loss in 1968, to wit Albemarle—31, Concord—298, Fayetteville—35, Orange—5, and Winston-Salem—369. The other Presbyteries showed gains ranging from only 14 in the case of Kings Mountain to 481 for Mecklenburg; Granville, 29 and Wilmington, 59.

For the period 1940-1968, Granville stood first at 115.69%, and Albemarle second with 108.22%. The Synod increase for the period was 69.79%.

Spiritual Birthrate: Albemarle led with 3.63% growth by Professions of faith. Wilmington ranked second, 2.63%, and Concord was last with 1.87%. The Synod growth for 1968 was 2.45% and for the period of 1959-1968, 2.67%.

Soul-Winning Ratio: Albemarle ranked first in the lowest number of persons required to win a soul to Christ, 27, and Wilmington second, 38, Concord ranked last, 54 persons. The Synod average was 41. From 1958-1968, the Synod average was 37.

Sunday School: The Sunday School enrollment again decreased in 1968, by 801 or .68%. (For the table showing the rank of Presbyteries, see page 71.)

For the period since 1940, Granville leads with a growth of 97.21%; Mecklenburg, 88.34%. Kings Mountain ranks last with a growth of only 9.01%. The Synod increase for the same period is 50.74%.

1. REPORTS OF SUB-COMMITTEES

a. Report of Sub-Committee on Special Ministries
1969

George Elliott, *Chairman*

The Reverend James N. Grubb, *Chaplain*
Butner, N. C.

The Reverend James N. Grubb, Presbyterian Chaplain at Butner, represents the members of the Synod of North Carolina in all of the institutions at Butner. This ministry serves the staff and patients in John Umstead Hospital for mental and nervous patients; the Blind Center for the rehabilitation of the blind and handicapped; the Alcoholic Rehabilitation Center; The Youth Center for young men convicted for the first time; the C. A. Dillon Correctional Center.

The Chaplain's activities include: visitations with individual patients, conducting worship services, leading groups, arranging tours with Seminars for church groups visiting Butner, visiting churches and many other activities.

The personal visits alone could consume all of his time. Mr. Grubb manages to cover all the institutions and to conduct a camp for handicapped children for two weeks in the summer.

He invites the pastors to visit him, counsel with him, and to advise him when there are members of their churches at Butner.

b. Sub-Committee on Home Missions

Reverend K. M. Misenheimer, *Chairman*

It is the task of the Home Missions Committee of the Church Extension Committee of the Synod of N. C. to coordinate by report to the Church Extension Committee and to the Synod the work of Home Missions in the nine presbyteries. Here is a summary of those reports:

Albemarle Presbytery, Reverend J. Murphy Smith, Chairman

Mr. Smith reports a survey being conducted on the western edge of Wilson to determine the need for a new church. There have been nine aid receiving churches during the past year. The committee has been working in an effort to regroup some of the smaller churches of the presbytery, and has effectively grouped two, which has made them self-supporting.

The special ministry in which the committee is involved on Dare Beach near Manteo, N. C. will be continued during the summer of 1969. During 1968 the presbytery secured a lot and built a facility on it to accommodate the program that has been conducted there. The facility provides an area for worship and recreation that includes living quarters for the minister. In addition to the worship, counciling and recreational activities, the minister participates in an ecumenical program on the beach. This consists of a witnessing program in a big tent for teenagers assembled to eat ice cream, listen to music, and talk with leaders of the program, and view religious movies at night on the beach. This ministry has reached many college age young people during the past two summers.

Concord Presbytery, Mr. Fielding Clark, Chairman

The committee finds itself involved in working with small town and open country churches in re-grouping in order to be better able to attract ministers to their areas. The committee also has established a policy of reduction in aid to the aid-receiving churches which is designed to bring each church to self-support within six years. The askings for this committee from presbytery has dropped from $72,000 to $48,000 in the last three year budgets. There are 25 churches that look to the committee for some kind of aid. The United Presbyterian Church, Lenoir, (a merger of Beattie Memorial and the Whitnel Presbyterian Churches), has completed an educational unit. One church, the Drusill Presbyterian Church in McDowell County was dissolved by presbytery last year.

Fayetteville Presbytery, Reverend Eugene C. Ensley, Chairman

There are 11 aid-receiving churches in 8 fields within the boundaries of this presbytery.

The committee, cooperating with the Stewardship Committee, is asking presbytery to engage Reverend Paul Warren for a period of six months to lead the presbytery in a Stewardship Education Program to try to "upgrade" the stewardship of the whole presbytery in its fullest sense.

Plans are being formulated for a thorough survey of the presbytery to give guidance to future planning of the location of new churches, relocation of present ones, merging or dissolving of other churches.

Granville Presbytery, Mr. George Brinkley, Chairman

The committee had an annual meeting with officers and pastors of aid-receiving churches to discuss program and canvass, and also an annual dinner meeting with pastors of aid receiving churches to discuss individual and group problems. The committee has assisted with an inter-racial ministry with Davie Street Church, Raleigh, UPUSA. Grants and aid for building purposes have been made to several churches. The mortgage on the church site of Triangle Church in Durham was paid in full and the deed to the property was given to the trustees of the church. This committee is also involved in re-grouping churches within the presbytery. The committee will recommend that pastors of aid-receiving churches receive a salary in 1970 greater than the minimum recommended by the Board of National Ministries, and that these ministers receive a bonus in 1969 as they did in 1968. The committee has aided Triangle and St. Giles Churches financially in their building programs.

Kings Mountain Presbytery, Reverend Clifton R. Terrell, Chairman

The committee is encouraging some of the aid-receiving churches to merge. Two such churches are, Linwood and Westside Churches in Gastonia. Mr. James Erhart, Consultant in Survey and Church Location, has visited the presbytery and surveyed it. The committee has aided the Stanley Church with a grant and loan to construct a new educational unit. Ellenboro

Church is seeking to relocate and is seeking to purchase a piece of property with a five-room house. The committee will be assisting in this relocation. Members of the committee will be visiting the aid-receiving churches to advise, listen, and make recommendations.

Mecklenburg Presbytery, Dr. Harvey Johnston, Chairman

In 1968 there were 12 aid-receiving churches within the presbytery and in 1969 there are 13. Special ministries being conducted in the Mecklenburg area are the Inter-Church Action (with the Episcopal Church), the Dilworth Teen Center (ecumenical) and the Musical Program for Underprivileged Children at the First Presbyterian Church (with our Board of National Ministries). The presbytery organized a private corporation to operate Day Care Centers. A Task Force was formed by the Council to establish new ministries and to disestablish ministries that have outlived their usefulness. Plans are underway for a Capital Funds Campaign for this purpose.

Orange Presbytery, Reverend K. M. Misenheimer, Chairman

There are 15 aid receiving churches within the presbytery. The development of the church at Jamestown is almost complete with organization taking place probably later in 1969. A piece of property was purchased for the future Jamestown Church during the year. The presbytery has called through the committee the Reverend Angus McGregor to deevlop a new work in southeast Guilford County. The committee is working in the area of regrouping churches more strategically. A survey has been completed of all the small churches within the presbytery and the committee is now trying to implement the recommendations. The committee has some degree of repsonsibility for 34 out of 87 churches in the presbytery. There are 3 cooperative works within the presbytery involving the small churches in Orange, Lee, and Caswell counties. Church Extension workers are living in these counties working with the churches there. Special ministries within the presbytery include a part-time prison ministry in Greensboro, partial support of an alcoholic ministry in Sanford, cooperation with the United Methodist Church in an Inner-City Ministry in Greensboro. The committee has also been giving aid to the Church of the Cross which is located in a changing neighborhood.

Wilmington Presbytery, Reverend William E. Link, Chairman

The committee is involved with assisting small churches in merging and regrouping in order to create fields large enough to challenge and keep pastoral leadership. Ministers' salaries have been increased during the past year from $5,700 to $6,500 (plus $200 for each additional church). A new church is being developed, but not yet organized, named Windemere, with a membership of 175. There are 13 aid-receiving churches in the presbytery. Dr. Ben L. Rose, Professor at Union Theological Seminary in Virginia, will spend one sabbatical year in the presbytery with four seminary students placed in vacant churches as interns under his direct supervision (a cooperative extension-education experience).

c. Sub-Committee on TRAV

Rev. Francis M. Womack, Jr., *Chairman*

PERSONNEL: Since the last meeting of Synod, Mr. Ted L. Daniel has resigned as Executive Director of TRAV. Mr. Daniel gave excellent leadership to the Office from its inception in 1961 to the present.

The Rev. Raymond A. Horn, D.D., was called by the Committee to succeed Mr. Daniel in January.

PRODUCTION: The network of radio and television stations carrying the three programs produced by the TRAV Sub-committee continues to enlarge.

The "Sunday School of the Air" is a 15-minute weekly program presented over 35 North Carolina radio stations in all parts of the Synod, as well as in six stations in Virginia. In a recent survey, the "Sunday School of the Air" was the second most widely known radio program among Presbyterian ministers in the state; the "Protestant Hour", which has national publicity was first.

The 1969 "Sunday School of the Air" speakers are as follows: January, the Rev. Jerold D. Shetler, Raleigh; February, the Rev. Russell B. Fleming, Raleigh; March, the Rev. B. Frank Hall, Wilmington; April, the Rev. H. Edwin Pickard, Raleigh; May, the Rev. W. R. Smith, III, Raleigh; June, the Rev. George A. Grissom, Wendell; July, the Rev. E. Eugene Kirkman, Winston-Salem; August, the Rev. Robert A. Massey, Fayetteville; September, the Rev. Leighton R. McKeithen, Fayetteville; October, the Rev. David B. Jenkins, Rockingham; November, the Rev. Charles Williams, Durham; December, the Rev. Francis M. Womack, Charlotte.

"News of the Church" is presented weekly in cooperation with the North Carolina Council of Churches. Two new television stations, WRDU and WUBC, are now carrying this program. The Committee plans to enlarge this program to a 30-minute format with 15 minutes of news and 15 minutes of discussion. The program is currently seen on eleven television stations across the state.

Production facilities for the "News of the Church" with an annual value of about $26,000 are donated by WRDU, Channel 28, Durham. About $60,000 worth of television time is donated annually by the participating stations.

"Take Two", a daily devotional series completed last year, was so successful that most television stations have written requesting additional programs. The TRAV Sub-committee plans to produce 20 more of these in 1969.

Other production plans for the year include film news clips of the 1969 meeting of Synod and three 30-second spots.

PLACEMENT: Synod's Office acts as a placement center for programs produced by all denominations and distributed through the Broadcast and Film Commission. It is estimated that nearly

1,000 placements are made each year of 20 radio programs, and 100 placements of television programs and spot announcements are made each year through Synod's Office.

AUDIO-VISUALS: The sixth annual Audio-Visual Previews will be held in November in Charlotte and Raleigh in cooperation with the Executive Committee of Christian Education.

OTHER ACTIVITIES: The Director of TRAV has assisted several local churches with radio and television productions, has worked with the Campus Christian Life Committee in the production of "The Sounds of Campus", served on the Presbyterian Appalachian Broadcast Council, and served as Chairman Radio/TV for the North Carolina Council of Churches. In addition, he has cooperated with the General Assembly in the production of literature and audio-visuals.

RECOMMENDATIONS:

1. That Synod express its appreciation for the efforts of Mr. Ted L. Daniel as Director of Television, Radio, and Audio-Visuals.

2. That Synod express its gratitude to the men who have given of their time and talent in the "Take Two" devotionals and the "Sunday School of the Air".

3. That each presbytery appoint a TRAV Committee or its equivalent to cooperate with Synod's Office.

4. That those who can do so, be urged to attend the U. S. Conference on Evangelism to be held in Minneapolis, Minnesota.

5. That *Standing Rule* 19:3b be amended by deleting the present rule and substituting the following: (See page 229).

6. That the *Standing Rules* of Synod be amended in reference to Sections 19:3, by adding the following Sections: 19:3e and 19:3f. (See page 229).

7. That the budget of the Church Extension Committee for 1970, amounting to $53,190, be approved.

8. That, pending the adoption of this Report, Synod hear the Reverend Francis M. Womack, Chairman of the Sub-Committee on TRAV, who will also present our new Executive Director of TRAV for the Synod of North Carolina.

[1] SOUL-WINNING RATIO: Number of members required to win one soul to Christ in a year. Determined by dividing the number of accessions on profession of faith at the end of the year into the total number of communicants at the beginning of that same year. The result is in persons, not percentage and the lower the figure the better the standing.

[2] SPIRITUAL BIRTHRATE: Growth by professions of faith, expressed in percentage. Determined by dividing the number of members at the beginning of a church year into the number of accessions on profession of faith during that same year. The higher the percentage the better the standing.

D. Report of Executive Committee on Educational Institutions

Dr. William M. Roberts, *Chairman*

Following a practice begun several years ago of visiting one of the Synod's Educational Institutions in the fall of each year, your Committee met last October 25 at St. Andrews Presbyterian College, Laurinburg, N. C. The better part of a day was spent on the Campus, during which time members of the Administration and Faculty demonstrated to the Committee some of the processes being practiced at the College in the educational program. The Reverend Robert M. Urie, Director of the Vocational Rehabilitation Administration Project, gave convincing testimony of the effectiveness of this program as an investment in lives which pays dividends in more ways than tax savings. At that time there were 20 students at the College in wheel chairs, besides 15 other handicapped persons.

The new Audio-Communication-teaching program was demonstrated. Dean Robert F. Davidson told of the basic inter-disciplinary program. He stated that the Christianity and Culture Program is the heart of the College curriculum, but that the Science program is being rapidly accelerated. Plans are in the offing for the development of the social and behaviorial sciences.

The Committee was made aware of the fact that the chief business before it was recommendation #4 of the 1968 Report to Synod, which authorized that "a study be made of Synod's program of Higher Education with the assistance of necessary funds either in hand or to be obtained as a grant, and that the recommendation of the Study group be reported to Synod at its meeting in 1970".

The Committee considered in a preliminary way some of the issues facing Higher Education today, and then elected the following committee to pursue the Study: Dr. William M. Roberts, Professor at North Carolina State University, Raleigh, Chairman; Dr. Pelham Wilder, of the Chemistry Department at Duke University; and Dr. Paul Reynolds, Dean of Wilmington College.

Between the fall meeting of the Executive Committee and its meeting on April 9, 1969, a study committee met three times for the better part of a day, to wit, January 6, February 24, and March 18, 1969.

Some of the latest literature bearing on the subject of Higher Education was carefully examined by the Committee. This included the Danforth Study Book, **Church Sponsored Higher Education, United States**, by Pattillo and MacKenzie; published in 1966; "The Church College and the Public Good", published by the Council of Protestant Colleges and Universities; "Church-Sponsored Higher Education and the Lutheran Church in America", by Edgar M. Carlson; and **Planning for Higher Education in North Carolina**, 1968, the study of Higher Education undertaken by the North Carolina Board of Higher Education. All of these documents have been carefully summarized.

At the meeting on January 6th, the Study Committee raised such questions as: (1) What should be the task of the Study Committee? (2) What is the role of Synod's Executive Committee on Educational Institutions?, (3) What does the Synod expect of its institutions?, (4) What do the institutions expect of Synod?, (5) What is the distinctive role of the Church-related college?, (6) How may the Church be educated on the campus ministry and program?, (7) How may Christian faith be communicated to students?, (8) What kind of education should Christians expect their children to receive?

The Committee invited to the February 24 meeting the following persons as counsellors in the field of Higher Education:

Representing the Church—Dr. Warner L. Hall, Charlotte

Representing the Colleges—Dr. John E. Smylie, President of Queens College

Representing the Faculties—Dr. G. Tyler Miller, Jr., St. Andrews Presbyterian College, Laurinburg

Representing the Seminary—Dr. John H. Leith, Richmond, Virginia.

Each of the Counsellors was requested to bring in a brief summary of observations on some of the pertinent questions facing the Church in the field of Higher Education. Following the presentation of these papers, there was general discussion for several hours. The full proceedings have been reduced to writing.

On March 18, 1969, the Committee met with Dr. John Evans, Secretary of the Division of Higher Education, Board of Christian Education, Richmond, Virginia, who had previously furnished the Committee several studies on Higher Education made by other groups.

The Study Committee reported to the Executive Committee at its meeting on April 9, furnishing a full summary of the studies which had been made up to that time.

Suffice it to say at this time, your Committee has discovered that the issues confronting private Higher Education today are grave and in some instances, acute. Among them are the following: (1) Is private education any longer viable?, (2) How may the Church College receive government grants and remain free and religious?, (3) Does the Church College exist to provide the option of education under the discipline of the Church's faith, worship, and obedience; or merely as a service to human need?, (4) Are Christian faculty members on church college campuses as dynamic Christians as those on public campuses? (5) How does the faculty member of a church college express loyalty on the one hand to the institution, while on the other, to exercising freedom?, (6) How does the Church college live within the "framework of the Christian faith"?, (7) Should Synod "found a single agency with real planning and co-ordinating authority" after the pattern of the State of N. C., for controlling all of its educational institutions, (8) Is the distinction between Church colleges and public colleges altogether disappearing as the result of "homogenization"?, (9) Should Davidson and Queens Colleges be merged; should they go co-educational?, (10) Should Synod reduce the number of its institutions as a means of providing greater support?

The Study Committee will complete its work prior to the meeting of Synod in 1970.

All four Presidents of Synod's Institutions were present for the April meeting. In addition, Dr. Donald J. Hart, Blacksburg, Virginia, who will succeed Dr. Ansley C. Moore as President of St. Andrews Presbyterian College July 1, 1969, was present.

The Executive Committee heard each of the Presidents and in some instances their associates in verbal reports respectively on Synod's Institutions. (Summaries of the annual reports appear in the "Monographs", following this report).

Dr. John E. Smylie, President of Queens, urged the Committee to carefully examine the report of the State Board of Higher Education, considering the wisdom of making appropriate recommendations to Synod from that report. Perhaps, it is not inappropriate to list here some of the recommendations found in that study-report: (1) "That all public senior institutions in North Carolina maintain higher admissions standards for out-of-state students than for in-state students", (page 47); (2) "That tuition for out-of-state students be raised effective with the 1970-71 academic year to $700 at the public senior colleges and $850 at UNC", (page 332); (3) "That public senior institutions, as well as the other colleges and universities in the State, consider the adoption of the 'statement of principle' on student financial aid of the college scholarship service assembly and the use of this statement as a guide in the development of institutional policies and practices concerning financial aid."

"That the public Senior Institutions, in cooperation with private colleges and universities and the two-year colleges in the State attempt to arrive at generally acceptable definitions of scholarships, grants, loans, student employment, self-supporting students, and other terms frequently used in administering financial aid", (p. 274). (4) "That a single agency with real planning and coordinating authority for N. C. be established". (p. 354).

"That functions of such an agency are as follows: Research, planning, coordination, and budget review". (p. 357)

(5) "That the 1969 General Assembly authorize a special commission, composed of Legislators and other distinguished citizens, (a) to study the creation of a state-wide student assistant program, applicable to N. C. residents who attend public and private colleges in N. C. . . ." (p. 286)

(6) "That consideration be given to providing state assistance for private Higher Education in North Carolina. Over $800 per student each year is saved the State for operating costs alone". (p. 260f).

It might be pointed out here that only 33.8% of the students at Davidson are from N. C.; 22.6% at Queens from N. C.; and 36.1% at St. Andrews from N. C.

It should also be noted that for the year 1967-1968, the following percentages prevailed for the number of Presbyterians at each of these institutions: Davidson—42%; Queens—38.58%; and St. Andrews—60.68%; an average of 47.30%.

Dr. Samuel R. Spencer, President of Davidson College, met with the Committee for the first time. It should be noted that his inauguration took place October 11, 1968, and without fanfare.

Dr. Spencer reported that this has been a year of evaluation at Davidson. Five commissions are at work dealing with such issues as inter-collegiate activities, social and extra-curricular campus responsibilities, co-education, cooperative enterprises, curriculum changes, etc.

President Spencer reported that the Code of Responsibility had received considerable criticism, but that it was formulated to meet a changing society with the attempt to instill rather than to impose moral values.

The committee received a joint report from the Presidents of Davidson and Queens Colleges, consisting of a study of the financial relationship of Synod to its educational institutions for the period 1951-1969, and containing the following two recommendations:

(1) That Synod return to the pattern of equal distribution of its funds for Higher Education.

(2) That future campaigns for capital funds be for all Synod Educational Institutions, and that such a campaign be placed on the Synod calendar for the next available year.

Dr. Moore spoke of student unrest today, and described it as "a desire for participation". The Committee was brought up-to-date on the current campaign for capital gifts. Dr. Moore assured the Committee that St. Andrews is not "pulling away from the Church as much as the Church is pulling away from the College". It is his opinion that the Church is not following Reformed tradition in its stewardship as it relates to Higher Education. He asserted that there are signs of "congregationalism".

Dr. Fred R. Stair, Jr., who was inaugurated as President of Union Theological Seminary, Richmond, Virginia, November 9, 1968, informed the Committee that during the past few years 88.6% of graduates of the Seminary have gone into the pastoral ministry; that 33% go on to further their studies; 10% go into various experimental ministries; and from 1% to 2% go into administration. He stated that the Seminary has the largest proportion of students on internships of any school in the nation. Currently the Seminary is making plans for co-operation with nearby schools in sharing of operational maintenance.

It was reported that Davidson, Queens, and Union Seminary are operating with a deficit. The institutions respectively asked for support in 1970 in excess of the amounts recommended by the Committee to the Stewardship Committee, which recommendation was for $527,000, broken down as follows:

St. Andrews	$265,000
UTS	112,000
Davidson	75,000
Queens	75,000

Every year for many years it has been the practice of this Committee to furnish copies of the "Going To College" Handbook to more than 600 high school libraries in the State of North Carolina. Intermittent responses from Librarians of these schools are convincing evidence of the value of this service.

Financial Contributions

Last year Synod increased its total giving to its educational institutions from $434,963 in 1967 to $439,339 in 1968. The 1968 income for educational institutions represented 96.4% of the budget askings of Presbyteries. Gifts for the first three months of 1969 total $57,231, which is $1,061.93 more than for the same period in 1968. It is hoped that the 1969 budget of $527,000 will be fully met.

While the Synod contributes not more than approximately 8% of the annual budgets of its Educational Institutions through its benevolences, this anticipated income is essential to the operation of these institutions, and is indicative of the church's continuing support. Nor should it be forgotten a great part of other income going to these institutions, private funds and capital gifts funds, represent the generosity of Presbyterians.

The approximately 154,000 Presbyterians of Synod gave last year, as indicated above, a total of $434,275.81, which does not include the 1967 delinquent income. This represents a per capita gift to all educational institutions of $2.81. The figure for 1967 was $2.95. For the three colleges alone, comparable figures for 1968 and 1967 are $2.24 and $2.28.

The Christian Higher Education Campaign Account, the 1956 Campaign, shows total income of $1,614,726.66. In 1968, $3,128,-87 was received. All pledges have either been paid in full or cancelled except three which are currently paying regularly. As of December 31, 1968, these totalled $5,039.

Of the 77,819 students in the current session of the institutions where we directly, or indirectly, carry on a ministry, 9,239 (11.87%) are Presbyterians.

Recommendations:

1. That the communication from the Robinson Presbyterian Church, Mecklenburg Presbytery, protesting the action of the Board of Trustees of Davidson College in lifting the ban on drinking on the campus, be answered in terms of the Statement which bears on this subject, which was prepared by President Spencer;

2. That the Presidents of the Institutions be commended for their untiring service on behalf of the Church in striving to maintain standards of excellence in all spheres of operation of the Institutions;

3. That, pending the adoption of this Report, Synod hear the following: Dr. Ansley C. Moore, President of St. Andrews Presbyterian College; Dr. Samuel R. Spencer, Jr., President of Davidson College; Dr. John E. Smylie, President of Queens College; and Dr. Fred R. Stair, Jr., President of Union Theological Seminary, Richmond, Virginia.

2. MONOGRAPHS OF INSTITUTIONS

SENIOR COLLEGES

DAVIDSON COLLEGE, Davidson, North Carolina—Samuel R. Spencer, Jr., President. The college is owned and controlled by the Trustees of Davidson College who are elected by Presbyteries in the Synod of North Carolina, Suwanee and Everglades Presbyteries in Florida and by Asheville Presbytery in Appalachian Synod, and by the Alumni Association. Founded in 1837; 1,000 men.

Academic standing: Davidson is fully accredited by the Southern Association of Colleges and Schools. The Davidson chapter of Phi Beta Kappa was one of the first in North Carolina. It is a member of the Association of American Colleges, the Southern University Conference, the National Conference of Church-Related Colleges, and the Presbyterian Educational Association of the South.

Academic program: During the current academic year, Davidson College has instituted a new curriculum, bringing many changes to the total college's program. This curriculum change was brought about initially by a self study and by the follow-up study of a Southern Association of Colleges and Schools. At this point, the Dean of the Faculty instituted a Faculty-Student Committee which began an intensive study of the present status of the college and of possible future directions. Out of this committee came a report which has altered the calendar of the college and the total curricular pattern.

Davidson College now operates on a three-term year and its graduation requirement is based on thirty-two courses rather than the traditional semester-hour requirement. A significant change in the program has been to place upon the student major responsibility for his own education, requiring of him much greater personal effort than may have been true in the past.

With increased emphasis upon academic self discipline, the Davidson student now faces greater challenges in that he may select his own academic track for independent study, honors college work, or the regular academic program.

Finances: June 30, 1968, marked the conclusion of a Ford Challenge Campaign, Davidson College's three-year effort which realized a total of $8,784,429.62. This included $2,200,000 from the Ford Foundation. This is the largest single campaign the college has ever attempted and was marked by outstanding success.

The college at present has embarked on a second challenge program to provide funds for the $3 million E. H. Little Library, the next major building project on the campus, which will provide Davidson with a new library to house its expanding book collection, to service the demands of the new curriculum, and to provide facilities for the new learning technologies. Mr. Little challenged the college to raise $1.5 million to which he would add $500,000 if the campaign was completed by 1970. $1.3 million is now in hand.

On June 30, 1968, Davidson College had total assets of $31,985,429.01. Its endowment funds stood at $17,863,548.63 with a plant value of $11,477,940.83. Its total operational expenditures for the 1967-68 academic year were $3,843,550.01.

New President: Dr. Samuel R. Spencer, Jr., a Davidson alumnus and for eleven years was president of Mary Baldwin College in Virginia, returned to Davidson College September 1, 1968, to succeed Dr. D. Grier Martin as president. In January 1968, Dr. Martin had indicated his plans to retire after ten years as president. In the interim between Dr. Martin's retirement and Dr. Spencer's arrival on the campus, Dean Frontis W. Johnston served as the acting president.

After graduation from Davidson and service in the U. S. Army during World War II, Dr. Spencer returned to the campus briefly before entering graduate study. After receiving his doctorate, he returned to the campus, serving as Assistant to the President, Dean of Students and Professor of History before accepting the presidency of Mary Baldwin College in 1957.

1857

QUEENS COLLEGE, Charlotte, North Carolina, is owned and supported by the Synods of North and South Carolina which elect members to its Board of Trustees. A liberal arts college for women located in the Myers Park residential area, it has granted degrees since 1857. It currently enrolls 800 students and offers bachelor of arts and bachelor of music degrees.

The 1968-69 academic year has been fruitful at Queens College with emphasis on strengthening the college's internal organization and academic program and also its financial structure.

Student Body

In May, 1968, Queens College graduated 141 bachelors of art and four bachelors of music.

In September, 1968, the college enrolled 774 students from 30 states and six foreign countries. The largest delegations came from North Carolina (168, 22%), South Carolina (125, 16%), Georgia (96, 12%), Virginia (88, 11%), Florida (85, 11%).

Scholarships and financial aid totaling $171,327 were awarded to 160 students, individual amounts ranging from $100 to $1,900. Class enrollments were 173 seniors, 152 juniors, 210 sophomores, and 230 freshmen.

Finances

As of its June 30, 1968, audit, Queens College possessed endowment worth $3,307,776 (market value) and plant assets valued at $9,244,214. Its outstanding indebtedness in long-term bonds and bank notes against its plant assets totaled $3,214,493.

During the year, Queens was given a highly valued home and property near the campus by Mr. Fred W. Bradshaw, a retired

Charlotte businessman. The college has also leased a ten-acre site on Lake Norman from the Duke Power Company for recreational development.

Queens' expenditures for current operations in 1967-68 were $2,287,451. Its 1968-69 budget totals $2,542,000 with gifts needed to balance by June 30, 1969, totaling $300,000, or about $400 per student (in addition to church support and endowment income).

Chancellor Retires

At its October meeting, the Board of Trustees accepted with regret the resignation of Chancellor Edwin R. Walker who had served Queens as president from 1954 to 1967 and as chancellor from 1967 to 1968. Under his leadership, the college increased student enrollment from 451 to 843, endowment from $537,000 to $3,146,000, and plant assets from $2,030,000 to $9,131,600. Dr. and Mrs. Walker now live in Tallahassee, Florida.

Board Actions

The Board of Trustees revised Queens' tenure policies to conform to national standards, improved insurance benefits for its employees, and authorized an increase in annual comprehensive fees for resident students from $2,500 to $2,800 and for day students from $1,100 to $1,500, effective in August, 1969.

Curriculum Revision

In March the Queens College faculty approved a curriculum revision which markedly changes its traditional approach to a liberal arts education. Accepting the development of the student as a learner, thinker, communicator, and decision-maker, the new curriculum largely abandons the notion of general education requirements in favor of area electives. It permits each student maximum freedom to develop an individual program in close consultation with faculty advisors. The revision removes previous ceilings on the number of courses a student may take in one department and provides the possibility of taking certain courses without being graded. The curriculum revisions will become effective in 1969-70 for new and returning students.

Cooperative Programs

A series of cooperative programs have started between Queens and sister institutions in the Charlotte area. Faculty and student exchanges have been established with the University of North Carolina at Charlotte and Sacred Heart. Davidson, Johnson C. Smith, and Queens are presently investigating the possibilities of joint majors. Johnson C. Smith and Queens have submitted a joint application to sponsor an Upward Bound program for the summer of 1969. As a new participant in the North Carolina Computer Orientation Program, Queens has direct teletype access to the Triangle University Computer Center, one of the most advanced systems in the country. Queens has also played an active role in the Piedmont University Center.

Urban Affairs

As part of a systematic effort to serve its community, Queens has developed a program of continuing education entitled "Urban Community Service," designed to train women volunteers to take a more effective part in society. This program is being coordinated by Dr. Francena Miller, newly appointed professor of sociology and consultant in continuing education for women, who was formerly executive director of the American Association of University Women.

In February the Student Government Association sponsored a two-day symposium, "Crisis in the City," featuring addresses by Dr. Robert C. Weaver, formerly secretary of Housing and Urban Development; Miss Jeanne R. Lowe, author of **Cities in a Race With Time**; and The Reverend Howard Moody, pastor of the Judson Memorial Church in New York City. Other program participants included urban leaders from Charlotte.

Queens students regularly participate in tutorial programs in the elementary schools of the Charlotte Model Cities area, and faculty members and administrators regularly participate in many service agencies in the area.

Development Office

A development office has been created under the leadership of Mr. A. Prescott Rowe, director, who has assumed oversight of the college's fund raising efforts. Mr. Rowe came to Charlotte from Richmond, Virginia, out of a background of public relations and development work in business and education. Under his leadership new programs have been initiated to develop support among alumnae, parents and friends for both capital needs and current operations.

Alumnae Program

Under the leadership of the new director of alumnae affairs, Miss Anne Caldwell, formerly dean of women at Southwestern in Memphis, the Alumnae Association has launched a vigorous program for annual gifts and chapter development.

Queens has five alumnae chapters in North Carolina located in Asheville, Charlotte, Piedmont area (Greensboro-High Point-Burlington), Triangle area (Raleigh-Durham-Chapel Hill), and Winston-Salem. Approximately 3,000 Queens alumnae live in North Carolina.

Personnel Changes

Miss Mary Lee Taylor, long time teacher of Bible, retires in 1969 after 28 years of service to the college. Chaplain J. Daniel Zeluff has resigned to enter private business.

Honors

During the past year, a Queens student won a coveted Fulbright graduate fellowship; another won a senior research grant at the Atomic Energy Commission's Argonne National Laboratories; the concert choir tied for fifth place in the international choral competition at the Eistedfod in Wales, and sang with the Charlotte Symphony Orchestra. Queens faculty members won four National Science Foundation grants for research (one in Antarctica), and others won distinction for themselves and the college through their public service and publications.

Queens and North Carolina

During the current academic year, Queens enrolled 168 students from North Carolina, 22% of the total student body; and awarded a total of $30,305 to 45 of those students for scholarship assistance from the college's own funds.

ST. ANDREWS PRESBYTERIAN COLLEGE, Laurinburg, North Carolina. Dr. Ansley C. Moore, President—Supported by the Synod of North Carolina, Presbyterian Church, U. S., St. Andrews opened its doors on a new campus in Laurinburg, September 17, 1961. It is a coeducational, liberal arts, four-year college.

Academic Standing: Accredited by the Southern Association of Colleges and Schools. It is also an institutional member of the National Association of Schools of Music and holds a membership in the North Carolina College Conference, the American Association of Colleges, the Council of Protestant Colleges and Universities, the North Carolina Foundation of Church-Related Colleges, the American Association of Colleges for Teacher Education, and the Piedmont University Center of North Carolina.

Curriculum: At the heart of St. Andrews' academic offerings is the interdisciplinary Christianity and Culture Program. This four-year program required of all students provides 8 course credits in history, religion, philosophy, literature, and the humanities. It is taught by five teams of professors who make use of the lecture-preceptorial method.

Three degrees are offered at St. Andrews—bachelor of arts, bachelor of science, and bachelor of music. Majors include religion, philosophy, English, biology, chemistry, economics, mathematics, history, foreign languages, education, psychology, business administration, art and drama, music, politics, and sociology-anthropology. Cooperative programs in engineering and medical technology have been worked out with other institutions.

Physical Plant: Sixteen buildings are used at the present time, fourteen of them new as follows: the liberal arts building, the library, the student center, eight dormitories, music building, physical education building, and the heating plant. Urgently needed are the chapel, the administration building, residence hall, student center addition, and an infirmary. A science building-teaching auditorium is under construction, due for completion in 1969.

Student Enrollment: A total of 900 persons were enrolled at St. Andrews Presbyterian College during the first term of the academic year 1968-69—438 men and 462 women. Some of these were on a part-time basis so that the total full-time equivalent enrollment was 889.

Faculty and Staff: There are 80 members of the St. Andrews faculty holding degrees from some 38 first-class graduate schools. 26 people are listed in the administrative group. A teacher at St. Andrews must have at least the Master's degree. 40% of the faculty now hold earned doctorates.

Financial Picture: Book value of property, $9,528,018. General and Scholarship Endowment, $1,475,353. Total operating budget, $3,197,640.

With a grant of $779,000 from the Federal Government, a science building-teaching auditorium which will cost $2.2 million is under construction. The balance of funds for this much needed new facility will come from the St. Andrews Forward Campaign now underway among many of our constituents and in the churches of the Synod of North Carolina.

The Forward Campaign has a goal of $5 million; $2 million for endowment and $3 million for buildings. The Forward Fund is designed to provide the program, the faculty, and the facilities to serve an enrollment of 1200 students by 1972. The new buildings planned for in addition to the science facility are a chapel, administration building, learning resources center, dormitory, student center addition, and the renovation of the liberal arts building.

The Forward Campaign is the initial effort in a long-range plan adopted by the Trustees for $30 million over a twelve-year period anticipating an enrollment of 1600 students. The need for physical facilities will be cared for early in this plan, with later efforts devoted to an undergirding of the college with adequate endowment.

The continuing and increasing support of the Synod of North Carolina, its churches and its members is vitally needed in order that St. Andrews may truly serve the purpose envisioned by her founders.

GRADUATE SCHOOL

UNION THEOLOGICAL SEMINARY IN VIRGINIA. The Trustees of Union Theological Seminary in Virginia respectfully present to its controlling Synods of Appalachia, North Carolina, Virginia, and West Virginia this report concerning the 1968-1969 academic year:

"More Excellent in Our Training"

On November 9 Fred R. Stair, Jr., was installed as President of Union Seminary. In his Inaugural Address, President Stair said:

> "Let us, for the sake of the moral and spiritual leadership of the future, increase the interplay between our college and university campuses and this seminary campus. Let us develop even more meaningful dialogue between laymen and clergymen, between students and faculty, between young and old, that experiencing a new way of Christian life, fit for our contemporary world, we may become more articulate about the faith, more competent in our leadership, more excellent in our training, more personally skilled, more vocationally dedicated, more fully living in the world for Christ."

Something of the spirit behind these words—an openness and willingness to listen, to consider, and to implement new ways of training for ministry—is evident on the campus. Through new programs started and old programs reconsidered, Union is seeking creatively to innovate in its theological curriculum, responding to the wider demands the Church is making of its spiritual leaders.

The Inauguration provided the occasion for Union Seminary to renew ties with one hundred and thirty-five institutions of higher education represented, as well as with many hundreds of friends, neighbors, and alumni. An Inaugural Colloquy featured three addresses devoted to the general theme: PARTNERSHIP IN EDUCATION. Participating were Edgar F. Shannon, Jr., President of the University of Virginia and a ruling elder of the Westminster Church in Charlottesville; John C. Bennett, President of Union Seminary in New York; and Virginia Dabney, Editor of the Richmond **Times-Dispatch** and Rector of the new Virginia Commonwealth University in Richmond.

Also attending the Inauguration were members of the largest student body ever enrolled in the 157 year history of Union Seminary. The 348 students come from 30 states and 10 foreign countries as well as from 47 presbyteries of the Presbyterian Church, U. S. Nationally, enrollment in seminaries and schools of theology within the American Association of Theological Schools is up 5.3%, and Union's increase over last year exceeds 10%.

Administration and Faculty

We record with sorrow the sudden death of the Reverend Marmaduke William Norfleet, Jr., on November 19, 1968. For more than thirty-three years "Duke" Norfleet served with unusual ability and rendered this seminary, the Church, and his Lord significant service in his special ministry as Secretary-Treasurer and Business Manager.

Dr. Donald W. Shriver, Jr., a member of the faculty as Associate Professor of Church and Society since May, 1967, resigned this year in order to accept a position in the faculty of North Carolina State University.

The Reverend Robert Lee Myers, III, who has served the faculty as an Instructor since 1965, has been elected Adjunct Professor of Clinical Training. Mr. Myers is Chaplain of Richmond Memorial Hospital on the edge of the Seminary campus.

New Trustees

Four new Trustees have been added to the Board of the Seminary, filling vacancies: Aubrey N. Heflin, a ruling elder of the Grace Covenant Church and President of the Federal Reserve Bank of Richmond; Jerome C. Jones, minister of the First Presbyterian Church of Wilmington; H. Dail Holderness, ruling elder of the Howard Memorial Church of Tarboro and President of the Carolina Telephone and Telegraph Company; and James H. Monroe, Executive Secretary of Winston-Salem Presbytery.

Other Services to the Church

Union's basic mission and service to the Church is educating men and women for ordained ministry. Added to this primary function, Union each year contributes to the life and witness of the Church through many auxiliary activities. Among the more notable of these this year have been; a seminar in November attended by 45 Air Force chaplains and led by our faculty members; a two-week summer seminar attended by nearly 100 parish ministers from 12 denominations; four advanced study seminars for 48 ministers to explore in depth subjects of timely concern under the leadership of distinguished visiting professors; fifty-five weekend visits to churches by five student evangelistic teams; and several hundred engagements by members of our faculty as teachers and preachers in churches throughout the denomination.

The Seminary ADVANCE

During 1968 the Seminary has conducted a capital funds campaign within the Synod of Appalachia to enlarge our resources and make possible further educational excellence. At the end of 1968, $521,771.35 has been pledged by individuals and churches within the four presbyteries of the Synod. This amount, added to funds already subscribed by the other three Synods in 1966, is allowing the Seminary to implement new features in the curriculum and to explore avenues on and off campus for added educational experience for our students.

During the year we had hoped to begin construction of a new million dollar academic facility and addition to the Library. Detailed drawings and specifications were submitted to contractors for bids in August. Due to a combination of unavoidable factors, no satisfactory bids were received. Therefore, the Trustees have decided to postpone construction plans until the timing and building costs seem more appropriate.

Pledges continue to be payed faithfully by many Presbyterians throughout our Synods and for this the Seminary is profoundly grateful. Nearly four million dollars in new capital resources has come to U.T.S. since the beginning of the ADVANCE program in 1966.

Fiscal Affairs

The Seminary adjusted its annual fiscal year during 1968 to extend from June 1 to May 31. In this way it is possible for the fiscal year to coincide with our academic year and the change greatly simplifies our budgeting procedures. Also during the year we have had a study made by business consultants of ways to streamline and make more efficient administrative procedures at the Seminary. The firm has suggested a new accounting system which is being adopted to begin in June 1969. The new system, complete with a new chart of accounts, will utilize a new accounting machine and will expedite financial transactions.

Other recommendations are being made by the consultants and are being considered for implementation during 1969.

The Future in Theological Education

As President Stair suggested in his Inaugural Address, theological education can no longer be content just to honor the past; it must as well look to the future with boldness, constantly searching and innovating new ways to express the truth of the Christian revelation through soundly conceived educational procedures. This openness, this searching, and this progressive posture have been a part of the honored tradition of Union Seminary. With the challenge of the 70's before us, it will continue to be a hallmark of this institution.

Thornton H. Brooks, Chairman
Board of Trustees

INFORMATION

The General Secretary endeavors to make his office a channel for distributing information about the institutions for which Synod has a responsibility. He is available for presenting the cause of Christian Education to Presbyteries, Presbyterials, local Churches, and Men's and Women's organizations.

Several schools have motion picture films which they make available to interested groups.

---

[1] The General Assembly figure is larger than the Synod for the reason that the former includes budgeted and non-budgeted giving, whereas the Synod figure is only for funds which passed through the books of the Treasurer of Synod. Gifts made directly to institutions, including campaign gifts, are not reflected in the Synod column.

[2] The General Assembly statistics have been reported differently since 1955, and the information on total gifts to Higher Education is not available.

6. BEQUESTS AND MEMORIALS

According to Webster, a memorial is anything intended to "preserve the memory" of a person or event. Granite preserves a name; influence preserves a memory. A memorial dedicated to the service of Christian Education is truly an everlasting memorial since it lives on generation after generation. This type of memorial is not only possible to people of large wealth but to the average man. Buildings and gifts for endowment are appropriate for people of means. Gifts of equipment for gymnasiums, offices, and music departments; audio-visual materials, furniture, and outdoor improvements are within the reach of average people. Information on specific needs will be furnished to interested persons.

FORM OF GENERAL BEQUEST

"I give, devise, and bequeath to (..), an institution located and operating at.., and its successors, by whatever name it may be known, the following described property, to wit: (here described the amount of money or nature of property given)."*

FORM OF BEQUEST FOR INDICATED PURPOSE

E. Report of the Executive Committee on Homes

The Rev. J. V. C. Summerell, *Chairman*

Synod, last year on the recommendation of Synod's Council, dissolved the Permanent Committee on Homes and in lieu thereof established an Executive Committee on Homes. (*Minutes*, 1968, p. 79).

Standing Rule 23 sets forth the composition of this Committee, numbering sixteen, which includes the Chairmen of the corresponding committees in the several presbyteries, and members should be persons "who have a social concern for people, especially children and the elderly".

The functions of the Committee are spelled out to include cooperation "with the Official Board and Directors of the several Homes of the Synod; to promote the program and work of these institutions within the bounds of Synod; to receive the reports of these institutions, studying all of the problems involved in their work; and to report upon them to Synod making necessary recommendations."

The membership of the Committee may be found as constituted when first organized, on page 13 of the 1968 **Minutes of Synod.** Since that time the following additions or changes have been made: (A) Mr. Sterling Wooten; (M) the Rev. Fred J. Harmon for the Rev. Paul Thrower; and (W) the Rev. Charles R. Moore for Mrs. Henry Wyche, resigned.

Synod instructed that the Committee, after organization, "make a study of the program of work of the Homes under Synod control, using the resources of the Board of National Ministries to assist in the program study". **(Minutes** ibid.)

Committee Organized

The Committee was convened in Synod's Office at 10:00 a.m., October 8, 1968 by the Stated Clerk of Synod, the Rev. Harold J. Dudley, who by the authority of Synod, organized the Committee, following which the Chairman, the Rev. J. V. C. Summerell, occupied the Chair and presided over the proceedings.

Ten members of the Committee were present. Also meeting with the Committee was Mr. Gordon A. Hanson, Atlanta, Georgia, Secretary of Christian Social Service for the Board of National Ministries, who had been invited to the meeting.

The following additional officers were elected: the Rev. A. E. Dimmock, Vice Chairman; the Rev. Norman M. MacDowell, Secretary; and the Rev. Harold J. Dudley, Agent.

The Committee was acquainted with both its "functions" and the assignment made to it by Synod.

Study Plans Delayed

Mr. Hanson was presented and addressed the Committee informally on the general theme of the ministry to people, stressing philosophy, objectives, and the means of implementation of these. A full discussion followed, keeping in mind the instructions of

Synod and the following action of the recent General Assembly, to wit,

> *"That the 108th General Assembly urged Synods, presbyteries, and local churches or groups of local churches to expand or create institutions or services for children and fo adults with special needs, such as retarded children, unwed mothers, foster care, detention centers, and nursing care, and that these institutions or services be established in cooperation with existing health and welfare services."*

The Committee then approved the following steps for implementation of Synod's instruction and the General Assembly's admonitions:

1. To make an in-depth study of our present institutions in respect to what they currently enunciate and are practicing in regard to their programs of work.

2. To ascertain from these institutions their understanding of the role they should be playing as agents of Synod.

3. That this Committee raise questions in reference to the role of these agencies of Synod.

4. That the following areas be included in a long-range planning study program:
   Homes for the aging
   Children's Homes
   Homes for unwed mothers
   Homes for wayward boys and girls
   Homes for physically handicapped
   Homes for mentally retarded
   Nursing Homes
   Homes for other people in need, et al
   Training programs for staffs of homes
   Guidelines for the staff of homes
   Counselling Centers, et al

5. That the cost of undertaking the research-study be ascertained from competent counsel in the field of research.

6. That the Board of National Ministries be requested to assist in funding the cost of such an in-depth study as outlined above.

The officers implemented the foregoing actions as far as they were able to do so; however, later advice from Mr. Hanson to the effect that the funds he had thought available were not forthcoming precluded further consideration of the matter until the Committee met on April 29, 1969 when all but three members (all excused) were present. At this meeting it was learned that Dr. Nat K. Reiney, who was present on behalf of the Barium Springs Children's Home, is currently Chairman of the Committee on Experimental Ministries of the Board of National Ministries. On his advice the Committee took an action asking that the Executive Secretary of the Board of National Ministries would offer "guidance and assistance in researching the problem."

Reports Received From Homes

The Committee heard representatives of the three Homes which come under its purview; to wit, Dr. Nat K. Reiney, Executive Director of the Barium Springs Home for Children; The Rev. Gover Crosswell, Jr., on behalf of Dr. R. H. Stone, President of the William Black Home for Religious Workers at Montreat; and Mr. R. A. Short, Executive Director of the Presbyterian Home at High Point.

The Committee received annual Reports on the Homes respectively from William C. Thacker, Chairman of the Board of Regents; Dr. Stone, President of the Board; and Tully D. Blair, Chairman of the Board. **(These Reports appear as a part of this Report on following pages.)** We would call to your attention that, according to the Reports, the Children's Home operated during its last fiscal year with a deficit of $16,629.43. The Presbyterian Home at High Point ended its last fiscal year with a deficit of $4,902.15. The William Black Home continues to operate in the black, and net earnings during 1968 totaled $3,861.21. The total assets of this Home are $176,286.92.

Finances

In reference to the Children's Home, the latest audit indicates total assets of $5,065,294.97 of which $1,704,076.77 is endowment.

The situation of the Presbyterian Home improved during 1968 as a result of (1) Increased receipts from Synod's benevolence contributions; (2) a sizeable bequest; and (3) increased rates for guests. The total assets of the Home as of December 31, 1968 were $2,396,534.42. The institution currently has no endowment.

Synod's giving to the Homes for the past three years may be compared as follows:

	1966		1967		1968	
	Budget	Gifts	Budget	Gifts	Budget	Gifts
Children's Home	$180,000	$179,076	$180,000	$176,874	$160,000	$154,270
Presbyterian Home	58,149	57,854	60,000	58,926	84,800	81,795

Income for the first quarter of 1969 compares with 1968 as follows:

	1968	1969
Children's Home	$14,105.62	$14,626.57
Presbyterian Home	9,448.82	9,589.60

The Children's Home asked for $185,000 support from Synod in 1970; the Presbyterian Home, $130,000. The William Black Home is self-sustaining.

Charlotte Home Opened

We wish to call to the attention of Synod the fact that the new Presbyterian Home in Charlotte was dedicated on May 11, 1969. The Home was opened with twenty-one guests. In view of the fact that this is the second Presbyterian Home in operation in the Synod, it is well to remind Synod of its action in 1963 governing multiple Homes within the Synod. **(Minutes, 1963, pp. 172f.)** That paper said among other things ". . . We must move cautiously in the development of more Homes". It was approved by Synod that "any interested group, community, area or Presbytery would agree to pay the total cost of ground, buildings and equipment, including landscaping, etc." in starting a new home; that the title of property should be vested in the Presbyterian Home, Inc. of the Synod of N. C.; that Trustees of the Presbyterian Home, Inc. would pass on all plans, specifications and locations, with the right of final approval on all construction details; that supervision of the operation of the Presbyterian Home be modeled after the pattern employed successfully by the larger banking institutions; that is, that there be a Synodical Board and local boards appointed by the Synodical Board; that rules and regulations be fixed by the Board of Trustees; "that responsibility must be assumed for any deficits in operation for a period of not less than three years .. ."; and that Synod should not receive a smaller percent of its askings for Synod and General Assembly causes because of expanded operation.

Recommendations:

1. That Synod express appreciation to the Boards of Trustees of the several Homes and the Executive Directors and staffs for their dedication and service.
2. That Synod authorizes the Rev. John P. Stephenson, under the Executive Committee on Homes, to serve as a consultant in the field of Homes for Alcoholics in all the presbyteries of Synod, and commend him to any presbytery interested in establishing such a ministry.
3. That, pending the adoption of this Report, Synod hear representatives of the Homes.

1. BARIUM SPRINGS HOME FOR CHILDREN

William C. Thacker, *President Board of Regents*

April, 1969

A review of the last three reports to the Synod would show many changes having taken place in the Church's ministry to children and families by this agency. These have all been in keeping with the needs of those served. Also, might we say they have been in keeping with new and better ways we have learned to help meet these needs.

All of our services continue to be family focused and treatment oriented. Ours is a helping process—that is, to help the parents of children meet their parental responsibility at a crisis period in their lives. Most of these families are upset and need someone to attempt to discover and help with their many problems. Our efforts are to try to diagnose the problem and then through casework and therapy to provide services that can help. Good adult relationships that build trust and confidence and healthy peer relationships are vital in this process. Much loving care and consistent planning are provided in the name of the Church, of which Christ is the Head.

The Board of Regents as a whole and a Planning Committee of the Board are constantly reviewing the program and direction of the agency. They are not only taking a close look at current agency procedures but looking into the future, five and ten years ahead as to what might be the need and program as the 1970's unfold. As the Board has looked ahead three considerations seem to be certain: (1) more and more children and families will need our help; (2) services and programs to meet these needs will have to be continually updated with new methods and techniques; (3) costs to provide the necessary services will be increasing at a rate of about 10% per year.

During the past year certain physical improvements have been accomplished at the institution. The old Jennie Gilmer building has been completely renovated and made into a modern infirmary. It is now a one-story building and the equipment necessary to carry on a good program of physical health has been provided. In the process, the old infirmary building, which was in a very deteriorated condition, has been demolished. It was the last old two story building on the west side of the campus. Now you can see, at least on one side, a very modern and efficient physical plant. There still remain four older buildings in partial or temporary use on the east side of the campus.

Also, during recent months the old fence along the highway has been removed and replaced with a new one and has allowed for an eighty foot right of way. At the same time the State Highway Department has widened the highway and made a meadow strip down each side. It all adds to the beauty of the campus.

Pressing physical need to the institution remains the necessary and almost crucial addition of an educational building at Little Joe's Church. The children still attend Sunday School in the old dilapidated elementary school building somewhat removed from the church. The only thing holding up this improvement is the securing of necessary funds.

In effort to better interpret and inform the constituency of the Church about the program a new fim strip entitled WHO CARES has been produced and is now being shown across the Synod. Also in September of this year **The Barium Messenger** will be issued in a new and hopefully more attractive format. We would call your attention to the many articles appearing in **The Messenger** from month to month that speak both to the need and the method of helping children and families.

Over the years Barium Springs has cared for and really given life to thousands of boys and girls. This is continuing on even a larger scale as services were provided to three hundred and thirty-eight (338) children and young people dring the past year. Incidentally, this is much larger than in any recent year.

While these services are and have been necessary to the very life of those served, we need to realize that largely we have been dealing with the results of family problems and not doing much to get at the real causes of the trouble. It is certainly hoped that this Synod wide agency, in full cooperation with the local church and community, can begin to help more at the local level. To this end Barium is opening in September, 1969 at Barium Springs a demonstration Child Development Center. In this there will be incorporated a day care center, nursery school and kindergarten. The focus will be to help the child from the low socio-economic family.

This Center could really be the beginning of a new era for Barium Springs. It will signal, in a very definite way, the beginning of a program designed to encourage and provide consultation to local Presbyterian Churches, enabling them to be of more real service to children in their own locality. This latter direction is much more significant and far reaching than the good that shall be done in providing the service to the group of 60-70 children and families served at the Barium Center.

Probably, we should also observe that Foster Family Homes are getting more and more difficult to obtain and keep. The Planning Committee has taken note of this and have recommended the establishing of a service known as a Family Care Home to be a supplement to the Foster Family Home if not a full substitute. These will serve the pre-school child and some other children who simply cannot tolerate or benefit from large group care.

Finally, let us say that while we appreciate the generous financial support of the Church in the past, the recent cuts in our budget of Synod have caused us to operate at a deficit in the year just closed. Our costs are continually increasing at a rate of about 10% per year and this shall go on. Through some means our income must increase if we are to meet the demands of the troubled family and truly make this a ministry of Christ through the Church to those less fortunate ones that He so often reminded us are our Christian responsibility.

2. THE PRESBYTERIAN HOME, INC.

TULLY D. BLAIR, *President*

The Board of Trustees respectfully reports the major activities of the Home for the past year.

The Board met for two regular sessions and the Executive Committee met nine times for the transaction of business during 1968.

There were 25 new admissions, one withdrawal, 21 deaths and a total of 237 served during 1968.

The books were audited by A. M. Pullen and Company, (Certified Public Accountants), Greensboro, N. C. and the audit shows capital assets of $2,233,022.00 after recognizing reduction of fixed assets for $771,231.00 of accumulated depreciation as of December 31, 1968. This report shows a gain in capital assets of $19,781.00 for the year.

The audit also shows:

(a) Capital fund contributions of $156,120.00 which included apartment and cottage gifts of $63,142.00.

(b) Operating fund expenses were $4,902.00 more than income and contributions before depreciation. The operating expenditures included $46,735.00 for financial expenses (debt service). Contributions and gifts to operation were $18,147.00 more than the previous year.

Operating income from residents was increased by $68,767.00 over the previous year. The monthly charge per member is $215.00 and we are happy to report that 133 or 62% of the members are paying this rate; however, the actual cost per member for 1968 was $293.26 per month which includes depreciation. It is, therefore, necessary that the rate be increased very soon because of the spiraling costs. To meet the Federal minimum wage law requirements, salaries and wages increased 15% in 1968 over the previous year.

May we take this opportunity to express our appreciation and deep gratitude to those wonderful friends who have responded to the Home's need during this past year. We also are most grateful to Synod for its increasing support of the Home. This ministry of our Church needs your prayers, your help in increasing the support for operation, and an ever-increasing interest and concern for those who make The Presbyterian Home, Inc. their home.

3. THE WILLIAM BLACK HOME, INCORPORATED

REV. R. H. STONE, *President*

The Board of Trustees of the William Black Home—your Conference Home for Christian Workers— located at Montreat, N. C., reports a successful operation during the 1968 season. Your Home is open from early June through the last Conference of the Assembly's agencies.

Mrs. W. C. Copeland and her daughter, Miss Nancy Copeland, of Davidson, were the gracious managers. They will also have charge during the coming season. The Home will be open for Synod's Men's Conference.

The attached auditor's report shows an income from the Summer's operation of $5,506.86. Never before have the earnings of a season approached that figure. The net worth now is $176,286.92, which is a gain of $29,437.38 within the last ten years.

One perennial problem the Trustees have to wrestle with is the parking problem. Every year there is a request or requests to the Board asking that provision be made for additional parking spaces. Regretfully, the answer has to be negative.

At the Annual Meeting last August the Board took action to provide for additional office equipment and other supplies for the kitchen and housekeeping necessities. The buildings and furnishings are fully insured. The members of the Board are interested in the work and service rendered by the Home and are faithful in attending the Annual Meeting.

Each year the income from the White and Belk Funds is expended for entertaining guests during the Conference of the Board of National Ministries and the Bible Conference. The White Fund is a memorial given by Mrs. J. Harvey White, of Graham, in memory of her husband, who was interested in Home Missions and Church Extension. Each Presbytery is asked to send as guests two members of the Home Mission family for the Home Mission Conference. The late Dr. W. H. Belk had a generous and tender regard for retired ministers and his daughter, Mrs. Charles G. Gambrell, of New York, has provided the Belk Fund, the income from which is used to entertain members of the retired ministerial family during a week of the Bible Conference.

The Board would recommend that members of the Synod patronize the Home during Conferences or summer vacations. Reservations may be made by writing to Miss Nancy Copeland, Davidson, N. C., Box 362, zip 28036 until June 1st—thereafter at Montreat.

September 1968	$40,901.26
March 1969	$46,409.36

In September the number of retired Ministers participating in the distribution was 105. In March the number was 106. The average annuity received from both distributions was $831.52.

The Synod's Committee commends the Annual Report of the General Assembly's Board of Annuity and Relief to all churches in the Synod.

Recommendations:

1. That churches be encouraged to seek gifts, legacies, and trusts from interested individuals to supplement the existing trusts for Retired Ministers throughout the Synod.
2. That Synod recognize with gratitude the ministers of the Synod who have retired since the last meeting of Synod. They are: (C) L. V. McPherson; (F) Robert H. Poole, E. Donald McMahan; (G) DeWitt F. Helm; (KM) George W. Heaton; (M) Harry H. Bryan, A. G. McInnis, Carl S. Miller, J. C. Wayland, Sr., Roy F. Whitley, T. Duke Williams; (O) W. Creed Cooper; (WS) C. H. Maury, Jr.
3. That Synod express its sincere appreciation to Mrs. Rena Northam for her generous gift to increase the principal funds for retired ministers; and to the Reverend Robert F. Park for his efforts in bringing this need to the attention of his congregation.
4. That pending the adoption of this report, the Synod hear an address from Dr. George H. Vick, Executive Secretary of the Board of Annuities and Relief.

B. Report of Permanent Committee on Attendance

Reverend E. G. Connette, Jr., *Chairman*

Your Committee rejoices in the attendance of ministers and ruling elders at this meeting of Synod. Enrollment indicates 370 ministers and 303 ruling elders attending Synod. We are privileged to have 69 visitors and guests for a total attendance of 742.

The Committee calls attention of the members of Synod to the fact that in requesting to be excused from attendance, reasons should be given for making the requests. Taking note of the number of requests pleading "prior commitment" as a reason for requests to be excused, the Committee reminds members of Synod that the date of Synod's meeting is established a year in advance.

Recommendations:

1. That Synod grant excuses to these ministers and ruling elders who have requested that they be excused from attendance of a part of this meeting of Synod.
2. That the requests of 227 ministers and 71 ruling elders to be excused from attending this meeting of Synod be granted.
3. That the 225 churches having no ruling elder in attendance and having failed to request excuse be listed in the minutes of Synod as unexcused.
4. That the 66 ministers, neither in attendance nor excused, be listed as unexcused in the minutes of Synod.
5. That Stated Clerks of Presbyteries address a communication to ministers in their respective presbyteries absent without excuse and to Sessions not having a ruling elder in attendance of Synod.
6. That to further encourage attendance at Synod, Stated Clerks address a communication to all Sessions and ministers prior to each meeting of Synod, emphasizing the importance of attendance at the meeting of Synod.

C. Report of Permanent Committee on Bequests and Deferred Gifts

ARCHIE W. MCLEAN, *Chairman*

In 1955 Synod was chartered for a Foundation; however, several years later, in 1957, the Charter was dissolved for the reason that it was thought that it might conflict with the Presbyterian Foundation Charter, which is located in North Carolina; however, experience in other Synods and in other denominations is convincing proof that a state-wide Foundation is not a detriment to other Foundations denominational-wide in scope, or sponsored by institutions or agencies of a denomination.

On two occasions your Committee on Bequests and Deferred Gifts has sponsored or participated in conferences in which all of the agencies and institutions of Synod participated, during which conferences the subject of a Synod-wide Foundation was discussed as it relates to other Foundations. It has been the general concensus of representatives of agencies and institutions that such a Foundation supplements rather than competes with the Development Office sponsored by agencies and/or institutions.

Your Committee, through the years composed entirely of laymen, has been convinced of the need of a Foundation Facility with a full-time Director capable of vigorously promoting the causes of the Church.

It can be demonstrated beyond contradiction that such a facility is practicable and productive. This may be demonstrated in the instance of Trust Departments of banks, where it may be shown that prior to the employment of a Trust Officer to promote such a Department, funds accumulated at a minimum, whereas immediately after the employment of a Trust Officer, funds accelerated rapidly.

Such was the case with the Presbyterian Foundation. It was in existence for 100 years before there was a full-time Director, during which time less than one million dollars was accumulated; however, since the General Assembly has employed full-time personnel, in 1958, the fund has increased to $8,000,000.

We have in hand the record for the North Carolina Baptist Foundation, Inc. and the Methodist Foundation, Inc. of North Carolina, as well as the Texas Presbyterian Foundation. In every instance prior to the employment of full-time personnel to promote these Foundations, funds accumulated slowly, but immediately upon the establishment of a Foundation Facility, the funds accelerated. In all three instances, Foundation Facilities were established after the Synod of North Carolina dissolved its Foundation, yet the Baptist and Methodist Foundations of North Carolina, in operation for less than ten years, have accumulated approximately four million dollars each, while the Texas Foundation has accumulated in excess of ten million dollars.

Your Committee has worked untiringly on this project for more than ten years, repeatedly following the advice of the Synod's Council.

Approximately a year ago, Mr. Charles A. Dukes, a Ruling Elder in the Presbyterian Church, and a former Vice President of Duke University, and head of the Alumni Office and Duke University, consented to make a feasibility study of a Synod Foundation. He associated with himself Mr. R. R. Wilkins, also a Ruling Elder in the Presbyterian Church and also on the staff of Duke University, to assist him in making the study, the cost of which has been underwritten by agencies and institutions of Synod.

Mr. Dukes has worked closely with your Chairman and the General Secretary of Synod but insisted from the first that the study be altogether objective.

On April 22 a preliminary report was presented by Mr. Dukes and Mr. Wilkins to Synod's Committee on Bequests and Deferred Gifts, meeting in Raleigh. The Committee was together for nearly four hours, and spent most of the time discussing the Report. At the conclusion of the discussion, the following actions pertaining to the study were unanimously adopted:

1. That the Report of the Feasibility Foundation Study be submitted to Synod's Council on May 14, with the unanimous endorsement of this Committee.

2. That the Stewardship Committee be requested to appropriate $5,000 in the benevolence budget of Synod for 1970 for partial support of the operational budget of the Foundation **Facility.**

3. That if the Report is adopted by Synod, Synod grant power to this Committee with the concurrence of Synod's Council, to restructure the Committee as a Board, in accordance with the recommendations of the Report on the Foundation Facility.

Recommendations:

1. That the Synod of North Carolina adopt the Report on the Feasibility Foundation Study, together with the conclusions contained therein, subject to the acceptance of the plan by the agencies and institutions of Synod involved.
2. That Synod empower this Committee, with the concurrence of Synod's Council, to restructure the Committee as a Board in accordance with the recommendations of the Report on the Foundation Facility.
3. That Synod instruct the Committee to proceed by proper channels to the incorporation of the Foundation, using the same form of charter as was used previously when the Foundation was chartered in 1955.
4. That Synod express its genuine appreciation to Mr. Dukes and Mr. Wilkins for their services in making the study.

1. REPORT OF CONSULTANTS' FEASIBILITY FOUNDATION STUDY FOR THE SYNOD OF NORTH CAROLINA, PRESBYTERIAN CHURCH IN THE UNITED STATES, 1969

CHARLES A. DUKES

ROLAND R. WILKINS

PREFACE

In 1955 the Synod of North Carolina was granted a charter by the State of North Carolina in order that the Synod might operate a Foundation with power to receive bequests and deferred gifts, invest holdings, and disburse income according to established regulations.

When the Presbyterian Foundation of the General Assembly became active under her first Director, it was suggested that because the charters of both the Foundations were issued in North Carolina, it might be advisable to dissolve the Synod Foundation. The Synod of North Carolina consented to this in 1957.

Several persons who had an interest in the matter from the beginning, including Mr. Archie McLean of Rocky Mount, felt that it was a mistake to dissolve the Synod Foundation. Subsequent developments, including the successful launching of the Synod of Texas Foundation, lent strong support to this contention; therefore, Mr. McLean and others never ceased trying to revive the Foundation. To assure its success a plan for its implementation was proposed to Synod's Council, namely the establishment of a Foundation facility. The matter was promulgated primarily by the Permanent Committee on Bequests and Deferred Gifts, and more recently also by the Permanent Committee on Annuities and Relief. The Council always listened patiently to proposals but as often declined endorsement for want of funds to "get it off the ground". Finally in 1967 the Committee was authorized by the Council to try to secure funds for establishing a Foundation facility. The several agencies and institutions of Synod indicated a willingness to under-write and support a facility.

An approach was made by Mr. Charles A. Dukes of Duke University, a former assistant Vice-President of that Institution, and Director of Alumni Affairs, who was semi-retired, for counsel in reference to the undertaking. Mr. Dukes, a Ruling Elder in the First Presbyterian Church in Durham, N. C., had indicated to the General Secretary of Synod his desire and willingness to render some service to the Synod. In a conference held on May 7, 1968, with Mr. Dukes, Mr. William H. Neal, of Winston-Salem, a member of Synod's Committee on Bequests and Deferred Gifts, Mr. McLean and the General Secretary of Synod, Mr. Dukes posed the question: "Do you need a Foundation Facility?" It was then agreed that before plans be made for a Facility, it should be determined if it is feasible for Synod to establish one. Mr. McLean queried Mr. Dukes as to whether or not it could be determined that there should or should not be a facility; and if so, would he be available to make a study to ascertain the answer. Mr. Dukes replied to both questions in the affirmative. Then, with the consent of Synod's Council, steps were taken to underwrite the cost of making the feasibility study. This eventuated in the following agencies and institutions committing themselves to the study:

Union Theological Seminary
Davidson College
Queens College
St. Andrews College
Children's Home, Barium Springs
Presbyterian Home, High Point
Executive Committee of Church Extension, Synod of N. C.
Presbyterian School of Christian Education, Richmond, Virginia

Mr. Dukes was engaged as Consultant to undertake the Study. A budget was prepared and approved for operations, and Mr. Dukes engaged as his assistant to make the study, Mr. Roland R. Wilkins, a Ruling Elder in the Presbyterian Church, an attorney, and a member of the Duke University Development Office Staff. A number of conferences were held between the Consultants and Synod's representatives as progress was made during the study.

A preliminary report by the consultants was presented to Mr. McLean and the General Secretary of Synod on February 19, 1969. This was amended for presentation to Synod's Permanent Committee on Bequests and Deferred Gifts at a meeting of the Committee in Raleigh on April 22, 1969.

The Committee met for several hours for the sole purpose of discussing the Report, and unanimously adopted it for recommendation to Synod, with the preliminary step of presenting the Report to Synod's Council for consideration at its meeting on May 14, 1969.

Feasibility Study—Synod of North Carolina

The primary conclusion of this study is that the Synod of North Carolina should establish a foundation to encourage support of the agencies, committees, and programs of the Synod of North Carolina. The scope of the foundation should also include development of support for Presbytery causes and local churches.

SUPPLEMENTARY CONCLUSIONS

1. The potential leadership exists among the Presbyterian clergy and laymen to successfully promote and execute a foundation program in keeping with Synod's standards.

2. The foundation should be incorporated under the laws of the state of North Carolina with a Board of Directors consisting of membership from the Synod Committee on Bequests and Deferred Gifts and others appointed (elected) to represent the current Synod structure of programs, agencies, and committees.

3. The foundation should have a carefully selected staff and be sufficiently financed to enable it to carry on a comprehensive, educational, and stimulating program so as to personally reach the approximately 154,000 North Carolina Presbyterians at the grassroots level.

4. The foundation should in no way conflict with established or future programs of the agencies or committees of the General As-

sembly, Synod, Presbytery, or local churches. Rather, the foundation activities should supplement and complement in such a way as to develop new, as well as to stimulate present sources of support. Thus, the work of the agencies and committees can not only be sustained but also broadened to render additional service to the people of North Carolina.

Analysis of Interviews With Leadership

This study does not go into a detailed analysis of the needs of any Synod agency, committee, Presbytery, or local church. It may be assumed from other Synod surveys that the need for additional financial support exists and will substantially increase in the foreseeable future.

This feasibility study does measure the quantity and quality of leadership available both in the clergy and among laymen. The persons interviewed were questioned at length concerning both their desire to support one or more North Carolina Presbyterian causes and their willingness to financially support a portion of the operating costs of the foundation.

Interviews were conducted with:

1. The chief executive officer of the Synod's larger agencies and committees in his capacity as agency representative, as well as personally.
2. Other officers, where possible.
3. Members of Synod's Committee on Bequests and Deferred Gifts.
4. Executive Secretaries of the Presbyteries.
5. A limited number of ministers.
6. A limited number of laymen.
7. Representatives of the General Assembly Foundation.

As a guideline to conduct the interviews, a questionnaire was developed. The conclusions and answers are those of the persons interviewed and not of the personnel of the feasibility study. The approach of the interviewer was not only to draw out agreement but any disagreement which the individual might have to the establishment of a foundation. Background information on the individual is furnished where it was felt to be helpful. In each case the individuals interviewed were informed in advance of the purpose of the interview in order to give them time to formulate their thoughts.

Results of Individual Interviews

Forty-three persons were interviewed. Thirty-four individuals stated their willingness to become charter members of a goup giving a minimum of $100 per year for a period of three to five years for operating support.

All thirty-four of the above were willing to have their names published as charter-support members.

Eight individuals were not willing to give their support of $100 for three to five years at the time of the interview.

Eleven individuals have already named a Presbyterian cause in their will or by other life-time giving means.

Twenty-five persons had not included a Presbyterian cause in their wills but agreed to do so as soon as possible after the interview.

Thirty-three of the above persons were willing to have their names published as having made a bequest to a Presbyterian cause. One person was not willing to have his name published.

Seven persons interviewed were not willing to name a Presbyterian cause in their wills.

All forty-three persons were willing to suggest names of prospects and to provide helpful information and assistance to the foundation Director. The degree of the assistance would naturally vary with the extent of the individual's own commitment.

A slightly different questionnaire was used for agencies and institutions.

Results of Agency Interviews

The eight Synod agencies and committees interviewed and their officers personally are favorable to the establishment of a foundation.

The eight Synod agencies favor the program as a supplement to their already existing programs or to bring them into a program which has not heretofore been in existence.

All eight agencies are willing to provide annual financial support for a foundation up to $1,000 a year for a period of from three to five years; however, at least one institution may need final Board approval.

The agencies are willing to provide names of selected prospects with any requested introduction which the Director would find necessary.

The eight larger agencies and Committees did not see any conflict with existing fund-raising programs.

Limited use of agency personnel for direct contact also met with favor. For example, presidents and faculty of the colleges would be willing to draw up and present specific proposals to individuals, foundations, or corporations and to make personal calls in behalf of their agency or committee.

The colleges were not favorable to a mass mailing to all their alumni from the foundation.

POSITIVE FACTORS

The following factors led to the conclusion that the foundation's establishment would be feasible and beneficial.

A. General beneficial factors

1. Improved communications
2. Greater involvement of North Carolina Presbyterians
3. Better informed constituency concerning the work of particular agencies and committees
4. Development of lay leadership

5. Development of more consistent and expanded stewardship

B. Factors developed from interviews

1. That laymen and church officers gave the impression that there is an urgency to develop an organized program to encourage individual donors to include North Carolina Presbyterian causes in their bequest and other types of giving programs.
2. That six of the agencies and committees do not have such a program organized for their own benefit nor did they indicate that they would have the means to develop such a program in the near future.
3. That a large majority of individuals contacted were willing to become charter members of a group to support the proposed foundation's operation by giving a minimum of $100 per annum for a period of from three to five years. Several of the eight who declined did not do so categorically but wished additional time to consider.
4. A large majority of individuals interviewed have already named, or would be willing to name, a North Carolina Presbyterian cause in their wills; or are already providing, or will provide, by other life-time gifts (annuities, gifts in kind, life income contracts, etc.). These individuals agreed to allow their names to be published as being participants in the program. Over 50% of those interviewed had made no provision in their will for any North Carolina Presbyterian cause. After the interviews, all except seven have indicated their intention to make some provision in their wills or similarly by another method.
5. Nearly every person interviewed was willing to identify prospects, write letters of introduction, and help the Director in any way necessary to further the program.

The interviewers emphasize that the development of a group of lay people who would be willing to do more than give funds or permit their names to be published as participants is essential to the development of a successful program. Active laymen can be the eyes and ears of the Director who cannot possibly know of all the opportunities which should be cultivated. Letters, telephone calls, and personal visits from concerned laymen would give the program broad endorsement, in addition to assisting the Director immeasurably.

The Director should be aware that although there seems to be a willingness to do all of the above mentioned items by a significant number of prominent Presbyterians, the burden of keeping the program moving will be entirely his. This study proposes no way of measuring the time commitments of individuals. The Director, however, should ask for specific working commitments.

NEGATIVE FACTORS

Most persons interviewed preferred to make bequests through the foundation to individual agencies, committees, programs, or local churches. However, a number of persons felt that a bequest to the foundation with the income to be paid to a particular agency, church, or other cause might receive better management of funds. The interviewers see the foundation's primary role to be to cultivate new support and interest in giving to Presbyterian causes.

Another problem occasionally raised was a possible conflict between the activity of the proposed foundation and the Presbyterian Foundation of the General Assembly. As this objection was raised, in each instance the interviewer asked whether the individual had been contacted personally by a representative of the General Assembly foundation. In almost all cases the answers were negative. The extent of prior contact had been by letter with literature containing a general appeal or by use of a group meeting. The personal contact was in group presentations. This deficiency was due primarily to lack of Presbyterian Foundation personnel and the geographical factor. No criticism of the General Assembly program pertains.

The question of conflict with existing agency programs was raised; however, the answer given that the foundation would be organized to supplement existing programs seemed convincing.

FOUNDATION ORGANIZATION

The Director

Essential to the success of the proposed foundation is the Director. The Director should be mature enough to command the respect of anyone he contacts, and yet, young enough to be energetic and enthusiastic. In our view, the Director will need to spend a great part of his time in the area of personal contact. The Director should not be burdened with heavy administrative responsibilities which will require his presence in the office for extended periods of time.

In view of the demands of the position, the Director should preferably have some experience in fund raising. The Director should be a Christian and a Presbyterian, but the latter is not essential.

Financing

Another essential ingredient to a successful foundation program is a feasible plan of underwriting the cost of the operation of the foundation. Operating funds would be needed for a period of at least three to five years, i.e., until the foundation could begin to produce income of its own.

Financing may be accomplished by utilizing the following potential sources of income:

1. Part of the cost of operation should be underwritten as a budgeted item of the Synod. (The proposed foundation would be a Synod-sponsored function, and would need every aspect of Synod leadership and monetary support. From the outset the foundation should attract some unrestricted funds which might be used to help defray the cost.)

2. Part of the cost of operation should be undertaken by the larger participating agencies and committees. Each has agreed to participate for a *minimum* of $1,000 annually for a period of from three to five years. Agency support is necessary for the reason that agencies will be the ultimate beneficiaries of the program. Agencies should lend leadership and encouragement by monetary support.

3. The balance of the support should be realized from a charter membership group, whose individual commitments should range from a *minimum* of $100 a year, for a period of from three to five years. The members should be representatives of the nine Presbyteries, proportionate to the size of the Presbyteries.

   The use of a charter membership support group is desirable:

   (1) as a means of communication;
   (2) for educational purposes;
   (3) to identify and develop leadership;
   (4) for involvement;
   (5) for prospect identification.

The following is a suggested annual budget for the operation of the foundation, ranging from minimum to maximum cost:

Director (total compensation)	$10,000-$15,000
Secretary	4,200- 5,000
Travel expense	3,000- 5,000
Consulting fees	1,200- 2,400
Printing and postage	3,000- 4,000
Office supplies and telephone	2,000- 2,500
Totals	$23,400-$33,900

It is assumed that Synod would supply office space rent free.

Office

The office of the Synod foundation should be located in the Synod building in Raleigh, in order that the Director may have close communication with the Executive Secretary and the staff, as well as to have access to the files of the Synod office. The foundation should be an integral part of Synod's organizational structure.

The Director should employ a competent, experienced secretary, who can be relied upon to act independently much of the time, since it is envisioned that the Director will spend much of his time out of the office.

An initial outlay of funds will be needed to purchase furniture and office equipment. It is assumed that office equipment used commonly by all offices in the Synod building would also be available to the Foundation.

Incorporation

As previously suggested, the foundation should be incorporated with a Board of Directors, consisting of a restructured Synod Committee on Bequests and Deferred Gifts. The Board of Directors should contain only those persons who are actively interested in and who support the foundation program.

The Board of Directors should be a body of from 15 to 25 persons, and should include representation, reflecting not only the present Synod Committee on Bequests, but also membership geographically, and representing Synod structure and programs.

Consulting

The Director should be permitted within the limit of his yearly budget, or through special approval by the Executive Secretary, or the Board of Directors, to retain consulting assistance. The assistance needed would be particularly useful in areas where the

Director might need assistance in preparation of copy and layout of material for a fund-raising brochure, in establishing office procedures, or in fund-raising techniques.

Investments

The foundation would attract funds requiring investment for varying periods of time. The Synod should be prepared to retain investment counsel to advise the Board and the Director concerning the investment of funds. The Synod will also need to select a depositing agent for funds. Purchases and sales of investments should be approved by an investment committee appointed by the Board of Directors.

Papers having been previously mailed to members of the Committee, each of the matters before the Committee were acted upon as indicated under Section III.

III. **ACTIONS AND RECOMMENDATIONS:**

A. That the request of Albemarle Presbytery of July 8, 1968 and of Granville Presbytery of July 16, 1968, that their respective bounds be adjusted to include Westminster Presbyterian Church near Lucama in Granville Presbytery and Progressive Presbyterian Church near Princeton in Albemarle Presbytery, be granted; and that the dismissals and receptions of said churches accordingly as ordered by their respective Presbyteries, subject to approval by Synod, be in all respects approved.

B. That the communication of January 6, 1969 from the Session of Robinson Presbyterian Church of Mecklenburg Presbytery be received as information, the same not being within the prerogative of Synod.

C. That the overture of November 12, 1968 from Wilmington Presbytery be received as information, the same having been referred to the Ad Interim Committee on Boundaries.

D. That the direction of the 1968 Synod relating to Interest Rate Ceilings in North Carolina, has been carried out in that House Bill 58, Chapter 40, GS 24-10, approved by the General Assembly of the State of North Carolina, March 7, 1969, provides that churches may now borrow from lending institutions at a rate up to, and including, 7%; and that at the present writing, additional legislation is pending in the General Assembly, which, if enacted, will further liberalize permissible interest rates in North Carolina.

E. That pursuant to and in conformity with the 1969 General Assembly's action on Overtures 51 and 52, and the subsequent action of Appalachia Synod on May 21, 1969, the request of January 28, 1969 of Concord Presbytery to permit it to receive from Holston Presbytery of the Synod of Appalachia, Watauga County and its presently existing churches, to wit, First Presbyterian Church of Boone, Rumple Memorial Presbyterian Church of Blowing Rock, and Baird's Creek Presbyterian Church, be approved.

F. That the overture from the Reverend James S. R. Tippens, concerning the time of meetings of Synod, be answered in the Negative, for the reason that Standing Rule 29:1 of Synod provides that "the annual Stated Meeting of Synod ordinarily shall be held as early in June as is practicable . . ."

E. Report of Committee On Christianity and Health

HERVEY B. KORNEGAY, M.D., *Chairman*

The Christianity and Health Committee met on February 4, 1969, and decided upon two primary areas of concern for emphasis for the next three years.

The first area of concern is the promotion of more meaningful dialogue between Presbyterian ministers and physicians. Believing that ministers and physicians share a common responsibility in promoting better physical, mental, and spiritual help among their people, the committee recommends that each Presbytery have a "Religion and Medicine Workshop" inviting both physicians and ministers to participate. This will provide not only a teaching experience but also an opportunity for dialogue between the two professional groups participating. Concord Presbytery has already had such a workshop.

The second area of concern has to do with newer and modern medical techniques and procedures which demand moral and ethical decisions. These would include tissue transplantation, euthanasia, abortion, and newer techniques which have been developed to alter one's genetic makeup. Feeling that the church must assume some responsibility in this area, the committee would like to stimulate some thinking in this area across the Synod.

F. Report of Committee on Church and Society

REV. VANCE BARRON, *Chairman*

There are many areas of social concern which signal for our attention and action. Obviously, this Committee cannot deal with all of them. We have chosen to call two matters to your attention, and these are set forth in the papers below. We commend them to you for your thoughtful study and appropriate action.

Our Committee, without obligating Synod, sent copies of the paper on Traffic Safety to the Governor of North Carolilna, the Lieutenant Governor, members of the General Assembly, State Highway Commission, United Press, the Associated Press, and the Chairmen of the Democratic and Republican Parties in North Carolina.

1. RESOLUTION CONCERNING THE MILITARY SELECTIVE SERVICE ACT OF 1967

WHEREAS President Nixon has expressed interest in seeking the repeal of the Military Selective Service Act of 1967, and has ordered the Pentagon to make a study of the feasibility of meeting defense needs by means of a system of voluntary enlistment; and

WHEREAS long continued military conscription encourages a military stance in confronting situations which require social and political solutions, erodes civil and religious liberties, and disrupts unnecessarily the vocational training of millions of young men; and

WHEREAS the present system is not administered uniformly in all parts of the country, establishes preferential status for some at the expense of others, is not capable of dealing fairly with those who claim the status of conscientious objection, and does not recognize the conscience of those who are opposed to a particular war.

NOW, THEREFORE BE IT RESOLVED THAT THE SYNOD OF NORTH CAROLINA

1. Encourages President Nixon, and those Senators and Congressmen who are associated with him, in the effort to find a suitable alternative to the present Military Selective Act.
2. Encourages its constituent Presbyteries, Sessions, and Members to support these views in letters to the President, Senators, and Congressmen.
3. Orders that copies of these resolutions be sent to President Nixon, members of the Congressional Delegation from North Carolina, and Chairmen of all special committees dealing with the matter.

We, THE PERMANENT COMMITTEE ON CHURCH AND SOCIETY, PRESBYTERIAN CHURCH U.S., RECOMMEND the adoption of these resolutions.

2. TRAFFIC SAFETY AND CHRISTIAN RESPONSIBILITY

The grim statistics continue to mount: On North Carolina highways in 1968 a total of 1,863 were killed and over 55,000 injured. North Carolina traffic deaths have passed the 1,000 mark every year except one since 1951, although the death rate per 100,000,000 motor vehicle miles has remained fairly constant since 1956. (6.6 in 1967.)

Nationwide in 1968 deaths totaled 55,500, a 5% increase and an all-time record. From 1961 to June, 1969, 35,000 men have been killed in Vietnam, while during the same period, over 400,000 Americans have been killed, and over 20 million have been injured by motor vehicle accidents on U. S. highways and streets. Since 1906 automobile accidents in the U. S. have resulted in the deaths of over 1.7 million men, women and children, more than have died in all of our wars combined. Who can even begin to measure the loss in "people" resources to our communities, our nation and the world? Apart from this loss, the economic loss to the U. S. reached a record 13 billion dollars in the first 11 months of 1968 alone. What are the root causes of this mass slaughter and waste?

I. THE MACHINE FACTOR.

It is no secret that automakers have not designed cars with safety as the primary consideration nor has the public demanded it. Now, because of government regulations and increased attention to safety by automakers and the public safer cars are being built. If seat belts were uniformly used, fatalities could be reduced by 8,000-10,000 each year. If seat belts and shoulder harnesses were both used, fatalities could be reduced even more. If cars were built to be structurally safer and more impact resistant, this figure could be further reduced.

Also, better inspection of vehicles already on the road would help. Mechanical defects were noted in 6% of all North Carolina accidents in 1968, and 6% of all fatal accidents.

The commercial vehicle situation is worth mentioning. Former Federal Highway Administrator Lowell K. Bridwell recently told the Private Truck Council that heavy commercial vehicles comprise only 7% of the nation's registered motor vehicles and account for 11% of total vehicle miles traveled but are implicated in 19% of highway fatalities. This situation can only worsen if larger and larger trucks are permitted on our highways.

However, as much as safer cars and commercial vehicles are needed, they are not the main cause of our problem.

II. THE ROAD FACTOR

How roads are designed, constructed, marked, posted, and maintained is frequently crucial. It is noteworthy that 63% of all fatalities in North Carolina in 1968 occurred on secondary roads on which some highway experts feel that the current speed limit is too high. Road defects were noted in 5% of fatal accidents in North Carolina in 1968.

Studies show that the safest roads are those of the Interstate System. It has been estimated that during 1966, this system saved the lives of 4,000 persons who would have died had they been riding on ordinary roads. John D. Lawlor, Executive Vice President of the National Safety Council, has said: "With such a highway system, human error in motoring does not result in such serious consequences as it did in the past". Still safer roads must be built in the future if we are going to attack the problem successfully. Yet, safer roads do not constitute the main cause of our problem.

III. THE HUMAN FACTOR

Who can doubt that the driver is the root cause of the problem? Even with fine highways and cars equipped with the latest safety devices, we will continue to have a staggering problem because of poor driving. In 1968, in North Carolina at least one driver was in violation in 87% of all accidents. Thus, mental, emotional and behavioral factors are often decisive. What do our latest statistics and studies reveal as the leading human factors in poor driving? For the purposes of this study, we shall examine three basic groups of drivers: Habitually bad drivers, youth, and the rest of the driving population.

A. Habitually bad drivers: Robert A. Stickney, President of the Insurance Broker Association of California, has stated: "If two to five per cent of all drivers were ruled off the road, traffic fatalities would go down as much as 30%. If 20% of all drivers were ruled off the road, traffic fatalities would go down 80%". As more and more studies match drivers involved in fatal accidents with their driving records, a hard core group of bad drivers is now being identified. There is usually, as it now stands, only one power that removes them permanently from the highways—death.

Let us assume that the two to five per cent hard core group is approximately correct. Who are these drivers? Leonard R. Barnes, a safety expert, says: "The 2% to 5% of drivers with completely incorrigible records are citizens who have trouble in other areas of their lives. They are alcoholics, dope addicts, criminals, unstable persons with no family, or with family problems". What poor driving characteristics do such people show?

1. **Drunk driving** heads the list. The use of alcohol by drivers and pedestrians leads to some 25,000 deaths and total of at least 800,000 crashes in the U. S. each year, according to a report prepared for Congress by the Department of Transportation. The report says: "Every competent investigation has demonstrated that the immoderate use of alcohol is a very major source of highway crashes, especially of those most violent. . . Research shows that more than half of adults use the highways at least occasionally after drinking. However, the scientific evidence is irrefutable that the problem is primarily one of persons, predominantly men, who have been drinking heavily, to an extent rare among drivers and pedestrians not involved in crashes. Alcoholics and other problem drinkers, who constitute but a small minority of the general population, account for a very large part of the overall problem". . . There is more. As stated in the **New York Times**: "In addition to heavy drinking, many drivers involved in serious accidents were found to have personality profiles which set them apart from other drivers, whether drinkers or not. These differences included a higher number of arrests and convictions for previous motor vehicle offenses, plus histories of social and medical problems that were in some way related to alcohol, such as cirrhosis of the liver and marital discord".

2. **Speeding** is another characteristic of the bad driver. When the actions of drivers associated with deaths in 1968 are considered, speeding was a factor in 36% of the fatal accidents and 20% in all accidents. Speeding was the leading violation in all accidents as well as fatal accidents in North Carolina in 1968. Highway Patrol records again-and-again document the fact that habitual speeders, as well as heavy drinkers, eventually end up in fatal accidents because they are not removed from our highways in time. Vascar is helping to apprehend such persons more readily and an increase in Highway Patrol personnel would insure more adequate enforcement. Stricter and more uniform application of traffic laws by our Courts would help considerably.

Thus, this hard core group of 2% to 5% will have to be permanently removed from our highways for fatalities to drop significantly. Furthermore, the other 15% of bad drivers who account for 50% of the accidents must be made to realize that driving is a privilege and not an unalterable right. Current efforts of the Medical Society of the State of North Carolina to establish a driver-licensing, evaluation, and research center should be beneficial with regard to the habitually bad driver group.

B. Youth: Under-25 drivers make up a little more than 20% of the driving population, yet they account for more than 32% of the accidents resulting in death. This is the reason that family auto insurance premiums are much higher. The majority of youth drivers must suffer for the bad driving habits of other youth drivers. Peter N. Chumbris has pointed out that 50% of all auto deaths are persons under 30 years of age—our youth, our most precious asset. Projections indicate that by 1970, half the population will be under 25, and 4 million youths will be reaching driving age each year. Since deaths in the 15-25 year age group increased 9% in 1968, the problem of our driving youth must be considered in depth in the future.

Why are there so many deaths among our young people from auto accidents? Inexperience, immaturity, drinking and speed all play a part. Says one auto executive: "If you want to sell cars today, you have to show the younger generation something that impresses them". That "something that impresses them" is speed, horsepower, and race car lines and features. Therefore, it is hardly an "accident" that almost one-third of the drivers in fatal crashes were under 25 years of age. Those who advertise, sell and glorify speed and power must share part of the guilt for this staggering waste of our youth.

In view of such alarming facts, we are long overdue in trying to communicate to our youth the serious responsibility of handling a car.

C. The Rest of the Driving Population: Those who do not belong to the "bad driver" category or the younger generation are also deeply involved in the problem of highway safety. We are implicated every time we run a red light or exceed the speed limit or try to fix a traffic ticket or drive while drinking or become too oriented toward speed and power or fail to set good driving examples in our families or refuse to use safety equipment in our cars or exhibit apathy toward highway safety. We, too, have been involved either by willful violation of the law or by being indifferent to the problem. In fact, too many of us hear the news that "18 were killed on Tar Heel highways over the week end" without any longer comprehending the terrible reality behind the words.

After considering the machine, road and human factors in traffic safety, it is clear that our Christian responsibility compels us to be concerned and to respond positively to this appalling situation; therefore, we recommend:

1. That Synod adopt this paper and that copies be mailed to all Sessions, urging them and all their church members to study it and to take appropriate action.

2. That church members be urged to dedicate themselves anew

to traffic safety; and that each local church be urged to emphasize traffic safety one Sunday, and all year, as an expression of moral responsibility. (The National Safety Council, Chicago, Ill. will furnish every minister, without cost, the *Aids-To-Ministers* brochure.)

3. That church members be urged to examine their driving attitudes and habits to see if they are consistent with the Christian ethic of love for, and responsibility to, the neighbor; and, further, to set good driving examples in their families.

4. That churches of Synod be urged to help their youth through programs, example, education and counsel to devote themselves to safe driving.

5. That members of Synod be urged to inform Legislators on both State and National levels of their support of government efforts to insure the manufacture and development of safer cars and commercial vehicles.

6. That Synod commend the Medical Society of the State of North Carolina for its current effort to establish a driver licensing, evaluation, and research center.

7. That Synod urge the General Assembly of North Carolina to enact additional legislation and strictly enforce all laws necessary to save life on our highways. Specifically,
    a. We recommend stricter legislation to curb the hard core group of bad drivers—
        (1) We support research, counsel, and rehabilitation programs for bad drivers;
        (2) We support "implied consent legislation" to curb the drunk driver;
        (3) We commend Vascar as a means of controlling the speeding driver;
        (4) We urge stricter and more uniform application of the laws by the Courts.
        (5) We support legislation against habitual offenders, restricting habitual offenders from driving on our highways.
    b. We favor strengthening our state inspection laws, driver licensing procedures, and Driver Education program.

    c. We will accept higher taxes, if necessary, to build safer roads, to secure more patrolmen and provide them more adequate pay, and to promote traffic safety.
    d. We oppose any proposal which would allow heavier or wider or longer trucks (especially double trailers) to operate on North Carolina highways.

Recommendations:

1. That the paper, "Traffic Safety and Christian Responsibility", be adopted.

2. That the paper, "Proposed Resolution Concerning the Military Selective Service Act of 1967", be adopted.

G. Report of the Committee on Historical Matters

REAR ADMIRAL A. M. PATTERSON, USN (Ret.), *Chairman*

The Committee on Historical Matters met in Synod's office on March 7, 1969, with ten members and Mrs. Sally Schurrer of Synod's office staff present.

The chairman reported that the State Department of Archives and History is microfilming all available issues of the **North Carolina Presbyterian**, published in Fayetteville from 1858 to 1898, and that microfilm copies may be purchased from the department.

The General Secretary called attention to the special rate for membership in the Presbyterian Historical Society, which has been made available to the members of the North Carolina Presbyterian Historical Society. He reported that the latter Society will hold its annual meeting at Milner Memorial Presbyterian Church, Raleigh, on April 11, 1969, and that it will sponsor a fall tour of old churches in Fayetteville Presbytery.

The General Secretary reported that Mecklenburg Presbytery is observing its centennial this year and that Orange Presbytery will celebrate its bicentennial in 1970. He also submitted the following list of churches which will celebrate anniversaries in 1969:

A motion carried to appoint a sub-committee to prepare recommendations on "Help for Churches Celebrating Anniversaries." The chairman appointed the following members to the sub-committee: Rev. J. E. Ratchford, Chairman, Rev. L. F. Cowan and Mr. Donald Taylor, members. The following statement is offered as information for churches celebrating anniversaries:

Church Anniversaries should be occasions to teach us lessons from the past. In and of itself history is a catalogue of happenings. But these happenings, when properly analyzed, can become a guide for tomorrow's actions. A church should be aware of its legacy and noble heritage, but no church can afford to always look backward. As a period of history is completed, let that anniversary be a time for thanksgiving to Almighty God for what He has led us to accomplish in His name, and a rededication of ourselves for a more effective witness for Jesus Christ.

The age of the church and the amount of available money are the two factors that determine the type and extent of the anniversary program, therefore, the following suggestions are offered under the auspices of the Committee on Historical Matters:

1. If the church planning the anniversary does not have an adequate history, the congregation should choose an anniversary committee at least two years before the anniversary date. This committee should include deacons, elders, the WOC historian, young people and the pastor. The committee should secure from Synod's Office the paper, "Suggestions and Aids for Local Historians". Members of the committee should be given definite fields of responsibility to secure help from the members-at-large.

2. The age of the church and the amount of money budgeted by the deacons for the anniversary are the deciding factors as to the type of program. The older the church the more elaborate the program. Let representatives of the Assembly, Synod, and Presbytery take part in the program of the older churches. Should a pageant be presented, let it be brief, not tedious and involved, but fast-paced, with liberal use of slides, visual aids, and music.

3. Advance planning for the budget is necessary. Have the bulletins, anniversary pictures, and the history prepared by professional printers and photographers. Plan to pay travel expenses and honorarium of invited guests taking part in the anniversary celebration.

4. Give invited speakers a clearly stated topic, and give each speaker a list of topics assigned to all participating.

5. Request anniversary bulletins and programs and other literature from Synod's Office. Make use of TRAV facilities in Synod's Office for professional advice and assistance.

Recommendations:

1. That ministers be requested to file photographs and life sketches in Synod's office.
2. That ministers be requested to record a sermon on tape at 7½ rps, to be filed in Synod's office.
3. That persons who possess photographs of former ministers of the Synod of North Carolina be requested to file them in Synod's office.
4. That Synod urge every church to create a committee on

church history, whose responsibility will be to: (1) collect and preserve all historical materials; (2) recommend at an appropriate time to the Session a person who is competent to research and write the history of the church; (3) express critical judgment on moot matters, including the invitation to other competent persons to critically proofread copy before final approval of documents for release to the public. (Copies of the paper "Suggestions and Aids for Local Church Historians" may be obtained from Synod's office.); (4) locate and mark graves of deceased ministers, especially those of historical significance; (5) in churches having cemeteries, record inscriptions on all markers and furnish copies to the Historical Foundation, Montreat, Synod's office, and other appropriate institutions and individuals.

5. That all churches which have not already done so, be requested to have histories written, distributed to members of their churches, and copies filed in the Synod's office.

6. That October 12, 1969, be observed as North Carolina Presbyterian Synod Day (Synod was organized on October 7, 1813) and that churches be urged to make use of the bulletin covers, available in Synod's office.

7. That local churches take advantage of the offer of the State Department of Archives and History to microfilm church records for security and without charge.

8. That churches be encouraged to collect and display artifacts, pictures, and documents of historical interest, in a "Heritage Room" or other appropriate place.

9. That the attention of Synod be called to the fact that the North Carolina Presbyterian Historical Society on April 11, 1969 approved of joint memberships in the North Carolina Presbyterian Historical Society and the Presbyterian Historical Society, with headquarters in Philadelphia.

10. That Synod again be reminded that anyone needing advice in implementing any of the foregoing recommendations may apply to members of the Committee on Historical Matters for assistance.

H. Report of The Committee on Inter-Church Relations

Reverend George M. Webb, *Chairman*

There is no questioning the fact that the Ecumenical Movement is one of the most significant movements in the life of the church today. During the past year it gained in importance and in momentum.

The 4th Assembly of the World Council of Churches met the past summer, July 4-20, at Uppsala, Sweden in a very significant meeting. This marked the first occasion where the Orthodox Churches (Greek, Russian etc.) participated as full members. The Roman Catholic Church sent official visitors, and representatives of that church were named to a committee of the Council.

This indicates a development of historic proportions toward reconciling breaches in the Church.

The meeting of the World Council demonstrated the deep devotion to Jesus Christ as Savior, Lord and Head of the Church. The great issues of our time such as war, hunger, poverty, emerging new nations, revolution, etc., were faced with courage and creativity.

It was with great appreciation to the Synod that your chairman attended this Assembly as a Visitor from the Synod of N. C. It was a high privilege to be present on that occasion.

Although the proposed merger of our denomination with the Reformed Church in America was finally approved by the required number of presbyteries of our church the merger was defeated by the Reformed Church.

The recent General Assembly meeting in Mobile, Alabama established a committee to consider the possibility of reuniting the Presbyterian Church in the U. S. with the United Presbyterian Church.

The Plan for Union Presbyteries received final approval at the recent General Assembly.

The Consultation on Church Union, involving nine church bodies, continues, with our church as one of the participants. The future of this effort is yet to take form but is a significant feature of the current ecumenical ferment in the church.

Although the growth of the churches is progressing at a slower rate, relative to the population growth, there is a new appreciation of the strength that flows to the church branches when they are able to unite or cooperate in joint efforts.

The role of the Presbyterian Church is an important one in all cooperative efforts. Our church is cooperative by nature. We recognize the baptism of other Christian churches as well as their ordination which enables us to be open toward our sister churches. This is greatly needed where so many denominations retain historic barriers which exclude the members and ministers of other churches. It is our continuing conviction that the Presbyterian and Reformed tradition is vital to the interest of the whole church and that we should take advantage of every opportunity and assume the initiative in making our contribution to the church of the future.

We welcome the opportunity to exchange Fraternal Delegates with the Synod of Catawba of the United Presbyterian Church here in the state of North Carolina.

THE NORTH CAROLINA COUNCIL OF CHURCHES

The most prominent area of cooperation and ecumenical work for the Synod of N. C. is the North Carolina Council of Churches. We continue to work with and through the Council. A number of our leaders assume leadership responsibility in the Council. Dr. Sam Wiley is the Executive Director of the Council. Rev. Buie Seawell is a member of the Board of Directors as is your chairman. Dr. John R. Cunningham is an honorary life member of the Board.

The Annual Meeting of the Council was held April 29 and 30 in Rocky Mount at the First Presbyterian Church, Dr. James

McChesney, Pastor. Rev. Cortez Cooper, Pastor of the Raeford Presbyterian Church, was a leader of the Pastors' Conference.

The Ministry to Migrant Workers is still one of the most important parts of the work of the N. C. Council.

At the recent Assembly the Council made definite plans to secure a six acre tract in the Research Triangle as a site for the future development of an Ecumenical Church Center. The Council has had its offices for a number of years in space contributed by Duke University. Due to the fact that the Council activities have outgrown these facilities and the fact that Duke University will need them for its own uses, it will soon be necessary to move the Council offices. The fair share for the Synod in acquiring the new tract of land is approximately $8,000.

Reporting Representatives to the recent Council were Rev. Eugene Ensley, Mrs. R. C. McCarl, Rev. Robert Park and Rev. George M. Webb.

The Council is taking definite steps to restructure itself in order that it may be better able to meet the challenge the churches face in the 1970s. One important meeting has already taken place.

3. REPORT OF THE NORTH CAROLINA COUNCIL OF CHURCHES

SAMUEL S. WILEY, *Executive Director*

In thinking of the nature and function of the North Carolina Council of Churches we see that it may fulfill three roles: it is for *symbol*, for *service*, and for *sacrament*.

The Council is a visible *symbol* of that unity which we have in Christ in North Carolina, an expression of our intent in the Spirit to function as a living body vitally related in its parts, instead of lying about like disconnected members.

It renders *service*, providing an agency through which the constituent church groups may work together to achieve those things which cannot be done alone or which can be done better co-operatively.

It is for *sacrament*. The Fourth Gospel, in place of the institution of the Lord's Supper in the Upper Room, tells of Jesus taking a towel, girding Himself, washing the disciples' feet, and saying, "If I . . ., your Lord and Teacher, have washed your feet, you also ought to wash one another's feet" (John 13:14). In recording this act the Gospel writer indicated that service to one another's needs, following Jesus, is really sacramental.

The North Carolina Council of Churches is designed to serve the church and the world and to be an agent through which the churches may minister to society, bringing God's salvation, His grace, justice, and healing to humanity, helping to make men whole.

This State Council of Churches was the first to be established in the Southeast, having been organized in Greensboro on May 21, 1935 after earlier preparatory efforts. Thus, on entering the second third of the Twentieth Century, churchmen and women with ecumenical vision, aware of the world church which is the household of God, prepared themselves for those middle decades. We have now come into the last third of the Twentieth Century. The time between now and the year 2000 is full of portent for all of us. Last June, after four years as the Council's Executive Director, I began to urge the "Renewal of the Council" in order that we might respond more fully to the challenge of the future. It is significant that the "Theology of Hope" is capturing the thought of many who have been pondering the meaning of history and wondering about its outcome. The Council must not be slowed down by old patterns that do not fit the coming day.

As this challenge to renewal has been discussed with our leaders, three phases of opportunity have emerged:

1. **Program Renewal.** In May of 1968 a few of us met at Camp Chestnut Ridge in a group drawn from the committee on Camping, Recreation, Youth Work, and Ministry in the Parks. There it was recognized that alert responses to new challenges require adaptable structures. The thought was advanced that there are occasions when responsibilities are shared by committees from more than one of the Council's five commissions. Provision should be made for rallying relevant forces around a particular need when it arises. A further thought was to allow a commission to choose for a program period the few objectives in its field which need to be attacked, rather than spreading itself too thin. This idea was developed experimentally by the Commission on Christian Education which recommended this sort of simplification to the Executive Board. The Board liked the plan and commended it for possible application in the programs of the four other commissions. The chairman of the Commission on Inter-church Co-operation brought together the chairmen of the committees in his group and out of that meeting came the plan for a consultation of all commission and committee chairmen to discuss and recommend program priorities for the Council for 1969-70. This plan was approved by the Board and the consultation was set for Chapel Hill on May 15, as a big step in program renewal.

2. **Staff.** The Rev. J. H. Crum, Director of Christian Social Action, left the Council's staff at the end of last November to pursue work toward another graduate degree, now at the Boston University School of Theology. At the November Board meeting a Personnel Committee was appointed which reported back in March with a recommendation that the renewal of the Council's organizational structure involve combining the fields covered by the Commission on Christian Social Action and the Commission on Christian Social Ministry, and that the new staff position be called "Director of Social Ministries." The basic thinking behind this move is twofold: (1) There are twenty-six program areas in the Council's work, and if one staff member has responsibility for one commission with four committees in it, that leaves twenty-two program areas (including finance) for another staff member. The new arrangement will make the Director of Social Ministries responsible for immediate supervision of two commissions with eight committees. (2) The word "ministries" includes action *and* service. It is felt that we should be seeking multiple ways in which to foster true community throughout our State, as well as in the Nation and the world. The word is intended to include all that was involved in Christian Social Action and Christian Social Ministry—and more. The Director of Social Ministries is to be involved in the

Christian concerns of every phase of the Council's program. At this writing the Personnel Committee is still pressing its search for the right person, with several very suitable people being consulted.

3. **Site.** At our 31st Assembly in 1968 at Charlotte, I proposed a campaign to raise an Ecumenical Fund looking to the time when the Council may have a headquarters building of its own which would serve as a center for inter-denominational activity in North Carolina. The Assembly broadened this to include programs as well as building needs. The Executive Board last November approved the appointment of a Site Committee which was directed to explore further the obtaining of a tract of land in the Research Triangle Park between Raleigh and Durham and near Chapel Hill. Earlier inquiry had established the fact that this tract could be had by the Council, since we are interdenominational, having membership from sixteen communions. Authorities at the Research Triangle Park would welcome an ecumenical center for the State, and they proposed that there be a chapel in connection with it. A right-of-way for a new four-lane highway from Raleigh has been graded as far as the Park, to be extended past the south side of Durham to Chapel Hill. An Interstate link has been approved to join I-85 north of Durham, around Raleigh to I-95 at Smithfield. This will go through RTP. Thus a facility there, bringing the Council's Durham office and two Raleigh offices (Social Ministries and the Migrant Project) under one roof, would be in the center of an east-west/north-south transportation web, reached with ease by the whole region, the Raleigh-Durham airport being nearby also. Conference rooms would be a part of the ecumenical center, with larger conferences accommodated at the motel which is to be constructed in the vicinity. Continuing education for churchmen and women could be broadened in near proximity to Duke University, North Carolina State at Raleigh, and UNC-Chapel Hill. Almost adjacent to the designated tract is located the Triangle Universities Computer Center which could be used effectively in the research which is a necessity for the kind of long-range planning for human- and material-resource development in which the Council should be engaged.

The Council's Executive Board and Assembly have approved the proposal to proceed with raising the Ecumenical Fund and obtaining the site.

In these three directions—through program renewal, new distribution of staff responsibilities, and plans for new headquarters—the movement into the Council's future has begun. We are challenged to a great venture of faith, but then no one of us has thought that the Church could rise to the three decades ahead without faith—and hope.

I. Report of the Committee on the Minister and His Work

REVEREND JAMES E. FOGARTIE, *Chairman*

The Permanent Committee on the Minister and His Work of the Synod of North Carolina has met twice during the year. The sessions were conducted in Synod's Office and were attended by members of the Committee and by the Executive Secretaries of the Presbyteries. Mr. R. Graham White, Executive of the Assembly's Committee, was present on each occasion and rendered valuable counsel.

Your committee reviewed a plan for volunteer pastoral change which has been under study for some time. This proposal was submitted to the Commissions of the several Presbyteries for study and advice.

Of chief significance in each meeting was a period of confidential exchange of information regarding both ministers and Churches within the bounds of Synod. Such an exchange is of value in providing up-to-date information and the problems involved in pastoral changes.

Your committee has no formal recommendations to bring to the Synod.

J. Report of the Committee on Nominations

REVEREND RUSSELL M. KERR, *Chairman*

Your Committee met on May 20, 1969, Synod's Office, Raleigh, N. C.

We submit to the Synod the following recommendations:

1. That the vacancies occurring at this meeting of Synod on the Agencies, Committees, and Boards of Synod by virtue of the creation of new committees or offices, or because of the expiration of terms of office, or by resignation, death, moving from Synod, or otherwise, be filled as follows: (All changes are reflected in the **GENERAL DIRECTORY.**)
2. That interim appointments made by the Moderator be approved.
3. That Synod express appreciation to those who have served faithfully as members of Boards, Committees, etc., especially those whose terms of office expire with this meeting of Synod.

K. Report of Committee on Standing Rules

HAROLD J. DUDLEY, *Chairman*

(See page 52 and 222).

L. Report of Committee on Women's Work

REVEREND GRAHAM C. MCCHESNEY, *Chairman*

The work in the churches of the Synod of North Carolina by the women—their leadership, service, and inspiration—is reason for much thanksgiving to God.

The Committee met with the Council of the Women of the Synod for their Annual Winter Meeting. The Chairman also attended the Annual Meeting of the Women of the Synod held at Montreat last June during the Synodical Training School.

The Committee has high commendation for those in places of leadership in the Council, Women of the Synod, and is pleased to report that they are dedicated to their work, diligent in their efforts, effective in their programming, and enthusiastic in approaching every challenge and responsibility.

There is an increasing spirit of cooperation and awareness of the "Church as a whole" in her program, ministry and service.

More and more women are being elected to the offices of elder and deacon as churches are tapping the talents of their total membership.

Recommendations:

1. That Sessions consider using more of the trained women of their churches in helping with the evangelistic, educational, and stewardship programs of their churches.
2. That Synod commend the Women of the Synod of North Carolina for their promotion of and participation in the many facets of the total program of the church.
3. That pending the adoption of this report, Synod hear Mrs. A. R. Craig of Rutherfordton, President of the Women of the Church, Synod of North Carolina.

ANNUAL REPORT OF THE WOMEN-OF-THE-CHURCH SYNOD OF NORTH CAROLINA

MRS. A. R. CRAIG, *President*

"The general purpose of the Organization of the Women of the Synod of N. C. is to strengthen the work of the Women throughout the Synod, by helping leaders in the Presbyteries and in the particular churches to provide opportunities for women as individuals and in groups, to grow in the knowledge of Christ and be strengthened as members of His Body in our contemporary world, in order that: they may understand and fulfill the particular responsibilities they have in the family, in the Community, in the congregation and in the world."

In carrying out this purpose the Women of the Synod of N. C. worked and studied this year under the general theme, "All Things New."

In preparation for the year's work and worship nearly 400 women attended the Synodical Training School, held in Montreat, N. C., June 17-21. Outstanding leaders and speakers were present for inspiration and teaching in all areas of work and responsibilities assumed by women all over the Synod. Mrs. J. Ivan Miller was director and the Synodical President, Mrs. Britt M. Armfield, was the Dean. The women also sponsored and conducted an Inter-denominational Conference in Winston-Salem, N. C. Last year nearly 100 women attended. This Conference was under the direction of Mrs. William E. East, assisted by advisors and staff members from Winston-Salem.

Other training sessions open to the women are the District Conferences held in the fall. These were well attended throughout our Synod and much help and inspiration were given to local officers and leaders of local Churches, including help and planning for the work in the year head. A number of Presbytery W. O. C. hold retreats on various camp and conference grounds, the programs including Bible Study. Great Spiritual enrichment is received. The main leaders for these groups are well-known Bible teachers and Ministers of our denomination. In the fall of 1968 several thousand women attended these retreats. Local churches hold retreats for their own members.

Each Presbytery W. O. C. has several council meetings a year, at which time not only do the officers and committee chairmen make reports, but time is given to studying the opportunities of the W. O. C. and planning for the work. In the Spring of 1969 thousands of women have met in nine Presbyteries, for inspiration, reviewing the year's work and planning for the new year ahead. This year the theme was, "All Things New." The major portion of each program was set aside for the development of this theme with its Bible verse, "Therefore, if anyone is in Christ, he is a new Creation: the old has passed away, behold the new has come." (II Corinthians 5:17). The women were tremendously helped and were enthusiastic over "Life New Style."

This year 1968-69 the women all over our Assembly studied in their Circles the Gospel of Luke. These studies were prepared by the Reverend Charles L. King, D.D. We were greatly enriched as we were drawn to a closer understanding of the Divine figure of Our Lord Jesus Christ in the various aspects of His Ministry. This strengthened the Women of the Synod in trying to live as Christians in these days and inspired them to strive to have the redeeming Power of Christ in their lives. In the circle women learn to pray together, talk together, work together. The local W. O. C. are having fewer monthly meetings of their own and are participating in congregational gatherings and meetings of all kinds. Women are working in congregational committees where this form of work and worship is carried on by the director of the Session. In all their literature Women of the Church are encouraged so to do. W. O. C. are used in leadership of camps and Bible schools and various other types of conferences.

The W. O. C. Synod of N. C. through their participation in the following projects expressed their devotion to Christ and His Church, showing through this devoted service their concern for their fellow man: Maintaining a Dial-a-prayer project, sometimes receiving as many as 100 calls a day; working in mental hospitals; working in W. I. C. S., interviewing and counseling girls who go into women's job corps; often providing clothes and presenting each one with a copy of "Good News for Modern Man"; operated bookmobiles; hospital coffee shops; made and gave foam rubber mattresses for the welfare; collected paperback books and magazines for hospitals; in one area alone Presbyterian women gave 25,000 hours to hospital care; visits to nursing homes where people are lonely; providing for a girl from an indigent family entering the hospital for corrective bone surgery; shoes bought to help children in school; clothes closets filled and kept open in many areas to meet local needs; participation and leadership in Golden Age groups; child care centers provided with recreational equipment; teaching music and arts and crafts in these centers; filling Christmas stockings; giving books to Church libraries; new Bibles provided for a Church Sanctuary; tutoring program in connection with public school; joined with women of other denominations for after-school care of children; collection of eye glasses for the needy overseas and in this country; International student dinner for 60 students from 11 countries; providing a park for children in a crowded area; sending clothing and soap to Thailand; drugs to Missionary Doctors; artificial limbs to the Wilson Lepersarium; fixing "ditty bags" and sending thousands of pounds of clothing to Church World Service; one W. O. C. of the Presbytery largely supports a school within its bounds; hundreds of women in the Synod are "Friends of the Seminary" (Union), and support the "Least Coin Fellowship"; in all the Presbyteries women give leadership and support to Church Women United; giving various items for the use of the migrant workers; attending "World Day of Prayer"; "May Fellowship" and "World Community Day".

More than forty scholarships by the nine Presbyteries are given each year to worthy students attending our schools and colleges and seminaries. The W. O. C. Synod use the income from the $100,000.00 Lucy Steele Memorial Scholarship for students in St. Andrews College. In addition to this scholarship the W. O. C. Synod of N. C. offers four other scholarships for students attending other schools.

The Synodical project for 1968-69 is to be used for equipping four rooms in the Guidance Center Building to be erected on the Campus of St. Andrews College as an operation of the North Carolina Synod's Committee of Christian Education. The sum contributed is $5,000.00.

The offering given at Synodical meeting in Montreat 1968 was used toward the purchase of a bus, or other needed equipment in Hsinchu Bible School, Taiwan.

The General Assembly of the Presbyterian Church allows the W. O. C. to give a birthday offering each year. The objective of this offering is decided upon by a joint Birthday Committee composed of the three officers of the Board of Women's work, the three officers of the Woman's Advisory Council and the Board of Women's Work Executive Secretary acts as the Chairman. Each year this committee decides on a project which cannot be included in the benevolence Budget of the Assembly. The gifts alternate between the Home and Foreign fields. The 1968 project went to TRAV. North Carolina W. O. C. Synod contributed the largest total sum, $36,221.84. However, we were not satisfied with our per capita gift and are working to improve this amount this year. In the fall of the year one person from each of the nine Presbyteries attended a briefing session in Montreat and in turn briefed one woman in each district of her Presbytery to interpret the Birthday Objective to the local organizations.

Each year the Women of the Synod prepare White Cross supplies for use in the hospitals of Korea. Large quantities of supplies such as sheets, rolled bandages, blankets, bedspreads, baby dresses, doctors' coats, and trousers. In addition, about $3,500.00

was given. Each W. O. C. Presbytery defrays the expense of freight and transportation of these shipments which represent hours of concerned, loving labor by the women.

The Women of the Church, Synod of N. C., make this report in humble recognition of the belief that we are the instruments of God's Holy Spirit, that all which has been accomplished has been because of His Blessing upon our efforts. We are grateful for the opportunities which have been ours during this year 1968-69, and acknowledge our complete dependence upon Him for strength and courage to perform our duties. We acknowledge in all humility that we have not done all that could have been done, and pledge ourselves to put forth greater effort in the days ahead.

M. Report of Permanent Committee on World Missions

REVEREND ALBERT A. MYERS, JR., *Chairman*

The Synod's Committee on World Missions is composed of the Chairmen of World Missions in the nine Presbyteries together with the representative from the Women-of-the-Church and a Synod-elected chairman. This committee is given the task of coordinating the promotion of World Missions and of supporting and implementing the plans of this Board of our Assembly.

Toward the end of carrying out our purpose, we would report to you these summary statements about our witness to those peoples of the world to whom our World Mission enterprise is directed. These are compiled from information available to all of us. We present it here for your prayerful consideration, that you may realize what has been accomplished and give thanks to God for this, that you may come to see the urgency of our World Mission task, and that you may be able to be praying intelligently about specific aspects of our World Mission work.

1. For the first time our Church responded to a challenge in the country of Ghana: a missionary of our church was called by several Christian groups and was appointed Chaplain of the University of Cape Coast.

2. For the first time in Vietnam a missionary doctor of our Church began her ministry of healing.

3. Our Church contributed a total of more than $375,000 for relief of human suffering and deprivation around the world, with $50,000 of this amount being sent to Nigeria/Biafra.

4. Four members of the Ami tribe in Taiwan have been sent by the Presbyterian Church of Formosa as missionaries to work in Malaysia.

5. Our missionaries in Brazil proceeded with "new forms of mission": a Mobile Bible Institute, Housing Development Evangelism, Team Ministry in Christian Education, and Special Ministry to Government and Business Leaders.

6. Our Church was in Iraq—maintaining in two institutions the best secondary school education in the land, and providing missionaries who excelled in endurance and leadership amid governmental restrictions.

7. Indonesia is one of the great mission opportunities in the world today and we are there aiding in theological education.

With these brief evidences of our church's proclamation of the Gospel before you, we would call your attention also to the critical financial needs of our World Mission work. Since the cost of living overseas is increasing more rapidly than the increase in benevolence giving in our Church, and since the Board is attempting to be good stewards towards our present missionaries, the Board has had to halt increasing the number of missionaries we send overseas and to curtail some of the programs in spite of great population explosion, numerous pleas for new mission outreach around the world and urgent world needs to which the Christian Church should respond.

Toward the end of carrying out our assigned responsibilities, your committee would also record these evidences of our work of coordination and promotion during the past year within our own Synod.

1. The ten missionaries who were assigned to our Synod itinerated among the Presbyteries and participated in two area conferences—in Charlotte and in Concord Presbytery.

2. Each of the Presbyteries held workshops before the Witness Season to prepare for the visits of the missionaries and to review the materials and films which were available.

3. Some progress is being made in having a truly "Joint" Witness Season, but too frequently the emphasis is primarily on World Missions to the neglect of National Ministeries and Evangelism.

4. Nine ministers from as many countries itinerated among the Presbyteries, after holding a mass meeting in Charlotte this past February.

Recommendations:

1. That appreciation be expressed to the missionaries who worked so faithfully in this Synod for their time and service and that this appreciation be communicated to each of these folks.

2. That the Board of World Missions be thanked for their diligent and faithful service of administration, planning, and counsel.

3. That each Presbytery set up a structure which will be responsible for the Joint-Witness Season.

4. That Presbyteries and local congregations be encouraged to secure acceptable furlough homes for missionaries in our Synod, and make such arrangements known to the Synod's committee.

5. That ministers and local Witness chairmen be encouraged to put our World Mission concern on a year-round basis and that they be reminded of the availability of missionaries to visit the local churches during the months of September, November, and April as well as during the Witness Season.

6. That, as a part of our ministry of relief, congregations continue to collect used clothing, blankets, etc. for distribution through Church World Service.

7. That missionaries be invited to take part in the Presbytery camps and conferences of the Presbyteries.

8. That our young people be encouraged to attend the World Mission Conference at Montreat, July 31-August 6, and that Presbyteries and local congregations be requested to underwrite part of their expenses.

9. That every congregation be reminded of the necessity to live Christian lives here at home in order that they do not hinder the Christian Witness abroad.

Winston-Salem: January 30, 1968; May 28, 1968; September 13-14, 1968; September 24, 1968.

The Committee found that generally the minutes examined were in proper order, very well kept, of uniform size, and printed in a manner easy to follow. The Committee feels that the Stated Clerks and Permanent Clerks of the Presbyteries were very well versed in proper Presbyterian procedure and order. The few exceptions noted generally appeared to be errors of omission rather than commission.

Minutes submitted by the following Presbyteries were found to be **without exception:** Concord, Granville, Orange.

Minutes submitted by the following Presbyteries were found to be with exceptions as noted:

Albemarle:

Meeting of January 23, 1968: the record does not indicate the meeting was opened with prayer. The time of the meeting is not stated.

Meeting of July 9, 1968: the record does not indicate the time of the meeting or that the meeting was closed with prayer.

Fayetteville:

Meeting of May 7, 1968: the record does not indicate the meeting was opened with prayer. Quorum of Administrative Commission (p. 262) set at 5 of 8 which is in violation of BCO 19:5 requiring a quorum of 2/3 the membership.

Mecklenburg:

Meeting of July 16, 1968: the record does not indicate a statement that a quorum was present. The record incorrectly stated that candidates for the ministry were "received as candidates for licensure and ordination under the care of Mecklenburg Presbytery." See B.C.O. 24-4. The correct statement should have been "received as candidates for the Ministry of the Word under the care of . . . ."

Meeting of January 28, 1969: the record does not indicate the time of the meeting.

Kings Mountain:

Meeting of January 23, 1968: the record does not indicate the time of the meeting.

Wilmington:

Meeting of May 16, 1968: The record does not indicate that the minutes were read and approved.

Meeting of August 27, 1968: the record does not indicate that the minutes were read and approved.

Meeting of January 14, 1969: the record does not indicate that the minutes were read and approved. **Note:** No minutes have been received from this Presbytery of meetings between January 16, 1968 and October 31, 1968.

Winston-Salem:

Meeting of September 13-14, 1968: the record does not indicate a statement that a quorum was present.

Meeting of September 24, 1968: the record does not indicate that the meeting was opened with prayer or that a quorum was stated as present.

Synod of North Carolina

The Minutes of the One Hundred and Fifty-fifth Meeting of the Synod of North Carolina were examined and found to be in good order with the exception that on page 193, **Minutes** of 1968, 3rd line, change 1st 1967 to 1968. The constitution of the Church was observed and lawful injunctions of the higher court obeyed.

The General Assembly

The minutes of the One Hundred-eighth General Assembly were examined and no exceptions in form or order noted. It is the conclusion of this Committee that all major programs and directives of the General Assembly have been considered and properly handled by the Synod.

Recommendations:

1. That the Synod of North Carolina express its appreciation to the General Secretary and Stated Clerk, Dr. Harold J.

Dudley, the Permanent Clerk, Rev. C. Linwood Cheshire, and the Assistant Clerk, Rev. I. M. Bagnal, for their excellent work in preparing and preserving the records of the Synod.

2. That the Stated Clerks, Permanent Clerks, and the assistants of the nine Presbyteries be thanked and commended for their good work and proper order in preparing and preserving their Presbyteries' minutes.

3. That because many of the official records of the Presbyteries have been received by the Committee within the last month preceding the meeting of Synod; and because the Committee needs enough time to examine these records carefully and prepare a report for the Blue Book prior to the meeting of Synod; therefore the Committee on Records recommends that a deadline date be set by the Synod of thirty days prior to the up-coming meeting of Synod each year for receiving and reporting on the records of the respective Presbyteries; and that any records received after that deadline will be examined and become a part of the Committee's report to Synod in the following year.

D. Report of the Ad Interim Committee To Study Presbyteries' Boundaries

REVEREND JOHN MACK WALKER, *Chairman*

This Synod will have before it from its Permanent Committee on Bills and Overtures two changes in the present boundaries of its presbyteries. They are the transfer of Watauga County from Holston Presbytery of Appalachia Synod to Concord Presbytery, and the exchange of two small rural churches between Albemarle and Granville Presbyteries. This Committee has been informed of these negotiations and favors these changes because they are clearly moves in the direction of more effective mission.

In the Assembly-wide study of boundaries, one of the members of our Committee, Harold McKeithen, is serving on the Ad Interim Committee on Restructuring Synods and Presbyteries. The Chairman of this Committee and two representatives of Synod attended a regional meeting on boundaries between the Synods of Appalachia, Virginia, West Virginia and North Carolina. The Assembly's Committee has reported to the Mobile Assembly that it was unable to formulate a specific plan for restructuring in time for this Assembly, but it has discovered "a surprisingly large openness—even eagerness—for restructuring widespread in the General Assembly." The Assembly has continued this Committee, but it is fair to add that, in the opinion of our Synod's Representative, no foreseeable action of this Committee is likely to have any significant effect on a possible restructuring of the boundaries of our presbyteries.

The last major change in the boundaries of these presbyteries was made forty-six years ago. While this may indicate a prudent determination not to be too hasty in improving hints into systems, it may just be that after nearly fifty years the mission of the Church requires that kind of change which this Committee has brought to you for study.

At the 1967 General Assembly the "Wineskins Report" approved by the General Assembly stated clearly: "the institutional forms of the Church must be accommodated to the mission of the Church . . . Mission provides the logic for the Church's institutional forms, which must be flexible and adaptable, enabling the Church to be responsive to changing world conditions." Further, the report states: "In an age of automobiles, super highways, airplanes, telephones and television, the boundaries of many presbyteries and synods seem artificial and ineffective . . . Early jurisdictional lines were set by the criteria of geography, ease of transportation, and population density .. . As we consider our rapid modes of transportation, economic marketing areas, use of mass communication, mobility of our people, and comparative population densities, we believe that these criteria should be more heavily weighted in the delineation of presbytery and synod lines . . . Practically, they (church courts) should be of such size as to be able strategically to minister to all the persons living, working, studying and worshipping in a comprehensive geographic locality."

The recommendation of the "Wineskins Committee" was that the General Assembly through the General Council call a "Conference on Re-Structuring" to consider certain suggestions, the first containing this statement: "Presbyteries should consist of approximately 35,000 communicants . . . thus providing a practical base of operation for the witness of the Church." This Conference in its report basically agreed with the "Wineskins" recommendations, and made the following recommendation: "that the General Assembly urge synods to draw presbytery boundaries to encompass a membership and financial potential capable of efficiently and effectively supporting and administering the total program of presbytery. The presbytery, ideally, should be constructed to be large enough to execute the program of the Church in its area and small enough to exercise pastoral oversight of all the churches within its membership." Every responsible study of the role, size, and composition of presbyteries since "Wineskins" has reiterated the above conclusions.

Therefore your Committee has worked from the above principles and guidelines, agreeing that they are valid for the structure of the presbyteries of the Synod of North Carolina. We have used present membership, population density, projected growth of all areas and counties of the state, and financial ability and possibility as far as these items can be determined, in seeking to fulfill responsibly the task laid upon our Committee by Synod. If the principle of structuring presbyteries for mission, using the above guidelines and principles is **not** valid, your Committee is wasting its time. If they **are** valid, then the recommendations of this Committee to Synod deserve weighing and judgment on this basis, and not on the basis of history, tradition, comfort or parochialism.

We have asked the Reverend William Chappell, of our Committee, to present some map slides of present and projected population figures which are meaningful for the Presbyterian Church in North Carolina.

At the last meeting of Synod, the presbyteries were asked to study the Committee's plan for restructuring and report to us by February 1, 1969. We want to thank the many persons in these bodies who have given time and serious thought to these proposed changes. One Presbytery, Kings Mountain, approved the plan without exception. Two others reported no detailed study. Two presbyteries voted to reject the plan. Others, critical of various phases of the changes, suggested that we ought to amend it, or delay action until we knew what the Assembly's Committee was going to do. Major opposition was found chiefly in the eastern presbyteries. Here uneasiness about the changes centered largely in the increased geographical size and the burden of pastoral oversight caused by roughly twice the number of present churches. The Presbytery most critical of the plan has failed to be represented at a single meeting of the Committee during its three years' work.

From these studies we have received several suggestions for modification of the plan. (1) That the boundary between Presbytery V and VI be altered to follow county lines. (2) That Chapel Hill and the whole Research Triangle be a part of any presbytery containing Durham and Raleigh. (3) That Anson County be changed from Presbytery IV to III. (4) That Richmond, Montgomery and Lee Counties, after more than fifty years of separation, be returned to the present area of Fayetteville Presbytery.

In two meetings since February 1, your Committee has carefully considered your advice to us in light of the original directions given to us by Synod. We could, of course, regard the opposition mentioned above as a sign that we have been thoroughly manumitted from the task laid on us by Synod. But believing in the principles which have guided our studies we are anxious to have a further opportunity to explain them. Therefore, we recommend that Synod request its presbyteries to arrange for representatives of this Committee to be present for the dockets of either the winter or spring meetings of 1970, in order that the Synod might make a decision on this matter in 1970 on the basis of informed consultation.

[1] Unfortunately, this cannot be correctly ascertained before 1953 (short year, due to the fact that one column in the statistical lists of the Assembly combines benevolence gifts with Synod's and Presbyteries' Causes, and another includes all miscellaneous gifts.) This column includes all contributions, budgeted and non-budgeted: gifts which passed through Synod's Treasury and those sent directly by churches to agencies and institutions, as reported by the 645-churches of Synod.

[2] Includes Negro Work Campaign—$48,942.

[1] Spiritual Birthrate is determined by dividing the membership at the beginning of the Church year into accessions on professions of faith during the year and is measured in percentage, the higher the percentage, the better the standing. Soul-winning ratio is determined by dividing the number of assessions on profession of faith during the year into the total membership at the beginning of the year and represents the number of church members required to win one person to Christ. The lower the number, the better the standing.

[2] Does not include ministers.
